8) Estimate the number and percentage of minorities to be served by the program/project using the following table (see note about table below):

Native Hawaiian or other Pacific Islander		
White		
American Indian *and* White		
Asian *and* White		
Black *and* White		
American Indian *and* Black		
Balance/Other		
TOTAL	100%	
Female-Headed Households (out of above total)		

Please note that HUD (U.S. Department of Housing and Urban Development) changed the data collection requirements regarding race/ethnicity categories during program year 2002-2003. These changes reflect Office of Management and Budget 1997 standards establishing that "Hispanic" is not a race category, but an ethnic category that cuts across all races. Those who are White, Black, Asian, Pacific Islander, American Indian, or a multi-race may also be counted as being of Hispanic ethnicity. As such, when asking the individual/household to select a race category, the individual/household must also state whether they are of Hispanic ethnicity. For example, an individual/household of Mexican descent would likely state their race as either American Indian or White, and would also fall under the category of "also Hispanic."
