

Are you a resident of Yolo County or were you laid off by an employer located in Yolo County?

Do you have a construction industry background?

Green Jobs Are on the Rise!

Renewable Energy is the Future

Training provided by:

Taylor
Solar
Technologies

This prospective training is for individuals wanting to enter the solar field. The basic concepts in the training prepare the trainees for an entry-level position in the solar field. Potential wages following training are \$15-\$17/hour.

Mail: Attention: Lynne Rose-Jimenez
DESS
25 N. Cottonwood Street,
Woodland, CA 95695

Prior to training you would have to be determined eligible for WIA services. You would attend an intake appointment and attend a workshop for program assessments.

Course Learning Objectives

8 week course to be held in the Sacramento area

November 2011-January 2012

4 days a week 3:30pm-7:30 pm and Saturdays

Trainees gain basic knowledge to demonstrate comprehensive and practical application of key terms and concepts of photovoltaic (PV) system operations.

Trainees will learn the basic solar PV theories via classroom lectures/studies, and experience hands-on lessons, focusing on PV installation scenarios. Upon successful completion of the training and becoming

Certified Solar Installers by taking the Entry-level Solar PV exam, trainees are assisted by Taylor Solar Technologies (TST) in obtaining on-the-job training, where a licensed qualified supervisor is provided.
