

**WJUSD and the City of Woodland Encourages the Community to Continue Practicing the Habits that Keep Us Safe and Contain COVID-19**

April 19, 2021

Dear Members of our Community,

Over the past year, Woodland community members have overcome many challenges and hardships due to the COVID-19 pandemic. We applaud your collective efforts to reduce the spread of the virus, allowing small businesses to re-open and enabling our students to return to the classroom.

As we transition to in-person learning, we cannot afford to slide backwards. We need everyone to continue practicing the habits that keep us safe and contain COVID-19:

- **Wear a mask.**
- **Wash your hands regularly.**
- **Practice social distancing.**
- **Limit large gatherings.**
- **Sign up for a COVID-19 vaccination appointment when available.**

While our efforts have significantly reduced local case numbers, the threat of COVID-19 and its variants remains. Sustained progress increases the likelihood of fully reopening our public schools in the fall and supports the recovery of our local economy.

There is light at the end of the tunnel. We are proud of our progress and the small, selfless acts that people make every day to keep our community healthy.

**Together, we are making a difference.**
