The new Yolo COVID-19 Nonprofit Relief Initiative helps local nonprofits weather the COVID-19 crisis. This effort complements existing state and federal relief programs and fills in gaps as necessary to help nonprofits. These organizations throughout Yolo County are hard at work, serving our community and require our support during this time of increased need. The Yolo Community Foundation and its partners have created a three-part response:

- **A community-wide campaign to encourage direct contributions to Yolo nonprofits.**
- **A relief fund to provide grants directly to Yolo nonprofits.**
- **Technical assistance to support Yolo nonprofits through the crisis.**

**Our Purpose**
This initiative provides resources directly to support the essential work of nonprofits during this extraordinary time. Yolo County's nonprofits serve the vulnerable among us who need critical assistance and enrich the fabric of the Yolo community. They must have our support now to ensure they can continue to care for our community.

**The Relief Fund**
The Yolo COVID-19 Relief Fund will make grants to 501(c)3 nonprofits ranging from $5,000 – $30,000. The fund is primarily intended to maximize and coordinate large donations from institutional donors. Community members are encouraged to give directly to local nonprofits that are doing extraordinary work in this time.

**Stay Connected**
Our community's needs are evolving rapidly. For more information, please contact Jessica Hubbard, Executive Director of the Yolo Community Foundation, at jessica.hubbard@yolocf.org.
