CHIEF’S PREFACE

The department’s manual contains polices that direct how we conduct our business. These policies are guided by statute and court decisions. Changes to the policies keep the manual current with procedures, statues and case law. As a department, our administration meets with board members from each association to get input on these changes. It is expected that members will use good judgment when encountering unusual circumstances and report situations which highlight needed changes to this manual.

When changes to the manual are made, we will distribute them for staff review and acceptance. Every employee will have access to an electronic version of the manual and every employee is responsible for being familiar with and abiding by the policies. Any questions about the policies should be brought to the employee’s immediate supervisor for clarification.

103.1.1 DISCLAIMER
The provisions contained in this Policy Manual are not intended to create an employment contract, nor any employment rights or entitlements. The policies contained within this manual are for the internal use of the Woodland Police Department and shall not be construed to create a higher standard or duty of care for civil or criminal liability against the City, its officials or employees. Violations of any provision of any policy contained within this manual shall only form the basis for departmental administrative action, training or discipline. The Woodland Police Department reserves the right to revise any policy content, in whole or in part.

103.2 POLICY
Except where otherwise expressly stated, the provisions of this manual shall be considered as guidelines. It is recognized that the work of law enforcement is not always predictable and circumstances may arise which warrant departure from these guidelines. 104.3 LAW ENFORCEMENT CODE OF ETHICS
AS A LAW ENFORCEMENT OFFICER, my fundamental duty is to serve; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I WILL keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I WILL never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I RECOGNIZE the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before god to my chosen profession... law enforcement.

The purpose of this policy is to establish guidelines for the proper use and application of the Department’s electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

209.2 EMAIL RIGHT OF PRIVACY
All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department’s email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

209.3 PROHIBITED USE OF EMAIL
Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user’s name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual’s email, name and/or password by others.

209.4 EMAIL RECORD MANAGEMENT
Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule.
Electronic Mail

and in compliance with state law. Users of email are solely responsible for the maintenance of their email accounts.

The Custodian of Records shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

209.5 ACCESS TO DEPARTMENT EMAIL
City of Woodland policy 31-102, Use of City Computers, Electronic Mail and Internet Access, summarizes the restrictions for external access of City computer systems. See attachment: Use of City Computers Elec Mail and Internet Access.pdf

Employees provided a department cellular phone or other City equipment capable of accessing City computer systems for the purpose of viewing, responding, and initiating electronic mail are authorized to use the equipment to access the City's computer systems from outside the City's network.

(a) Employees who are nonexempt from FLSA overtime shall not access the City's computer systems during nonworking hours without first receiving approval from their Bureau Commander.

210.3 CORRESPONDENCE
When appropriate all external correspondence shall be on Department letterhead. Personnel should use Department letterhead only for official business.

210.4 SURVEYS
All surveys made in the name of the Department shall be authorized by the Chief of Police or the Deputy Chief.
Staffing Levels

211.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that proper staffing and supervision is available for all shifts. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

211.2 MINIMUM STAFFING LEVELS
Minimum staffing levels should result in the scheduling of at least one Sergeant on duty whenever possible. The Lieutenants assigned to the Patrol Bureau will ensure that at least one field supervisor is deployed during each shift.

211.2.1 SUPERVISION DEPLOYMENTS
In order to accommodate training and other unforeseen circumstances, a Corporal may be used as field supervisor in place of a Sergeant, as long as staffing level only drops to one below minimum for that shift.

With prior authorization from the Deputy Chief, a Corporal may act as the Patrol Supervisor for a limited period of time.

211.3 PATROL MINIMUM STAFFING LEVELS
Minimum staffing levels for the patrol division are as follows:

Day Shift: Tuesday through Friday Supervisor and 4 Officers.
Day Shift: Saturday through Monday Supervisor and 4 Officers.
Swing Shift: Tuesday through Friday Supervisor and 4 Officers.
Swing Shift: Saturday through Monday Supervisor and 4 Officers.
Grave Shift: Supervisor and 4 Officers.

On Friday and Saturday nights minimum staffing for the grave shift increases to 5 Officers until 0300 hours.

During all shift overlaps: Monday Grave Shift, Tuesday Day Shift, Friday Swing Shift, daily from 1400 - 1700 hours and 2130 -0000 hours Supervisor and 6 Officers.

Reserve police officers shall not replace a full time sworn police officer for the purpose of meeting patrol shift minimum staffing levels.
Patrol Shift Sign-up Rules

212.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that Patrol shift sign-ups are conducted in a consistent manner. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

212.2 PATROL SHIFT SIGN-UP RULES
The restrictions for sign-ups are:

(a) Patrol sign-ups shall be based on seniority and conducted in the following order:
   (a) Sergeants - Seniority shall be defined as time in class, plus higher class.
   (b) Corporals - Seniority shall be defined as time in the assignment.
   (c) Officers - Seniority shall be defined as the swear-in date as a police officer with the City of Woodland.

(b) Officers cannot work a shift more than two consecutive times (unless the officer has been approved for preferred assignment). It is the employee's own responsibility to ensure you comply with this regulation before signing up for your next shifts. The Division Commander can assign an officer to a shift in violation of this rule if the assignment is necessary to meet the needs of the department.

(c) Following the successful conclusion of an officer's initial probation the new officer must work each shift for a full rotation at least once within the following two years.

(d) Officers cannot work a shift more than two consecutive times (unless the officer has been approved for preferred assignment). It is the employee's own responsibility to ensure you comply with this regulation before signing up for your next shifts. The Bureau Commander can assign an officer to a shift in violation of this rule if the assignment is necessary to meet the needs of the department.

212.3 PATROL SHIFT SIGN-UP PROCEDURES
Annually, during the month of October, Officers will be assigned a date and time to sign-up for the following calendar year's patrol shifts. If an officer misses their assigned time, they will be able to sign-up at any time after their assigned block, however less senior officers will have the opportunity to sign-up in the mean time.

212.4 SHIFT TRADES
After the entire shift sign-up is complete officers can trade shifts with another officer as long as the trade is agreeable to both officers and the trade is approved by the Bureau Commander. A shift trade will not be approved if the trade creates a conflict due to scheduled vacation, training, and other scheduled absences or with the sign-up rules. In these cases the trading officers may be required to adjust their scheduled time off to resolve the conflict.

213.3.1 PHASE ONE (TO BE COMPLETED BY ALL APPLICANTS)
(a) Any individual applying for a license to carry a firearm shall first fully complete a California Department of Justice (DOJ) application to be signed under penalty of perjury. Any applicant who provides false information or statements on the application will be removed from further consideration and may be prosecuted for a criminal offense (Penal Code § 26180).

   (a) Require the applicant to complete the package before any further processing.
   (b) Advance the incomplete package to phase two for conditional processing pending completion of all mandatory conditions.
   (c) Issue a denial if the materials submitted at the time demonstrate that the applicant would not qualify for a license to carry a firearm even if the package was completed (e.g., not a resident, disqualifying criminal conviction, absence of good cause).

(b) At the time the completed application is submitted, the applicant shall submit a check made payable to the California Department of Justice for the required California DOJ application fee, along with a separate check made payable to the City of Woodland for a nonrefundable application fee to cover the cost of processing the application (Penal Code § 26190).
   (a) Additional fees may be required for fingerprinting, training or psychological testing, in addition to the application fee.
   (b) Full payment of the remainder of the application fee will be required upon issuance of a license.
   (c) Payment of related fees may be waived if the applicant is a duly appointed reserve peace officer as defined in Penal Code § 830.6 (a) or (b) (Penal Code § 26170).

(c) The applicant shall be required to submit to fingerprinting and a complete criminal background check by the California DOJ. A license shall not be issued if the California DOJ determines that the applicant is prohibited by state or federal law from possessing, receiving, owning or purchasing a firearm (Penal Code § 26195).

(d) The below listed areas may be included in the background investigation:
   1. DMV Records.
2. Department of Justice and National Crime Information Center records checks.

(h) In the event that an application is denied at the conclusion of, or during, phase one, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

213.3.2 PHASE TWO
This phase is to be completed only by those applicants successfully completing phase one.

(a) Upon successful completion of phase one, the applicant shall be scheduled for a personal interview with the Chief of Police or authorized designee. During this stage, there will be further discussion of the applicant's statement of good cause and any potential restrictions or conditions that might be placed on the license.

1. The determination of good cause should consider the totality of circumstances in each individual case.
2. Any denial for lack of good cause should be rational, articulable and not arbitrary in nature.
3. The Department will provide written notice to the applicant as to the determination of good cause (Penal Code § 26202).

(b) The applicant may be required to provide written documentation from a licensed physician attesting that the applicant is not currently suffering from any medical condition that would make the individual unsuitable for carrying a concealed weapon. All costs associated with this requirement shall be paid by the applicant. Failure to provide satisfactory evidence of medical fitness shall result in removal of the applicant from further consideration.
License to Carry a Firearm

(c) The Department may require the applicant be referred to an authorized psychologist used by the Department for psychological testing in order to determine the applicant’s suitability for carrying a concealed weapon. The cost of such psychological testing (not to exceed $150) shall be paid by the applicant. This testing is not intended to certify the applicant is psychologically fit to carry a weapon. It is instead intended to determine whether an applicant has any outward indications or history of psychological problems that might render them unfit to carry a concealed weapon. If it is determined that the applicant is not a suitable candidate for carrying a concealed weapon, the applicant shall be removed from further consideration.

(d) The applicant shall complete a minimum of four (4) hours and up to sixteen (16) hours of training approved by the agency that minimally includes firearms safety and the laws regarding the permissible use of a firearm.

(e) The applicant shall submit any weapon to be considered for a license to a Department Firearms Instructor for a full safety inspection. The Department reserves the right to deny a license for any weapon from an unrecognized manufacturer or any weapon that has been altered from the manufacturer’s specifications.

(f) The applicant shall successfully complete a firearms safety and proficiency examination with the weapon to be licensed, to be administered by a Department Firearms Instructor or provide proof of successful completion of another departmentally approved firearms safety and proficiency examination, including completion of all releases and other forms. The cost of any outside inspection/examination shall be the responsibility of the applicant.

(g) Once the Chief of Police or authorized designee has verified the successful completion of phase two, the license to carry a firearm will either be granted or denied.

(h) Whether an application is approved or denied at the conclusion of or during phase two, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

1. All such restrictions or conditions shall be conspicuously noted on any license issued (Penal Code § 26200).

   1. Each license shall be numbered and clearly identify the licensee.

   2. A license issued to any reserve peace officer as defined in Penal Code § 830.6(a) or (b), or a custodial officer employed by the Sheriff as provided in Penal Code § 831.5 will be valid for a period not to exceed four years, except that such license shall be invalid upon the individual’s conclusion of service as a reserve officer.

(e) If the licensee’s place of residence was the basis for issuance of a license and the licensee moves out of the county of issuance, the license shall expire 90 days after the licensee has moved (Penal Code § 26210).

(f) The licensee shall notify this department in writing within 10 days of any change of place of residency.

213.4.1 LICENSE RESTRICTIONS

(a) The Chief of Police may place special restrictions limiting time, place, manner and circumstances under which any license shall be valid. In general, these restrictions will prohibit the licensee from:

In the event that any amendment to a valid license is approved by the Chief of Police, a new license will be issued reflecting the amendment. An amendment to any license will not serve to extend the original expiration date and an application for an amendment will not constitute an application for renewal of the license.

213.4.3 REVOCATION OF LICENSES
Any license issued pursuant to this policy may be immediately revoked by the Chief of Police for any of the following reasons:

(a) The licensee has violated any of the restrictions or conditions placed upon the license.

(c) The licensee is determined to be within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100, Welfare and Institutions Code § 8103 or any state or federal law.
(d) The licensee engages in any conduct which involves a lack of good moral character or that might otherwise remove the good cause for the original issuance of the license.
(e) If the license moves outside of the City of Woodland.

The issuance of a license by the Chief of Police shall not entitle the holder to either a property or liberty interest as the issuance, amendment or revocation of such license remains exclusively within the discretion of the Chief of Police as set forth herein.

If any license is revoked, the Department will immediately notify the licensee in writing and the California DOJ (Penal Code § 26225).

3. Whether an application for renewal is approved or denied, the applicant shall be notified in writing within 90 days of the renewal application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later (Penal Code § 26205).

   (c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.

4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Patrol Supervisor should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Patrol Supervisor may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner, and carry out duties, including use of force, in a manner that is fair and unbiased. (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS
Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person (Government Code § 7286(a)).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Serious bodily injury - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

Totality of the circumstances - All facts known to the officer at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

De-escalation - Tactics or techniques undertaken by an officer(s) to avoid physical confrontations and to increase the likelihood of voluntary compliance and cooperation. De-escalation does not require an officer to retreat from a situation if that retreat could cause death or serious bodily injury to themselves or a member of the public.

Crisis Intervention Techniques (CIT) - A collaborative approach to safely and effectively address the needs of people with mental illnesses, link them to appropriate services, and divert them from the criminal justice system if appropriate. The primary goal of CIT is to improve officer and mental health consumer safety while reducing injuries to officers and consumers during law enforcement
contacts. Crisis intervention techniques include using distance, time, verbal tactics, or other tactics to de-escalate a situation.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties. Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

The Woodland Police Department values the sanctity of human life and the freedoms guaranteed by the United States and California Constitutions. An officer shall only use the amount of force that the officer reasonably believes is necessary under the totality of the circumstances. An officer shall consider the principles of proportionality in looking at the totality of the circumstances by weighing the severity of the offense, the reasonably perceived level of resistance and the need for apprehension prior to the utilization of force. An officer shall use only the force that is reasonable to effect an arrest, prevent escape, or to overcome resistance. During these situations, an officer shall continually evaluate their tactics when determining the appropriate use of force response. If necessary, an officer shall render, if properly trained, or otherwise request medical aid as soon as reasonably possible.

An officer shall employ de-escalation and crisis intervention techniques when feasible and when doing so does not increase the risk of harm to officers or others. When making use of force decisions, an officer should be mindful that subjects may be physically or mentally incapable of responding to police commands due to a variety of circumstances including, but not limited to, alcohol or drugs, mental impairment, medical conditions, or language and cultural barriers.

Officers use deadly force only when necessary in defense of human life or serious bodily injury. The decision by an officer to use force shall be evaluated from the perspective of a reasonable officer in the same situation, based on the totality of the circumstances known to or perceived by the officer at the time, rather than with the benefit of hindsight, and that the totality of the circumstances shall account for occasions when officers may be forced to make quick judgments about using force. The Woodland Police Department shall evaluate the use of force used by its employees to ensure officers only use force that is lawful and consistent with this policy.

300.2.1 DUTY TO INTERCEDE
Any officer present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under
Use of Force

the circumstances, shall, when in a position to do so, intercede to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

300.2.2 DUTY TO REPORT EXCESSIVE FORCE
Any officer who observes a law enforcement officer or an employee use force that potentially exceeds what the officer reasonably believes to be necessary shall promptly report these observations to a supervisor as soon as feasible (Government Code § 7286(b)).

300.3 USE OF FORCE
Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. When feasible and safe under the totality of the circumstances and where it may be accomplished without increasing the risk of harm to officers or others, officers should attempt to de-escalate situations. When an officer believes they are dealing with a mentally ill, developmentally disabled, or an emotionally disturbed individual, the officer shall, when feasible and safe under the totality of the circumstances, utilize Crisis Intervention Techniques. Officers may only use a level of force that they reasonably believe is proportional to the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the approved tools, weapons, or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.
300.3.1 USE OF FORCE TO EFFECT AN ARREST
Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE
When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

(a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).
(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time (Penal Code § 835a).
(c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
(d) The conduct of the involved officer leading up to the use of force (Penal Code § 835a).
(e) The effects of suspected drugs or alcohol.
(f) The individual's apparent mental state or capacity (Penal Code § 835a).
(g) The individual’s apparent ability to understand and comply with officer commands (Penal Code § 835a).
(h) Proximity of weapons or dangerous improvised devices.
(i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
(j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
(k) Seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.
(l) Training and experience of the officer.
(m) Potential for injury to officers, suspects, bystanders, and others.
(n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
(o) The risk and reasonably foreseeable consequences of escape.
(p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
Use of Force

(q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.

(r) Prior contacts with the subject or awareness of any propensity for violence.

(s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.

(b) Whether the person can comply with the direction or orders of the officer.

(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 FORCE OPTIONS

1. Officers have a variety of force options available to them. Officers do not need to follow a continuum of force, but shall select the use of force they deem appropriate for the circumstances, ensuring their use of force complies with the law, the provisions of this order and any specific department orders or manuals governing the type of force they select to use. Officers shall continue to assess their use of force selection and either transition to a different use of force or discontinue a use of force based on their assessment, ensuring their use of force remains reasonable for the circumstances.

2. The following is a list of use of force options. This is not a complete list of options:

   (a) Chemical Agents
   (b) Conductive Energy Devices (CED)
   (c) Control Holds/Pain Compliance
   (d) Discharge of Firearms and Other Deadly Force
   (e) Impact projectiles
   (f) Impact weapons
   (g) Personal Body Weapons

300.3.5 PROHIBITED USES OF FORCE
1. Officers shall not use force:
   (a) Against individuals who are not subject to arrest or detention, except to protect
       the officer, the public or another person.
   (b) Against individuals who are handcuffed or otherwise restrained, except where
       the individual is actively resisting, attempting escape, or poses an imminent
       threat to the officers, the public, or themselves.
   (c) Against individuals for the sole purpose of preventing the exercise of first
       amendment rights, when a legitimate law enforcement purpose does not exist.
   (d) To punish or to retaliate.
   (e) To stop a subject from swallowing a substance that is already in their mouth.

300.3.6 ALTERNATIVE TACTICS - DE-ESCALATION
As time and circumstances reasonably permit, and when community and officer safety would
not be compromised, officers should consider actions that may increase officer safety and may
decrease the need for using force:
   (a) Summoning additional resources that are able to respond in a reasonably timely
       manner.
   (b) Formulating a plan with responding officers before entering an unstable situation that
       does not reasonably appear to require immediate intervention.
   (c) Employing other tactics that do not unreasonably increase officer jeopardy.

In addition, when reasonable, officers should evaluate the totality of circumstances presented at
the time in each situation and, when feasible, consider and utilize reasonably available alternative
tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the
need to use a higher level of force to resolve the situation before applying force (Government
Code § 7286(b)). Such alternatives may include but are not limited to:
   (a) Attempts to de-escalate a situation.
   (b) If reasonably available, the use of crisis intervention techniques by properly trained
       personnel.
300.3.7 RESTRICTIONS ON THE USE OF A CHOKE HOLD
Officers of this department are not authorized to use a choke hold. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person’s trachea or windpipe (Government Code § 7286.5).

300.4 DEADLY FORCE APPLICATIONS
Where feasible, the officer shall, prior to the use of deadly force, make reasonable efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts (Penal Code 835a(5) (c)(1)(B)).

If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably practical, officers should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the officer reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.

(b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, the officer shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Officers shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES
Shots fired at or from a moving vehicle are rarely effective and may involve additional considerations and risks. When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of
Use of Force

its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others (Government Code § 7286(b)).

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 POINTING A FIREARM

1. Nothing in this policy shall preclude an officer from drawing of a firearm when the officer reasonably believes it necessary for the safety of the officer or another.

2. Detentions involving the pointing of a firearm at a person shall be entered in accordance with the Racial and Identity Profiling Act (RIPA) Policy.

3. The pointing of a firearm at a person shall be documented in the appropriate report or on the CAD call.

300.4.3 DISPLAYING OF FIREARMS

1. Given that individuals might perceive the display of a firearm as a potential application of force, officers should use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):
   (a) If the officer does not perceive an imminent threat but reasonably believes that the potential for such threat exists (e.g., building search), firearms should generally be kept in the low-ready or other position not directed toward an individual.
   (b) If the officer reasonably believes that an imminent threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such imminent threat until the officer no longer perceives such threat.
   Once it is reasonably safe to do so, officers should carefully secure all firearms.

300.4.4 DISCHARGE OF FIREARMS AND OTHER DEADLY FORCE

(a) The use of a firearm or other deadly force is the most serious decision an officer may make. In determining whether deadly force is necessary, officers shall evaluate each situation considering the circumstances of each case and shall use other available resources and techniques if reasonably safe and feasible to a reasonable officer.

(b) An officer may discharge a firearm in the performance of their official duty
   (a) To protect themselves or others from what is reasonably believed to be an imminent threat of death or serious bodily injury.
   (b) To prevent a crime where the suspect’s actions are reasonably believed to place person(s) in imminent jeopardy of death or serious bodily injury.
   (c) To effect an arrest, prevent an escape, or recapture an escapee when the officer reasonably believes the suspect to be arrested poses an imminent threat to cause death or serious bodily injury if apprehension is delayed.
(d) To stop a dangerous animal that poses an imminent risk of death or serious bodily injury to a person.

(e) At a firing range, pursuant to all safety rules and regulations.

(c) Firearms shall not be discharged as a warning.

(d) If feasible, and if doing so would not increase the danger to the officer or others, the officer should give a verbal warning prior to using deadly force.

(e) If feasible, an officer shall take reasonable care when discharging their firearm so as not to jeopardize the safety of another officer or another person and consider their surroundings and potential risks to bystanders, to the extent reasonable under the circumstances, before discharging a firearm.

(f) The decision by a peace officer to use deadly force shall be evaluated from the perspective of a reasonable officer in the same situation, based on the totality of the circumstances known to or perceived by the officer at the time, rather than with the benefit of hindsight, and that the totality of the circumstances shall account for occasions when officers may be forced to make quick judgments about using force.

(g) When an employee discharges or attempts to discharge a firearm while on or off duty, intentionally or accidentally, the employee shall immediately notify the on-duty watch commander. This does not include intentional discharges at a range or for recreational purposes (e.g., hunting, private target practice, or other similar activities).

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.

(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.

(c) The individual subjected to the force complained of injury or continuing pain.

(d) The individual indicates intent to pursue litigation.

(e) Any application of a TASER device or control device.
Use of Force

(f) Any application of a restraint device other than handcuffs, shackles, or belly chains.

(g) The individual subjected to the force was rendered unconscious.

(h) An individual was struck or kicked.

(i) An individual alleges unreasonable force was used or that any of the above has occurred.

(j) Any use of force involving active resistance from an individual and/or involve pointing a firearm or a Taser at an individual as a threat of force.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2.

300.6 MEDICAL CONSIDERATION
Once it is reasonably safe to do so, properly trained officers should promptly provide or procure medical assistance for any person injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer’s initial assessment of the nature and extent of the subject’s injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.
300.7 SUPERVISOR RESPONSIBILITY
A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

(a) Respond to the location of the arrest to ensure that a thorough investigation takes place. A thorough investigation into a use of force by an officer should include, but is not limited to, an area canvass (for witnesses, evidence and surveillance video), witness statements (which should be obtained by a supervisor or officers not involved in the use of force), suspect statements, and photographs of the scene and any injuries.

(b) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(c) Ensure that any injured parties are examined and treated.

(d) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her Miranda rights, the following shall apply:
   1. The content of the interview should not be summarized or included in any related criminal charges.
   2. The fact that a recorded interview was conducted should be documented in a property or other report.
   3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(e) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.

(f) Identify any witnesses not already included in related reports.

(g) Review and approve all related reports.

(h) Review all recordings (both audio and video) of the event, including In-Car Camera, Body Worn Camera video, and any available surveillance video.

(i) Determine if there is any indication that the subject may pursue civil litigation.
   1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(j) Consider arranging for other officers to transport and book the suspect in the event the suspect continues to display hostile, confrontational, or oppositional behavior toward the arresting officer(s).

(k) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.
Use of Force

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 PATROL SUPERVISOR RESPONSIBILITY
The Patrol Supervisor shall review each use of force by any personnel within his/her command to ensure compliance with this policy.

300.7.2 MANAGEMENT LEVEL REVIEW

1. The officer’s supervisor shall initiate a management level review by making an entry into the Department’s use of force tracking software whenever the following reportable use of force events occur:
   (a) Any reportable use of force, involving an incident where the suspect actively resisted the officer or the officer pointed a firearm or CED at the suspect.
   (b) Any reportable use of force that results in the suspect requiring a medical clearance prior to booking or, if the suspect is not booked into jail or juvenile hall, any injury that would likely require a medical clearance.
   (c) Any reportable use of force, involving the discharge of a firearm, a canine bite, or the use of an impact weapon, chemical agent, or CED.
   (d) Any reportable use of force that deviates from the techniques taught or the equipment provided by the Department.
   (e) Any use of force the supervisor determines should be subject to a management level review.

2. The supervisor shall enter the following information into the tracking software:
   (a) List of officers involved.
   (b) The type of force that was used.
   (c) The extent of injuries (if any) to the officer and the suspect.
   (d) Any administrative actions taken by the supervisor or other personnel.
   (e) The supervisor's opinion as to whether the use of force was consistent with department policy.
   (f) All pertinent documents shall be attached to the entry.

3. Tracking software entries should be completed within 14 days of the incident date and forwarded to the Bureau Commander to initiate the management level review. The supervisor shall notify the Bureau Commander if there are any delays in meeting the 14 day deadline.

4. In cases where a firearm has been discharged or the use of force results in death, the tracking software entry shall be completed by the Administrative Sergeant and shall not be completed by the field supervisor.

5. Use of force deployed by supervisors
Use of Force

(a) In the event a sergeant uses force or gives an officer a direct order to deploy force that triggers the reporting requirements set forth in this order, the Lieutenant will be responsible for identifying the person responsible for complying with this section.

(b) In the event a Command Staff member uses force or gives an officer a direct order to deploy force that triggers the reporting requirements set forth in this order, the manager shall notify their direct superior and the superior shall be responsible for identifying the person responsible for complying with this section.

300.8 USE OF FORCE ANALYSIS
At least annually, the Deputy Chief should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

(a) The identification of any trends in the use of force by members.

(b) Training needs recommendations.

(c) Equipment needs recommendations.

(d) Policy revision recommendations.

300.9 TRAINING
1. All officers shall receive training, at least annually, on this agency’s use of force policy and related legal updates.

2. In addition, training shall be provided on a regular and periodic basis and designed to

   (a) Provide techniques for the use of, and reinforces the importance of, de-escalation.

   (b) Simulate actual shooting situations and conditions.

   (c) Enhance an officer’s discretion and judgment in using less lethal and deadly force in accordance with this policy.

3. All use of force training shall be documented.

300.10 USE OF FORCE COMPLAINTS
The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

300.11 POLICY REVIEW
The Chief of Police or the authorized designee should regularly review and update this policy to reflect developing practices and procedures (Government Code § 7286(b)).
300.12 POLICY AVAILABILITY
The Chief of Police or the authorized designee should ensure this policy is accessible to the public (Government Code § 7286(c)).

300.13 PUBLIC RECORDS REQUESTS
Requests for public records involving an officer’s personnel records shall be processed in accordance with Penal Code § 832.7 and the Personnel Records and Records Maintenance and Release policies (Government Code § 7286(b)).
Handcuffing and Restraints

301.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

301.2 POLICY
The Woodland Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

301.3 USE OF RESTRAINTS
Only members who have successfully completed Woodland Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

301.3.1 RESTRAINT OF DETAINES
Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others.

When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

301.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized
Handcuffing and Restraints

determination that such restraints are necessary for the safety of the arrestee, officers, or others (Penal Code § 3407; Penal Code § 6030).

301.3.3  NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

301.4  APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person’s hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person’s back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person’s size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

301.5  APPLICATION OF SPIT HOODS
Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person’s vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical
condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

301.6 APPLICATION OF LEG RESTRAINT DEVICES
Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.

(b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

301.6.1 GUIDELINES FOR USE OF LEG RESTRAINTS
When applying leg restraints, the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person’s ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other
circumstances the officer reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

301.7 REQUIRED DOCUMENTATION
Any use of physical force by a member of the Woodland Police Department to overcome physical resistance or use of pain compliance to overcome non-compliant behavior shall be documented in an appropriate report depending upon the nature of the incident, (e.g., arrest report, crime report, incident report).

301.8 TRAINING
Subject to available resources, the Training Manager should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.

(b) Response to complaints of pain by restrained persons.

(c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.

(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
At Risk Prisoners In The Holding Facility

302.1 PURPOSE AND SCOPE
This policy shall establish procedures for identifying and processing "at risk" prisoners.

"At risk" prisoners shall be evaluated, monitored and medically cleared during arrest processing in accordance with established procedural, statutory and constitutional guidelines.

"At risk" prisoners are arrested subjects who are at risk of injuries or sudden death.

Such prisoners may be suffering from;

(a) drug-induced psychosis.
(b) excited delirium.
(c) a medical condition.
(d) any other condition, injury or ingestion that threatens prisoners' health.

302.2 PROCEDURE
Any prisoner who, in an officer's opinion, is "at risk" must be evaluated and a medical clearance must be obtained from a physician prior to being transported to a police or jail facility.

In determining whether or not a prisoner is "at risk", the officer shall consider if the prisoner exhibits one or more of the following symptoms:

(a) unconsciousness
(b) not at a functional level of consciousness. A person would be considered "not at a functional level of consciousness" if s/he does not know one or more of the following;
   1. who s/he is.
   2. where s/he is.
   3. the time and date.
   4. what is happening.
(c) difficulty breathing.
(d) convulsing or having a seizure.
(e) tremors.
(f) delirium or sensory hallucinations.
(g) extremely violent or aggressive behavior.
(h) superhuman strength.
(i) dilated or uneven pupils.
(j) paranoia.
(k) non-purposeful behavior, meaningless acts.
At Risk Prisoners In The Holding Facility

(l) high blood pressure, rapid heart rate.
(m) hyperthermia, high body temperature, sweating (naked).
(n) confused.
(o) involuntary loud voice, yelling.
(p) involuntary thrashing after being restrained.

Any prisoner who is suspected of ingesting a controlled substance during contact with officers or immediately preceding their contact with officers shall be considered an at risk prisoner even if no other at risk symptoms are present.

302.3 EMERGENCY SITUATIONS
If an emergency exists, or a prisoner's condition is in doubt, an ambulance attendant/paramedic should be called to evaluate and transport.

(a) the decision to transport an at risk prisoner to a hospital by police vehicle or ambulance should be based on the officer's judgment as to which option will provide the fastest access to advanced life support and professional medical care.

(b) if an officer transports a potential "at risk" prisoner to a police or medical facility a second officer should provide constant observation during transport.

302.4 PROCESSING
At risk prisoners must be processed and booked as promptly as possible, consistent with proper investigative procedures. Unreasonable delays must be avoided for both humane and legal reasons.

(a) the transporting officer shall advise booking personnel using the YCSO Medical Clearance form of any "at risk" symptoms exhibited by the prisoner while in custody.

(b) booking personnel shall be supplied with a copy of any medical clearance form obtained from a physician.
Control Devices and Techniques

303.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the Woodland Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 PATROL SUPERVISOR RESPONSIBILITIES
The Patrol Supervisor may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 FIREARMS COORDINATOR RESPONSIBILITIES
The Firearms Coordinator or the Chief Executive Assistant shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Less Lethal Impact Device will be periodically inspected by the Firearms Coordinator or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.
Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Firearms Coordinator for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES
The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 TEAR GAS GUIDELINES
Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Patrol Supervisor, Incident Commander or Tactical Operations Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES
Oleoresin capsicum (OC) spray may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.7.1 OC SPRAY
Uniformed personnel carrying OC spray shall carry the device in its holster. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 TREATMENT FOR OC SPRAY EXPOSURE
Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE
Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of
Control Devices and Techniques

the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 LESS LETHAL IMPACT MUNITIONS GUIDELINES
This department is committed to reducing the potential for violent confrontations. Less Lethal Impact Munitions, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE
Only department-approved Less Lethal Impact Munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease their actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
(b) The suspect has made credible threats to harm themselves or others.
(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS
Before discharging projectiles, the officer should consider such factors as:

(a) Severity of the crime.
(b) Subject's capability to pose an imminent threat to the safety of officers or others.
(c) If the subject is actively resisting arrest or attempting to evade arrest by flight.
(d) The credibility of the subject's threat as evaluated by the officers present, and physical capacity/capability.
(e) The proximity of weapons available to the suspect.
(f) The officer's versus the subject's physical factors (e.g. size, relative strength, skill level, injury exhaustion, the number of officer(s) versus subjects(s).
(g) The availability of other force options and their possible effectiveness.
(h) Distance and angle to target.
Control Devices and Techniques

(i) Type of munitions employed.
(j) Type and thickness of subject's clothing.
(k) The subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer’s recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

303.9.3 SAFETY PROCEDURES

Only officers who have been trained in the use of a specific weapon system shall use it.

Officers will inspect the weapon and projectiles at the beginning of each shift to ensure that the weapon is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the weapon will be unloaded and properly and securely stored in the vehicle.

303.10 TRAINING FOR LESS LETHAL IMPACT MUNITIONS

The Firearms Coordinator shall ensure that all personnel who are authorized to carry a Less Lethal Impact Munitions have been properly trained and certified to carry the specific device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, Less Lethal Impact Munitions instructor.

(b) All training and proficiency for Less Lethal Impact Munitions will be documented in the officer’s training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency’s Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency’s Use of Force Policy after remedial training, the officer will be restricted from carrying Less Lethal Impact Munitions and may be subject to discipline.
Control Devices and Techniques

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.
TASER® device Guidelines

304.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of TASER devices.

304.2 POLICY
The TASER® device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING TASER DEVICES
All Officers who have successfully completed department-approved training shall be issued the TASER device. A patrol officer must carry one of the following: TASER, ASP or baton.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who carry the TASER device shall carry the device in an approved holster. Approved holsters include tactical drop holsters of leather, faux leather material, or molded plastic and holsters for external vests. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform officers shall carry the TASER device in a weak-side holster on the side opposite the duty weapon or carried for a cross draw on the external vest.

(a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

(b) All officers shall be issued two cartridges.

(c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.

(d) Officers should not hold both a firearm and the TASER device at the same time.

304.4 VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other officers and individuals with a warning that the TASER device may be deployed.
If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer’s lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair their vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

304.5 USE OF THE TASER DEVICE
The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

304.5.1 APPLICATION OF THE TASER DEVICE
The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.

(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS
The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.

(b) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.

(c) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles
Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

304.5.3 TARGETING CONSIDERATIONS
Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE
Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

(a) Whether the probes are making proper contact.
(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
(c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS
Officers shall notify a supervisor of all TASER device discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject’s skin.
304.5.6 DANGEROUS ANIMALS
The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

304.5.7 OFF-DUTY CONSIDERATIONS
Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION
Officers shall document all TASER device discharges in the related arrest/crime report, or other appropriate incident documentation. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Information that should be included in the reports includes:

(a) The type and brand of TASER device and cartridge and cartridge serial number.
(b) Date, time and location of the incident.
(c) Whether any display, laser or arc deterred a subject and gained compliance.
(d) The number of TASER device activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
(e) The range at which the TASER device was used.
(f) The type of mode used (probe or drive-stun).
(g) Location of any probe impact.
(h) Location of contact in drive-stun mode.
(i) Description of where missed probes went.
(j) Whether medical care was provided to the subject.
(k) Whether the subject sustained any injuries.
(l) Whether any officers sustained any injuries.

304.6.1 REPORTS
The officer should include the following in the arrest/crime report:

(a) Identification of all personnel firing TASER devices
(b) Identification of all witnesses
(c) Medical care provided to the subject
(d) Observations of the subject’s physical and physiological actions
(e) Any known or suspected drug use, intoxication or other medical problems

304.7 MEDICAL TREATMENT
Probes that have pierced the skin, in other than sensitive areas as detailed below, may be removed by trained department personnel.

Unless impractical, probes that appear to have pierced bone tissue or any area of the head or throat, or any other sensitive area of the body shall be removed by qualified medical personnel.

Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.

(b) The person may be pregnant.

(c) The person reasonably appears to be in need of medical attention.

(d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).

(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

304.8 SUPERVISOR RESPONSIBILITIES
When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device’s onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.
304.9 TRAINING
Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Manager. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Manager is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Manager should ensure that all training includes:

(a) A review of this policy.
(b) A review of the Use of Force Policy.
(c) Performing weak-hand draws or cross-draws to reduce the possibility of accidentally drawing and firing a firearm.
(d) Target area considerations, to include techniques or options to reduce the accidental application of probes near the head, neck, chest and groin.
(e) De-escalation techniques.
(f) Restraint techniques that do not impair respiration following the application of the TASER device.
Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE
The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 TYPES OF INVESTIGATIONS
Officer-involved shootings and in custody deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect’s actions.
- A criminal investigation of the involved officer’s actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.3 CONTROL OF INVESTIGATIONS
Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings or in custody deaths. This may include at least one investigator from the agency that employs the involved officer. See attachment: OFFICER INVOLVED CRITICAL INCIDENTS PROTOCOL - MAY 2020.pdf

Jurisdiction is determined by the location of the shooting or in custody death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating these types of incidents.

305.3.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS
The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect’s crime occurred. For example, the Woodland Police Department would control the investigation if the suspect’s crime occurred in the City of Woodland.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief and with concurrence from the other agency.

305.3.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS
The control of the criminal investigation into the involved officer’s conduct during the incident will be determined by the employing agency’s protocol. When an officer from this department is
involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency’s officer shall be referred to the Chief of Police or the authorized designee for approval.

305.3.3 ADMINISTRATIVE AND CIVIL INVESTIGATION
Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.4 INVESTIGATION PROCESS
The following procedures are guidelines used in the investigation of an officer-involved shooting or in custody death.

305.4.1 UNINVOLVED OFFICER RESPONSIBILITIES
Upon arrival at the scene of an officer-involved shooting, the first uninvolved WPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

(a) Secure the scene and identify and eliminate hazards for all those involved.
(b) Take reasonable steps to obtain emergency medical attention for injured individuals.
(c) Request additional resources from the Department or other agencies.
(d) Coordinate a perimeter or pursuit of suspects.
(e) Check for injured persons and evacuate as needed.
(f) Brief the supervisor upon arrival.

305.4.2 NOTIFICATIONS
The following person(s) shall be notified as soon as practical:

- Chief of Police
- Deputy Chief
- District Attorney’s Office Investigations Division
- Community Relations Sergeant
- Civil Liability Response Team (YCPARMIA)
- Psychological/Peer support personnel
- Coroner (if necessary)
- Officer representative
- A sworn board member of the respective labor organization

All outside inquiries about the incident shall be directed to the shift supervisor.
305.4.3 INVOLVED OFFICERS
The following shall be considered for the involved officer:

(a) Any request for legal or union representation will be accommodated.
   1. Involved WPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
   2. Requests from involved non-WPD officers should be referred to their employing agency.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).

(d) A licensed psychotherapist shall be provided by the Department to each involved WPD officer. A licensed psychotherapist may also be provided to any other affected WPD members, upon request.
   1. Interviews with a licensed psychotherapist will be considered privileged.
   2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
   3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

(e) Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer (Government Code § 8669.4).

Care should be taken to preserve the integrity of any physical evidence present on the involved officer’s equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved WPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Patrol Supervisor to make schedule adjustments to accommodate such leave.

305.4.4 SUPERVISOR RESPONSIBILITIES
Upon arrival at the scene, the first uninvolved supervisor should ensure completion of the duties as outlined above, plus:

(a) Attempt to obtain a brief overview of the situation from any uninvolved officers.

(b) If necessary, the supervisor may administratively order any officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

(c) Sensitive information should be communicated over secure networks.

(d) Take command of and secure the incident scene with additional employees until properly relieved by another supervisor or other assigned personnel or investigator.

(e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.

1. Each involved officer should be given an administrative order not to discuss the incident with other involved officers or employees pending further direction from a supervisor.

2. When an involved officer’s weapon is taken or left at the scene, ensure that they are provided with a comparable replacement weapon or transported by other officers.

305.5 THE SHOOTING INCIDENT CRIMINAL INVESTIGATION

305.5.1 REPORTS BY INVOLVED WPD OFFICERS
In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved WPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved WPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved WPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.5.2 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take
reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identification of all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
   1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

(c) Promptly contacting the suspect’s known family and associates to obtain any available and untainted background information about the suspect’s activities and state of mind prior to the incident.

305.6 ADMINISTRATIVE INVESTIGATION
In addition to all other investigations associated with an officer-involved shooting or in custody death, this department may conduct an internal administrative investigation of officers to determine conformance with department policy. The investigation will be conducted under the supervision of the Community Relations Sergeant and will be considered a confidential officer personnel file. Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

(a) If any officer has given a voluntary statement to criminal investigators that statement shall be used for the administrative statement.
   1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of their prior statement before proceeding with any subsequent interviews.

(b) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
Officer-Involved Shootings and Deaths

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer’s physical and psychological needs have been addressed before commencing the interview.

2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer’s statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).

3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).

4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, they should be given their Lybarger or Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.

5. The Community Relations Sergeant shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

6. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.7 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or in custody death shall be permitted to review Mobile Audio/Video (MAV), body-worn video, or any other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney’s Office, as appropriate.

305.8 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Patrol Supervisor, Investigation Bureau Commander and Public Information Officer in the event of inquiries from the media.
Officer-Involved Shootings and Deaths

The Department shall not subject any involved WPD officer to visits by the media (Government Code § 3303(e)). No involved WPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Bureau Commander. Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

305.9 REPORTING
If the death of an individual occurs in the Woodland Police Department jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Patrol Bureau Commander will ensure that the Records Supervisor is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).

305.10 DEBRIEFING
Following an officer-involved shooting or death, the Woodland Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing. This debriefing shall not occur prior to the completion of the interviews of all involved officers.
Firearms

306.1 PURPOSE AND SCOPE
This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of a firearm that are addressed in the Use of Force or Officer-Involved Shootings and In-Custody Deaths policies.

This policy only applies to those employees who are authorized to carry firearms.

306.2 POLICY
The Woodland Police Department will equip its employees with firearms to address the risks posed to the public and employees by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate, in good working order and that relevant training is provided as resources allow. Except in an emergency situation, no firearms will be carried until they have been inspected by the Department Firearms Coordinator or a specified Rangemaster nor until the officer has qualified with that weapon at a department approved range.

306.2.1 DUTY WEAPONS
The departmental issued primary duty sidearm is the Glock Model G45 9mm, Glock Model 22C, or Glock Model 22.40 S&W caliber. It is the expectation this weapon will be used on duty if it is issued to an employee.

For specific specialty assignments the Glock Model 27,.40 S&W caliber is another issued departmental handgun.

Officers may, at their cost, purchase, carry and train with a personally owned sidearm, as their primary duty sidearm that meets the criteria and guidelines of this policy. They will turn in the issued weapon upon completion of this transition.

(a) The officer must continue to qualify with personally owned and deployed sidearm as judged by the Department Firearms Coordinator.

(b) The personally owned sidearms being deployed will be maintained, at the officer’s expense, in a serviceable condition consistent with Department standards as judged by the Department Firearms Coordinator.

(c) Personally owned sidearms of a make not issued by the department will be inspected by the Department Firearms Coordinator or designee, at the department's expense.

(d) Officers choosing to purchase and carry their own sidearms will be required to sign a City of Woodland Police Department Hold Harmless Agreement and Acknowledgement. This document will be provided by the Department Firearms Coordinator and be kept in the member's training folder. The personally owned sidearm to be carried as the primary sidearm shall meet the following criteria:

1. A semi-automatic handgun in a 9mm, .40 S&W or .45 ACP caliber, with a barrel length of three to six inches (minimum of 3.5 inch barrels while in uniform), which
is capable of safely and consistently firing department approved ammunition. It must also be equipped with night sights and a light rail on the frame. The trigger pull will be no less than 3.5 lbs.

2. Authorized manufacturers; Beretta, Colt, Glock, Heckler & Koch, Ruger, Sig Sauer, Smith & Wesson, Springfield Armory, Walther, or any other reputable manufacturer and approved by the Department Firearms Coordinator.

306.2.2 AUTHORIZED SECONDARY FIREARM
Officers desiring to carry a secondary firearm are subject to the following restrictions:

(a) The firearm shall be in good working order and meets the requirements under 306.2.1d.

1. The sidearm shall have a minimum capacity of 5 rounds either in an attached magazine or cylinder (Revolver or Semi-automatic).

2. The sidearm shall have a bore of no less than 9mm or .380 ACP.

(b) Only one secondary firearm may be carried at a time.

(c) The purchase of the firearm and ammunition shall be the responsibility of the officer.

(d) The firearm shall be carried out of sight at all times and in such a manner as to prevent accidental cocking, discharge or loss of physical control.

(e) The firearm shall be inspected by the Firearms Coordinator prior to being carried and thereafter shall be subject to inspection whenever deemed necessary.

(f) Ammunition shall be the same as department issue. If the caliber of the firearm is other than department issue, the Firearms Coordinator shall approve the ammunition.

(g) Prior to carrying the secondary firearm, personnel shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Officers must demonstrate proficiency and safe handling, and that the firearm functions properly.

(h) Personnel shall provide written notice of the make, model, color, serial number, and caliber of a second firearm to the Firearms Coordinator.

306.2.3 AUTHORIZED OFF-DUTY FIREARM
The carrying of firearms by sworn officers while off-duty is permitted by the Chief of Police but may be rescinded should circumstances dictate (e.g., administrative leave). Sworn officers who choose to carry a firearm while off-duty, based on their authority as a peace officer, will be required to meet the following guidelines:

(a) The firearm shall be in good working order and meets the requirements under 312.2.1(2b).

(b) The purchase of the firearm and ammunition shall be the responsibility of the officer.

(c) The firearm shall be carried concealed at all times and in such a manner as to prevent accidental cocking, discharge, or loss of physical control.
(d) It will be the responsibility of the officer to submit the firearm to the Firearms Coordinator for inspection prior to being carried. Thereafter the firearm shall be subject to periodic inspection by the Firearms Coordinator.

(e) Prior to carrying any off-duty firearm, the officer shall demonstrate to the Firearms Coordinator that they are proficient in handling and firing the firearm and that it will be carried in a safe manner.

(f) The officer will successfully qualify with the firearm prior to it being carried and thereafter once annually. The range qualification dates will be specified by the Firearms Coordinator.

(g) A complete description of the firearm shall be contained on the qualification record approved by the Firearms Coordinator.

(h) If any officer desires to use more than one firearm while off-duty, they may do so, as long as the officer meets all the requirements set forth in this policy for each firearm used.

(i) When armed, whether on- or off-duty, officers shall carry their department identification.

306.2.4 PATROL RIFLE

The departmentally issued Patrol Rifle is a Colt LE6920, AR platform rifle chambered in 5.56mm. It is an air cooled shoulder fired semiautomatic rifle that is magazine fed and gas operated.

Officers may, at their cost, purchase, carry and train with a personally owned patrol rifle, as long as it is built on an AR platform chambered in 5.56mm or .223 Wylde chambered and the following criteria and guidelines of this policy are met.

(a) The rifle shall be purchased through a reputable dealer and registered appropriately through the California DOJ. This includes the ATF Form 1 which includes the Chief of Police’s signature.

(b) Officers choosing to purchase and carry their own patrol rifle will be required to sign an agreement to the above condition of approval, as well as the City of Woodland Police Department Hold Harmless Agreement and Acknowledgement. These documents will be provided by the Department Firearms Coordinator and be kept in the member’s training folder.

(c) The personally owned patrol rifle being deployed will be maintained, at the officer’s expense, in a serviceable condition consistent with department standards as judged by the Department Firearms Coordinator.

(d) The rifle shall be inspected annually.

1. If the rifle is of a make not issued by the department the Firearms Coordinator will determine if the inspection can be accomplished by a department armorer. If the rifle cannot be inspected by a department armorer the rifle will be inspected by a certified armorer, at the officer’s expense, certifying the rifle meets department standards as judged by the Department Firearms Coordinator.
(e) Officers shall not carry or utilize the patrol rifle unless they have successfully completed departmental training. This training shall consist of patrol rifle familiarization course and qualification score with a certified Patrol Rifle Instructor or the Department Firearms Coordinator. Officers shall thereafter be required to successfully complete annual training and qualification conducted by a certified Patrol Rifle Instructor or Department Firearms Coordinator.

(f) Any officer carrying a personally owned patrol rifle in the field shall maintain the weapon in a patrol ready condition until deployed. A rifle is considered in a patrol ready condition when it has been inspected by the assigned officer, the chamber is empty and a fully loaded magazine is inserted into the magazine well. While on duty, the rifle will be secured in the supplied vehicle electronic lock. If the personal rifle does not fit in the supplied lock (light in the way, fore-end too large, etc.), the officer will secure the rifle in a heavy padded nylon-type or hard case, in the trunk of the vehicle out of plain view.

(g) If the officer ceases to use the weapon in an official capacity, or upon separation from full time peace officer status, officers must either transfer serialized components to the Woodland Police Department, sell the assault rifle to another full time police officer in the State of California, transfer/sell the rifle out of the State of California or alter the weapon and have it declassified by DOJ as an assault weapon. The department will send a letter to DOJ notifying them of our withdrawing of authorization for the rifle.

(h) The entire rifle must be from a quality manufacturer. Upper and lower receiver may be of different manufacturer but must be complete factory builds. These manufacturers include but are not limited to Colt, Sig Sauer, Smith & Wesson, Knight's Armament, LMT, LWRC, etc. Final approval will be at the direction of the Firearms Coordinator. Weapon, and related parts, will be of a black or matte black finish.

(i) Other Equipment:

1. The officer must provide their own magazines. The officer will have no less than two (2) twenty round magazines when deploying the rifle.

2. The officer must provide their own weapon bag or hard-sided case when transporting the rifle.

3. The officer is responsible for all batteries pertaining to their rifle and its equipment (flashlights and optics).

4. The weapon must be equipped with a tactical sling.

5. Modifications to factory weapons that increase weapon performance/accuracy must first be approved by the Department Firearms Coordinator. A partial list of approved modifications include:

   (a) Collapsible sights.

   (b) Replacing grips, buttstock, handguard.

   (c) Fore-end mounted grips

   (d) Tuned trigger with a pull of at least 3.5 pounds.

   (e) Extended charging handle.
(f) Ambidextrous fire controls.
(g) EOTech sight.

306.2.5 AMMUNITION
Officers shall carry only department-authorized ammunition while on duty. Officers shall be issued fresh duty ammunition in the specified quantity for their primary sidearm and rifle during the officer’s first scheduled qualification each year. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed in accordance with established policy.

306.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS
Officers shall only use firearms that are issued or approved by the Department and have been thoroughly inspected. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range.

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member’s Bureau Commander. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

306.3.1 SAFETY CONSIDERATIONS
(a) Officers shall not unnecessarily display or handle any firearm.
(b) Officers shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Firearms Coordinator.
(c) Officers shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.
(d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle.
(e) Officers shall not place or store any firearm or other weapon on Department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing a prisoner, but shall place all firearms in a secured location. It shall be the responsibility of the releasing officer to make sure that persons from outside agencies do not enter the jail section with any firearm.
(f) Officers shall not use any automatic weapon, heavy caliber rifle, gas or other type of chemical weapon from the armory, except with approval of a supervisor.
(g) Any weapon authorized by the department to be carried on- or off-duty, that is found by the officer to be malfunctioning or needing service, shall not be carried. It shall be promptly presented to the Firearms Coordinator for inspection. Any weapon determined to be in need of service or repair during an inspection by the Firearms...
Coordinator, will be immediately removed from service. If the weapon is the officer's primary duty weapon, a replacement weapon will be issued to the officer until the duty weapon is serviceable.

306.3.2 STORAGE AT HOME
Employees shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access (Penal Code § 25100).

Employees shall be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).

306.4 FIREARMS QUALIFICATIONS
All sworn personnel are required to qualify with their duty weapon, their off-duty weapon and secondary weapon annually on an approved range course. The Firearms Coordinator shall keep accurate records of qualifications, repairs, maintenance, training or as directed by the Training Manager. In addition to regular qualification schedules, the Firearms Coordinator shall be responsible for providing all sworn personnel with annual practical training designed to simulate field situations. At least annually, all personnel carrying a firearm will receive training on the department Use of Force policy and demonstrate their knowledge and understanding.

306.4.1 NON QUALIFICATION
If any officer is unable to qualify for any reason, including injury, illness, duty status, or scheduling conflict, that officer shall submit a memorandum to the Chief of Police via the Chain of Command, or designee, prior to the end of that scheduled range date. The officer shall await a decision from the Chief of Police or designee on their work status before being relieved from duty for the day.

Officers who repeatedly fail to qualify will be relieved from field assignment and appropriate disciplinary action may follow.

Officers who fail to qualify on their first shooting attempt shall be provided remedial training until proficiency is demonstrated and will be subject to the following requirements:

(a) Additional range assignments may be required until consistent weapon proficiency is demonstrated.

(b) Officers shall be given credit for a range qualification after remedial training and a qualifying score is obtained.

306.4.2 TACTICAL LIGHTS
Tactical lights may only be installed on firearms carried on-duty after they have been examined and approved by the Firearms Coordinator. Once the approved tactical lights have been properly installed on any firearm, the employee shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Laser sights are not authorized to be carried while on-duty.
306.5   WARNING AND OTHER SHOTS
Warning shots are prohibited by this department.

306.5.1   ALCOHOL AND DRUGS
Firearms shall not be carried by any officer, either on- or off-duty, who has consumed an amount of an alcoholic beverage, or has taken any drugs or medication, has taken any combination thereof that adversely affects the officer’s senses or judgment.

306.5.2   STORAGE IN VEHICLES
When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container which is placed out of view, or in a locked container that is permanently affixed to the vehicle’s interior and not in plain view (Penal Code § 16850; Penal Code § 25140; Penal Code § 25452).

Officers are exempt from this requirement during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

306.6   DESTRUCTION OF ANIMALS
Officers are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances in which officers have sufficient advance notice that a potentially dangerous animal may be encountered, officers should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

306.6.1   INJURED ANIMALS
With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)). Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

306.7   REPORT OF FIREARM DISCHARGE
Except during training or recreational use, any employee who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to their supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shooting Policy. If a firearm was discharged as a use of force, the involved employee shall adhere to the additional reporting requirements set forth in the Use of Force Policy.
306.8 RANGE COORDINATOR DUTIES
The range will be under the exclusive control of the Range Coordinator. All officers attending will follow the directions of the Range Coordinator. The Range Coordinator will maintain a roster of all members attending the range and will submit the roster to the Training Manager after each range date. Failure of any officer to sign in and out with the Range Coordinator may result in non-qualification.

The range shall remain operational and accessible to officers during hours established by the Department.

The Range Coordinator has the responsibility of ensuring inspections are performed, at least once a year, of all duty weapons carried by officers of this department to verify proper operation. The Range Coordinator has the authority to deem any privately owned weapon unfit for service. The officer will be responsible for all repairs to their personal weapon and it will not be returned to service until inspected by the Range Coordinator.

306.9 MAINTENANCE AND REPAIR
Firearms carried on duty shall be maintained in a clean, serviceable condition. Since the use of personally owned weapons is at the option of the individual officer, that officer will be responsible for the furnishing, maintenance and repair of such weapon.

306.9.1 REPAIR OR MODIFICATIONS OF DUTY WEAPONS
The Firearms Coordinator or designee shall be the only person authorized to repair or modify any department-owned weapon. All repairs and/or modifications of department issued weapons not performed by the Firearms Coordinator must be approved in advance by the Firearms Coordinator and accomplished by a department approved gunsmith.

Any repairs or modifications to the officer's personally owned weapon shall be facilitated by the Firearms Coordinator.

(a) Any personal sidearm approved by the Department for on/off duty use shall not be modified from its manufacturer's specifications without the expressed written consent of the Firearms Coordinator.

(b) Any approved modification may only be made by a licensed firearms repair center or a reputable manufacturer's tuning shop. Routine Maintenance shall not be considered a modification as long as the replacement parts meet the original manufacturer's specifications.

(c) A partial list of approved modifications include:
   1. Adjustable Night sights.
   2. Crowning of barrel.
   3. Replacement of grips.
   4. Throating of barrel.
   5. Polish and adjust trigger assembly to duty reliability.
6. Extended, short or wide trigger assembly installation.
7. Tune slide, barrel, and or bushings for accuracy but to duty standards, "Match-grade".

306.9.2 REPAIR OR REPLACEMENT OF DAMAGED/SEIZED FIREARMS (PERSONALLY OWNED)
All personally owned firearms whether for duty use or back up will be maintained within department guidelines.

In the event damage to a personally owned firearm, which is entirely beyond the control of the officer and resulting from a law enforcement function, the officer may request reimbursement of repair or replacement. The loss or damage shall be ascertained or estimated according to a comparison between the department issued equipment and personally owned equipment and shall in no event exceed what it would then cost to repair or replace the lesser expensive piece of equipment.

In these cases, officers shall submit a memorandum to the Chief of Police, via the chain of command, explaining the circumstances of the damage and request consideration for reimbursement. The final decision regarding reimbursement of repair remains with the Chief of Police or designee.

Personally owned firearms or equipment seized as a result of participation in a law enforcement event will be returned after two years or all court proceedings are concluded, whichever is later. The department will only provide department issued replacement equipment during this period of time.

306.10 FLYING WHILE ARMED
The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to personnel who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure purposes.

(b) Officers must carry their Department identification card which must contain a full-face picture, the officer’s signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver’s license, passport).

(c) The Woodland Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer’s travel. If approved, TSA will send the Woodland Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message to airport personnel as authorization to travel while armed on the day of travel.
Firearms

(d) An official letter signed by the Chief of Police authorizing armed travel must accompany the officer. The letter must outline the officer’s need to fly armed, must detail their itinerary, and should include that the officer has completed the mandatory TSA training for law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed.

(f) It is the officer’s responsibility to notify the air carrier in advance of the intended armed travel. This notification can be accomplished by early check-in at the carrier’s check-in counter.

(g) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officers must keep the firearm concealed on their person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(h) Officers should not surrender their firearm but should try to resolve any problems through the flight captain, ground security manager or other management representative of the air carrier.

(i) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.11 CARRYING FIREARMS OUT OF STATE
Qualified active full-time officers and qualified retired officers (see Policy Manual § 214) of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC 926B and C):

(a) The officer shall carry their Department identification card whenever carrying such weapon.

(b) Qualified retired officers shall also carry certification of having met firearms qualification within the past 12 months.

(c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The officer will remain subject to this and all other Department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Visiting active and retired peace officers from other states are subject to all requirements set forth in 18 USC 926B and C.
306.12 PRECISION RIFLES

Officers assigned to the Precision Rifle element of the SWAT team may carry and use personally owned Precision Rifles during SWAT Activations or training if all of the following conditions are met:

(a) The precision rifle is a .308 caliber in bolt or semiautomatic action with a minimum barrel length of 16 inches.

(b) The rifle is equipped with properly mounted optics at least equivalent to department issued units and has properly installed mounting equipment for department issued night vision devices.

(c) The rifle shall be equipped with 3.5 lbs. trigger pull.

(d) The officer must provide the rifle's factory specifications to the Precision Rifle Team Leader for retention and inclusion in annual inspection.

(e) No modifications will be made to the rifle without prior approval by the Tactical Commander.

(f) The officer was approved to carry an alternate rifle by the Chief of Police and documented in a memorandum to be held in the employee's training file.

(g) The officer continues to qualify with the rifle as judged by the Precision Rifle Team Leader.

(h) The rifle is maintained in a serviceable condition consistent with Department standards as judged by the SWAT Team Commander during annual inspection.

1. In the event damage to a personally owned rifle occurs, that is entirely beyond the control of the officer resulting from a law enforcement function, officers may request reimbursement of repair. The loss or damage shall be ascertained or estimated according to a comparison between the department issued equipment and personally owned equipment and shall in no event exceed what it would then cost to repair or replace the lesser expensive piece of equipment. In these cases, members shall submit a memorandum to the Chief of Police, via the chain of command, explaining the circumstances of the damage and request consideration for reimbursement. The final decision regarding reimbursement of repair remains with the Chief of Police or designee.

(i) Officers choosing to purchase and carry their own precision rifle will be required to sign a City of Woodland Police Department Hold Harmless Agreement and Acknowledgement. This document will be provided by the Department Firearms Coordinator and be kept in the member's training folder.
Shift Expectations

307.1 PURPOSE AND SCOPE
To establish standardized patrol officer work and shift expectations. Nothing in this document precludes a supervisor from developing their own list of expectations, specific to their team’s performance, in addition to the expectations outlined below.

307.2 GENERAL PROCEDURES
Patrol supervisors are expected to ensure that members of their shifts are aware of the following guidelines and that they become the department standards.

(d) Vehicles shall be searched for contraband prior to deployment and after prisoner transportation.

(e) Vehicles shall be kept clean and washed as necessary.

(f) Report writing shall be completed in the field. When reports must be completed at the station the officer shall get approval from the shift supervisor.
   1. Dictation should be used for police reports with narratives over 100 words in length.
   2. In-custody reports completed within the last 3 hours of an officer’s shift may be dictated with supervisory approval.

(h) Vehicles will be fueled prior to the end of shift.

(i) Code 7/work breaks: Not more than two patrol units shall check off at the same location or time for Code 7 or 7-C. Officers shall receive approval by radio from dispatch before going to code. Code 7 is limited to 30 minutes and 7-C breaks are 15 minutes. Officers shall notify dispatch of the location when checking off.

(j) Officers on Code 7 shall remain alert to priority calls for service and be available if requested by dispatch. Taking Code 7 during the first or last hour of the shift shall be approved by the shift supervisor.

(k) No more than 3 uniformed officers shall take Code 7 at the same location without supervisor approval.
307.3 BEAT RESPONSIBILITY

(a) Each officer is responsible for patrolling their assigned beat. Officers should remain in their respective beats unless dispatched out of beat or for follow-up.

(b) Officers are responsible for monitoring Intelligence Led Policing tasks and Community Oriented Policing Projects in their beat and providing directed enforcement in problematic areas.

(c) Officers shall respond to calls in a timely manner while meeting driving requirements as set forth in department policy.

(d) Officers will not self dispatch to calls. If an officer is on a call and about to clear they may advise dispatch of their status. Dispatch will direct which units shall respond. The shift supervisor has the ultimate discretion to redirect responding units if necessary.

(e) Officers are expected to notify the shift supervisor of any unusual occurrences in their beat, e.g. large parties, hazards, demonstrations.

(f) Officers planning group enforcement activities such as warrant sweeps, parole/probation searches, etc. shall discuss their plans with the shift supervisor before implementation.

307.4 RADIO PROCEDURES

(a) Officers shall log into CAD with their beat and CAD designator when initially going in service. Officers shall put themselves in service at the end of briefing, unless directed otherwise by the shift supervisor.

(b) Radio communications shall be brief, to the point and at a volume which is audible to monitoring units.

(c) Officers are expected to identify themselves then await dispatch acknowledgement before making a call disposition or request.

(d) Officers shall be professional in all communications.

(e) Conflicts with a dispatcher or call shall be brought to the shift supervisor's attention. Officers shall not call dispatchers about conflicts or disagreements.

(f) The radio should be the primary means of communication with dispatch. Phone calls should only be used when dispatch makes a request or when sensitive information may be compromised by using the radio.

307.5 MISCELLANEOUS EXPECTATIONS

(a) Officers are expected to clean up after themselves and keep patrol cars, work areas, break rooms, fitness center and holding cells neat and orderly.

(b) Officers shall keep their locker/storage areas clear and clean and no items shall be left outside of the locker. Items of evidence shall not be placed in personal lockers/storage areas.

(a) Supervisors are expected to ride with each officer on their shift at least once during a rotation. It is recommended that the supervisor spread the rides over the entire rotation period.

(b) Officers and supervisors are expected to keep the lines of communication open and avoid personalizing issues. The chain of command shall be adhered to when conflicts arise.
Vehicle Pursuits

308.1 PURPOSE AND SCOPE
This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public, and fleeing suspects.

308.1.1 DEFINITIONS

Blocking - A low-speed tactic where one or more authorized police department emergency vehicles intentionally restrict the movement of a suspect vehicle, with the goal of containment or preventing a pursuit. Blocking is not boxing in or a roadblock.

Boxing-in - A tactic designed to stop a suspect’s moving vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention - An attempt to stop the suspect’s ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT (known as Pursuit Intervention Technique or Precision Immobilization Technique), ramming, or roadblock procedures.

Pursuit Intervention Technique (PIT) - A low-speed tactic intentionally applied to cause the suspect vehicle to spin out and terminate the pursuit.

Ramming - The deliberate act of impacting a suspect’s vehicle with another vehicle to functionally damage or otherwise force the suspect’s vehicle to stop.

Roadblocks - A tactic designed to stop a suspect’s vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the suspect’s vehicle.

Tire deflation device - A device that extends across the roadway designed to puncture the tires of the pursued vehicle, sometimes referred to as spike strips.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

Vehicle Pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer’s signal to stop.

308.2 OFFICER RESPONSIBILITIES
Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by Vehicle Code
Vehicle Pursuits

§ 21055. Officers are responsible for continuously driving with due regard and caution for the safety of all persons and property (Vehicle Code § 21056).

308.2.1 WHEN TO INITIATE A PURSUIT
Officers are authorized to initiate a pursuit when the officer reasonably believes that a suspect, who has been given appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that should be considered in deciding whether to initiate a pursuit include:

(a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists, and others.

(c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors.

(d) The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.

(e) Whether weather, traffic, and road conditions unreasonably increase the danger of the pursuit when weighed against the risk of the suspect's escape.

(f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.

(g) The performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

(h) Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment, and concealed or obstructed siren positioning.

(i) Suspect and officer vehicle speeds.

(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, hostages).

(k) Availability of other resources such as air support or vehicle locator or deactivation technology.

308.2.2 WHEN TO TERMINATE A PURSUIT
Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect’s escape.
Vehicle Pursuits

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves, and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

(a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.

(b) The pursued vehicle’s location is no longer definitely known.

(c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.

(d) The pursuing vehicle’s emergency lighting equipment or siren becomes partially or completely inoperable.

(e) Hazards to uninvolved bystanders or motorists.

(f) The danger that the continued pursuit poses to the public, the officers, or the suspect, balanced against the risk of allowing the suspect to remain at large.

(g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.

(h) Extended pursuits of violators for misdemeanors not involving violence, risk of serious harm, or weapons (independent of the pursuit) are generally discouraged.

308.3 PURSUIT UNITS
When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

Vehicle pursuits should be limited to three vehicles (two units and a supervisor); however, the number of units involved may vary with the circumstances.

An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of officers involved may be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

308.3.1 MOTORCYCLE OFFICERS
When involved in a pursuit, police department motorcycles should be replaced by marked four-wheel emergency vehicles as soon as practicable.

308.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT
Officers operating vehicles not equipped with red light and siren are prohibited from initiating or joining in any pursuit.
Vehicle Pursuits

308.3.3 PRIMARY UNIT RESPONSIBILITIES
The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for
the conduct of the pursuit unless the officer is unable to remain reasonably close to the suspect's
vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the
suspects without unreasonable danger to any person.

The primary unit should notify the dispatcher commencing with a request for priority radio traffic,
that a vehicle pursuit has been initiated, and as soon as practicable provide information including
but not limited to:

(a) The location, direction of travel, and estimated speed of the suspect's vehicle.
(b) The description of the suspect's vehicle including license plate number, if known.
(c) The reason for the pursuit.
(d) Known or suspected weapons. Threat of force, violence, injuries, hostages, or other
   unusual hazards.
(e) The suspected number of occupants and identity or description.
(f) The weather, road, and traffic conditions.
(g) The need for any additional resources or equipment.
(h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or secondary unit, the officer in the primary unit is responsible
for the broadcasting of the progress of the pursuit. Unless circumstances reasonably indicate
otherwise, the primary pursuing officer should, as soon as practicable, relinquish the responsibility
of broadcasting the progress of the pursuit to a secondary unit or air support joining the pursuit
to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe
pursuit tactics.

308.3.4 SECONDARY UNIT RESPONSIBILITIES
The second officer in the pursuit will be designated as the secondary unit and is responsible for:

(a) Immediately notifying the dispatcher of entry into the pursuit.
(b) Remaining a safe distance behind the primary unit unless directed to assume the role
   of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the
   pursuit.
(c) Broadcasting the progress, updating known or critical information, and providing
   changes in the pursuit, unless the situation indicates otherwise.
(d) Identifying the need for additional resources or equipment as appropriate.
(e) Serving as backup to the primary pursuing officer once the suspect has been stopped.
Vehicle Pursuits

308.3.5 PURSUIT DRIVING
The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for units involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.

(b) Because intersections can present increased risks, the following tactics should be considered:
   1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
   2. Pursuing units should exercise due regard and caution when proceeding through controlled intersections.

(c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) against traffic. In the event that the pursued vehicle does so, the following tactics should be considered:
   1. Requesting assistance from available air support.
   2. Maintain visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
   3. Request other units to observe exits available to the suspects.

(d) Notify the California Highway Patrol (CHP) and/or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.

(e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and with a clear understanding of the maneuver process between the involved units.

308.3.6 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspects and reporting the incident.

308.3.7 AIR SUPPORT ASSISTANCE
When available, air support assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, the unit should assume control over the pursuit. The primary and secondary ground units, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants the continued close proximity and/or involvement of ground units in the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road...
Vehicle Pursuits

hazards, or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact of the pursued vehicle and the air support unit determines that it is unsafe to continue the pursuit, the air support unit has the authority to terminate the pursuit.

308.3.8 UNITS NOT INVOLVED IN THE PURSUIT
There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

308.4 SUPERVISORY CONTROL AND RESPONSIBILITIES
Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for:

(a) Immediately notifying involved unit and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the required number of units are involved in the pursuit under the guidelines set forth in this policy.

(e) Directing that the pursuit be terminated if, in the supervisor's judgment, it is unreasonable to continue the pursuit under the guidelines of this policy.

(f) Ensuring that assistance from air support, canines, or additional resources is requested, if available and appropriate.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.

(i) Controlling and managing Woodland Police Department units when a pursuit enters another jurisdiction.

(j) Preparing a post-pursuit review and documentation of the pursuit.

1. Supervisors should initiate follow up or additional review when appropriate.

308.4.1 PATROL SUPERVISOR RESPONSIBILITIES
Upon becoming aware that a pursuit has been initiated, the Patrol Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and
requirements of this policy. Once notified, the Patrol Supervisor has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

The Patrol Supervisor shall review all pertinent reports for content and forward to the Bureau Commander.

308.5 DISPATCH
If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies and units.

308.5.1 DISPATCH RESPONSIBILITIES
Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.
(b) Coordinating pursuit communications of the involved units and personnel.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Notify the Patrol Supervisor as soon as practicable.
(g) Assigning an incident number and logging all pursuit activities.

308.5.2 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

308.6 INTER-JURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

308.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Woodland Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation.
Vehicle Pursuits

The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports. Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific.

308.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit is responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a supervisor may authorize units from this department to join the pursuit until sufficient units from the initiating agency join the pursuit or until additional information is provided allowing withdrawal of the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of Woodland Police Department, the supervisor should consider:

(a) The public's safety within this jurisdiction.
(b) The safety of the pursuing officers.
(c) Whether the circumstances are serious enough to continue the pursuit.
(d) Whether there is adequate staffing to continue the pursuit.
(e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Patrol Supervisor should review a request for assistance from another agency. The Patrol Supervisor or supervisor, after considering the above factors, may decline to assist in, or assume the other agency’s pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers should provide appropriate assistance to officers from the allied agency including but not limited to scene control, coordination and completion of supplemental reports, and any other reasonable assistance requested or needed.

308.7 WHEN PURSUIT INTERVENTION IS AUTHORIZED
Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards to the public arising from the use of each tactic, the officers, and persons in or on the pursued vehicle to determine which, if any, intervention tactic may be reasonable.
308.7.1 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and subject to the policies guiding such use. Officers should consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

(a) Blocking should only be used after giving consideration to the following:
   1. The technique should only be used by officers who have received training in the technique.
   2. The need to immediately stop the suspect vehicle or prevent it from leaving reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
   3. It reasonably appears the technique will contain or prevent the pursuit.

(b) The PIT should only be used after giving consideration to the following:
   1. The technique should only be used by officers who have received training in the technique, including speed restrictions.
   2. Supervisory approval should be obtained before using the technique.
   3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
   4. It reasonably appears the technique will terminate or prevent the pursuit.

(c) Ramming a fleeing vehicle should only be done after giving consideration to the following:
   1. Supervisory approval should be obtained before using the technique.
   2. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
   3. It reasonably appears the technique will terminate or prevent the pursuit.
   4. Ramming may be used only under circumstances when deadly force would be authorized.
   5. Ramming may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.

(d) Before attempting to box a suspect vehicle during a pursuit the following should be considered:
   1. The technique should only be used by officers who have received training in the technique.
   2. Supervisory approval should be obtained before using the technique.
Vehicle Pursuits

3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.

4. It reasonably appears the technique will terminate or prevent the pursuit.

(e) Tire deflation devices should only be used after considering the following:

1. Tire deflation devices should only be used by officers who have received training in their use.

2. Supervisory approval should be obtained before using tire deflation devices.

3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.

4. It reasonably appears the use will terminate or prevent the pursuit.

5. Tire deflation devices should not be used when the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, except in extraordinary circumstances.

6. Due to the increased risk to officers deploying tire deflation devices, such deployment should be communicated to all involved personnel.

(f) Roadblocks should only be used after considering the following:

1. Roadblocks should only be used by officers who have received training in their use.

2. Supervisory approval should be obtained before using the technique.

3. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.

4. It reasonably appears the technique will terminate or prevent the pursuit. Roadblocks may be used only under circumstances when deadly force would be authorized.

5. Roadblocks may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.

308.8 REPORTING REQUIREMENTS
All appropriate reports should be completed to comply with applicable laws, policies, and procedures.

(a) The primary officer should complete appropriate crime/arrest reports.

(b) The Patrol Supervisor shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Patrol Supervisor for review and distribution.
Vehicle Pursuits

After first obtaining the available information, the involved, or if unavailable on-duty, field supervisor shall promptly complete a management level review summarizing the pursuit to the Chief of Police or the authorized designee.

(a) The officer’s supervisor shall initiate a management level review by making an entry into the Department’s use of force/pursuit tracking software whenever the following reportable pursuit events occur:

1. Date and time of pursuit.
2. Initial reason and circumstances surrounding the pursuit.
3. Length of pursuit in distance and time, including the starting and termination points.
4. Involved units and.
5. Alleged offenses.
6. Whether a suspect was apprehended, as well as the means and methods used.
7. Any use of force that occurred during the vehicle pursuit shall documented in a separate report in the Department's use of force tracking software.

(a) Any use of force by a member should be documented in the appropriate report (See the Use of Force Policy).

8. Any injuries and/or medical treatment.
9. Any property or equipment damage.
10. Name of supervisor at scene or who handled the incident.
11. After receiving copies of reports, logs, and other pertinent information, the or the authorized designee should conduct or assign the completion of a post-pursuit review.

(b) The supervisor shall enter the following information into the tracking software:

1. List of officers involved.
2. The extent of injuries (if any) to the officer and the suspect.
3. Any administrative actions taken by the supervisor or other personnel.
4. The supervisor's opinion as to whether the pursuit was consistent with department policy.
5. All pertinent documents shall be attached to the entry.

(c) Tracking software entries should be completed within 14 days of the incident date and forwarded to the Bureau Commander to initiate the management level review. The supervisor shall notify the Bureau Commander if there any delays in meeting the 14 day deadline.

(d) Pursuits initiated by supervisors
**Vehicle Pursuits**

1. In the event a sergeant initiates or is involved in a pursuit that triggers the reporting requirements set forth in this order, the Lieutenant will be responsible for identifying the person responsible for complying with this section.

2. In the event a Command Staff member initiates or is involved in a pursuit that triggers the reporting requirements set forth in this order, the manager shall notify their direct superior and the superior shall be responsible for identifying the person responsible for complying with this section.

Annually, the Chief of Police should direct a documented review and analysis of department vehicle pursuit reports to minimally include policy suitability, policy compliance, and training or equipment needs.

308.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
The Training Manager shall make available to all officers initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, and no less than annual training addressing:

   (a) This policy.

   (b) The importance of vehicle safety and protecting the public.

   (c) The need to balance the known offense and the need for immediate capture against the risks to officers and others (Vehicle Code § 17004.7(d)).

308.8.2 POLICY REVIEW
Officers of this department shall certify in writing that they have received, read, and understand this policy initially, upon any amendments, and whenever training on this policy is provided. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

308.9 APPLICATION OF VEHICLE PURSUIT POLICY
This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

308.10 POLICY
It is the policy of this department to balance the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.
Officer Response to Calls

309.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

309.2 RESPONSE TO CALLS
Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

309.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Dispatch.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

309.3.1 NUMBER OF UNITS ASSIGNED
Normally, only one unit should respond to an emergency call Code-3 unless the supervisor authorizes an additional unit(s).

309.4 INITIATING CODE 3 RESPONSE
If an officer believes a Code-3 response to any call is appropriate, the officer should notify Dispatch when reasonably possible and give the location from which they are responding.
309.5 RESPONSIBILITIES OF RESPONDING OFFICERS
Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue the Code-3 response when directed by a supervisor.

309.6 SUPERVISORY RESPONSIBILITIES
Upon being notified that a Code-3 response has been initiated, the supervisor shall verify the following:

(a) The proper response has been initiated
(b) No more than those units reasonably necessary under the circumstances are involved in the response
(c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in their judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the supervisor should consider the following:

• The type of call
• The necessity of a timely response
• Traffic and roadway conditions
• The location of the responding units

309.7 FAILURE OF EMERGENCY EQUIPMENT
If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the supervisor, or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.
Response to Alarm Calls

310.1 PURPOSE AND SCOPE
To establish procedures for responding to various types of alarm calls while allowing appropriate notification of business owners and the alarm coordinator.

The procedure which is outlined below is meant to be used as a guideline for officers to follow when handling any alarm call.

This procedure should significantly reduce the hazards to officers who must respond to robbery alarms.

310.2 ROBBERY ALARMS
310.3 INTRUSION ALARMS

Two (2) officers shall be dispatched to all alarm calls.
If available, a canine unit shall be dispatched as a one officer cover unit.

Officers shall:

(a) Notify dispatch when a field unit discovers a ringing alarm.
(b) Check the premises of all alarm calls for any signs of attempted or actual entry.
(c) Where evidence of criminal activity exists, complete a Crime or Incident Report, documenting the crime.

When there appears to be no entry and/or a false alarm, the primary officer at the scene shall determine if the situation warrants a cover unit. If there is no need for a cover unit, the primary officer shall cancel the unit, and have it return to service.

Officers will not cancel additional responding units until such time they themselves are on scene and can advise with certainty additional units will not be required.
Canines

311.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of canines to augment police services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

311.2 GUIDELINES FOR THE USE OF CANINES
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed or threatened to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief that the individual poses an imminent threat of violence or serious harm to the public, any officer, or the handler.

(b) The individual is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.

(c) The individual(s) is/are believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. In any such case, a standard of objective reasonableness shall be used to review the decision to use a canine in view of the totality of the circumstances.

Absent reasonable belief that an individual has committed or threatened to commit a serious offense, mere flight from pursuing officer(s) shall not serve as good cause for the use of a canine to apprehend the individual.

Once the individual has been located and no longer reasonably appears to represent a threat or risk of escape, the canine should be secured as soon as it becomes reasonably practical.

If the canine is utilized to track or search for non-criminals such applications should be conducted under such conditions that will minimize the likelihood that the canine will bite or otherwise injure the individual.

A canine handler shall have the ultimate authority not to deploy the dog. The handler will evaluate each situation and determine if the use of a canine is technically feasible. Generally, the decision whether to deploy the dog shall remain with the handler. However, a supervisor sufficiently apprised of the situation may decide not to deploy the dog.

311.2.1 WARNINGS GIVEN TO ANNOUNCE THE USE OF A CANINE
When practical, an audible warning will be given announcing that a canine will be released prior to deploying a canine. The canine handler, when practical, should first advise the supervisor of their decision if a verbal warning is not given prior to releasing the canine. In the event of an
Canines

apprehension, the handler shall document in any related report whether or not a verbal warning was given and, if none was given, the reasons why.

311.3 ASSIGNMENT
Canine teams should be assigned to assist and supplement the Patrol Bureau to function primarily in assist or cover assignments. However, they may be assigned by the Patrol Supervisor to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Patrol Supervisor.

311.4 CANINE COORDINATOR
The canine coordinator shall be appointed by and directly responsible to the Patrol Bureau Lieutenant or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

(a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.

(b) Maintaining a liaison with the vendor kennel.

(c) Maintaining a liaison with command staff and functional supervisors.

(d) Maintaining a liaison with other agency canine coordinators.

(e) Maintaining accurate records to document canine activities.

(f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.

(g) Scheduling all canine-related activities.

(h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

311.5 REQUESTS FOR CANINE TEAMS
Patrol Bureau members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Bureau shall be reviewed by the Patrol Supervisor.

311.5.1 OUTSIDE AGENCY REQUEST
All requests for canine assistance from outside agencies must be approved by the Canine Coordinator or Patrol Supervisor and are subject to the following:

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.

(b) The canine handler shall have the authority to decline a request for any specific assignment that they deem unsuitable.
(c) Calling out off-duty canine teams is discouraged.

(d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.

311.5.2 PUBLIC DEMONSTRATION
All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

311.6 APPREHENSION GUIDELINES
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.

(b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.

(c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Patrol Supervisor. Absent a change in circumstances that presents an imminent threat to officers, the canine or the public, such canine use should be conducted under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.
311.6.1 WARNINGS AND ANNOUNCEMENTS
Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of their decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

311.6.2 REPORTING DEPLOYMENTS, BITES, AND INJURIES
Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual’s injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

311.7 NON-APPREHENSION GUIDELINES
Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine’s suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:
Canines

(a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

(b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

(c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

(d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

311.7.1 ARTICLE DETECTION
A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

311.7.2 NARCOTICS DETECTION
A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

(a) The search of vehicles, buildings, bags, and other articles.
(b) Assisting in the search for narcotics during a search warrant service.
(c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

311.8 HANDLER SELECTION
The minimum qualifications for the assignment of canine handler include:

(a) An officer who is currently off probation.
(b) Residing in an adequately fenced residence that includes a dedicated and secure outdoor area (minimum 5-foot high fence).
(c) A garage that can be secured and accommodate a canine vehicle.
(d) Living within 30 minutes travel time from the Woodland Police Department. All driving times will be determined by using Google Maps.
(e) Agreeing to be assigned to the position for a minimum of four years.

311.9 HANDLER RESPONSIBILITIES
The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.
The canine handler will be responsible for the following:

(a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.

(b) The handler shall maintain all department equipment under their control in a clean and serviceable condition.

(c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.

(d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Woodland Police Department facility.

(e) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the Canine Sergeant.

(f) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured. When off-duty, the canine may be let out of the kennel while under the direct control of the handler or designee approved by the Canine Sergeant.

(g) The canine should be permitted to socialize in the home with the handler’s family under the direct supervision of the handler or designee.

(h) Under no circumstances will the canine be lodged at another location unless approved by the Canine Sergeant or Patrol Supervisor.

(i) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the Canine Sergeant or Patrol Supervisor.

(j) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the Canine Sergeant so that appropriate arrangements can be made.

311.9.1 CANINE IN PUBLIC AREAS
The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

(a) A canine shall not be left unattended in any area to which the public may have access.

(b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

311.10 CANINE INJURY AND MEDICAL CARE
In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the Canine Sergeant or Patrol Supervisor as soon as practicable. If the injury was a result of criminal activity it will be documented in a crime report.
Canines

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the appropriate canine file.

311.11 TRAINING
Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Patrol Supervisor.

311.11.1 CONTINUED TRAINING
Each canine team shall thereafter be recertified to a current POST, CNCA, or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Canine teams should receive training as defined in the current contract with the Woodland Police Department canine training provider.

(b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.

(c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

311.11.2 FAILURE TO MAINTAIN CERTIFICATION
Any canine team failing to maintain certification shall not be deployed in the field for tasks the team is not certified to perform until certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

In the event of an extended absence (in excess of thirty days) from duty, the canine will receive at least one day of training and be re-certified to POST standards, prior to being placed back in service.

311.11.3 TRAINING RECORDS
All canine training records shall be maintained in the canine handler's and the canine's training file.
311.11.4 TRAINING AIDS
Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Woodland Police Department may work with outside trainers with the applicable licenses or permits.

311.11.5 CONTROLLED SUBSTANCE TRAINING AIDS
Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Woodland Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

311.11.6 CONTROLLED SUBSTANCE PROCEDURES
Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine’s accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

(a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.

(b) The weight and test results shall be recorded and maintained by this department.

(c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.

(d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.

(e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler’s assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.

(f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
Canines

(g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.

(h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

311.12 DONATIONS AND PURCHASES

Any purchases made for the Woodland Police K-9 Unit, regardless of origination of funds (i.e. Foothills K-9 Association, Woodland Police Officers' Association), requires Division Commander approval.
Animal Control Calls

312.1 PURPOSE AND SCOPE
To establish guidelines for handling animal nuisance and injured animal calls for service.

Animal control is responsible for most animal complaint related offenses, however Woodland Police officers often time are called, especially at night when no other personnel are available, for injured animals or disturbances involving animals.

312.1.1 COUNTY ANIMAL CONTROL RESPONSE
Outside the normal business hours requires supervisor approval and will be decided on a case by case basis, except when required by 121595 H&S, 121600 H&S and 597f PC.

312.2 INJURED/STRAY ANIMALS AND SUPERVISOR RESPONSIBILITIES
Reports of Injured animals after the hours of response for County Animal Control shall be forwarded to the shift supervisor. Prior to authorizing an Animal Control call-out the shift supervisor should send an officer to evaluate the situation and relay the findings to the shift supervisor for evaluation. Shift Supervisors shall use discretion in evaluating the totality of the circumstance prior to deciding whether or not to call out County Animal Control after hours. Factors to consider include:

(a) The animal's injuries, if any.
(b) Whether or not the animal is contained.

312.3 VICIOUS DOGS
Officers responding to vicious dog calls shall obtain the following information in order to determine if County Animal Control should be called out to respond.

(a) Is the dog free roaming or out of the owners control.
(b) Has the dog attacked or bitten a human being.
(c) Is the dog presently a public safety hazard.
(d) If the above conditions are present contact the shift supervisor to authorize immediate County Animal Control response.
(e) Is the reporting party willing to keep the uninjured animal contained until the following morning when the animal is not injured.
(f) Does the animal appear to be suffering or in distress from starvation or injury.

Vicious dog calls not meeting the above requirements shall be directed to County Animal Control requesting a response during normal business hours.

In all cases identification and contact with the owner should be attempted and forwarded to County Animal Control.
312.4 ENFORCEMENT PROFILE
County Animal Control is the primary enforcement agency for vicious dog calls. As a matter of policy, officers will protect public safety when violations are brought to their attention or they observe violations during the course of their duties. In non-emergency situations officers shall assure the owner has containment of the dog and there is no public safety hazard.

Officers may issue citations should the circumstances dictate.

Domestic Violence

313.1.2 PRO-ARREST POLICY
This department implements a pro-arrest policy, if there is probable cause to believe that a domestic violence offense has been committed then an arrest shall be made. (Penal Code section 13701(b).)
The arrest may be for a felony or misdemeanor offense.

313.2 POLICY
The Woodland Police Department’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible.

313.3 OFFICER SAFETY
The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

313.4 INVESTIGATIONS
The following guidelines should be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim’s personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the original officer responsible for the investigation in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
Domestic Violence

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Whether the suspect lives on the premises with the victim.
2. Claims by the suspect that the victim provoked or perpetuated the violence.
3. The potential financial or child custody consequences of arrest.
4. The physical or emotional state of either party.
5. Use of drugs or alcohol by either party.
6. Denial that the abuse occurred where evidence indicates otherwise.
7. A request by the victim not to arrest the suspect.
8. Location of the incident (public/private).
9. Speculation that the complainant may not follow through with the prosecution.
10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
11. The social status, community status, or professional position of the victim or suspect.

313.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.

(b) Provide the victim’s contact information to the jail staff to enable notification of the victim upon the suspect’s release from jail.

(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.
313.4.2 IF NO ARREST IS MADE
If no arrest is made, the officer should:

(a) Advise the parties of any options, including but not limited to:
   1. Voluntary separation of the parties.
   2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).

(b) Document the resolution in a report.

313.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Officers should:

(a) Recognize that a victim’s behavior and actions may be affected.

(b) Provide the victim with the department’s domestic violence information handout, even if the incident may not rise to the level of a crime.

(c) Alert the victim to any available victim advocates, shelters and community resources.

(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.

(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.

(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.

(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

313.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

313.7 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it
reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

### 313.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
   1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).

(b) Check available records or databases that may show the status or conditions of the order.
   1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

### 313.9 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

#### 313.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

(a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701).
Domestic Violence

1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).

(b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of their right to make a private person’s arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person’s arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person’s arrests (Penal Code § 836(b)).

(c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):

1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender’s child)
3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
4. Penal Code § 646.9 (stalking)
5. Other serious or violent felonies specified in Penal Code § 1270.1

(d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
2. The threats creating fear of physical injury.
3. The history of domestic violence between the persons involved.
4. Whether either person acted in self-defense.

(e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer’s presence.
Domestic Violence

After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

313.9.2 COURT ORDERS

(a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person’s parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

(b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).

(c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).

(d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).

(e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

313.9.3 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

313.9.4 REPORTS AND RECORDS

(a) A written report shall be completed on all incidents of domestic violence involving criminal behavior. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.

1. For domestic violence calls not involving criminal behavior, but where one party has placed the other party in reasonable apprehension of imminent serious bodily injury to themself or another, officers shall complete a report documenting the incident and listing 13700 P.C. as the crime code.

(b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately
Domestic Violence

available, an explanation should be given regarding how the victim can obtain the information at a later time.

(c) Officers who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 33800; Family Code § 6389(c)(2)).

(d) A domestic disturbance is an argument or disagreement within a family or between partners, as defined in Penal Code section 13700, which does not involve violence, threats of violence, violations of court orders, or does not cause one or more parties reasonable apprehension of imminent serious bodily injury to themself or another.

1. Officers are not required to prepare a written report for incidents of a domestic disturbance.

313.9.5 RECORD-KEEPING AND DATA COLLECTION
This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Supervisor to maintain and report this information as required.

313.9.6 DECLARATION IN SUPPORT OF BAIL INCREASE
Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee’s appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).
Search and Seizure

314.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Woodland Police Department personnel to consider when dealing with search and seizure issues.

314.2 POLICY
It is the policy of the Woodland Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

314.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and their familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.
314.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.

(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

314.4.1 STRIP SEARCHES, VISUAL BODY CAVITY SEARCHES, OR PHYSICAL BODY CAVITY SEARCHES
These searches may only be conducted after a lawful arrest has been made and shall follow the guidelines contained in Policy Manual § 901 specific to each search type.

314.5 DOCUMENTATION
Officers are responsible to document all parole and probation searches of residences or businesses and any other search where evidence is collected. These reports shall include, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred, to include photographs
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- An itemized list of seized property shall be left at the residence, or if taken from a person, with them or placed in their property at the jail.

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

314.6 PAROLE AND PROBATION SEARCHES
Officers shall verify the search conditions of those persons subject to search as a condition of parole or probation prior to conducting parole and probation searches, when possible.
Arrests or Interviews at Schools or Businesses

315.1 PURPOSE AND SCOPE
To establish procedures for affecting arrests or conducting interviews while at schools or businesses, and when possible, prevent any disruptions to business or school routines.

315.1.1 PROCEDURE
Officers shall, when possible, contact the person in charge of a business or school before making an arrest or conducting an interview of employees or students.

Officers should make every attempt possible to isolate a potential arrestee or interviewee from the "main stream" of the business or school by requesting the subject be brought to the officer. (Also see Child Abuse Policy)

Contact should be made with a management representative, Principal, Security Officer, or School Police and inform them of the need to arrest or interview.

For cases of a dangerous subject or flight risk the officer may accompany the representative to the work site or classroom.
Temporary Custody of Juveniles

316.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Woodland Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

316.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

**Juvenile offender** - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1; 15 CCR 1150).

**Safety checks** - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
Temporary Custody of Juveniles

(d) A juvenile being processed in a secure booking area when a non-secure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact that is more than brief or inadvertent.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

316.2 POLICY
The Woodland Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Woodland Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

316.3 JUVENILES WHO SHOULD NOT BE HELD
Juveniles who exhibit any of the following conditions should not be held at the Woodland Police Department:

(a) Unconscious
(b) Seriously injured
(c) A known suicide risk or obviously severely emotionally disturbed
(d) Significantly intoxicated except when approved by the Patrol Supervisor. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Woodland Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).
Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

316.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY
When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Patrol Supervisor shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

316.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY
Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

316.4 CUSTODY OF JUVENILES
Officers should take custody of a juvenile and temporarily hold the juvenile at the Woodland Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Woodland Police Department without authorization of the arresting officer’s supervisor or the Patrol Supervisor. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile’s parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Woodland Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1).

316.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Woodland Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination (Welfare and Institutions Code § 602.1).

316.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to
Temporary Custody of Juveniles

the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

316.4.3 CUSTODY OF JUVENILE OFFENDERS
Juvenile offenders should be held in non-secure custody while at the Woodland Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and taken into custody for committing or attempting to commit a felony with a firearm shall not be released and be transported to a juvenile facility (Welfare and Institutions Code § 625.3).

A juvenile offender suspected of committing murder, a sex offense described in Welfare and Institutions Code § 602(b) that may subject the juvenile to criminal jurisdiction under Welfare and Institutions Code § 707, or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

(a) Released upon warning or citation.
(b) Released to a parent or other responsible adult after processing at the Department.
(c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
(d) Booked at Juvenile Hall.
(e) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile’s freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

316.5 ADVISEMENTS
Officers shall take immediate steps to notify the juvenile’s parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).
Temporary Custody of Juveniles

Whenever a juvenile is taken into temporary custody, he/she shall be given the *Miranda* rights advisement regardless of whether questioning is intended. This does not apply to juvenile non-offenders taken into temporary custody for their safety or welfare (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

316.6 JUVENILE CUSTODY LOGS
Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

(a) Identifying information about the juvenile.
(b) Date and time of arrival and release from the Woodland Police Department (15 CCR 1150).
(c) Patrol Supervisor notification and approval to temporarily hold the juvenile.
(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
(e) Any changes in status (e.g., emergency situations, unusual incidents).
(f) Time of all safety checks.
(g) Any medical and other screening requested and completed (15 CCR 1142).
(h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1; 15 CCR 1145).
(i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Patrol Supervisor shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

316.7 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1; Welfare and Institutions
Temporary Custody of Juveniles

Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Woodland Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

316.8 TEMPORARY CUSTODY REQUIREMENTS
Members and supervisors assigned to monitor or process any juvenile at the Woodland Police Department shall ensure the following:

(a) The Patrol Supervisor should be notified if it is anticipated that a juvenile may need to remain at the Woodland Police Department more than four hours. This will enable the Patrol Supervisor to ensure no juvenile is held at the Woodland Police Department more than six hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(c) Personal safety checks and significant incidents/activities shall be noted on the log.

(d) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
   1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
   2. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).

(f) Food shall be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile (15 CCR 1143).

(g) Juveniles shall have reasonable access to a drinking fountain or water (15 CCR 1143).

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(i) Juveniles shall have privacy during family, guardian, and/or lawyer visits (15 CCR 1143).

(j) Juveniles shall be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody (15 CCR 1143).

(k) Blankets shall be provided as reasonably necessary (15 CCR 1143).
   1. The supervisor should ensure that there is an adequate supply of clean blankets.
Temporary Custody of Juveniles

(l) Adequate shelter, heat, light, and ventilation should be provided without compromising security or enabling escape.

(m) Juveniles shall have adequate furnishings, including suitable chairs or benches.

(n) Juveniles shall have the right to the same number of telephone calls as an adult in temporary custody.

(o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse (15 CCR 1142).

316.9 USE OF RESTRAINT DEVICES
Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Woodland Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Patrol Supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile’s protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

316.10 PERSONAL PROPERTY
The officer taking custody of a juvenile offender or status offender at the Woodland Police Department shall ensure a thorough search of the juvenile’s property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile’s presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Woodland Police Department.

316.11 SECURE CUSTODY
Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Patrol Supervisor approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

(a) Age, maturity, and delinquent history
(b) Severity of offense for which the juvenile was taken into custody
Temporary Custody of Juveniles

(c) The juvenile offender’s behavior
(d) Availability of staff to provide adequate supervision or protection of the juvenile offender
(e) Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile’s safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

316.11.1 LOCKED ENCLOSURES
A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

(a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
(b) Juveniles shall have constant auditory access to department members (15 CCR 1147).
(c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1).
(d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).

1. All safety checks shall be logged.
2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
3. Requests or concerns of the juvenile should be logged.
(e) Males and females shall not be placed in the same locked room (15 CCR 1147).
(f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
(g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.
316.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE
The Patrol Supervisor will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Woodland Police Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

(a) Immediate notification of the on-duty supervisor, Chief of Police, and Investigation Bureau Supervisor.
(b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
(c) Notification of the appropriate prosecutor.
(d) Notification of the City attorney.
(e) Notification to the coroner.
(f) Notification of the juvenile court.
(g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).
(h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
(i) Evidence preservation.
(j) Upon receipt of a report of death of a minor from the administrator, the Board may within 30 calendar days inspect and evaluate the jail, lockup, or court holding facility. Any inquiry made by the Board shall be limited to the standards and requirements set forth in 15 CCR Section 1046.

316.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS
No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of Miranda rights, an officer shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

(a) Information is necessary to protect life or property from an imminent threat.
(b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

316.14 FORMAL BOOKING
Any juvenile, 14 years of age or older, who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted and photographed.
Temporary Custody of Juveniles

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed after giving due consideration to the following:

(a) The gravity of the offense.
(b) The past record of the offender.
(c) The age of the offender.

316.15  RELEASE OF INFORMATION CONCERNING JUVENILES
Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Woodland Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Supervisor and the appropriate Detective Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

316.16  BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION
The Patrol Bureau Commander shall coordinate the procedures related to the custody of juveniles held at the Woodland Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

316.17  RELIGIOUS ACCOMMODATION
Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).
Senior and Disability Victimization

317.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Woodland Police Department members as required by law (Penal Code § 368.6).

The Woodland Police Department is committed to providing equal protection and demonstrating respect for all persons regardless of age or disabilities, and to conscientiously enforcing all criminal laws protecting elders, and adults and children with disabilities, regardless of whether these crimes also carry civil penalties (Penal Code § 368.6) (see Child Abuse Policy for child abuse investigations and reporting).

317.2 DEFINITIONS
Definitions related to this policy include:

Adult Abuse - Any offense or attempted offense involving violence or neglect of adults over the age of 65 or any offense or attempted offense involving a dependent adult victim committed by a caregiver. This also includes any other act that would mandate notification to a social service/licensing agency or law enforcement related to the abuse of an adult (Welfare and Institutions Code § 15610.07; Welfare and Institutions Code § 15610.27; Welfare and Institutions Code § 15610.23).

Dependent Adult - Any person residing in this state, between 18 and 64 years of age, who has physical or mental limitations that restrict their ability to carry out normal activities or to protect their rights including, but not limited to, persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This includes any person between 18 and 64 years of age who is admitted as an inpatient to a 24-hour health facility, as defined in state law (Health and Safety Code § 1250; Health and Safety Code § 1250.2; Health and Safety Code § 1250.3).

317.3 MANDATORY NOTIFICATION
Any officer who has observed or has knowledge of an incident that reasonably appears to be adult abuse, is told by an elder or dependent adult that they have experienced abuse or who reasonably suspects abuse, shall report to the county adult protective services agency as soon as practicable as provided in Welfare and Institutions Code § 15630.

For purposes of notification, abuse is physical abuse, abandonment, abduction, isolation, financial abuse or neglect. Physical abuse includes any assault or sex crime(Welfare and Institutions Code § 15610.63). Financial abuse includes taking personal or real property by undue influence or intent to defraud (Welfare and Institutions Code § 15610.30). Notification is also made in cases of abandonment, abduction, isolation and neglect (Welfare and Institutions Code § 15610.05;
Senior and Disability Victimization

Welfare and Institutions Code § 15610.06; Welfare and Institutions Code § 15610.43; Welfare and Institutions Code § 15610.57).

Notification should also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

(a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):
   1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
   2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
   3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.

(b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman.

(c) The State Department of Public Health shall be notified of all known or suspected abuse occurring in a long-term facility.

(d) The Bureau of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.

(e) The District Attorney’s office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.

(f) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the State Department of State Hospitals or the State Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse.

(g) If the abuse occurred at a residential care facility for the elderly or adult day program, the State Department of Social Services shall be notified.

(h) If the abuse occurred in an adult day health care center, the State Department of Public Health and the California Department of Aging shall be notified.

Failure to make a report is a misdemeanor (Welfare and Institutions Code § 15630(h)).

The Detective Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney’s Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).
Senior and Disability Victimization

317.3.1 RECORDS BUREAU RESPONSIBILITY
The Records Division is responsible for the following:

(a) Provide a copy of the adult or elder/dependent abuse report to Adult Protective Services. This requirement is applicable even if the initial call was received from Adult Protective Services.

(b) Retain the original adult or elder/dependent abuse report with the initial case file.

317.4 OFFICER’S RESPONSE
All incidents involving actual or suspected adult abuse shall be fully investigated and appropriately documented.

317.4.1 INITIAL RESPONSE
Officers may be called upon to effect a forced entry as the first responder to the scene of suspected adult abuse. Entry should be immediate when it appears reasonably necessary to protect life or property. When the need for an emergency entry is not evident, officers should seek supervisory approval. Officers must be prepared to provide emergency care pending the arrival of medical personnel, if not already present.

317.4.2 STABILIZE THE SITUATION
Officers must quickly assess the situation in an effort to ensure the immediate safety of all persons. Officers shall also consider taking the following actions:

(a) Attempt to identify the victim, suspect and witnesses as well as the roles and relationships of all parties. Parties should be interviewed separately when possible.

(b) Preserve the crime scene where evidence may be present. All persons should be removed from the scene until it has been photographed and processed. Any evidence that may change in appearance (e.g., injuries) should be photographed as soon as practicable.

(c) Assess and define the nature of the problem. Officers should assess the available information to determine the type of abuse that may have taken place or the potential for abuse in the future that may be eliminated by intervention.

(d) Make on-scene arrests when appropriate. Officers may arrest a person without a warrant when probable cause exists to believe that the person has committed an assault or battery, whether or not the assault or battery has in fact been committed, upon an adult to whom the suspect is related by blood or legal guardianship, provided the arrest is made at the time probable cause arises (Penal Code § 836).
If an arrest is not otherwise required by law, officers should consider the consequences that the immediate arrest of a sole supporting family caretaker might have on the victim. The decision to arrest should be based on the best interests and caretaking needs of the elderly or dependent adult victim. The present and future safety of the victim is of utmost importance.

317.4.3 SUPPORT PERSONNEL
The following persons should be considered for notification if it appears an in-depth investigation is appropriate:

- Patrol supervisor.
- Detective personnel.
- Evidence collection personnel.
- Protective Services Agency personnel.
- Ombudsman shall be called if the abuse is in a long-term care facility, to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).
- Investigation efforts shall be coordinated with the designated investigators of the State Department of State Hospitals or the State Department of Developmental Services if the abuse occurred in a state mental hospital or state developmental center (Welfare and Institutions Code § 15630(b)).

317.4.4 EMERGENCY PROTECTIVE ORDERS
In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

317.5 ADULT ABUSE REPORTING
Every allegation of adult abuse shall be documented in a report. When documenting elder/dependent abuse cases the following information should also be included in the report:

- Current location of the victim
- Victim’s condition/nature and extent of injuries, neglect or loss
- Names of agencies and personnel requested and on scene

Reporting cases of adult abuse is confidential and will only be released in accordance with the Release of Records and Information Policy.

The Department shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).
Child Abuse

319.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when officers are required to notify the county Child Protective Services (CPS) of suspected child abuse.

319.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

319.2 POLICY

The Woodland Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

All reports of alleged child abuse reported to Patrol shall be investigated by the Patrol Bureau. This is to ensure a timely investigation takes place and the child is in a safe environment. The Criminal Investigations Bureau will immediately be notified of any allegation of child abuse that required even temporary hospitalization or when the allegations involve sexual battery of a child. The Criminal Investigations Bureau will follow-up on cases in which specialized expertise is needed due to the complexity of the allegations or evident crime. This will include most sexual assault investigations and physical abuse investigations where severe trauma is believed to have been intentionally inflicted. Severe trauma includes fractures, multiple bruised areas, internal head/organ injuries, and reports of the child losing consciousness due to physical punishment.

319.3 MANDATORY NOTIFICATION

The child protection agency shall be notified when (Penal Code § 11166):

(a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or

(b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.
The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of their employment as a peace officer.

319.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (Penal Code § 11166):

(a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.

(b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

319.4 INVESTIGATIONS AND REPORTING
Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom they made the statements.

(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
Child Abuse

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

319.4.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, officers shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

319.5 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from their family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, officers should remove a child from their parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

(a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:
Child Abuse

1. The child has an immediate need for medical care.
2. The child is in immediate danger of physical or sexual abuse.
3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

(b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
   1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
   2. There is no lawful custodian available to take custody of the child.
   3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
   4. The child is an abducted child.

(c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

319.5.1 CALIFORNIA SAFELY SURRENDERED BABY LAW
An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

319.5.2 NEWBORNS TESTING POSITIVE FOR DRUGS
Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

319.6 INTERVIEWS
Child Abuse

319.6.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

319.6.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

   (a) Exigent circumstances exist, such as:

       1. A reasonable belief that medical issues of the child need to be addressed immediately.

       2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.

       3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

   (b) A court order or warrant has been issued.

319.6.3 INTERVIEWS AT A SCHOOL
Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

319.7 MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.
**319.8 DRUG-ENDANGERED CHILDREN**
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

**319.8.1 SUPERVISOR RESPONSIBILITIES**
The supervisor should activate any available interagency response when an officer notifies the supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

**319.8.2 OFFICER RESPONSIBILITIES**
Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Detective Bureau supervisor so an interagency response can begin.

**319.9 TRAINING**
The Department should provide training on best practices in child abuse investigations to officers tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting forensic interviews.

(c) Availability of therapy services for children and families.

(d) Availability of specialized forensic medical exams.

(e) Cultural competence (including interpretive services) related to child abuse investigations.

(f) Availability of victim advocate or guardian ad litem support.
Missing Persons

320.1 PURPOSE AND SCOPE
This policy provides guidance for handling missing person investigations.

320.1.1 DEFINITIONS
At risk - Includes, but is not limited to (Penal Code § 14215) the following:

- A victim of a crime or foul play
- A person missing and in need of medical attention
- A missing person with no pattern of running away or disappearing
- A missing person who may be the victim of parental abduction
- A mentally impaired missing person, including cognitively impaired or developmentally disabled.

Missing Person - Any person who is reported missing to law enforcement when the person's location is unknown. This includes a child who has been taken, detained, concealed, enticed away or kept by a parent in violation of the law (Penal Code § 277 et seq.). It also includes any child who is missing voluntarily, involuntarily or under circumstances that do not conform to their ordinary habits or behavior, and who may be in need of assistance (Penal Code § 14215).

Missing person networks - Those databases or computer networks available to law enforcement and that are suitable for information related to missing persons investigations. These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

320.2 POLICY
The Woodland Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until the facts reveal otherwise. The Woodland Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

320.3 ACCEPTANCE OF REPORTS
Any employee encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those employees who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert an employee who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).
320.4 INITIAL INVESTIGATION
Officers or other employees conducting the initial investigation of a missing person should take
the following investigative actions, as applicable:

(a) Respond to a dispatched call for service as soon as practicable.

(b) Interview the reporting person and any witnesses to determine whether the person
qualifies as a missing person and, if so, whether the person may be at risk.

(c) Notify a supervisor immediately if there is evidence that a missing person is either at
risk or may qualify for a public alert, or both (see the Public Alerts Policy).

(d) Broadcast a “Be on the Look-Out” (BOLO) bulletin if the person is under 21 years
of age or there is evidence that the missing person is at risk. The BOLO should be
broadcast as soon as practicable but in no event more than one hour after determining
the missing person is under 21 or may be at risk (Penal Code § 14211).

(e) Ensure that entries are made into the appropriate missing person networks as follows:
   1. Immediately, when the missing person is at risk.
   2. In all other cases, as soon as
      practicable, but no later than two hours from the time of the initial report.

(f) Complete the appropriate report forms accurately and completely and initiate a search
   as applicable under the facts.

(g) For investigations where the missing party does not have a history of past MP Reports
   and/or there are other criteria leading the investigating officer to believe the missing
   party may be at risk or the victim of foul play; the following items may be reviewed
   for relevance and determined whether or not to be beneficial to the investigation. If
   identified as beneficial, the investigating officer should collect the item(s) and book
   them into evidence.
   1. A photograph and a fingerprint card of the missing person, if available.
   2. A voluntarily provided biological sample of the missing person, if available (e.g.,
      toothbrush, hairbrush).
   3. Any documents that may assist in the investigation, such as court orders
      regarding custody.
   4. Any other evidence that may assist in the investigation, including personal
      electronic devices (e.g., cell phones, computers).

(h) When circumstances permit and if appropriate, attempt to determine the missing
    person’s location through their telecommunications carrier.

(i) Contact the appropriate agency if the report relates to a previously made missing
    person report and another agency is actively investigating that report. When this
    is not practical, the information should be documented in an appropriate report for
transmission to the appropriate agency. If the information relates to an at-risk missing person, the officer should notify a supervisor and proceed with reasonable steps to locate the missing person.

### 320.5 REPORT PROCEDURES AND ROUTING

Employees should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

#### 320.5.1 SUPERVISOR RESPONSIBILITIES

The supervisor shall review and approve missing person reports upon receipt and ensure resources are deployed as appropriate. The reports should be promptly sent to Records Division.

The supervisor shall also ensure applicable notifications and public alerts are made and documented and that records have been entered into the appropriate missing person networks.

The supervisor should also take reasonable steps to identify and address any jurisdictional issues to ensure cooperation between agencies.

#### 320.5.2 RECORDS DIVISION RESPONSIBILITIES

The receiving employee shall:

(a) As soon as reasonable under the circumstances, notify and forward a copy of the report to the law enforcement agency having jurisdiction over the missing person's residence in cases where the missing person is a resident of another jurisdiction (Penal Code § 14211).

(b) Notify and forward a copy of the report to the law enforcement agency in whose jurisdiction the missing person was last seen.

(c) Notify and forward a copy of the report to the law enforcement agency having jurisdiction over the missing person's intended or possible destination, if known (Penal Code § 14211).

(d) Forward a copy of the report to the Detective Bureau.

### 320.6 DETECTIVE BUREAU FOLLOW-UP

In addition to completing or continuing any actions listed above, the investigator assigned to a missing person investigation:

(a) Shall ensure that the missing person's school is notified within 10 days if the missing person is a juvenile.

   1. The notice shall be in writing and should also include a photograph (Education Code § 49068.6).

   2. The investigator should meet with school officials regarding the notice as appropriate to stress the importance of including the notice in the child's student file, along with contact information if the school receives a call requesting the transfer of the missing child's files to another school.
Missing Persons

(b) Should recontact the reporting person and/or other witnesses within 30 days of the initial report and within 30 days thereafter to determine if any additional information has become available via the reporting party.

(c) Should consider contacting other agencies involved in the case to determine if any additional information is available.

(d) Shall verify and update CLETS, NCIC, and any other applicable missing person networks within 30 days of the original entry into the networks and every 30 days thereafter until the missing person is located (34 USC § 41308).

(e) Should continue to make reasonable efforts to locate the missing person and document these efforts at least every 30 days.

(f) Shall maintain a close liaison with state and local child welfare systems and the National Center for Missing and Exploited Children® (NCMEC) if the missing person is under the age of 21 and shall promptly notify NCMEC when the person is missing from a foster care family home or childcare institution (34 USC § 41308).

(g) Should make appropriate inquiry with the Coroner.

(h) Should obtain and forward medical and dental records, photos, X-rays, and biological samples pursuant to Penal Code § 14212 and Penal Code § 14250.

(i) Shall attempt to obtain the most recent photograph for persons under 18 years of age if it has not previously been obtained and forward the photograph to California DOJ (Penal Code § 14210) and enter the photograph into applicable missing person networks (34 USC § 41308).

(j) Should consider making appropriate entries and searches in the National Missing and Unidentified Persons System (NamUs).

(k) In the case of an at-risk missing person or a person who has been missing for an extended time, should consult with a supervisor regarding seeking federal assistance from the FBI and the U.S. Marshals Service (28 USC § 566).

320.7 WHEN A MISSING PERSON IS FOUND
When any person reported missing is found, the assigned investigator shall document the location of the missing person in the appropriate report, notify the reporting party and other involved agencies and refer the case for additional investigation if warranted.

The Records Supervisor shall ensure that, upon receipt of information that a missing person has been located, the following occurs:

(a) Entries are made in the applicable missing person networks (Penal Code § 14207).

(b) The missing person's school is notified.

(c) Notification shall be made to any other law enforcement agency that took the initial report or participated in the investigation (Penal Code § 14207(b)).
320.7.1 UNIDENTIFIED PERSONS
Department members investigating a case of an unidentified person who is deceased or a living person who cannot assist in identifying him/herself should:

(a) Obtain a complete description of the person.

(b) Enter the unidentified person’s description into the NCIC Unidentified Person File.

(c) Use available resources, such as those related to missing persons, to identify the person.

320.8 CASE CLOSURE
The Detective Bureau supervisor may authorize the closure of a missing person case after considering the following:

(a) Closure is appropriate when the missing person is confirmed returned or evidence has matched an unidentified person or body.

(b) If the missing person is a resident of Woodland Police Department or this department is the lead agency, the case should be kept under active investigation for as long as the person may still be alive. Exhaustion of leads in the investigation should not be a reason for closing a case.

(c) If this department is not the lead agency, the case can be made inactivate if all investigative leads have been exhausted, the lead agency has been notified and entries are made in the applicable missing person networks as appropriate.

(d) A missing person case should not be closed or reclassified because the person would have reached a certain age or adulthood or because the person is now the subject of a criminal or civil warrant.

320.9 ADDITIONAL REPORT ON CHRONIC RUNAWAYS
(a) In the case of chronic runaways it may be acceptable to follow up by phone.

(b) Personal contact provides for the best information and delivery of police services. If the employee has personal knowledge or is advised by dispatch that the missing person has a history of being reported as a runaway, and this does not appear to be an “at risk” situation, and the employee’s workload dictates there is only time for a phone call, the employee may handle the call by phone. The employee’s choice of using the telephone may significantly shorten the time to resolve the call for service and should still meet the needs of the reporting party.

(c) The employee can make telephone contact with the reporting party to determine the following:
   1. Has the MP’s status changed?
   2. Has the description or other data changed?

(d) Additional information pertinent to the MP.
(e) The employee shall use the case number from the original case and complete a "Missing Person Update Information/Clear-up Report" form.

(f) The employee causes the MP to be entered into MUPS via the Records Division.

(g) The employee then submits the routing sheet, "Missing Person Update Information/Clear-up Report", narrative and new MUPS entry for report approval.

5. Special procedures apply for chronic runaways from a group home.

(a) An officer will be dispatched to all runaway reports at Woodland Youth Services when it is the first time that calendar year the juvenile has runaway. A new missing person case is required each calendar year.

(b) Only one face sheet is required per person per calendar year, as long as the type of report is consistent (i.e. If the juvenile is forcibly kidnaped, then an officer will be dispatched and a new case number and form will be required)

(c) If the juvenile has already been reported as a runaway within the calendar year, Woodland Youth Services will contact the Records Bureau directly.

(d) The Records Bureau will assign a case number to the incident and provide that information to Woodland Youth Services.

(e) Woodland Youth Services will then fax the information sheet provided to Records, with all the information on the runaway. They will note the case number provided on the information sheet. The information sheet will be faxed to the police department at 530-662-5356.

(f) Upon return of the juvenile, Woodland Youth Services will fax the return information to the Woodland Police Department at 530-662-5356.

(g) During Woodland Police Department after hours (M-F 1900-0630 and Sat/Sun all day), Woodland Youth Services must call dispatch at 530-666-2411. Once a case number is obtained by dispatch, they must fax the information sheet to the Woodland Police Department at 530-662-5356.

Standards of Conduct

325.1 PURPOSE AND SCOPE
This policy establishes standards of conduct that are consistent with the values and mission of the Woodland Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member’s supervisors.

This policy applies to all employees (full- and part-time), reserve officers and volunteers.

325.1.1 TRAFFIC CITATIONS - CITY VEHICLE
Traffic and parking citations issued to an employee using a city vehicle are the responsibility of the employee, with the exception of owner responsibility violations.

Any employee receiving a citation for a moving violation in a city vehicle shall prepare a memo to their supervisor outlining the circumstances. The memo shall be forwarded to the Traffic Division Commander for administrative review.

325.2 DISCIPLINE POLICY
The continued employment of every employee of this department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure of any employee to meet the guidelines set forth in this policy, whether on-duty or off-duty, may be cause for disciplinary action.

Employees shall conduct themselves, whether on- or off-duty, in accordance with the United States and California constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority. An employee’s off-duty conduct shall be governed by this policy to the extent that it is related to act(s) that may materially affect or arise from the employee’s ability to perform official duties or to the extent that it may be indicative of unfitness for their position.

Employees shall familiarize themselves with policies and procedures and are responsible for compliance with each. Employees should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

325.3 CONDUCT WHICH MAY RESULT IN DISCIPLINE
The following are illustrative of causes for disciplinary action. This list is not intended to cover every possible type of misconduct and does not preclude the recommendation of disciplinary action for violation of other rules, standards, ethics and specific action or inaction that is detrimental to efficient department service:

325.3.1 UNLAWFUL OR CONFLICTING ORDERS
Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.
Standards of Conduct

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

325.3.2 CONDUCT

325.4.1 WRITTEN REPRIMANDS

Any employee wishing to formally appeal a written reprimand must submit a written request to their Lieutenant within fourteen calendar days of receipt of the written reprimand. The Lieutenant will then forward the appeal to the Chief of Police, or their designee, an assigned uninvolved supervisor at least one rank higher than the issuing supervisor.

Absent a written stipulation to the contrary, the employee will be provided with an evidentiary hearing before the Chief of Police or the assigned, uninvolved supervisor within 30 days. The decision of the Chief of Police or the assigned, uninvolved supervisor to sustain, modify or dismiss the written reprimand shall be considered final.

325.5 POST INVESTIGATION PROCEDURES

325.5.1 DEPUTY CHIEF RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Deputy Chief shall review the entire investigative file, the employee’s personnel file and any other relevant materials.
Standards of Conduct

The Deputy Chief may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

(a) Prior to forwarding recommendations to the Chief of Police, the Deputy Chief may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

(b) When forwarding any written recommendation to the Chief of Police, the Deputy Chief shall include all relevant materials supporting the recommendation. Actual copies of an employee’s existing personnel file need not be provided and may be incorporated by reference.

325.5.2 RESPONSIBILITIES OF THE CHIEF OF POLICE
Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials.

The Chief of Police may modify any recommendation and/or may return the file to the Deputy Chief for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, to be recommended.

In the event disciplinary action is recommended, the Chief of Police shall provide the employee with written (Skelly) notice of the following information within one year of the date of the discovery of the alleged misconduct (absent an exception set forth in Government Code § 3304(d) or Government Code § 3508.1):

(d) An opportunity to respond orally or in writing to the Chief of Police within fourteen calendar days of receiving the Skelly notice.

1. Upon a showing of good cause by the employee, the Chief of Police may grant a reasonable extension of time for the employee to respond.

2. If the employee elects to respond orally, the presentation shall be recorded by the Department. Upon request, the employee shall be provided with a copy of the recording.

325.6 EMPLOYEE RESPONSE
The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) This Skelly response is not intended to be an adversarial or formal hearing.
Standards of Conduct

(b) Although the employee may be represented by an uninvolved representative or legal
counsel, the Skelly response is not designed to accommodate the presentation of
testimony or witnesses.

c) The employee may suggest that further investigation could be conducted or the
employee may offer any additional information or mitigating factors for the Chief of
Police to consider.

d) In the event that the Chief of Police elects to cause further investigation to be
conducted, the employee shall be provided with the results of such subsequent
investigation prior to the imposition of any discipline.

e) The employee may thereafter have the opportunity to further respond orally or in
writing to the Chief of Police on the limited issues of information raised in any
subsequent materials.

(f) Once the employee has completed their Skelly response or, if the employee has
elected to waive any such response, the Chief of Police shall consider all information
received in regard to the recommended discipline. Once the Chief of Police determines
that discipline will be imposed, a timely written decision shall be provided to
the employee within 30 days, imposing, modifying or rejecting the recommended
discipline. In the event of a termination, the final notice of discipline shall also inform
the employee of the reason for termination and the process to receive all remaining
fringe and retirement benefits.

(g) Once the Chief of Police has issued a written decision, the discipline shall become
effective.

325.7 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE
In the event that an employee tenders a written retirement or resignation prior to the imposition
of discipline, it shall be noted in the file.

The tender of a retirement or resignation by itself shall not serve as grounds for the termination
of pending discipline.

325.8 POST SKELLY PROCEDURE
In situations resulting in the imposition of a suspension, punitive transfer, demotion, termination
of a non-probationary employee, the employee shall have the right to an evidentiary appeal of the
Chief of Police’s imposition of discipline pursuant to the operative Memorandum of Understanding
(MOU) or collective bargaining agreement and personnel rules.

During any post-Skelly administrative appeal, evidence that an officer has been placed on a Brady
list or is otherwise subject to Brady restrictions may not be introduced unless the underlying
allegations of misconduct have been independently established. Thereafter, such Brady evidence
shall be limited to determining the appropriateness of penalty. (Government Code § 3305.5).
325.9 DISCIPLINARY ACTION AGAINST PROBATIONARY EMPLOYEES
In the event that a probationary employee is terminated solely for unsatisfactory performance or the failure to meet department standards, the employee shall have no right to appeal and the following shall be considered:

(a) Termination of a probationary employee for such failure to pass probation shall be so reflected in the employee's personnel file

(b) In the event that a probationary employee is disciplined or terminated for misconduct, the employee shall only be entitled to appeal the decision in the same manner as set forth in the Skelly procedure as set forth above. This appeal process may be held prior to or within a reasonable time after the imposition of discipline

(c) At all times during any investigation of allegations of misconduct involving a probationary officer, such officer shall be afforded all procedural rights set forth in Government Code § 3303 and applicable Department policies

(d) A probationary employee’s appeal of disciplinary action shall be limited to an opportunity for the employee to attempt to establish that the underlying allegations should not be sustained. Nothing in this policy or procedure, however, should be construed to establish any sort of property interest in or right to the employee’s continuation of employment

(e) The burden of proof for any probationary employee's appeal of disciplinary action shall rest with the employee and will require proof by a preponderance of the evidence

(f) In the event that a probationary employee meets their burden of proof in such a disciplinary appeal, the Department shall remove all reference to the underlying allegations of misconduct from the employee’s personnel file

(g) In the event that a probationary employee fails to meet their burden of proof in such a disciplinary appeal, the employee shall have no further right to appeal beyond the Chief of Police

If the reserve officer has progressed satisfactorily, they will then proceed to Phase II of the training. If they have not progressed satisfactorily, the Reserve Coordinator and the responsible Patrol Lieutenant will determine the appropriate action to be taken.

332.4.6 SECONDARY TRAINING PHASE

332.5.3 IDENTIFICATION OF RESERVE OFFICERS
All reserve officers will be issued a uniform badge and a Department identification card. The uniform badge shall be the same as that worn by a regular full-time officer with the exception that the badge will be numbered "R-" followed by a numeral(s) indicating a Reserve Officer. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

332.5.4 UNIFORM
Reserve officers shall conform to all uniform regulation and appearance standards of this department. All newly appointed reserve officers will be supplied with two class F uniform pants and shirts. Any alterations made to the uniforms will be at the expense of the reserve officer. All safety and duty equipment will be issued upon appointment and shall conform to Lexipol Policy Section 700 and Section 1012.

332.5.5 INVESTIGATIONS AND COMPLAINTS
If a reserve officer has a complaint made against them or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Bureau Commander.

Reserve officers are considered at-will employees. Government Code § 3300 et seq. applies to reserve officers with the exception that the right to hearing is limited to the opportunity to clear their name.

Any disciplinary action that may have to be administered to a reserve officer shall be accomplished as outlined in the Policy Manual.

... annually using performance dimensions applicable to the duties and authorities granted to that reserve.

332.6 FIREARMS REQUIREMENTS
Penal Code § 830.6(a)(1) designates a reserve officer as having peace officer powers during their assigned duty, provided the reserve officer qualifies or falls within the provisions of Penal Code § 832.6.

Reserve officers are required to maintain firearms proficiency as outlined in policy 306.

332.6.1 CARRYING WEAPON ON DUTY
Penal Code § 830.6(a)(1) permits qualified reserve officers to carry a loaded firearm while on-duty. It is the policy of this department to allow reserves to carry firearms only while on-duty or to and from duty.

332.6.2 CONCEALED FIREARMS PROHIBITED
No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid CCW permit. The Woodland Police Department does not issue CCW permits. An instance may arise where a reserve officer is assigned to a plainclothes detail for their assigned duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have qualified.

When a reserve officer has satisfactorily completed all three phases of training (as outlined in Policy Manual § 331.4), they may apply to the Yolo County Sheriffs’ Office for a permit to carry a concealed weapon.
Court Liaison Program

332.1 POLICY - EMPLOYEE RESPONSIBILITY

The Court Liaison Program was created to allow effective management of criminal subpoenas. Employees will appear at the time scheduled on the subpoena unless notified of a call off/cancellation.

(a) Employees shall call 666-8189 after 1730 hours on the day prior to their appearance, or prior to 0800 hours on the day of the appearance, to learn if their subpoena has been canceled.

(b) The recorded message will reference the subpoena number written in the bottom right corner of the subpoena.

(c) Employees who appear in court, and whose appearance was canceled on the recording, will not be paid overtime.
Special Enforcement Operations

333.1 PURPOSE AND SCOPE
This policy is intended to insure consideration has been given to as many variables as reasonably known to any supervisor preparing and planning to undertake a special enforcement detail. The primary focus of consideration of the variables is the enhancement of the safety of all parties involved in the detail/operation.

333.2 OPERATIONAL PLANS
Prior to conducting field enforcement operations such as search warrant service, undercover operations, or surveillance, the supervisor shall, when practical, ensure that an operation plan and threat matrix is completed and distributed to all participating personnel. This procedure should be used when:

(a) There is knowledge the suspect is a threat to officers or has committed a heinous crime.
(b) The circumstances surrounding the area to be searched are inherently dangerous due to security doors, cameras, vicious animals, lookouts, weapons, or approach issues, etc.
(c) Outside agency assistance is required or multiple officers are required to handle specific duties.

The operational plan will include:

(a) Case agent and date of operation.
(b) Type of investigation (undercover buy, surveillance, search warrant, etc.)
(c) List of personnel involved their responsibilities, call signs, and vehicle assignments.
(d) Suspect's name and description.
(e) Suspect's vehicle description.
(f) Location of the operation.
(g) Any dangers (suspect is known to possess firearms, vicious animals etc.)
(h) A plan to handle any vicious animals including non-lethal options.
(i) Radio frequency for the operation.
(j) Informant's description and vehicle description (or description of the undercover officer if used).
(k) Arrest signal (visual and verbal).
(l) Maps and/or sketches if available
(m) Required equipment.

The supervisor or officer designated to plan the police action will complete an Operational Plan.
Special Enforcement Operations

The supervisor will review the Operational Plan for completeness and forward it to the Watch Commander. In the event the Watch Commander is not on duty, the supervisor will make phone contact with the Watch Commander to provide a briefing.

The Watch Commander will review and sign the Operational Plan when approved. No Operational Plan will be carried out until approved.

Operational Plans may be reviewed and signed by the Chief of Police or Deputy Chief in the event a Lieutenant is unavailable.

A case number will be drawn for the operation to facilitate Criminal History checks for the suspects. In the event no suspects are arrested, the event will be captured as an Incident Report.

333.3 DRESS AND IDENTIFICATION
Generally, the uniform of the day for uniformed personnel will suffice for special operations, including specialty unit uniforms, ie; SWAT, Traffic, Bicycle Unit, etc.
If plain clothes officers are to be involved in effecting arrests, serving search warrants, or making enforcement contacts (vehicle or pedestrian), the officers should, whenever possible, wear raid jackets clearly identifying them as police officers.

333.4 OUTSIDE JURISDICTION INVESTIGATIONS
Occasionally information will be developed that will lead an investigation outside Woodland's jurisdiction. In such cases, the supervisor will contact the appropriate specialty unit commander (Yolo County SIU, Detectives, etc.) to seek assistance.
If the specialty unit commander elects to take control of the investigation, officers will assist as needed.

If the specialty unit is unable to assist with the investigation, officers will contact the appropriate Task Force working within that jurisdiction to seek assistance.

Anytime Woodland Police officers are involved in enforcement activity (service of search or arrest warrants, undercover operations, surveillance) within another jurisdiction, the supervisor shall notify the local agency prior to any planned action.

333.5 OVERLAPPING INVESTIGATIONS
If during an investigation it is learned that another law enforcement agency is working on the same case or is using the same undercover operative, the officer shall immediately report the information to the supervisor.

The supervisor will be responsible for contacting the appropriate official in charge of that law enforcement agency's investigation.
**Special Enforcement Operations**

The supervisor will make whatever arrangements are necessary either to work on the case as a joint investigation, arrange for one of the two agencies to withdraw from the investigation, or any other appropriate working relationship.

### 333.6 USE OF BODY TRANSMITTERS

Body transmitters shall be worn by all officers and informants who are working in an undercover capacity. Exceptions to this section require approval of the Division Commander and may include:

- (a) The subject of the investigation has been reported to search for transmitters.
- (b) The subject has been reported to operate radio counter-surveillance devices such as scanning receivers.

Every effort shall be made to record all undercover contacts where a body transmitter is utilized.

### 333.7 SEARCH WARRANTS

When an affidavit is prepared and the warrant signed by a magistrate, a copy of the affidavit, the search warrant, and the search warrant return shall be placed in the case file regardless of whether or not the warrant was served (unless the warrant was sealed by an order of the magistrate).

Non-law enforcement personnel will not be allowed to accompany officers during the service of a search warrant unless previously approved by the Division Commander.

### 333.8 REVERSE STING OPERATIONS

A reverse sting is a non-traditional investigative technique in which the undercover officer, generally, poses as a drug dealer rather than a drug buyer.

Due to the complexities of reverse sting investigations, as well as the additional inherent risks to officer safety, reverse sting investigations will not be conducted without prior approval of the Division Commander and without first consulting with the Yolo County SIU Commander. The exception to this section is outlined below:

- (a) Often during the service of search warrants at the homes of illicit drug dealers, customers of the dealer will either arrive or telephone seeking to purchase drugs.
- (b) Such circumstances present the opportunity to use reverse sting investigative methods to arrest the customer/suspect when they arrive to purchase the illicit drugs.
- (c) Because of the spontaneous and unpredictable nature of this type of investigation, consulting with the appropriate persons is not practical.
333.9 PRE-OPERATION BRIEFING
Prior to field enforcement actions, such as search warrant service, undercover operations, or surveillance, a briefing of all officers involved should be conducted by the case agent so all participating personnel have a thorough knowledge of the case.

The briefing will include a review of the operational plan, assignments, thorough identification and description of the suspects (photograph if available) and location, and identification of all officers participating in the operation.

Plain clothes personnel, including undercover personnel, shall be individually introduced/identified to all attending the briefing.
Mutual Aid and Outside Agency Assistance

334.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to officers in the request of or answering the request for assistance involving another law enforcement agency.

It is the policy of this department to provide assistance whenever possible, consistent with the applicable laws of arrest and detention policies of this department, when another law enforcement agency requests assistance with an arrest or detention of any person. This department may also request an outside agency to provide assistance.

334.2 ASSISTING OUTSIDE AGENCIES
Generally, calls for assistance from other agencies are routed to the Patrol Supervisor's office for approval. When an authorized employee of an outside agency requests the assistance of this department in taking a person into custody, available officers shall respond and assist in making a lawful arrest. If an officer receives a request in the field for assistance, that officer shall notify a supervisor. Arrestees may be temporarily detained by our agency until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this department provide transportation of arrestees to other county facilities.

When such assistance is rendered, a case number will be issued to report action taken by Woodland Police Department Personnel.

334.3 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES
If assistance is needed from another agency, the employee requesting assistance shall first notify a supervisor of their intentions. The handling officer or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting officer should secure radio frequencies for use by all involved agencies so that communication can be coordinated as needed. If necessary, reasonable effort should be taken to provide radio equipment capable of communicating on the assigned frequency to any personnel who do not have compatible radios.
Registration of Gang Members

335.1 PURPOSE AND SCOPE
It is the policy of the Woodland Police Department to register gang members required to register pursuant to penal code section 186.30 and to maintain records of said registrants.

(a) All records will be maintained in a gang registration file.

(b) The file will consist of an active section and an inactive section.

(c) The active section will be comprised of all registrant records who have been ordered to register within the preceding five years.

(d) The inactive file will be comprised of all registration files that are five years and older where the registrant has not been ordered to register on any offense during the preceding five years. This policy establishes guidelines by which the Woodland Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

336.2 REGISTRATION
The Detective Bureau supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

336.3 MONITORING OF REGISTERED OFFENDERS
The Detective BureauLieutenant should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with their registration requirements after the initial registration. This verification should include:

(a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
(b) Review of information on the California DOJ website for sex offenders.
(c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the California DOJ.

The Detective BureauLieutenant should also establish a procedure to routinely disseminate information regarding registered offenders to Woodland Police Department personnel, including timely updates regarding new or relocated registrants.

336.4 DISSEMINATION OF PUBLIC INFORMATION
Members will not unilaterally make a public notification advising the community of a particular registrant’s presence in the community. Members who identify a significant risk or other public
safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Woodland Police Department’s website. Information on sex registrants placed on the Woodland Police Department’s website shall comply with the requirements of Penal Code § 290.46.

The Records Supervisor may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

336.4.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY
California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

(a) The offender’s full name
(b) The offender’s known aliases
(c) The offender’s sex
(d) The offender’s race
(e) The offender’s physical description
(f) The offender’s photograph
(g) The offender’s date of birth
(h) Crimes resulting in the registration of the offender under Penal Code § 290
(i) The date of last registration

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).

336.4.2 RELEASE NOTIFICATIONS
Registrant information that is released should include notification that:

(a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
(b) The information is provided as a public service and may not be current or accurate.
(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
(d) The crime for which a person is convicted may not accurately reflect the level of risk.

(e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

(f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

Major Incident Critique

338.1 PURPOSE AND SCOPE
The purpose of this policy is to establish procedures for Major Incident Critiques to accurately review all major operations and/or incidents of an unusual nature.

338.2 DEFINITIONS
Major Incidents includes but is not limited to situations in which:

(a) A command post is made operational for critical incidents.
(b) A Special Weapons and Tactics Team (SWAT) is deployed.
(c) An officer involved shooting or violent event where any injury occurs.
(d) Mutual aid is involved.

Major Operations are defined as any operation in which an operational outline was prepared, excluding narcotic search warrants and game plans.

338.3 GENERAL GUIDELINES
Upon the conclusion of any major operation/incident, the affected Supervisor shall consider conducting an impartial debriefing to determine training issues and positive or negative aspects of the operation/incident. During the debriefing, the supervisor should avoid making commendations or discipline for actions taken or omitted during the incident.

In making the decision to conduct a debriefing, the Supervisor shall consider requests from:

(a) the Incident Commander (IC) in charge of the operation/incident.
(b) another supervising officer or another involved law enforcement agency.

The final decision to conduct a debriefing shall rest with the respective Division Commander. Deb briefings shall be held within 20 working days of the end of the operation/incident.

338.4 DEBRIEFING OFFICER
This "critique" program, or detailed analysis, will be the responsibility of the supervisor in charge of the operation at the time the incident occurred and shall be aimed at accomplishing the following objectives:

(a) Inquire into the manner in which the incident was handled to determine if proper techniques and procedures were employed and to determine areas requiring change, modification or upgrading.
(b) Evaluate manpower, training, material and equipment employed to determine if resources, supplies and facilities are adequate and properly utilized.
(c) Analyze the practicality and legality of the action taken.
(d) Evaluate the results of the action to determine if the aims, objectives and best interests of the department were met.

The Debriefing supervisor will make recommendations on identified areas for improvement to the Chief via the chain of command.

The debriefing officer should notify representatives from affected outside agencies of the debriefing. Representatives may include affected supervisory personnel, communications personnel, and Fire and AMR personnel dependent on the situation.
Death Investigation

339.1 PURPOSE AND SCOPE
The investigations of cases involving death include those ranging from natural cause to homicide.

339.2 INVESTIGATION CONSIDERATIONS
Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed). A supervisor shall be notified in all death investigations.

339.2.1 CORONER REQUEST
Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

(a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).

(b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746 in the 20 days prior to death.

(p) All deaths of unidentified persons.

(q) All deaths of state hospital patients.

(r) Suspected Sudden Infant Death Syndrome (SIDS) deaths.

(s) All deaths where the patient is comatose throughout the period of the physician’s attendance. Includes patients admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the coroner.

339.2.2 SEARCHING DEAD BODIES
The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2). Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

339.2.3 DEATH NOTIFICATION
When practical, and if not handled by the Coroner’s Office, notification to the next-of-kin of the deceased person shall be made, in person, by the assigned officer or chaplain. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

339.2.4 UNIDENTIFIED DEAD BODIES
If the identity of a dead body cannot be established after the Coroner arrives, the Coroner’s office will issue a “John Doe” or “Jane Doe” number for the report.
**Death Investigation**

339.2.5 DEATH INVESTIGATION REPORTING
All incidents involving a death shall be documented on the appropriate form.

339.2.6 SUSPECTED HOMICIDE
If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigations Bureau shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

339.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES
Any employee of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified as soon as practicable by telephone with all pertinent information (8 CCR 342(b)).
Identity Theft

340.1 PURPOSE AND SCOPE
This policy is intended to provide guidelines for the reporting and investigation of such crimes.

340.2 REPORTING

(a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:

1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.

(b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

(c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

(d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

(e) The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.

(f) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.
Private Persons Arrests

341.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

341.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

341.3 ARRESTS BY PRIVATE PERSONS
Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in their presence;
(b) When the person arrested has committed a felony, although not in their presence;
(c) When a felony has been in fact committed, and they have reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

341.4 OFFICER RESPONSIBILITIES
Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

(a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain
the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The officer must include the basis of such a determination in a related report.

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:

1. Take the individual into physical custody for booking.
2. Release the individual pursuant to a Notice to Appear.
3. Release the individual pursuant to Penal Code § 849.

341.5 REPORTING REQUIREMENTS
In all circumstances in which a private person is claiming to have made an arrest, officers shall complete a narrative report regarding the circumstances and disposition of the incident, and any other related documents such as citations, arrest forms, etc.
Anti-Reproductive Rights Crimes Reporting

342.1 PURPOSE AND SCOPE
This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

342.2 DEFINITIONS

(b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant

(c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility

342.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

(a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms.

(b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to Investigations.

(c) By the tenth day of each month, it shall be the responsibility of the Investigations Lieutenant to ensure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.

1. In the event that no ARRC(s) were reported during the previous month, a Summary Worksheet shall be submitted to Department of Justice with an indication that no such crimes were reported.
2. Any ARRC(s) reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).

Biological Samples

344.1 PURPOSE AND SCOPE
This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

344.2 POLICY
The Woodland Police Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

344.3 PERSONS SUBJECT TO DNA COLLECTION
Those who must submit a biological sample include (Penal Code § 296):

(a) A person, including a juvenile, upon conviction or other adjudication of any felony offense.

(b) A person, including a juvenile, upon conviction or other adjudication of any offense if the person has a prior felony on record.

(c) An adult arrested or charged with any felony.

344.4 PROCEDURE
When an individual is required to provide a biological sample, a trained employee shall obtain the sample in accordance with this policy.

344.4.1 COLLECTION
The following steps should be taken to collect a sample:

(a) Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.

(b) Verify that a biological sample has not been previously collected from the offender by querying the individual’s criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.

(c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.
344.5 USE OF FORCE TO OBTAIN SAMPLES
If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

(a) The person’s parole or probation officer when applicable.
(b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
(c) The person’s attorney.
(d) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

344.5.1 VIDEO RECORDING
A video recording should be made anytime force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department’s records retention schedule (15 CCR 1059).

344.5.2 CELL EXTRACTIONS
If the use of force includes a cell extraction, the extraction shall be video recorded, including audio. Video shall be directed at the cell extraction event. The video recording shall be retained by the Department for the length of time required by statute. Notwithstanding the use of the video as evidence in a criminal proceeding, the tape shall be retained administratively (15 CCR 1059).

344.6 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

344.6.1 DOCUMENTATION RELATED TO FORCE
The Patrol Supervisor shall prepare prior written authorization for the use of any force (15 CCR 1059). The written authorization shall include information that the subject was asked to provide the requisite specimen, sample or impression and refused, as well as the related court order authorizing the force.

344.6.2 BLOOD SAMPLES
A blood sample should only be obtained under this policy when:

(a) The California DOJ requests a blood sample and the subject consents, or
Biological Samples

(b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

344.6.3 LITIGATION
The Chief of Police or authorized designee should notify the California DOJ’s DNA Legal Unit in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use or any aspect of the state’s DNA Data Bank Program.
Limited English Proficiency Services

344.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

344.1.1 DEFINITIONS
Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Woodland Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

344.2 POLICY
It is the policy of the Woodland Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

344.3 LEP COORDINATOR
Depending on the balance of the above four factors, this department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services, where available. LEP individuals may elect to accept interpreter services offered by the Department at no cost or choose to provide their own interpreter services at their own expense. Department personnel should document in any related report whether the LEP individual elected to...
Limited English Proficiency Services

use interpreter services provided by the Department or some other source. Department-provided interpreter services may include, but are not limited to, the assistance methods described in this section.

344.3.1 BILINGUAL STAFF
Employees utilized for LEP services need not be certified as interpreters, but must have demonstrated, through established department procedures, a level of competence to ascertain whether the employee’s language skills are best suited to monolingual communications, interpretation, translation, or all or none of these functions. All employees used for communication with LEP individuals must demonstrate knowledge of the ethical issues involved when functioning as a language conduit. In addition, employees who serve as interpreters and/or translators must have demonstrated competence in both English and the non-English language involved and knowledge of the functions of an interpreter; including but not limited to the ethics requirements of interpretation. When bilingual employees of this department are not available, employees from other city departments who have the requisite training may be requested.

344.4 FOUR-FACTOR ANALYSIS
Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

344.5 TYPES OF LEP ASSISTANCE AVAILABLE
Woodland Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.
Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

344.6 WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

344.7 AUDIO RECORDINGS
The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

344.8 QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

344.9 AUTHORIZED INTERPRETERS
Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.
Limited English Proficiency Services

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

d) Knowledge of the ethical issues involved when acting as a language conduit.

344.9.1 SOURCES OF AUTHORIZED INTERPRETERS
The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

344.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE
Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

344.10 CONTACT AND REPORTING
While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may
Limited English Proficiency Services

be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

344.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
The Woodland Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

344.11.1 EMERGENCY CALLS TO 9-1-1
Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

344.12 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.
Limited English Proficiency Services

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

344.13 INVESTIGATIVE FIELD INTERVIEWS
In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

344.14 CUSTODIAL INTERROGATIONS
Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. Miranda warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

344.15 BOOKINGS
When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance
of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

344.16 COMPLAINTS
The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

344.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

344.18 TRAINING
To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Manager shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, and will retain a copy in each member’s training file in accordance with established records retention schedules.

344.18.1 TRAINING FOR AUTHORIZED INTERPRETERS
All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
Limited English Proficiency Services

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Manager shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

345.5 IDENTIFICATION AND UNIFORMS
As representatives of the Department, chaplains are responsible for presenting a professional image to the community. Chaplains shall dress appropriately for the conditions and performance of their duties. Uniforms and necessary safety equipment will be provided for each chaplain. Identification symbols worn by chaplains shall be different and distinct from those worn by officers through the inclusion of "Chaplain" on the uniform and not reflect any religious affiliation.

Chaplains will be issued Woodland Police Department identification cards, which must be carried at all times while on-duty. The identification cards will be the standard Woodland Police Department identification cards, with the exception that “Chaplain” will be indicated on the cards. Chaplains shall be required to return any issued uniforms or department property at the termination of service.

Chaplains shall conform to all uniform regulations and appearance standards of this department.

345.6 SENIOR CHAPLAIN
The Chief of Police shall delegate certain responsibilities to a Senior Chaplain.

The Senior Chaplain shall serve as the liaison between the chaplains and the Chief of Police. The function of the Senior Chaplain is to provide a central coordinating point for effective chaplain management within the Department, and to direct and assist efforts to jointly provide more productive chaplain services. Under the general direction of the Chief of Police or the authorized designee, chaplains shall report to the Senior Chaplain and/or Patrol Supervisor.

The responsibilities of the Senior Chaplain or the authorized designee include, but are not limited to:

(a) Recruiting, selecting and training qualified chaplains.

Chaplains may be assigned to other areas within the Department as needed. Chaplains should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

All chaplains will be assigned to duties by the Senior Chaplain or the authorized designee.

Chaplains may not proselytize or attempt to recruit members of the Department or the public into a religious affiliation while representing themselves as chaplains with this department. If there is any question as to the receiving person’s intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions or follow-up contacts that were provided while functioning as a chaplain for the Woodland Police Department.

345.7.1 COMPLIANCE
Chaplains are volunteer members of this department, and except as otherwise specified within this policy, are required to comply with the Volunteer Program Policy and other applicable policies.

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent, psychotherapist-patient and other potentially applicable privileges and shall inform members when it appears reasonably likely that the member is discussing matters that are not subject to privileged communications. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

No chaplain shall provide counsel to or receive confidential communications from any Woodland Police Department member concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

- Sensitivity and diversity

345.9.1 CHAPLAIN VEHICLE

The Chaplain Vehicle is assigned to the designated on call chaplain. The on call chaplain is expected to carry all required equipment and appropriate attire in the vehicle to facilitate an immediate response to a priority police request for service. The on call chaplain is expected to operate the chaplain vehicle in a safe manner at all times in compliance with the Vehicle Code and this policy manual.

The chaplain vehicle may be used for a number of reasons such as, but not limited to the following:

(a) emergency call outs
(b) transporting victims or witnesses under the direction of the police department
(c) procuring and transporting supplies for emergency personnel at emergency scenes
(d) providing chaplaincy service mutual aid to other police agencies and chaplain programs, attending meetings, and attending training.
(e) During an assigned tour of duty the on call chaplain may use the vehicle to go to and from work and to attend work related meetings.

The chaplain vehicle shall not be used for general transportation of family or guests, or any other personal business not considered a chaplain function, unless on call. The on call chaplain should avoid using the chaplain vehicle when ministering at funerals, weddings, or other similar functions while representing their church or denomination and not the Chaplaincy Program.

Should a chaplain be involved in an accident with the chaplain vehicle, they are to immediately radio the dispatcher and report the accident and they are to notify the Woodland Police Department shift supervisor before moving the vehicle.

The chaplain vehicle will be locked at all times when unattended. Police issued equipment such as; chargeable flashlights, portable radios, protective vests, etc.; should not be left inside the passenger compartment area in open view. This equipment should be secured in the trunk when not in use.

All mechanical defects should be reported to the City of Woodland Maintenance Shop upon discovery of the defect. The on-call chaplain will make arrangements with the Maintenance Shop to have the chaplain vehicle taken in for repair. Any alterations to the chaplain vehicle's mechanical, electrical accessories, or other equipment, must be approved by the Woodland Police Department Patrol Commander and performed by Maintenance Shop personnel.

The on-call chaplain will be responsible for ensuring the chaplain vehicle is always maintained in a clean condition, inside and out. Chaplains should not leave loose writing materials, papers,
empty containers, and trash in the passenger compartment area or in the trunk. When the chaplain vehicle gets dirty, the on-call chaplain is responsible for taking the vehicle to the Police Department car wash vendor.

345.10  CHAPLAIN FIELD TRAINING PROGRAM
After successful completion of the Sacramento Chaplain Academy, the Chaplain is able to be sworn in. After being sworn in, the Chaplain shall participate in a four (4) month field training program. It is expected that during the training program, the new Chaplain will attend Department events and ceremonies.

Phase One (Month 1):
The Chaplain will be given a chance to shadow on any active incidents. During this phase, the new chaplain will not be expected to be available for all call-outs, however, they are expected to shadow a minimum of five (5) incidents, specifically:

1. Death Notification
2. Call out for a deceased person(s)
3. Call out for a suicide event

Additionally, the new Chaplain will be expected to complete a four (4) hour sit along with a Dispatcher at Yolo911 during Phase One.

Phase Two (Month 2 & 3):
The Chaplain will be assigned on primary rotation for two (2) of eight (8) weeks. The new Chaplain will be shadowed by another on-call Chaplain.

Phase Three (Month 4):
The new Chaplain will transition to a solo primary Chaplain. For the first whole week rotation, the Senior Chaplain will follow up with officers on incidents to get feedback on performance and any areas of improvement regarding the new Chaplain.
Communications with Persons with Disabilities

346.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

346.1.1 DEFINITIONS
Definitions related to this policy include:

**Auxiliary aids** - These are used to communicate with people who are deaf, hard of hearing or have impaired speech. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; use of a notepad and pen or pencil to exchange written notes; use of a computer or typewriter; use of an assistive listening system or device to amplify sound; use of a teletypewriter (TTY), videophones (video relay service or VRS); or use of a qualified interpreter.

**Deaf or hard of hearing** - An individual who has or is regarded as having substantially limited hearing with or without assistance.

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

346.2 POLICY
It is the policy of the Woodland Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

346.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Bureau Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

(a) Working with the City ADA coordinator regarding the Woodland Police Department's efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
Communications with Persons with Disabilities

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Patrol Supervisor and Dispatch Supervisor. The list should include information regarding the following:

1. Contact information
2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

346.4 FACTORS TO CONSIDER
Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

346.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.
Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Woodland Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

346.6 TYPES OF ASSISTANCE AVAILABLE
Woodland Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.
Communications with Persons with Disabilities

346.7 AUDIO RECORDINGS AND ENLARGED PRINT
The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

346.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

346.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.
Communications with Persons with Disabilities

346.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

346.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

346.12 REPORTING
Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

346.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.
Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

346.13.1 FIELD RESOURCES
Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
(b) Exchange of written notes or communications.
(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

346.14 CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written Miranda warning card.
In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

346.15 ARREST AND BOOKINGS
If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

346.16 COMPLAINTS
The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

346.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

346.18 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:
Communications with Persons with Disabilities

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.

(b) Procedures for accessing qualified interpreters and other available resources.

(c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.
Public Safety Video Surveillance System

346.1 PURPOSE AND SCOPE
This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department. This policy does not include security cameras used to protect other City owned buildings and areas.

346.2 POLICY
The Woodland Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

346.3 OPERATIONAL GUIDELINES
Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

346.3.1 PLACEMENT AND MONITORING
Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police or authorized designee should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

The cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public video surveillance system may be useful for the following purposes:

(a) To prevent, deter and identify criminal activity.

(b) To target identified areas of gang and narcotics complaints or activity.
Public Safety Video Surveillance System

(c) To respond to critical incidents.
(d) To assist in identifying, apprehending and prosecuting offenders.
(e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers
(f) To augment resources in a cost-effective manner.
(g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Any employee may request the Patrol Lieutenant to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel. Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

346.3.2 CAMERA MARKINGS
All public areas monitored by public safety surveillance equipment shall be marked in a conspicuous manner. The cameras shall be marked with police markings and a blue flashing light to inform the public that the area is under police surveillance. Cameras should be well lit, placed appropriately and without obstruction to ensure visibility.

346.3.3 INTEGRATION WITH OTHER TECHNOLOGY
The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

346.4 VIDEO SUPERVISION
Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.
346.4.1 ACCOUNTIBILITY
All data will be closely safeguarded and protected by both procedural and technological means. The Woodland Police Department will observe the following safeguards regarding access to and use of stored data:

(a) All data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.

(b) Employees approved to access data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relates to a specific criminal investigation or department-related civil or administrative action.

(c) Video system audits should be conducted on a regular basis.

For security or data breaches, see the Records Release and Maintenance Policy.

346.4.2 PROHIBITED ACTIVITY
Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

Public safety video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target individuals or groups based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

Video surveillance equipment shall not be used to harass, intimidate, or discriminate against any individual or group.

346.5 STORAGE AND RETENTION OF MEDIA
All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored for a minimum of 14 days. If recordings are evidence in any claim filed or any pending litigation, they shall be preserved until pending litigation is resolved.

Any recordings needed as evidence in a criminal or civil proceeding shall be copied to a suitable medium and booked into evidence in accordance with current evidence procedures.

346.5.1 EVIDENTIARY INTEGRITY
All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails,
including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

346.6 RELEASE OF VIDEO IMAGES
All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Woodland Police Department.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Patrol Supervisor for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

346.7 VIDEO SURVEILLANCE AUDIT
The Chief of Police or the authorized designee will conduct an annual review of the public safety video surveillance system. The review should include an analysis of the cost, benefit and effectiveness of the system, including any public safety issues that were effectively addressed or any significant prosecutions that resulted, and any systemic operational or administrative issues that were identified, including those related to training, discipline or policy.

The results of each review shall be appropriately documented and maintained by the Chief of Police or the authorized designee and other applicable advisory bodies. Any recommendations for training or policy should be promptly addressed.

346.8 TRAINING
All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras and a review regarding relevant policies and procedures, including this policy. Training should address any state and federal law related to the use of video surveillance equipment and privacy.
Child and Dependent Adult Safety

347.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Senior and Disability Victimization policies.

347.2 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. The following steps should be taken (Penal Code § 13517.7(b)(1)):

(a) Inquire about and confirm the location of any children or dependent adults.

(b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of their child or dependent adult.

347.2.1 AFTER AN ARREST
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

347.3 DEPENDENT WELFARE SERVICES
Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).
Child and Dependent Adult Safety

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car, or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

347.4 TRAINING
The Training Manager is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).
Service Animals

348.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

348.1.1 DEFINITIONS
Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse’s type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

348.2 POLICY
It is the policy of the Woodland Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

348.3 IDENTIFICATION AND USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with
schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

348.4 MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Woodland Police Department affords to all members of the public (28 CFR 35.136).
Volunteer Program

349.1 PURPOSE AND SCOPE
It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

349.1.1 DEFINITION OF VOLUNTEER
An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

349.2 VOLUNTEER MANAGEMENT

349.2.1 VOLUNTEER COORDINATOR
The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or their designee, shall be responsible for the following:

(a) Recruiting, selecting and training qualified volunteers for various positions.
(b) Facilitating the implementation of new volunteer activities and assignments.
(c) Maintaining records for each volunteer.
(d) Tracking and evaluating the contribution of volunteers.
(e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
(f) Maintaining a record of volunteer schedules and work hours.
(g) Completion and dissemination as appropriate of all necessary paperwork and information.
(h) Planning periodic recognition events.
(i) Administering discipline when warranted.
(j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

349.2.2 RECRUITMENT
Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

349.2.3 SCREENING
All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check.
(b) Fingerprints shall be obtained from all applicants and processed through the California Criminal Information Index.
(c) Employment
(d) References

349.2.4 SELECTION AND PLACEMENT
Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

The City of Woodland does not offer Police Department volunteers Workers Compensation or Medical Insurance coverage. Each volunteer is required to complete a form accepting these limitations.
Volunteer Program

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

349.2.5 TRAINING
Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

349.2.6 FITNESS FOR DUTY
No volunteer shall report to work or be on-duty when their judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver license
(b) Medical condition
(c) Arrests
(d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

349.2.7 DRESS CODE
As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while they are off duty.
Volunteers shall be required to return any issued uniform or department property at the termination of service.

349.3 SUPERVISION OF VOLUNTEERS
Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.

(b) Ensure volunteers have work space and necessary office supplies.

(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

349.4 CONFIDENTIALITY
With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

349.5 PROPERTY AND EQUIPMENT
Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.
Volunteer Program

349.5.1 VEHICLE USE
Volunteers assigned to duties such as vacation house checks or other assignments that require
the use of a vehicle must first complete the following:

   (a) Verification that the volunteer possesses a valid California Driver License.

   (b) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and
license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat
belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign
indicating that it is out of service and are not authorized to operate a Department vehicle Code-3.

349.5.2 RADIO AND MDC USAGE
Volunteers shall successfully complete CLETS and radio procedures training prior to using the
police radio or MDC and comply with all related provisions. The Volunteer Coordinator should
ensure that radio and CLETS training is provided for volunteers whenever necessary.

349.6 DISCIPLINARY PROCEDURES/TERMINATION
A volunteer may be removed from the volunteer program at the discretion of the Chief of Police
or the Volunteer Coordinator. Volunteers shall have no property interests in their continued
appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be
afforded an opportunity solely to clear their name through a liberty interest hearing which shall be
limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested
that volunteers who intend to resign provide advance notice of their departure and a reason for
their decision.

349.6.1 EXIT INTERVIEWS
Exit interviews, where possible, should be conducted with volunteers who are leaving their
positions. The interview should ascertain why the volunteer is leaving the position and solicit the
volunteer's suggestions on improving the position. When appropriate, the interview should also
include a discussion on the possibility of involvement in some other capacity with the Department.

349.7 EVALUATION
An evaluation of the overall volunteer program will be conducted on an annual basis by the
Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the
best use of human resources available, to ensure personnel problems can be identified and dealt
with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.
Off-Duty Law Enforcement Actions

350.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Woodland Police Department with respect to taking law enforcement action while off-duty.

350.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that they reasonably believe poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

350.3 DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
(b) The inability to communicate with responding units.
(c) The lack of equipment, such as handcuffs, OC or baton.
(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.
Off-Duty Law Enforcement Actions

350.3.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify themself as an Woodland Police Department officer until acknowledged. Official identification should also be displayed.

350.3.2 INCIDENTS OF PERSONAL INTEREST
Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

350.3.3 CIVILIAN RESPONSIBILITIES

Illness and Injury Prevention

351.1 PURPOSE AND SCOPE
The health and safety of the employees of the Woodland Police Department is important to executive and management staff, and critical to the operation of this department and the delivery of services to the community.

All employees should use safe work practices, follow all directives and policies and assist in maintaining a safe work environment.

351.4 COMMUNICATION

Supervisors shall establish and maintain communication with employees on health and safety issues. This is essential for an injury-free, productive workplace.

Examples of information-sharing methods include:

(a) Community meetings.
(b) Social media (see the Department Use of Social Media Policy).
(c) Department website postings.

Information should be regularly refreshed, to inform and engage community members continuously.

Instructional information should include direction on how community members should interact with the police during enforcement or investigative contacts and how community members can make a complaint to the department regarding alleged misconduct or inappropriate job performance by department members.

354.9 SAFETY AND OTHER CONSIDERATIONS
Department members responsible for community relations activities should consider the safety of the community participants and, as much as reasonably practicable, not allow them to be present in any location or situation that would jeopardize their safety.

Department members in charge of community relations events should ensure that participating community members have completed waiver forms before participation, if appropriate. A parent or
Community Relations

guardian must complete the waiver form if the participating community member has not reached 18 years of age.

Community members are subject to a criminal history check before approval for participation in certain activities, such as citizen academies.

354.10 TRANSPARENCY
The Department should periodically publish statistical data and analysis regarding the department’s operations. The reports should not contain the names of officers, suspects or case numbers.

354.11 TRAINING
Subject to available resources, members should receive training related to this policy, including training on topics such as:

(a) Effective social interaction and communication skills.
(b) Cultural, racial and ethnic diversity and relations.

Chapter 4 - Patrol Operations
Patrol Function

400.1 PURPOSE AND SCOPE
The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

400.2 INFORMATION SHARING
To the extent feasible, all information relevant to the mission of the Department should be shared among all bureaus and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily briefings and to attend briefings of other bureaus or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws. Members are encouraged to share information with other units and bureaus.

400.3 CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

400.4 POLICY
The Woodland Police Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.
400.5 FUNCTION
Patrol will generally be conducted by uniformed officers in clearly marked law enforcement vehicles in assigned jurisdictional areas of the City of Woodland. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community and respond to emergencies.

Patrol services include, but are not limited to:

(a) Responding to emergency calls for service.
(b) Apprehending criminal offenders.

Bias-Based Policing

401.1 PURPOSE AND SCOPE
This policy provides guidance to department members that affirms the Woodland Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS
Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4).

401.2 POLICY
The Woodland Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED
Bias-based policing is strictly prohibited. The practice of "bias-based profiling" is illegal, unethical and will not be tolerated by the Department. Bias-based profiling violates the Fourteenth Amendment's equal protection clause of the United States Constitution and California law and will not be tolerated in traffic contacts, field contacts and in asset seizure and forfeiture efforts.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.3.1 CALIFORNIA RELIGIOUS FREEDOM ACT
Members shall not collect information from a person based on religious belief, practice, affiliation, national origin or ethnicity unless permitted under state or federal law (Government Code § 8310.3).

Members shall not assist federal government authorities (Government Code § 8310.3):

(a) In compiling personal information about a person’s religious belief, practice, affiliation, national origin or ethnicity.
(b) By investigating, enforcing or assisting with the investigation or enforcement of any requirement that a person register with the federal government based on religious belief, practice, or affiliation, or national origin or ethnicity.

401.4 MEMBER RESPONSIBILITIES
Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any bias-based actions by another member of the Department.

401.4.1 REASON FOR CONTACT
Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.5 SUPERVISOR RESPONSIBILITIES
Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

(a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
   1. Supervisors should document these discussions, in the prescribed manner.

(b) Supervisors should periodically review MAV recordings, portable audio/video recordings, Mobile Digital Computer (MDC) data and any other available resource used to document contact between officers and the public to ensure compliance with the policy.
   1. Supervisors should document these periodic reviews.
   2. Recordings or data that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.

(c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.

(d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.
Bias-Based Policing

401.6 ADMINISTRATION
Each year, the Community Relations Lieutenant should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police.

The annual report should not contain any identifying information about any specific complaint, member of the public or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve services.

401.7 TRAINING
Training on fair and objective policing and review of this policy should be conducted as directed by the Community Relations Lieutenant.

(a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST) approved training on the subject of bias-based policing.

(b) Pending participation in such POST approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.

(c) Each sworn member of this department who received initial bias-based policing training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary, in order to keep current with current with changing racial, identity and cultural trends (Penal Code § 13519.4(i)).

(d) The refresher training on bias-based policing shall include a review of legal considerations for both California and Federal laws.

401.8 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
The Community Relations Sergeant and the Records Supervisor or the authorized designee shall ensure that all data required by the Department of Justice (DOJ) regarding complaints of racial bias against officers is collected and reported annually to DOJ (Penal Code § 13012; Penal Code § 13020).
Parental Notification of Gang Activity

402.1 PURPOSE AND SCOPE
The purpose of this policy is to establish procedures for the notification of parents of possible gang or gang-related involvement of their children.

402.1.1 PROCEDURE
The Department shall, when possible:

(a) Identify the persons present when gang activity or gang-related violence has occurred.

(b) Notify the parent(s) or legal guardian(s) of any juvenile who is:
   1. identified as a gang member.
   2. involved in gang activity.
   3. associating with known gang members.
   4. present at a function or location where gang activity or gang-related violence has occurred.

(c) Inform parents when their child may be involved in gang-related activity or associating with known gang members so they will have the opportunity to take corrective action.

RESPONSIBILITIES
When contacting gang members or associates who are present, whether at a private function, such as a party, or dance, or in a public place, officers shall, when possible complete a Field Interview Card or an Incident Report.
Briefing Training

403.1 PURPOSE AND SCOPE
Briefing training is generally conducted at the beginning of the officer’s assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Briefing; however officers may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

(a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations

(b) Notifying officers of changes in schedules and assignments

(c) Notifying officers of new Departmental Directives or changes in Departmental Directives

(d) Reviewing recent incidents for training purposes

(e) Providing training on a variety of subjects

403.1.1 DURATION OF BRIEFING TRAINING
As a general rule patrol briefing should last no more than 30 minutes.

Exceptions to the 30 minute rule would include a training topic or approved presentation which lasts longer than 30 minutes (examples: Periodic shotgun and patrol rifle inspection training, or a presentation from the DA on a specific topic/legal update.

403.2 PREPARATION OF MATERIALS
The supervisor conducting Briefing is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his or her absence or for training purposes.
Crime Scene Investigation Team

404.1 PURPOSE AND SCOPE
To establish a cadre of personnel qualified to investigate various crime scenes. Eligible personnel include sworn and non-sworn personnel.

404.2 GENERAL
The CSI Team shall consist of a maximum of (8) members and a Team Leader.

Personnel assigned to the CSI Team should be sent to a POST approved Basic Evidence Collection course prior to team activation.

Personnel assigned to the CSI Team will be subject to call out and/or placed on an on-call rotation when deemed necessary.

The CSI Team is part of the Investigations Division under the supervision of the Investigations Sergeant or designated Supervisor/Team Leader.

404.3 PERSONNEL
Non-Sworn Personnel may include anyone assigned full or part time to the Police Department. Part-time employees selected for the team will receive fewer responsibilities on scenes and with evidence processing than full-time employees. Training needs and responsibilities for part-time employees will be determined by the the CSI Team Leader.

Sworn Personnel are limited to the rank of Police Officer and Corporal. Sergeants are not eligible for CSI assignments with the exception of the Team Leader who could be an Officer, Corporal, or Sergeant depending upon the needs of the department.

The CSI Team Leader may assist with seeking employee interest for openings, organizing a selection process, and assisting in filling vacancies on the CSI Team. The Team Leader will assist in coordinating training for team members within the Department and from outside sources. The Team Leader may be requested to supervise complex scenes in support of Investigations/CSI. The Team Leader may prioritize and assign individual team members evidence processing of items booked into evidence. These cases will be assigned based on availability and experience levels of team members.

Sworn personnel assigned to the Investigations Bureau or Street Response Team are eligible for CSI assignments depending on their current workload and will only be utilized if competing responsibilities during investigations are not present. An investigator who is on call for Investigations or Street Response Team assignment will not be called out to a scene for CSI assignment as it would interfere with their availability for their primary duty.

Sworn personnel subject to call-out shall be available for response when call-out does not conflict with normal shift deployment.
Crime Scene Investigation Team

CSI shall require a minimum commitment period of 2 years with no maximum assignment period for all assigned personnel.
Crime and Disaster Scene Integrity

405.1 CRIME SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident is generally responsible for taking reasonable efforts to preserve the scene. Officers shall also consider officer safety and public safety, including reasonable efforts to render medical aid to any obviously injured parties. Once an officer has assumed or been assigned to maintain the integrity of the crime/disaster scene, the officer shall continue to do so until they are relieved by a supervisor.

405.1.1 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the functions which the first responder should reasonably attempt to take at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation, the availability of resources, capacity of personnel and totality of each circumstance:

(a) Ensure no suspects are still in the area.
(b) Broadcast emergency information, including all requests for additional assistance.
(c) Provide first aid to injured parties if it can be done safely.
(d) Evacuate the location as required.
(e) Secure the inner and outer perimeter if needed.
(f) Protect items of apparent evidentiary value.
(g) Identify potential witnesses.
(h) Start a chronological log noting critical times and personnel allowed access.

405.1.2 EXECUTION OF HEALTH ORDERS
Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

405.2 SEARCHES AT CRIME OR DISASTER SCENES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until proper authority for the search is obtained.
Field Community Services Officers

406.1 PURPOSE AND SCOPE
To clarify the responsibilities and expectations of Field Community Service Officers (CSOs), to ensure they are properly and effectively being utilized.

Field CSOs shall be assigned to assist Patrol Officers by taking cold reports, non-injury traffic collisions, and complete other duties as assigned.

Field CSO’s shall be members of the Crime Scene Team and shall be responsible for the processing of various types of crime/accident scenes, at the discretion of the patrol supervisor or patrol lieutenant, the Investigations Sergeant or Lieutenant, or any other member of the supervisory chain of command.

406.2 FIELD CSO RESPONSIBILITIES
Field CSOs may be assigned cold property crime calls.

Patrol officers should be dispatched when Field CSOs are already assigned a call, and when further delays may require the call to be held beyond the allowable time dictated by policy.

Patrol officers will remain the primary units for crimes against persons and cases with known suspects.

Field CSO’s, if available, may be dispatched to handle burglary, auto theft, grand theft, forgery, or other felony property crime report calls as long as there are no named suspects and the call is not in progress.

If, during the course of the investigation, a suspect is developed, the shift supervisor will be notified. Cold Forgery cases, check cases, and identity theft cases may be taken by Field CSOs even when a suspect is known. In known suspect cases, the follow-up will be done by the Detective Bureau or reassigned to a Patrol Officer (via a shift supervisor) after the initial report has been completed.

Field CSOs will not be dispatched to forgery, check, or identity theft cases if the suspect is present at the scene.

- Dispatchers and Complaint Takers need to carefully screen these calls to make sure no suspects are on the scene or will likely return to the scene.
- Complaint takers should gather all of the necessary information to prevent Field CSOs from being sent to a call such as a burglary report ("My boyfriend broke into my house...") when the call was actually a disturbance call. Suspects are frequently on scene or are nearby.

Field CSO’s may be assigned misdemeanor crime report calls such as Petty theft or vandalism, or other misdemeanor reports.

Child abuse, sexual assault, assault calls and other crimes against persons calls will not be dispatched to Field CSOs.
Field Community Services Officers

Field CSO’s may be dispatched to non-injury traffic collisions, private property (non-citable or non-arrestable offenses) traffic collision reports, found property, incident reports, etc., if available.

The Patrol Supervisor has full authority to reassign calls, reassign cases, or have Field CSOs handle calls not normally assigned to a Field CSO, depending upon the current workload and personnel available. The Patrol Supervisor is the final authority for assigning all calls for service or assigning report calls in keeping with the intent of this order.

If possible, reports are to be dictated and/or written in the field and not at the police station. Reports may only be completed in the station with the prior approval of the Patrol Supervisor.

406.3 OTHER GUIDELINES
Patrol Supervisors should monitor dispatched report calls to ensure they are not being held for Field CSOs when beat units are available.

Tagging and storing of abandoned vehicles are a primary responsibility of the Field CSO. Field CSOs will store abandoned vehicles.

Overtime usage is discouraged. Reports should be written as soon as possible. In cases where a report may be held, supervisors will approve the holding of the report. The report then should be completed in accordance with policy. Patrol Supervisors should guard against assigning late calls with lengthy investigations that will require overtime for the Field CSO to complete.

Field CSOs may be scheduled to meet special Departmental needs.

Field CSOs will not be included in normal Patrol deployment.
Tactical Operations Unit (SWAT/CNT)

407.1 PURPOSE AND SCOPE
The Tactical Operations Unit is comprised of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics Team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary.

407.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY
This Policy Manual sections pertaining to the Tactical Operations Unit are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in the Woodland Police Department SWAT Procedural Manual serves as a guideline to department personnel allowing for appropriate on scene decision making as required. This department shall develop a separate written set of organizational procedures. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

407.2 LEVELS OF CAPABILITY/TRAINING
The National Tactical Officers Association (NTOA) recognizes that there are many types of specialized tactical teams utilized in law enforcement and they are identified by a number of commonly accepted names. The NTOA offers team titles and corresponding metrics as guidance for its members. The Woodland Police Department will use these standards when determining levels of capabilities and training. See NTOA Tactical Response and Operations Standard for Law Enforcement Agencies Manual:

See attachment: swatstandards.pdf

407.3 POLICY
It shall be the policy of this department to maintain a SWAT and CNT team and to provide the equipment, manpower, and training necessary to maintain a SWAT and CNT team. The SWAT and CNT team should develop sufficient resources to perform three basic operational functions:

(a) Command and Control
(b) Containment
(c) Entry/Apprehension/Rescue

It is understood it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.
407.3.1 ORGANIZATIONAL AND OPERATIONAL PROCEDURES
This department shall develop a separate written set of organizational and operational procedures (Woodland Police Department SWAT Procedural Manual) which should address, at minimum, the following:

(a) Locally identified specific missions the team is capable of performing.
(b) Team organization and function.
(c) Personnel selection and retention criteria.
(d) Training and required competencies.
(e) Procedures for activation and deployment.
(f) Command and control issues, including a clearly defined command structure.
(g) Multi-agency response.
(h) Out-of-jurisdiction response.
(i) Specialized functions and supporting resources.

The Negotiation Team and Special Weapons and Tactics Team leaders shall be selected by the Chief of Police upon specific recommendation by staff and the Tactical Operations Commander.

The following represent the supervisor responsibilities for the Tactical Operations Unit.

(a) The Negotiation Team supervisor's primary responsibility is to supervise the operations of the Negotiation Team which will include deployment, training, first line participation, and other duties as directed by the Tactical Operations Commander.

(b) The Special Weapons and Tactics Team supervisor's primary responsibility is to supervise the operations of the SWAT Team, which will include deployment, training, first line participation, and other duties as directed by the Tactical Operations Commander.

407.5 CRISIS NEGOTIATION TEAM ADMINISTRATIVE PROCEDURES
The Crisis Negotiation Team has been established to provide skilled verbal communicators who may be utilized to attempt to de-escalate and effect surrender of the suspect(s) in critical incidents involving threat to public safety which would otherwise exceed the capabilities of traditional law enforcement first responders and/or investigative units.
The following procedures serve as directives for the administrative operation of the Crisis Negotiation Team.

407.5.1 SELECTION OF PERSONNEL
Interested sworn personnel, who are off probation, shall submit an interest memo to the Tactical Operations Commander and the Crisis Negotiation Team Supervisor. Qualified applicants will then be invited to an oral interview. The oral board may consist of the the Crisis Negotiation Team Supervisor, and two persons to be selected by the Tactical Operations Commander and Crisis Negotiation Team Supervisor. Interested personnel shall be evaluated by the following criteria:

(a) Recognized competence and ability as evidenced by performance.
(b) Demonstrated good judgment and understanding of critical role of negotiator and negotiation process.
(c) Effective communication skills to ensure success as a negotiator.
(d) Special skills, training, or appropriate education as it pertains to the assignment.
(e) Commitment to the unit, realizing that the assignment may necessitate unusual working hours, conditions, and training obligations.

The oral board shall submit a list of successful applicants to staff for final selection.

407.5.2 TRAINING OF NEGOTIATORS
Those officers selected as members of the Negotiation Team should attend the Basic Negotiators Course as approved by the Commission on Peace Officer Standards and Training (POST) prior to primary use in an actual crisis situation. Untrained officers may be used in a support or training capacity. Additional training will be coordinated by the team supervisor.

A minimum of one training day per month will be required to provide the opportunity for role playing and situational training necessary to maintain proper skills. This will be coordinated by the team supervisor.

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the unit shall be conducted by the team supervisor. Performance and efficiency levels, established by the team supervisor, will be met and maintained by all team members. Any member of the Negotiation Team who performs or functions at a level less than satisfactory shall be subject to dismissal from the unit.

407.6 SWAT TEAM ADMINISTRATIVE PROCEDURES
The Special Weapons and Tactics (SWAT) Team was established to provide a skilled and trained team which may be deployed during events requiring specialized tactics to resolve critical incidents involving a threat to public safety which would otherwise exceed the capabilities of traditional law enforcement first responders and/or investigative units.

The following procedures serve as directives for the administrative operation of the Special Weapons and Tactics Team.
407.6.1 SELECTION OF PERSONNEL
Interested sworn personnel who are off probation shall submit an interest memo to the Tactical Operations Commander and SWAT supervisor. Those qualifying applicants will then be invited to participate in the testing process. The order of the tests will be given at the discretion of the Tactical Operations Commander. The testing process will consist of an oral board, physical agility, SWAT basic handgun, and team evaluation.

The test and scoring procedure will be established by the Tactical Operations Commander. A minimum qualifying score shall be attained by the applicant to be considered for the position.

(c) Swim Qualification: A swimming test designed to determine the capabilities of the applicant as it related to performance of SWAT-related duties. The test and scoring procedure will be established by the Tactical Operations Commander. A minimum qualifying score shall be attained by the applicant to be considered for the position.

(d) SWAT basic handgun: Candidates will be invited to shoot the SWAT Basic Drill for the handgun. A minimum qualifying score of 90% out of a possible score of 100% must be attained to qualify.

(e) Obstacle and team movement course: Allows the team to observe the field tactical skills, teamwork, ability to work under stress, communication skills, and judgment of the each candidate.

(f) Team evaluation: Current team members will evaluate each candidate on his or her field tactical skills, teamwork, ability to work under stress, communication skills, judgment, and any special skills that could benefit the team.
(g) A list of successful applicants shall be submitted to staff, by the Tactical Operations Commander, for final selection.

See the Woodland Police Department SWAT Manual for a detailed description of the selection process.

407.6.2 TEAM EVALUATION
Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the unit shall be conducted by the Tactical Operations Commander. The performance and efficiency level, as established by the team supervisor, will be met and maintained by all SWAT Team members. Any member of the SWAT Team who performs or functions at a level less than satisfactory shall be subject to dismissal from the team.

407.7 OPERATION GUIDELINES FOR TACTICAL OPERATIONS UNIT
The following procedures serve as guidelines for the operational deployment of the Tactical Operations Unit. Generally, the Special Weapons and Tactics Team and the Crisis Negotiation Team will be activated together. It is recognized, however, that a tactical team may be used in a situation not requiring the physical presence of the Crisis Negotiation Team such as warrant service operations. This shall be at the discretion of the Tactical Operations Commander.

407.7.1 ON-SCENE DETERMINATION
The supervisor in charge on the scene of a particular event will assess whether the Tactical Operations Unit is to respond to the scene. Upon final determination by the Patrol Supervisor, they will notify the Tactical Operations Commander.

407.7.2 APPROPRIATE SITUATIONS FOR USE OF TACTICAL OPERATIONS UNIT
The following are examples of incidents which may result in the activation of the Tactical Operations Unit:

(a) Barricaded suspects who refuse an order to surrender.
(b) Incidents where hostages are taken.
(c) Cases of suicide threats.
(d) Arrests of dangerous persons.
(e) Any situation that could enhance the ability to preserve life, maintain social order, and ensure the protection of property.
(f) Any critical incident involving a threat to public safety which would otherwise exceed the capabilities of traditional law enforcement first responders and/or investigative units.
407.7.3 OUTSIDE AGENCY REQUESTS
Requests by field personnel for assistance from outside agency crisis units must be approved by the Tactical Operations Commander. Deployment of the Woodland Police Department Tactical Operations Unit in response to requests by other agencies must be authorized by the Deputy Chief.

407.7.4 MULTI-JURISDICTIONAL SWAT OPERATIONS
The SWAT team, including relevant specialized units and supporting resources, should develop protocols, agreements, MOU's, or working relationships to support multi-jurisdictional or regional responses.

(a) If it is anticipated that multi-jurisdictional SWAT operations will regularly be conducted; SWAT multi-agency and multi-disciplinary joint training exercises are encouraged.

(b) Members of the Woodland Police Department SWAT team shall operate under the policies, procedures and command of the Woodland Police Department when working in a multi-agency situation.

407.7.5 MOBILIZATION OF TACTICAL OPERATIONS UNIT

The On-scene supervisor should advise the Tactical Operations Commander with as much of the following information which is available at the time:

Armored Rescue Vehicle

410.1 PURPOSE AND SCOPE
The Woodland Police Department utilizes a Special Weapons and Tactics team (SWAT) and a Crisis Negotiation Team (CNT) to complement and supplement patrol personnel to deal with high risk incidents. The Woodland Police Department SWAT/CNT team utilizes specialized equipment to achieve its objective of ensuring the safety of citizens and employees of the City of Woodland. One such piece of specialized equipment is the Armored Rescue Vehicle (ARV). This Departmental Directive will provide direction as to the appropriate use and deployment of the ARV.

410.2 RESPONSIBILITIES
The ARV is a specialized vehicle assigned directly to the Woodland Police Departments SWAT team. As such the use of this vehicle is regulated and controlled by the Woodland Police Department SWAT Commander or in his absence the Team Leader of the SWAT Team. Absent exigent circumstances, the use of the ARV shall require approval of the Chief of Police or his designee.

410.3 OPERATIONS GUIDELINES
The ARV is an armored vehicle rated to stop high caliber rounds and explosive devices. As such its primary use is to provide protection to SWAT and EOD personnel, medical personnel and hostage negotiators conducting missions with subjects armed with firearms or explosives. Circumstances in which the use of the ARV would be authorized include, but are not limited to:

- Active shooters incidents
- Armed* hostage takers
- Armed* barricaded suspects
- High risk search warrant service (armed* suspects)
- Incidents involving explosive or flammable weapons
- Civilian or officer rescues (to include natural disasters/catastrophes)

* "Armed" is intended to mean there is intelligence which indicates the subject is known to possess/carry firearms, or the subject has a prior criminal history for firearm related offenses.

410.4 MARKINGS AND SAFETY EQUIPMENT
The Woodland Police Department ARV will be distinctively marked with black with white painted doors and shall have a departmental logo on each front side door, as well as Police markings on the front, sides and rear. The vehicle shall be equipped with emergency lights and a siren consistent with California Vehicle Code requirements.
410.5 SECURITY AND STORAGE
The ARV shall be stored in the Woodland Police Department's secure parking area. The vehicle shall be locked with a limited number of SWAT personnel having assigned keys.

410.6 TRAINING AND MAINTENANCE
The ARV requires operators to possess a valid Class B driver's license. Anyone operating this vehicle must be in possession of a valid Class B license and must undergo continuous specialized training to operate the vehicle. The ARV will be serviced and maintained by qualified mechanics to ensure proper functioning.
Hazardous Material Response

411.1 PURPOSE AND SCOPE
Hazardous materials present a potential harm to employees resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this department.

411.1.1 HAZARDOUS MATERIAL DEFINED
A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

411.2 HAZARDOUS MATERIAL RESPONSE
Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver’s manifest or statements from the person transporting).
- Notify the Fire Department. The WFD has responsibility for the identification, handling, and mitigation of all hazardous materials, except items seized as evidence, pyrotechnics, and explosives. WPD is only responsible if a clandestine laboratory is found. Upon confirmation of a hazardous material incident, this Department shall place its field resources at the command of the WFD Incident Commander.
- Provide first-aid for injured parties if it can be done safely and without contamination.
- Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

411.3 CLANDESTINE LABORATORY
Once a scene has been determined to be a probable clandestine laboratory, officers shall:

(a) immediately notify their supervisor;
(b) not touch or examine the chemicals;
(c) notify the Fire Department; and
(d) isolate and contain the area as required.

411.3.1 SUPERVISOR RESPONSIBILITY
Supervisors shall:

(a) request a trained Yolo County SIU Agent respond to assist in the evaluation.

(b) if an officer, firefighter or citizen appears to have been injured, contaminated, or made ill due to exposure to chemicals:
   1. ensure prompt emergency transportation to a medical facility.
      (a) if the Woodland Fire Department Hazardous Material Unit "HAZMAT" is on the scene, request they decontaminate individuals first before transporting to a medical facility.
      (b) if the Fire Department is not immediately available, have individuals remove contaminated clothing as soon as possible and avoid further exposure to chemicals.
   2. arrange to provide the treating physician with any available information pertaining to the chemicals present.

(c) evaluate whether the circumstances present a prosecutable case based on the presence of chemicals and/or equipment required to manufacture controlled substances.

(d) if a prosecutable case appears to exist, request the Yolo County SIU Agents to respond. If in doubt, request a Yolo County SIU Agent to respond. Determination may be based on:

(e) finding of chemicals, glassware, and equipment required to manufacture drugs.

(f) an assembled or disassembled laboratory.

(g) if a prosecutable case does not exist, surrender responsibility to the Fire Department.
Personal Protective Equipment

412.1 PURPOSE AND SCOPE
PPE's shall be worn when officers may be exposed to the release of hazardous Chemical or Biological agents in the performance of their official police duties. PPE's shall be part of an officer's initial response equipment and available for immediate use.

412.2 DEFINITIONS

- Air-Purifying Respirator (APR): A respirator with an air-purifying filter, cartridge, or canister that removes specific air contaminants by passing ambient air through the air-purifying element. (OSHA Definition)
- Canister or Cartridge: A container with a filter, sorbent, or catalyst, or combination of these items, which removes specific contaminants from the air passed through the container. (OSHA Definition)
- Chemical Warfare Agents: Include Tabun, Saren, Soman, Sulfur Mustard, Lewisite, VX Nerve Agent
- Immediately Dangerous to Life or Health (IDLH): An atmosphere that poses an immediate threat to life, would cause irreversible adverse health effects, or would impair an individual's ability to escape from a dangerous atmosphere. (OSHA Definition)
- Liquid Splash-Protective Suits: Non-gas tight encapsulating suits made of essentially impermeable materials that offer protection against liquid chemicals in the form of splashes, but not against continuous liquid contact or chemical vapors. The wearer risks potential exposure to chemical vapors or gases because this clothing does not offer gas-tight performance. At best these suits provide Level B/C protection.
- Personal Protective Equipment (PPE): designed to shield or isolate individuals from chemical, physical, and biological hazards

412.3 PERSONAL PROTECTIVE EQUIPMENT COMPLEMENT
Personal Protective Equipment complement shall include;

(a) Air purifying respirator (APR) 1. Approved APR filters are marked to identify the toxic substance categories. 2. No filter should be used that is not approved by the department or approved for replacement by on scene Hazmat personnel during an emergency
(b) Liquid Splash-Protective Suit
(c) Gloves, outer chemical resistant
(d) Gloves, inner chemical resistant
(e) Chemical resistant rubber Boots
Personal Protective Equipment

(f) Chemical resistant tape (Chem-Tape/ Duct Tape)
(g) PPE Storage Bag

This equipment shall be issued to each officer, and when damaged the equipment shall be replaced by department designated equipment personnel. PPE training shall be completed by all sworn personnel and instructed by certified personnel. APR recertification shall follow OSHA guidelines. Equipment and training records shall be maintained by the designated personnel.

A complete description of First Responder Protective Equipment and use is detailed in the National Institute of Justice NIJ Guide 102-00.

Personal Protective Equipment shall be used when;

(a) Haz-Mat personnel alert responding personnel that entry into a specific enforcement area contains toxic substances.
(b) Subjects within a response area are reportedly exhibiting signs of exposure prior to arrival.
(c) Exposed officers alert responding personnel of a toxic exposure or symptoms consistent with an exposure.
(d) Officers are alerted by emergency personnel that a toxic exposure is eminent due to weather conditions or location.

412.4.1 DONNING THE PPE

The following procedures should be followed:

(a) The gas mask should be donned and pressure checked. Corrective lenses may be worn as long as they do not interfere with the APR.
(b) The PPE shall be worn under the gun belt and over the police uniform.
(c) The police badge shall remain on the uniform and not affixed to the PPE to avoid puncturing the PPE.
(d) Rubber boots shall be worn instead of duty boots.
(e) The PPE pant shall be worn over the top of the boots and tape should be affixed around the boot to create a seal between the boot and PPE pant leg.
(f) The inner chemical resistant gloves should be put on then the outer rubber gloves should be donned and tucked under the sleeve of the PPE and Chem-Tape affixed to create a seal between the glove and suit sleeve.
(g) The neck area should be closed and secured to limit exposure to skin.
(h) Chem-Tape should be placed around the edge of the gas mask sealing the PPE suit to the mask. (This should be done by an assistant)
(i) Chem-Tape should be placed over the suit zipper seam.
Personal Protective Equipment

412.4.2 DOFFING THE PPE
The following procedures should be followed:

(b) Personnel decontamination procedures shall be completed as outlined in Haz-mat protocol at the direction of Fire Department personnel.

(c) No officer or employee shall remove any contaminated articles of gear or clothing without authorization.

(d) In the event an employee wearing a PPE is in imminent danger of heat stroke or a debilitating condition, the employee should retreat to a safe location and immediately call for decontamination or medical assistance.

(e) Avoid calling for assistance from unprotected personnel resulting in a secondary exposure.

(f) Officers wearing a PPE they believe no longer provides complete protection shall immediately retreat from the area and follow decontamination protocol.

412.4.3 PPE CARE
PPE’s shall be inspected periodically by the member for damage. Damaged PPE’s shall be reported to the on duty supervisor. Lost or stolen PPE’s shall be reported to the on duty supervisor. Replacement PPE’s shall be issued as soon as practical by designated personnel.

PPE equipment shall not be worn for other than their intended use as protective equipment. PPE equipment shall not be modified, laundered, or punctured without approval of designated personnel. PPE’s shall be stored in the storage bag provided. Members should be aware that severe temperature changes can cause accelerated deterioration of the PPE equipment, the PPE’s should be stored out of direct sunlight and extreme heat.

APR’s should be cleaned according to manufacturer directions at the direction of decontamination personnel.

412.5 CAUTIONS
PPE’s will not provide adequate protection against nuclear blasts, explosive exposures, ballistic capabilities or fire protection.

The correct filter must be affixed to the APR to provide maximum protection.

APR filters provide varied safe exposure times based on the toxicity and type of hazardous substance.

Officers wearing a splash protective suit (Level B/C) shall not enter an identified Immediately Dangerous to Life or Health (IDLH) area. IDLH entries shall be made with a Gas-Tight Encapsulating Suit (Level A) and Self-Contained Breathing Apparatus (SCBA).
All equipment exposed to contamination shall be certified as decontaminated before being returned to an employee.

412.6 EXPOSURES
Officers exposed to toxic substances shall immediately alert (notify) dispatch of an exposure, retreat to a safe area if possible and request decontamination assistance.

Exposed personnel should avoid cross contamination with unprotected personnel or equipment.
Exposed personnel should not don a PPE after exposure unless continued exposure will exacerbate the threat to health and/or retreat to a safe location or Decon site is not possible.

Personnel shall not leave the response area without approval from Haz-Mat Decon personnel. All personnel within an exposure area whether protected by PPE clothing or not shall report to the Decon location prior to clearing the scene.
Hostage and Barricade Incidents

413.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

413.1.1 DEFINITIONS
Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

(a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
(b) Unlawfully held against his/her will under threat or actual use of force.

413.2 POLICY
It is the policy of the Woodland Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

413.3 COMMUNICATION
When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

413.3.1 EMERGENCY COMMUNICATIONS
Only an officer who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record,
or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

(a) The officer reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),

(b) The officer reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and

(c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).

(d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.

(e) The contents of any oral communications overheard are recorded on tape or other comparable device.

413.4 FIRST RESPONDER CONSIDERATIONS
413.4.2 HOSTAGE SITUATION
**413.5 SUPERVISOR RESPONSIBILITIES**

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Tactical Operations Unit (Tactical Operations Unit) response if appropriate and apprising the Tactical Operations Unit Commander of the circumstances. In addition, the following options should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.
(b) Ensure the completion of necessary first responder responsibilities or assignments.
(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
(d) Establish a command post location as resources and circumstances permit.
(e) Designate assistants who can help with intelligence information and documentation of the incident.
(f) If it is practicable to do so, arrange for video documentation of the operation.
(g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).

1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the Department obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption. If six hours is not possible, then the application
for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.

(h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.

(i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.

413.6 TACTICAL OPERATIONS UNIT RESPONSIBILITIES
The Incident Commander will decide, with input from the SWAT Commander, whether to deploy SWAT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SWAT team. The Incident Commander and the SWAT Commander or the authorized designee shall maintain communications at all times.

413.7 REPORTING
Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.
Arson Investigations

414.1 PURPOSE AND SCOPE
The purpose of this policy is to establish responsibilities and facilitate cooperation between the Police and Fire Departments.

414.2 POLICE RESPONSIBILITY
The Police Department has the responsibility to investigate any criminal acts associated with a fire.

Officers will respond to the fire scene when dispatched or when requested to do so by the Fire Department. Officers will be expected to conduct a thorough preliminary investigation and complete an incident or crime report if it is a suspicious origin.

Officers will place evidence into the appropriate evidence areas.
Response to Bomb Calls

415.1 PURPOSE AND SCOPE
These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

415.2 FOUND EXPLOSIVES/SUSPECT DEVICES
415.3 EXPLOSION/BOMBING INCIDENTS
When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic incidents, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds, or additional damage by resulting fires or unstable structures. Whether the explosion was the result of an accident or a criminal act, the responding officers should consider the following actions:

• Assess the scope of the incident, including the number of victims and extent of injuries.
• Assist with first aid (Fire Department has primary responsibility).
• Assist with evacuation of victims (Fire Department has primary responsibility).
• Identify and take appropriate precautions to mitigate scene hazards such as collapsed structures, bloodborne pathogens, hazardous materials and secondary explosive devices.
• Request additional resources as needed.
• Identify witnesses.
• Preserve evidence.

415.3.1 NOTIFICATIONS
When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

(a) Fire Department/Emergency Medical Services
(b) Bomb Squad
(c) Additional officers
(d) Field supervisor
(e) Patrol and Investigations Lieutenants
(f) Detectives

415.3.2 CROWD CONTROL
Only authorized personnel with a legitimate need shall be permitted access to the scene. Spectators and other unauthorized individuals shall be excluded to a safe distance as is reasonably practicable given the available resources and personnel.

415.3.3 SCENE OF INCIDENT
As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a long distance. Evidence may be imbedded in nearby structures or hanging in trees and bushes.

415.4 BOMB THREATS RECEIVED AT POLICE FACILITY
This procedure shall be followed should a bomb threat call be received at the police facility.
Response to Bomb Calls

415.4.1 BOMB THREATS RECEIVED BY TELEPHONE
The following questions should be asked if a call of a bomb threat is received at the Police Department:

• When is the bomb going to explode?
• Where is the bomb?
• What kind of bomb is it?
• What does it look like?
• Why did you place the bomb?
• Who are you? (to avoid possible termination of the call this should be the last question asked)

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these five basic questions.

During this time, document the following:

• Time of the call.
• Exact words of the person as accurately as possible.
• Estimated age and gender of the caller.
• Speech patterns and/or accents.
• Background noises.

If the incoming call is received at the police facility on a recorded line, steps shall be taken to ensure that the recording is preserved in accordance with current department evidence procedures.

415.4.2 RESPONSIBILITIES
The employee handling the call shall ensure that the Patrol Supervisor is immediately advised and fully informed of the details. The Patrol Supervisor will then direct and assign officers as required for coordinating a general building search or evacuation as they deem appropriate.

415.4.3 WRITTEN BOMB THREATS
If a bomb threat is received in writing, all materials must be saved, including any envelope or container.

Once a message is recognized as a bomb threat, further unnecessary handling should be avoided. Every possible effort must be made to retain evidence such as fingerprints, handwriting or typewriting, paper and postal marks.

415.5 FOUND DEVICE
When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:
Response to Bomb Calls

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.

(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.

(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
   1. Two-way radios
   2. Cell phones
   3. Other personal communication devices

(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.

(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.

(f) A safe access route should be provided for support personnel and equipment.

(g) Search the area for secondary devices as appropriate and based upon available resources.

(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.

(i) Promptly relay available information to the Patrol Supervisor including:
   1. The time of discovery.
   2. The exact location of the device.
   3. A full description of the device (e.g., size, shape, markings, construction).
   4. The anticipated danger zone and perimeter.
   5. The areas to be evacuated or cleared.
Response to Bank Robberies

416.1 PURPOSE AND SCOPE
To define responsibilities for responding to or investigating bank robberies and to ensure our members conduct a complete initial investigation at the scene of all reported robberies, including those federally insured, to facilitate the prosecution of defendants arrested for bank robbery.

A bank is defined as any financial institution receiving deposits including savings and loan institutions and credit unions.

416.2 JURISDICTION
The Federal Bureau of Investigation (FBI) shares jurisdiction for investigating robberies of federally insured institutions but may not exercise its jurisdiction when the offense fails to meet its minimum investigative requirements.

The Department shall investigate the robbery of all banks.

416.3 RESPONSE
Primary responding officers shall conduct a preliminary investigation and complete a full Crime Report, including victim and witness statements, and documentation of all observations.

Other responding officers shall check the area and conduct any immediate follow-up that may be required.

Dispatch or the on duty supervisor shall notify the Detective Division of all bank robberies occurring between 0800-1700, Monday-Friday. The Detective shall serve as the Department's liaison with the FBI and shall have primary responsibility to follow-up any immediate suspect leads developed at the scene. The primary responding Detective shall be responsible for the collection and booking of all physical evidence from the scene.
Mental Illness Commitments

417.1 PURPOSE AND SCOPE
This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

417.2 POLICY
It is the policy of the Woodland Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

417.3 AUTHORITY
An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person’s mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

(a) An individual who is providing or has provided mental health treatment or related support services to the person

(b) A family member

(c) The person subject to the determination or anyone designated by the person

417.3.1 VOLUNTARY EVALUATION
If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

(a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.

(b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.

(c) Document the circumstances surrounding the individual’s desire to pursue voluntary evaluation and/or admission.

417.3.2 RESTRAINTS
If the patient is violent or potentially violent, the officer will notify the staff of this concern. The staff member in charge will have discretion as to whether soft-restraints will be used. If these restraints
are desired, the officer will wait while they are being applied to help provide physical control of the patient, if needed.

417.3.3 MENTAL HEALTH DOCUMENTATION
The officer will complete an Application For 72-Hour Detention for Evaluation and Treatment form (MH-302) and provide it to the staff member assigned to that patient. The officer will retain a copy of the 72-hour evaluation for inclusion in the case report. The officer shall also provide a verbal summary to an emergency department staff member regarding the circumstances leading to the involuntary detention.

417.3.4 SECURING OF WEAPONS
If a receiving and secured facility prohibits weapons or if an extraordinary event occurs in the treatment facility and officers determine a need to secure their firearms, the firearm shall be secured in the appropriate gun locker at the facility or in the police unit.

417.4 MENTALLY ILL PERSON CHARGED WITH A CRIME
When practicable, any person charged with a crime of violence (Ex: Resisting Arrest, Assault, Battery, Aggrevated Assault, Robery, etc) who also appears to be mentally ill shall be booked at the Yolo County Jail. If the person has injuries or some other medical condition, they may be taken directly to the hospital for a medical clearance.

Any officer handling a call involving an individual who may qualify for a 5150 commitment and the crime alleged is a minor crime, should consider, as time and circumstances reasonably permit:

(a) Available information that might assist in determining the cause and nature of the person’s action or stated intentions.
(b) Community or neighborhood mediation services.
(c) Conflict resolution and de-escalation techniques.
(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

417.4.1 SECURING OF PROPERTY
When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual’s personal property in their possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).
Mental Illness Commitments

The officer taking the person into custody shall provide a report to the court that describes the person’s property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150(e)).

417.5 TRANSPORTATION
When transporting any individual for a 5150 commitment, the transporting officer should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport.

417.6 TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

417.7 FIREARMS AND OTHER WEAPONS
Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons.

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).
Mental Illness Commitments

417.7.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS
Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Detective Bureau, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

417.8 TRAINING
This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.

417.9 DOCUMENTATION
The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

417.9.1 ADVISEMENT
The officer taking a person into custody for evaluation shall advise the person of:

(a) The officer’s name and agency.
(b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals.
(c) The name of the facility to which the person is being taken.
(d) If the person is being taken into custody at their residence, they should also be advised that they may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where they are being taken.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150(f)(1)).
Mental Illness Commitments

417.10 CRIMINAL OFFENSES
Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.
(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
(c) Facilitate the individual's transfer to jail.
(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor’s judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.
Cite and Release Policy

418.1 PURPOSE AND SCOPE
This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

418.2 POLICY
It is the policy of the Woodland Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department’s mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

418.2.1 DISCRETION TO ARREST
While this department recognizes the statutory power of peace officers to make arrests throughout the state, officers are encouraged to use sound discretion in the enforcement of the law. On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot and/or fresh pursuit, while following up on crimes committed within the City, or while assisting another agency. On-duty officers who discover criminal activity outside the jurisdiction of the City should, when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

Off-duty officers observing criminal activity should generally take enforcement action only when it reasonably appears that imminent risk to life or property exists and the reasonable opportunity does not exist to contact the law enforcement agency with primary jurisdiction. In such situations the involved officer shall clearly identify themself as a police officer.

Officers are authorized to use verbal warnings to resolve minor traffic and criminal violations when appropriate.

418.3 DEPARTMENT PROCEDURE

418.3.1 FIELD CITATIONS
In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.
Cite and Release Policy

418.3.2 DISQUALIFYING CIRCUMSTANCES
A person arrested for a misdemeanor shall be released on a notice to appear by the officer unless one of the following situations is present (Penal Code § 853.6(i)):

(a) The person arrested is so intoxicated that they could be a danger to themself or to others. Release may occur as soon as this condition no longer exists.

(b) The person arrested requires medical examination or medical care or is otherwise unable to care for their own safety

1. The Woodland Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).

(c) The person is arrested for one or more of the offenses listed in Vehicle Code §§ 40302, 40303 and 40305.

1. Any person arrested for any offense listed in Vehicle Code § 40303(b) shall, in the judgment of the arresting officer, either be given a 10 day notice to appear or be taken without delay before a magistrate in the county of arrest.

2. If a person under Vehicle Code §§ 40303 or 40305 does not have satisfactory identification, the officer may require the individual to provide a right thumbprint (or other finger). However such print may not be used for other than law enforcement purposes.

3. Should any person arrested on a notice to appear claim under penalty of perjury not to be the person listed in the notice, such person may request that their thumbprint be taken for comparison at a fee not to exceed the actual cost of such service.

(d) There are one or more outstanding arrest warrants for the person.

(e) The person could not provide satisfactory evidence of personal identification.

(f) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

(g) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(h) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.
Cite and Release Policy

(i) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented.

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be included with the case file in the Records Bureau.

418.3.3 OTHER REASONS FOR NON-RELEASE
If the person arrested is not released for one or more of the reasons specified in Policy Manual § 418.3.2, the officer shall state specifically on the booking form the reason for non-release. Such reasons for non-release may include:

(a) Previous failure to appear is on record
(b) The person lacks ties to the area, such as a residence, job, or family
(c) Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation

418.4 CITATION RELEASE ON MISDEMEANOR WARRANTS
Penal Code § 827.1 allows the release by citation of a person designated in any warrant of arrest unless one of the following conditions exist:

(a) The misdemeanor cited in the warrant involves violence.
(b) The misdemeanor cited in the warrant involves a firearm.
(c) The misdemeanor cited in the warrant involves resisting arrest.
(d) The misdemeanor cited in the warrant involves giving false information to a peace officer
(e) The person arrested is a danger to themself or others due to intoxication or being under the influence of drugs or narcotics.
(f) The person requires medical examination or medical care or was otherwise unable to care for his or her own safety.
(g) The person has other ineligible charges pending against them.
(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.
(i) The person refuses to sign the notice to appear.
(j) The person cannot provide satisfactory evidence of personal identification.
(k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this section.

418.5 REQUESTING CASE NUMBERS
Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if they feel the situation should be documented more thoroughly in a case report.
Release Under Section 849(B) P.C.

419.1 PURPOSE AND SCOPE
To establish documentation requirements for release of a person detained involuntarily or arrested when, after further investigation, the person is determined to be releasable under California Penal Code 849(b).

For the procedure to release an arrestee from a medical facility, see Policy 903.

419.2 DOCUMENTATION REQUIREMENTS
An arrest report or incident report and a Certificate of Release shall be completed when:

(a) An officer is satisfied that there are insufficient grounds for making a criminal complaint against the person arrested.
(b) The person was arrested only for being under the influence of a controlled substance or drug and such person is delivered to a facility or hospital for treatment and no further proceedings are desirable.

419.2.1 EXCEPTIONS
Documentation requirements of this Order do not apply to releases made per:

(a) 853.6 PC.
(b) 40302 CVC.

419.3 OFFICER INITIATED ARRESTS

Documentation for an officer-initiated arrest shall be recorded in the applicable police report. Documentation shall include:

(a) Circumstances which led to the arrest
(b) The manner in which the arrest was effected
(c) Necessity for any:
   1. use of physical restraint.
   2. use of handcuffs.
   3. involuntary placement in any location restricting movement.
(d) Reasons(s) the person was determined to be releasable per PC§849(b).
(e) Exception: When meeting the documentation requirements will jeopardize a covert investigation, and/or place a confidential operative or an officer at risk.
   1. Officers may document the above in reports or memorandums not intended for discovery. Such documentation shall be approved by a lieutenant or above.
Release Under Section 849(B) P.C.

2. Lieutenants or above shall ensure such documentation meets established requirements.

419.4 PRIVATE PERSON’S ARREST

   (a) alert their immediate supervisor.
   (b) immediately write a supplementary explanation to be included with the Police Report, detailing the reason(s) for the release.
   (c) not complete a Certificate of Release.
   (d) expedite transmittal of such reports to the Records Division to ensure delivery to the District Attorney with the Police Report and "Arrest Package."

(b) has been sent to the District Attorney, Investigations shall:
   1. complete items a(1) through (4) above.
   2. make personal or telephone contact with the Intake District Attorney at the earliest available time and request a 849(b) Certificate of Release be initiated.

419.7 RELEASE FROM A MEDICAL FACILITY
If the arrested person, prior to booking at the county jail, requires medical treatment necessitating an extended hospital stay the arrested person may be released per PC §849(b).
Release Under Section 849(B) P.C.

The arresting officer shall notify their Supervisor of the required medical stay. The Sergeant shall determine if the arrestee shall be released based on the nature of the crime charged, the actions of the arrestee, and any danger the arrestee may pose to the public and hospital staff. In any case where an officer of the Woodland Police Department has arrested a criminal suspect and that suspect is subsequently transported to the hospital while in our custody and is released per 849(b), a Crime/Incident Report and Arrest Report shall be completed and submitted to the Yolo County District Attorney’s office for review and charging. These reports shall be completed within the established report completion guidelines as determined by/policy.

If it is necessary for updates on the medical status of the suspect, after release per 849(b), a Lieutenant shall contact a designated hospital administrator directly.

If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.
Foreign Diplomatic and Consular Representatives

420.4 ENFORCEMENT

(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.
Rapid Response and Deployment

421.1 PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

421.2 POLICY
The Woodland Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

421.3 FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the officers have the ability to effectively communicate with other personnel or resources.
Rapid Response and Deployment

(f) Whether planned tactics can be effectively deployed.

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

421.4 CONSIDERATIONS
When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

(d) Attempt, if feasible and based upon the suspect’s actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

421.5 PLANNING
The Patrol Bureau Commander should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.

(c) Communications interoperability with other law enforcement and emergency service agencies.

(d) Training opportunities in critical incident target sites, including joint training with site occupants.

(e) Evacuation routes in critical incident target sites.

(f) Patrol first-response training.

(g) Response coordination and resources of emergency medical and fire services.

(h) Equipment needs.

(i) Mutual aid agreements with other agencies.

(j) Coordination with private security providers in critical incident target sites.
421.6 TRAINING
The Community Relations Sergeant should include rapid response to critical incidents in the training plan. This training should address:

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Communications interoperability with other law enforcement and emergency service agencies.

(c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.

   1. This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).

(d) First aid, including gunshot trauma.

(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).
Immigration Violations

422.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to employees of the Woodland Police Department regarding immigration laws.

422.1.1 DEFINITIONS
The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person’s presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Immigration enforcement - Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, including any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person’s presence in, entry or reentry to, or employment in the United States.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

422.2 POLICY
It is the policy of the Woodland Police Department that all employees make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their immigration status.

422.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or California constitutions.

422.4 ENFORCEMENT
Enforcement of the nation’s immigration laws is the responsibility of the federal government, particularly the United States Bureau of Immigration and Customs Enforcement (ICE). Accordingly, the Woodland Police Department shall not unilaterally undertake immigration-related investigations and should not routinely inquire into the immigration status of persons encountered during police operations. This prohibition does not preclude the Department from cooperating with federal immigration officials when requested, or from notifying those officials in serious situations where a potential threat to the public is perceived. Officers shall not initiate police action where the
Imigration Violations

Objective is to discover the immigration status of a person. Officers shall neither arrest nor book persons for violation of Title 8, Section 1325 of the United States Immigration Code (Illegal Entry).

422.4.1 IDENTIFICATION CHECKS
Department employees shall not request passports, visas, "green cards," or other documents relating to one's immigration status in lieu of, or in addition to, standard forms of identification such as a driver’s license, state identification card, etc. Officers shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code 7284.6).

422.4.2 CALIFORNIA LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM (CLETS)
Members shall not use information transmitted through CLETS for immigration enforcement purposes except for criminal history information and only when consistent with the California Values Act (Government Code § 15160).

Members shall not use the system to investigate immigration violations of 8 USC § 1325 (improper entry) if that violation is the only criminal history in an individual's record (Government Code § 15160).

422.5 FEDERAL REQUESTS FOR ASSISTANCE
Requests by federal immigration officials for assistance from this department should be directed to a Bureau Commander. The Bureau Commander is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.). In the event any department personnel assist ICE, or any other federal agency, notification shall be made to the Office of the Chief, via the chain of command, as soon as reasonably possible.

422.6 U VISA AND T VISA NONIMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). A law enforcement certification for a U visa may be completed by The Investigations Division Lieutenant, or designee, in order for a U visa to be issued.

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)). A law enforcement declaration for a T visa may be completed by The Investigations Division Lieutenant, or designee, in order for a T visa to be issued.

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Detective Bureau supervisor assigned to oversee the handling of any related case. The Detective Bureau Lieutenant should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
   1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

422.6.1 TIME FRAMES FOR COMPLETION
Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Officers and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 30 days of a request from the victim, victim’s family, or authorized representative (as defined in Penal Code § 679.10 and Penal Code § 679.11) related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within seven days of the first business day following the day the request was received.

422.6.2 POLICE REPORTS
Upon request, an officer or supervisor should provide a victim or authorized representative with a copy of the report filed by the victim within seven days of the request (Penal Code § 679.10).

422.7 TRAINING
The Training Manager should ensure that all appropriate members receive training on immigration issues.

Training should include:
   (a) Identifying civil versus criminal immigration violations.
   (b) Factors that may be considered in determining whether a criminal immigration violation has been committed.
   (c) Prohibitions contained in the California Values Act (Government Code § 7284 et seq.).

422.8 TRUTH ACT
Individuals who are arrested on criminal charges will be timely released on a Notice-to Appear or taken to the Yolo County Jail as required by state law and department policy. Because individuals are not held at the Woodland Police Department for more than a very limited period of time, the TRUTH Act has little to no application to Woodland Police Department operations.
Immigration Violations

In the event that ICE does make a direct request to hold or contact an individual who is in-custody at the Woodland Police Department, the officer receiving the request shall contact the Police Chief or Deputy Chief for further direction. The policy of the Woodland Police Department is to allow ICE interviews to occur only after the individual is out of the custody of the Woodland Police Department.

Pursuant to Government Code § 7283.1, in all cases where an individual who is in the custody of Woodland PD is interviewed by ICE:

(a) Individuals shall be given a copy of documentation received from ICE regarding a hold, notification or transfer request along with information as to whether the Police Department intends to comply with the request. Members will not hold a person on an I-247 detainer.  See attachment: truth_act_form_1.rtf

(b) If ICE is notified that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to their attorney or to one additional person who the individual may designate.

(c) The Police Department will notify the City Council of the requirement to hold a community forum annually if the Police Department allows ICE access to any individual.

(d) Before any interview between ICE personnel and an individual in custody for civil immigration violations, the Woodland Police Department shall provide the individual with a written consent form that explains the purpose of the interview, that the interview is voluntary and that they may decline to be interviewed or may choose to be interviewed only with their attorney present. The consent form must be available in the languages specified in government Code 7283.1.

Individuals being held on criminal charges should be taken to the Yolo County Jail, or released on a Notice to Appear, as required by California state law. It is a violation of the 4th Amendment to detain a person for ICE based solely on a civil federal offense regarding immigration so they can be interviewed.

422.9 CRIMINAL OFFENSES VS. CIVIL OFFENSES

(a) Members will enforce valid arrest warrants issued by California and Federal Courts. Members will also enforce local, state and federal criminal laws under applicable Constitutional constraints and without regard to legal immigration status.
Immigration Violations

(b) Members may not detain a person solely to investigate immigration status or detain or arrest a person based on a DHS Form I-247 Immigration Detainer – Notice of Action (I-247 detainer).

(c) Criminal Entry and Federal Offenses

(a) An individual who enters into the United States illegally has committed a misdemeanor for their first offense and a felony for any subsequent offenses. (8 USC § 1325(a)). The Department of Homeland Security (DHS) through Immigrations and Customs Enforcement (ICE) and Customs & Border Protection (CBP) enforce federal criminal entry laws.

(b) I-247 Civil Detainers – Generally, a person without citizenship who initially made a legal entry into the United States, but has remained beyond what is a legal period of time, has committed a federal civil offense. ICE may issue I-247 detainers to determine whether to initiate deportation proceedings. I-247 detainers are not criminal arrest warrants, they are not court orders, and they are not issued or approved by judges.

(c) Individuals will not be held in Woodland PD custody solely on an I-247 detainer issued pursuant to 8 CFR § 287.7.

(d) An officer cannot detain or arrest any individual, for any length of time, for a civil violation of federal immigration laws or related civil warrants. Detentions and warrantless arrests must be made in accordance with 4th Amendment requirements requiring reasonable suspicion and probable cause and in accordance with California law.
Aircraft Accidents

423.1 PURPOSE AND SCOPE
This policy describes situations involving aircraft accidents including responsibilities of personnel, making proper notification, and documentation.

423.2 RESPONSIBILITIES
In the event of an aircraft crash the employee responsibilities are as follows:

423.2.1 OFFICER RESPONSIBILITY
Officers should treat an aircraft crash site as a crime scene until it is determined that such is not the case. If a military aircraft is involved, additional dangers, such as live ordnance or hazardous materials, may be present. The scene may require additional security due to the potential presence of confidential equipment or information.

The duties of the field officer at the scene of an aircraft accident include the following:

(a) Determine the nature and extent of the accident.
(b) Request additional personnel and other resources to respond as needed.
(c) Provide assistance for the injured parties until the arrival of Fire Department personnel and/or other emergency personnel.
(d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.
(e) Provide crowd control and other assistance until directed otherwise by a supervisor.
(f) Ensure the Coroner's office is notified if a death occurs.

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If possible, the investigating authority should first be consulted before entering or moving any aircraft or any crash debris. Photographs or sketches of the original positions should be made whenever feasible.

The Fire Department will be responsible for control of the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Thereafter, police personnel will be responsible for preserving the scene until relieved by the investigating authority.

Once the scene is relinquished to the investigating authority, personnel from this agency may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

An airport service worker or the airport manager may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.
423.2.2 NATIONAL TRANSPORTATION SAFETY BOARD

The National Transportation Safety Board (NTSB) has the primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft incident, the appropriate branch of the military will be involved in the investigation. The NTSB is concerned with several aspects of a crash as described in this section.

Every effort should be made to preserve the scene to the extent possible in the condition in which it was found until such time as NTSB or other authorized personnel arrive to take charge of the scene.

Military personnel will respond to take charge of any military aircraft involved, whether or not injuries or deaths have occurred.

If the accident did not result in a death or injury and the NTSB elects not to respond, the pilot or owner may assume control of the aircraft.

Removal of the wreckage shall be done under the guidance of the NTSB or military authorities or, if the NTSB is not responding for an on-site investigation, at the discretion of the pilot or the owner.

423.2.3 DISPATCH RESPONSIBILITIES

Dispatchers are responsible to make notifications as directed once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. Generally, the dispatcher will need to notify the following agencies or individuals when an aircraft accident has occurred.

(a) Fire Department
(b) The affected airport tower
(c) Closest military base if a military aircraft is involved
(d) Ambulances or other assistance as required

When an aircraft accident is reported to the Police Department by the airport tower personnel the dispatcher receiving such information should verify that the tower personnel will contact the Federal Aviation Administration (FAA) Flight Standards District Office and the National Transportation Safety Board (NTSB). In the event that airport personnel are not involved, the dispatcher should notify the FAA and the NTSB.

423.2.4 RECORDS SUPERVISOR RESPONSIBILITIES

The Records Supervisor is responsible for the following:

(a) Forward and maintain an approved copy of the accident report to the California Department of Aeronautics.
(b) Forward a copy of the report to the Deputy Chief and the manager of the affected airport.
423.2.5 PUBLIC INFORMATION OFFICER RESPONSIBILITIES
The Department Public Information Officer is responsible for the following:

(a) Obtain information for a press release from the on-scene commander or his or her designee
(b) When practical, the Department Public Information Officer should coordinate with the FAA Press Information Officer to prepare a press release for distribution to the Media

Information released to the press regarding any aircraft accident should be handled by the Department Public Information Officer or in accordance with existing policy.

423.3 DOCUMENTATION
Any aircraft accident (crash) within the City, regardless of whether injuries or deaths occur, shall be documented.
Field Training Officer Program

424.1 PURPOSE AND SCOPE

The Field Training Officer Program is intended to provide a standardized program to facilitate the officer’s transition from the academic setting to the actual performance of general law enforcement duties of the Woodland Police Department.

It is the policy of this department to assign all new police officers to a structured Field Training Officer Program that is designed to prepare the new officer to perform in a patrol assignment, and possessing all skills needed to operate in a safe, productive, and professional manner.

424.2 FIELD TRAINING OFFICER - SELECTION AND TRAINING

The Field Training Officer (FTO) is an experienced officer trained in the art of supervising, training, and evaluating entry level and lateral police officers in the application of their previously acquired knowledge and skills.

All FTOs must complete a 24-hour Field Training Officer update course every three years while assigned to the position of FTO (11 CCR 1004).

All FTOs must meet any training mandate regarding crisis intervention behavioral health training pursuant to Penal Code § 13515.28.

424.3 FIELD TRAINING OFFICER PROGRAM SUPERVISOR

(f) Monitor overall FTO Program.
(g) Develop ongoing training for FTOs.

The FTO Program supervisor will be required to successfully complete a POST approved Field Training Administrator's Course within one year of appointment to this position (11 CCR § 1004(c)).

424.4 TRAINEE DEFINED
Any entry level or lateral police officer newly appointed to the Woodland Police Department who has successfully completed a POST approved Basic Academy.

424.5 REQUIRED TRAINING
Entry level officers shall be required to successfully complete the Field Training Program, consisting of a minimum of 10 weeks (11 CCR 1004; 11 CCR 1005).

The training period for a lateral officer may be modified depending on the trainee’s demonstrated performance and level of experience, but shall consist of a minimum of ten weeks.

To the extent practicable, entry level and lateral officers should be assigned to a variety of Field Training Officers, shifts, and geographical areas during their Field Training Program.

424.5.1 FIELD TRAINING MANUAL
Each new officer will be able to access the Field Training Manual at the beginning of his/her Primary Training Phase through the Field Training Program software. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Woodland Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules, and regulations adopted by the Woodland Police Department.

424.6 EVALUATIONS
Evaluations are an important component of the training process and shall be completed as outlined below.

424.6.1 FIELD TRAINING OFFICER
The FTO will be responsible for the following:
Field Training Officer Program

(a) Complete and submit a written evaluation on the performance of his/her assigned trainee to the FTO Coordinator on a daily basis.

(b) Review the Daily Trainee Performance Evaluations with the trainee each day.

(c) Complete a detailed end-of-phase performance evaluation on his/her assigned trainee at the end of each phase of training.

(d) Sign off all completed topics contained in the Field Training Manual, noting the method(s) of learning and evaluating the performance of his/her assigned trainee.

424.6.2 FIELD TRAINING LIEUTENANT

All documentation of the Field Training Program will be retained in the officer's electronic FTO training file and will consist of the following:

(a) Daily Trainee Performance Evaluations

(b) End of phase evaluations

(c) A Memorandum to the Chief of Police certifying that the trainee has successfully completed the required number of hours of field training
Obtaining Air Support

425.1 PURPOSE AND SCOPE
The use of police air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

425.2 REQUEST FOR HELICOPTER ASSISTANCE
If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain helicopter assistance may be made.

425.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY
After consideration and approval of the request for air support, the field supervisor will authorize YECA dispatch personnel to call the closest agency having support available. The dispatch personnel will apprise that agency of the specific details of the incident prompting the request.

425.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Air support may be requested under any of the following conditions:

(a) When air support is activated under existing mutual aid agreements

(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of air support may reduce such hazard

(c) When the use of air support will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community

(d) When air support is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard

(e) Vehicle pursuits

While it is recognized that the availability of air support support will generally provide valuable assistance to ground personnel, the presence of air support will rarely replace the need for officers on the ground.
Contacts and Temporary Detentions

426.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

426.1.1 DEFINITIONS
Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

426.2 POLICY
The Woodland Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.
426.3 FIELD INTERVIEWS
Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer’s suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Woodland Police Department to strengthen community involvement, community awareness, and problem identification.

426.3.1 INITIATING A FIELD INTERVIEW
When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
(b) Actions suggesting that he/she is engaged in a criminal activity
(c) Presence in an area at an inappropriate hour of the day or night
(d) Presence in a particular area is suspicious
(e) Carrying of suspicious objects or items
(f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
(g) Location in proximate time and place to an alleged crime
(h) Physical description or clothing worn that matches a suspect in a recent crime
(i) Prior criminal record or involvement in criminal activity as known by the officer

426.4 PAT-DOWN SEARCHES
Once a valid stop has been made, and consistent with the officer’s training and experience, an officer may pat a suspect’s outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
(b) Where more than one suspect must be handled by a single officer.
(c) The hour of the day and the location or neighborhood where the stop takes place.
(d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
(e) The actions and demeanor of the suspect.
Contacts and Temporary Detentions

(f) Visual indications which suggest that the suspect is carrying a firearm or other weapon. Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

426.5 FIELD PHOTOGRAPHS
Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

426.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should note the consent on the FI card.

426.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. Mere knowledge or suspicion of gang membership or affiliation is not a sufficient justification for taking a photograph without consent. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct.

If, prior to taking a photograph, the officer’s reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

426.6 SUPERVISOR RESPONSIBILITY
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.
Criminal Organizations

427.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that the Woodland Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

427.1.1 DEFINITIONS
Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

427.2 POLICY
The Woodland Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

427.3 IDENTIFICATION OF CRIMINAL STREET GANGS / PARTICIPANTS
The Gang Task Force (GTF) shall be authorized to collect information on individuals who are suspected of participating in a criminal street gang and groups that are suspected of being criminal street gangs.

(a) A group of three or more individuals shall be designated a criminal street gang when:
   1. They have a common name or common identifying sign or symbol.
   2. There is evidence, substantiated by crime and informational reports, that a primary activity of the group is the commission of one or more criminal acts enumerated in 186.22 of the California Penal Code.
   3. One or more members individually or collectively have engaged in a pattern of criminal gang activity as defined in 186.22 of the California Penal Code.
   4. A designated representative of the District Attorney's Office reviews the available evidence and concurs with a Department finding that the group meets the criteria for being a criminal street gang.

(b) An individual shall be designated as a participant in a criminal street gang and included in a gang file, when three or more of the following elements have been verified by a GTF member and a reasonable basis for believing such affiliation has been established and approved by a supervisor:
   1. An individual admits membership in a criminal street gang.
Criminal Organizations

2. Correspondence wherein the individual identifies him/herself as a gang member.
3. The individual is identified by a gang member as a member of a gang.
4. The individual is tattooed with gang specific tattoos.
5. The individual wears gang clothing/colors.
6. The individual is in the company of other identified gang members.
7. The individual is in a photograph that indicates gang affiliation.
8. The individual is contacted in the field by police for participating in gang related activities.
9. The individual is seen displaying gang signs.
10. The individual displays gang graffiti on personal belongings.
11. The individual is involved in gang related crimes.

(c) An individual may be designated as a gang affiliate only when the individual is known to affiliate with active criminal gang members and an officer has established that there is reasonable suspicion that the individual is involved in criminal activity. An officer's belief must be premised upon reasoning and logic coupled with sound judgment based upon law enforcement experience, rather than a mere hunch or whim.

(d) The process for validating/classifying an individual as a gang member is outlined in the following attachment: See attachment: GANG VALIDATION PROCESS.pdf

427.3.1 SYSTEM ENTRIES
It is the designated supervisor’s responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Crime Analysis Unit (CAU). Any supporting documentation for an entry shall be retained by the CAU in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the CAU are appropriately marked as intelligence information. The Crime Analyst may not purge such documents without the approval of the designated supervisor.

427.3.2 GANG DATABASES
The Chief of Police may approve participation by the gang unit and/or the Crime Analysis Unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database (11 CCR 751.6).

It is the Gang Task Force supervisor’s, or Crime Analyst's responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate, or affiliate in a shared gang database; or
submitting a document to the Attorney General’s office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the GTF supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code §186.34). The GTF supervisor should forward reports or field interviews (FIs) to the Crime Analysis Unit.

The person, an attorney working on his/her behalf, or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate, or affiliate in a shared gang database accessible by the Department, the basis for that designation, and the name of the agency that made the designation. The Department shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation, which shall be reviewed by the GTF supervisor. If it is determined that the person is not a suspected gang member, associate, or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the department’s decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

The GTF supervisor should forward reports or FIs to the Crime Analyst after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.

It is the responsibility of the Crime Analyst to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).
427.4 CRIMINAL STREET GANG TEMPORARY FILE
The GTF Supervisor and Crime Analyst may maintain a temporary file of reports and FIs that is separate from any criminal gang intelligence database when an individual or group has been identified as a suspected criminal street gang participant or a suspected criminal street gang but does not meet the criteria necessary for entry into a criminal gang intelligence database.

Inclusion in a temporary file may be done only if there is a reasonable likelihood that, within one year of the contact, the individual or group will meet the criteria for entry into a department approved criminal gang intelligence database. Reports and FIs will only be included in a temporary gang file with the written authorization of the GTF Supervisor. A temporary file of criminal street gang participants or criminal street gangs shall include:

(a) Names, aliases, monikers, addresses, and other relevant identifying information.
(b) Gang name.
(c) Justification used to identify an individual as a criminal street gang participant.
(d) Vehicle(s) known to be used.
(e) Cross references to other identified gangs or gang members.

427.4.1 REVIEW AND PURGING OF GANG PARTICIPANT FILE
Temporary files shall not be retained longer than one year. At the end of one year, temporary files must be purged if the information does not qualify for entry into a department approved criminal gang intelligence database.

The GTF Supervisor or Crime Analyst shall periodically review temporary files to verify that the information was properly obtained and meets the criteria for retention. Validation and purging of temporary criminal street gang files is the responsibility of the GTF Supervisor and the Crime Analyst.

427.4.2 CRIMINAL GANG INTELLIGENCE DATABASES
While this policy does not establish a criminal gang intelligence database, the Chief of Police may approve one or more criminal gang intelligence databases, such as CALGANG, for use by members of the GTF. Any such database should be compliant with 28 C.F.R. § 23.20 regulating criminal intelligence systems. Employees must obtain the requisite training before accessing any such database.

It is the GTF Supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into a department approved criminal gang intelligence database. The GTF Supervisor should forward any such reports or FIs to the Crime Analysis Unit after appropriate database entries are made. The submitting GTF Supervisor should clearly mark the report/FI as Gang Intelligence Information.

It is the responsibility of the Crime Analyst to retain reports and FIs in compliance with the procedures of the department approved criminal gang intelligence database and 28 C.F.R. §
23.20. The Crime Analyst may not purge these reports or FIs without the approval of the GTF Supervisor.

427.5 INFORMATION RECOGNITION
Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

(a) Gang indicia associated with a person or residence.
(b) Information related to a drug-trafficking operation.
(c) Vandalism indicating an animus for a particular group.
(d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Manager to train members to identify information that may be particularly relevant for inclusion.

427.6 RELEASE OF INFORMATION
Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile’s name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

427.7 CRIMINAL STREET GANGS
The GTF supervisor should ensure that there are an appropriate number of employees who can:

(a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:

1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).

(b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
(c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

427.8 REPORTING CRITERIA, ROUTING, AND TRAINING
Incidents that appear to be criminal street gang related shall be documented on a report form and shall at minimum include the following:

(a) A description of any document, statements, actions, dress or other information that would tend to support the officer’s belief that the incident may be related to the activities of a criminal street gang.

(b) Whether any photographs were taken and a brief description of what they depict.

(c) What physical evidence, if any, was observed, collected or booked.

(d) A specific request to Records that a copy of the report be routed to the GTF.

Any photographs taken or evidence collected shall be booked in accordance with current evidence booking procedures.

427.8.1 SHARED GANG DATABASE TRAINING
The Training Manager should ensure that members who are authorized users of a shared gang database receive the required training from the California Department of Justice (DOJ) or an instructor certified by the DOJ that includes comprehensive and standardized training on the use of shared gang databases, and any other associated training required by the Department (Penal Code § 186.36; 11 CCR 751.6).

427.8.2 TRAINING
The Training Manager should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

(a) The protection of civil liberties.

(b) Participation in a multiagency criminal intelligence system.

(c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.

(d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.

(e) The review and purging of temporary information files.
Shift Sergeants

428.1 PURPOSE AND SCOPE
Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each shift.

428.2 DESIGNATION AS ACTING SHIFT SERGEANT
When a Sergeant is unavailable for duty as Patrol Supervisor, in most instances another Sergeant or Corporal shall be assigned to be the Patrol Supervisor.

If the assigned Patrol Supervisor is to be unavailable for an extended period of time, a Corporal may be designated as the Acting Patrol Supervisor upon approval of the Chief of Police.
Intersection Observation Plan - Code 666

429.1 PURPOSE AND SCOPE
The purpose of this procedure is to establish guidelines for implementing an intersection observation plan to facilitate apprehension of crime suspects who are fleeing by vehicle. Code 666 is a procedure used by Sacramento, Placer, Solano and Napa Counties to facilitate the apprehension of felony crime suspects. This plan requires participating agencies to dispatch officers to pre-designated locations that are in the geographical area, and/or possible direction of travel/escape route a suspect may take. This plan will generally last for 30 minutes unless 15 minute extensions are requested by the authorizing agency.

429.2 CRITERIA FOR IMPLEMENTING A CODE 666
(a) The Code 666 may be implemented when the following conditions exist:
   (a) When the agency having jurisdiction over the area where the offense occurs requests it.
   (b) A felony crime has been committed.
   (c) Less than 20 minutes has elapsed since commission of the crime.
   (d) A description of the suspect vehicle is known (to include the license plate number or if the vehicle has a distinctive description)

(b) Necessary and/or Useful Information Needed For Implementation
   (a) Offense committed (187, 211, 459 PC, ect.)
   (b) Location of offense
   (c) Date and time of offense
   (d) Suspect vehicle description (color, year, make, body style, other ID, license)
   (e) Direction of travel
   (f) Suspect’s description (race, sex, age, height, weight, hair, eyes, clothing, other)
   (g) Weapons involved
   (h) Hostages
   (i) Stolen property

429.3 IMPLEMENTATION PROCEDURES - CODE 666
(a) Who May Implement: The first person having sufficient information for implementation should make the request; time is critical.

(b) How To Implement Plan
   (a) Yolo Emergency Communications Agency (YECA), once furnished the necessary information, may request a Code 666
Intersection Observation Plan - Code 666

(b) The dispatcher will:
   (a) Immediately notify the on duty supervisor
   (b) Request a Code 666
   (c) Furnish the agency with the available information

(c) Coordination
   1. Field operation coordination shall be the responsibility of the field supervisor.

(d) Duration of Plan
   1. The plan shall remain in effect on a specific incident until canceled by the implementing agency.
   2. The plan should be updated or downgraded to an alert status after 30 minutes, if the suspect is not in custody. This will allow units to leave their pre-assigned location unless they choose to remain. In either case, they should become available for regular calls for service.

(e) Cancellation
   1. The Watch Commander or field supervisor shall determine when to cancel a Code 666 initiated by this department.
   2. The need for the plan no longer exists or no useful purpose can be served by maintaining it.

(f) Suspect apprehension: if the suspect(s) are apprehended as a result of this plan, personnel from the agency with jurisdiction over the crime prompting the Code 666 will respond to take custody of the suspects.

**429.4 PROCEDURE WHEN ANOTHER AGENCY INITIATES A CODE 666**
The Department will be notified by radio and/or telephone by YECA

(a) The Dispatcher will immediately broadcast the information on this department’s radio frequency.

(b) Patrol and detective units, if available, will be assigned by the Dispatch Center to a location number.

(c) Units will advise the dispatcher when they arrive at their assigned location.

(d) When all units are at their assigned location, the dispatcher will notify the outside agency of the locations covered.

(e) Radio transmissions on the outside agencies frequency should be limited to emergency nature to prevent the interference with the emergency information broadcasts.

(f) If the location assigned to WPD cannot be covered or it becomes necessary to take the unit off an assigned location, the Sheriff’s Department or California Highway Patrol can assign personnel to cover the location.
Intersection Observation Plan - Code 666

429.5 WOODLAND LOCATIONS
Once a CODE 666 has been established, units will be dispatched to pre-assigned locations. YECA should not broadcast these locations over the radio. The locations are:

(a) Interstate 5 and County Road 102
(b) State Route 113 and Gibson Road

429.6 PROCEDURE WHEN A SUSPECT VEHICLE IS SPOTTED

(a) The Police unit spotting or locating the suspect vehicle will immediately take up rolling surveillance and report its location and direction of travel to YECA. Officers shall consider officer safety paramount and must follow department policy regarding Vehicle Pursuits and the apprehension of felony suspects.

(b) Code 666 locations can be found in the Countywide 666 Protocol.
Mobile Audio Video

430.1 PURPOSE AND SCOPE
The Woodland Police Department has equipped marked patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

430.1.1 DEFINITIONS
Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

430.2 POLICY
It is the policy of the Woodland Police Department to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

430.3 OFFICER RESPONSIBILITIES
Officers should test the MAV system's operation in accordance with department operating procedures and training each shift.

If the system is malfunctioning, the officer shall not take the vehicle out of service unless a supervisor requests the vehicle be removed from service.

Classify and label each recording appropriately.

430.3.1 START OF SHIFT
At the start of each shift, officers will log into the MAV system.

Officers will take the following actions to make sure the MAV system is operating correctly:

a. Confirm that the system will turn on manually and when emergency lights are activated.

b. Confirm that the system's audio function is working properly.
430.4 ACTIVATION OF THE MAV
The MAV system is designed to turn on whenever the unit's emergency lights are activated or when a speed of 55 MPH is reached. The system remains on until it is turned off manually. The audio portion should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

430.4.1 REQUIRED ACTIVATION OF MAV
This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

(a) All field contacts involving actual or potential criminal conduct within video or audio range.
(b) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect.
(c) During the transportation of any arrestee or detainee.
(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.
(e) Any other circumstance where the officer believes that a recording of an incident would be appropriate.

430.4.2 CESSATION OF RECORDING
Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

430.4.3 WHEN ACTIVATION IS NOT REQUIRED
Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

Employees of this department may not surreptitiously record a conversation of any other employee of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

430.4.4 SUPERVISOR RESPONSIBILITIES
Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made.
At reasonable intervals, supervisors should validate that beginning and end-of-shift recording procedures are followed.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

430.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

(a) For use when preparing reports or statements
(b) By a supervisor or manager reviewing a critical incident or pursuit
(c) To assess proper functioning of MAV systems
(d) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
(e) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to their employment
(f) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
(g) By the media through proper process or with permission of the Chief of Police or the authorized designee
(h) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, their objection will be submitted to the Chief of Police to determine if the training value outweighs the officer’s objection
Employees desiring to view any previously uploaded or archived MAV recording should contact the Property and Evidence Technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

430.6 DOCUMENTING MAV USE
If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation, indicating that the incident was recorded.

430.6.1 CLASSIFYING VIDEOS
Upon completion of an incident, officers should classify each video prior to going in service. The classification categories are:

a. Arrest (retained until the Yolo County District Attorney gives an order allowing purge)
b. Evidence (retained until the Yolo County District Attorney gives an order allowing purge or the case is no longer viable)
c. Citation (retained for one year)
d. Other (retained for one year)

The Other category should be used any time the video does not fall in one of the prior categories. This may include system checks, accidental activations, citizen contacts, or contacts resulting in no enforcement.

When classifying videos as Arrest or Evidence, officers will include the case number. Officers are encouraged to, but not required to, include a citation number when classifying a video as Citation.

430.7 RECORDING MEDIA STORAGE AND INTEGRITY
Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for one year after which time it will be erased, destroyed or recycled in accordance with the established records retention schedule (Government Code § 34090.6).

430.7.1 COPIES OF ORIGINAL RECORDING MEDIA
Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

430.7.2 MAV RECORDINGS AS EVIDENCE
Any MAV recording resulting from a criminal investigation or citation or potential claim against the officer or against the Woodland Police Department should be indicated in an appropriate report. Officers shall ensure relevant recordings are preserved and properly booked into the Evidence system.
Mobile Digital Computer Use

431.1 PURPOSE AND SCOPE
The Mobile Digital Computer (MDC) accesses confidential records from the State of California, Department of Justice and Department of Motor Vehicles databases. Employees using the MDC shall comply with all appropriate federal and state rules and regulations.

431.2 MDC USE
The MDC shall be used for official police communications only. Messages that are of a sexual, racist, or offensive nature, or otherwise critical of any member of the Department are strictly forbidden. MDC use is also subject to the Department Technology Use Policy.

Messages may be reviewed by supervisors at anytime without prior notification. Employees generating or transmitting messages not in compliance with this policy are subject to discipline.

All calls dispatched to patrol units should be communicated by voice and MDC unless otherwise authorized by the Patrol Supervisor.

431.2.1 USE WHILE DRIVING
Use of the MDC by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

431.2.2 DOCUMENTATION OF ACTIVITY
MDC's and voice transmissions are used to record the officer's daily activity. To ensure the most accurate recording of these activities all contacts or activity should be transmitted verbally over the police radio.

431.2.3 STATUS CHANGES
All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted verbally over the police radio.

Officers responding to in-progress calls shall advise changes in status verbally over the radio to assist other officers responding to the same incident.

431.3 MDC CONSIDERATIONS
431.3.1 NON-FUNCTIONING MDC
Whenever possible, officers will not use units with malfunctioning MDC's. Whenever officers must drive a unit in which the MDC is not working, they shall notify Dispatch. It shall be responsibility of Dispatch to record all information that will then be transmitted verbally over the police radio.

431.3.2 BOMB CALLS
When investigating reports of possible bombs, officers will turn off their MDC's. Operating the MDC may cause some devices to detonate.
Use of Audio/Video Recorders

432.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to lawful surreptitious audio/video recording, interception of communications for authorized investigative purposes or to mobile audio/video recordings (see the Investigation and Prosecution and Mobile Audio/Video policies).

432.2 POLICY
The Woodland Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

432.3 MEMBER PRIVACY EXPECTATION
All recordings made by members acting in their official capacity shall remain the property of the Department regardless of whether those recordings were made with department-issued or personally owned recorders. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

432.4 MEMBER RESPONSIBILITIES
Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or malfunctions at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever possible.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever possible.

When using a portable recorder, the assigned member shall record his/her name, WPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user’s unique identification and the date and time of each recording.
Use of Audio/Video Recorders

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

432.5 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

(a) All enforcement and investigative contacts including stops and field interview (FI) situations
(b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
(c) Self-initiated activity in which a member would normally notify Dispatch
(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as practicable.

432.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

432.5.2 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.
Use of Audio/Video Recorders

432.6 PROHIBITED USE OF PORTABLE RECORDERS
Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Patrol Supervisor. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements.

Recordings shall not be used by any member for the purpose of embarrassment, intimidation or ridicule.

432.7 RETENTION OF RECORDINGS
Any time a member records any portion of a contact that the member reasonably believes constitutes evidence in a criminal case, the member shall record the related case number and transfer the file in accordance with current procedure for storing digital files and document the existence of the recording in the related case report. Transfers should occur at the end of the member’s shift, or any time the storage capacity is nearing its limit.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

432.7.1 RETENTION REQUIREMENTS
All recordings shall be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days.

432.8 RELEASE OF RECORDINGS
Recordings made using portable recording devices pursuant to this policy are department records and may only be released as provided in the Release of Records and Information Policy or for other authorized legitimate department business purposes.

432.9 REVIEW OF RECORDINGS
When preparing written reports, members should review their recordings as a resource. However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.
Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member’s performance.

Recorded files may also be reviewed:

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.

(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

(c) By media personnel with permission of the Chief of Police or the authorized designee.

(d) In compliance with a public records request, if permitted, and in accordance with the Records Release and Security Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Release and Security Policy). Recordings that unreasonably violate a person’s privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.
Body Worn Cameras

433.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of Body Worn Cameras (BWC) by authorized employees while in the performance of their duties.

This policy does not apply to lawful surreptitious audio/video recording or interception of communications for authorized investigative purposes.

433.2 POLICY
The Woodland Police Department may provide employees with access to body worn cameras for use during the performance of their duties. The goal of this program is to provide documentary evidence for criminal investigations, internal or administrative investigations, foster transparency and accountability while protecting civil liberties, and privacy interests. Employees using body worn cameras shall use them as a tool for capturing evidence, accurately capturing contacts between the employees of the department and the public and to help ensure public safety.

Employees who have not been trained in the proper use of the body worn camera and the policy governing these devices shall not be allowed to use the device.

433.3 OFFICER PRIVACY EXPECTATION
Recordings made by employees acting in their official capacity shall remain the property of the department and employees shall have no expectation of privacy or ownership interest in the content of these recordings.

433.4 EMPLOYEE RESPONSIBILITIES
Before going into service officers assigned a body worn camera will be responsible for making sure the body worn camera is in good working order. If the body worn camera is not in working order or malfunctions at any time, the officer shall report the failure to their supervisor and obtain a functioning device as soon as practicable. No officer should use the body worn camera issued to another officer without permission from the system administrator. Officers should wear the body worn camera conspicuously on the front of the uniform, where it is conducive to recording both audio and video.

Employees should document the existence of a recording in any report, citation or other official record of the contact, including any instance where the body worn camera malfunctioned or the officer deactivated the recording as referenced in section 446.6. Officers should include the reason for deactivation.

By the conclusion of the officer’s shift, or any time the storage capacity is nearing its limit, the body worn camera should be docked and its contents downloaded to the video management system.

Employees are expected to use the video management system to add data (e.g., call types, case numbers etc.) to all recordings with evidentiary value or potential future significance.
433.5 ACTIVATION OF THE BODY WORN CAMERA

At no time is an officer expected to jeopardize their safety to activate a body worn camera.

Uniformed Officers

Officers shall activate the body worn camera during all enforcement and investigative stops, calls for service, while transporting arrestees or detainees, or any other time they believe a recording of an on-duty contact may be useful.

Officers should make every attempt to activate their body worn camera while en route to calls for service.

Officers shall classify recordings each time the camera is activated.

Officers shall activate their recorder when directed to do so by a supervisor.

Officers are encouraged to advise private persons that they are recording if the advisement may gain compliance, assist in the investigation, and does not interfere with the investigation or officer safety.

Non-Uniformed Officers

Non-uniformed officers who have been issued a body worn camera are not required to wear the recorder at all times; however, non-uniformed officers shall maintain and have them available while on duty. Non-uniformed officers may wear the approved body worn camera at any time the employee believes that such a device may be useful.

Non-uniformed officers shall utilize the body worn camera during all pre-planned enforcement activity (e.g. search warrant service, suspect apprehensions, and warrant service).

Task Force Officers

Officers assigned to a Federal Task Force are exempt from the local mandatory requirements in this policy. They will use body-worn cameras in accordance with the Federal policy as outlined in the Memorandum of Understanding agreed upon by participating agencies.

433.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Officers may surreptitiously record any conversation during the course of a criminal investigation in which the officer reasonably believes that such a recording is lawful and beneficial to the investigation or when apprehending a violator of the law. (Penal Code § 630, 633)

Officers shall not intentionally surreptitiously record another department employee without a court order.

433.5.2 CESSATION OF RECORDING

Once activated, the portable recorder shall remain on continuously unless one of the below listed exceptions apply. The reason for the deactivation should be recorded verbally prior to deactivation. This does not include when the employee comes to a conclusion of an incident.

Cessation of recording may occur if:
Body Worn Cameras

(a) It reasonably appears to the officer that the dignity and privacy of individuals being recorded may outweigh any legitimate law enforcement interest in recording (e.g., citizens who are concerned about retaliation or citizens that are unclothed). Requests by members of the public to stop recording should be considered using this criteria. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

(b) The officer’s direct participation in the incident is complete, or the situation no longer fits the criteria for activation. For purposes of this section, conclusion of an incident has occurred when:

1. All arrests have been made and arrestees have been transported;
2. All witnesses and victims have been interviewed;
3. All enforcement action has ceased and subjects are free to go; and
4. All units have cleared the scene.

(c) The officer believes the recording at a hospital or health care facility may compromise patient confidentiality. (Penal Code § 636)

(d) When the use of the portable recorder causes emotional distress to the victim of a crime (e.g., a sexual assault victim)

(e) Interviewing an informant for the purpose of gathering intelligence. At the conclusion of the interview, the officer shall re-activate until no longer required by policy.

(f) The officer is exchanging or discussing administrative, tactical or law enforcement sensitive information away from the citizen. For purposes of this section, an "administrative reason" refers to:

1. Personal conversations unrelated to the incident being recorded,
2. Employee to Employee training (e.g., when a Field Training Officer wishes to speak to a Probationary Officer about a training issue.)

(g) During significant periods of inactivity such as report writing, perimeter duty where the officer is unlikely to have interaction or a chance encounter with the suspect, or other breaks from direct participation in the incident.

(h) During breaks, meetings, trainings, inside of the locker room or any bathroom.

(i) Upon the direction of a supervisor/manager. The identity of the supervisor granting the authorization shall also be stated prior to the video deactivation.

Employees shall not knowing or intentionally cease recordings during critical incidents such as officer involved shootings, use of force situations, riots and pursuits.

433.5.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.
Body Worn Cameras

433.6 PROHIBITED USE OF BODY WORN CAMERAS
All employees are prohibited from using department-issued body worn cameras and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty and/or while acting in their official capacity. Employees may retain copies for official purposes, however, shall not retain copies of recordings for personal use.

Employees are prohibited from using personally owned video recording devices while on-duty.

Recordings shall not be used by any employee for the purpose of embarrassment, intimidation or ridicule of fellow employees or volunteers.

433.7 RETENTION OF RECORDINGS
Any time an employee records any portion of a contact that the employee reasonably believes constitutes evidence in a criminal case, the employee shall record the related case number and transfer the file in accordance with current procedure for storing digital files and document the existence of the recording in the related case report.

In the event of an accidental activation of the portable audio/video recorder and the resulting recording is of no investigative or evidentiary value, the affected employee may request that the file be deleted by submitting a written request to the system administrator with sufficient information to locate the file. The system administrator will locate the video and delete the file. Employees shall be notified once the file has been deleted, all requests for deletion shall be retained by the department.

433.7.1 RETENTION REQUIREMENTS
Recordings of the following should be retained for a minimum of two years (Penal Code § 832.18):

(a) Incidents involving use of force by an officer
(b) Officer-involved shootings
(c) Incidents that lead to the detention or arrest of an individual
(d) Recordings relevant to a formal or informal complaint against an officer or the Woodland Police Department

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

All other recordings should be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).
433.8 REVIEW OF RECORDINGS
All access to the video management system is logged and subject to audit at any time. Access to data from the system is permitted on a right to know, need to know basis. Employees authorized under this policy may review video according to the provisions of this policy.

If ordered, officers who are involved in a critical incident shall provide a public safety statement prior to reviewing video.

Employees shall have access to review all audio/video data for any incident or case they were a party to. Prior to providing a verbal or written administrative statement, employees shall have the right to view all audio and/or video recordings in the Department’s possession. When preparing reports, employees may review all recordings as a resource, however, employees should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct. Recordings shall not be intentionally reviewed solely for the purpose of seeking discipline.

Recorded files may also be reviewed:

(a) By any employee of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation, upon approval of a supervisor.

(b) Pursuant to lawful process, by those who are authorized to review evidence in a related case.

(c) Recordings may be shown for the purposes of training. If the involved employee objects to the showing of a recording, their objection shall be submitted to the Chief of Police to determine if the training value outweighs the employee’s objection for not showing the recording. In no event shall any recording be used for the purpose of ridicule or embarrassing an employee.

(d) By Field Training personnel for the purpose of reviewing a probationary officer’s performance.

(e) By media personnel with permission of the Chief of Police or designee. Recordings that are released to the media will then become available for public release. Portable recording device video released to the public shall be accompanied by a fact sheet whose purpose is to educate the viewer on the limitations of portable recording device video. Items contained within the fact sheet shall be mutually agreed upon by the Woodland Police Officers Association, the Woodland Police Association, and the Department.

433.9 MEDIA/PUBLIC RECORDS ACT REQUESTS
Body worn camera video recordings are the property of the Woodland Police Department. To protect the privacy of citizens and with regard to the confidential and sensitive nature of police work, the Woodland Police Department considers all department audio and video images as evidence and therefore exempt from public records act requests. The Chief of Police shall have the
final approval regarding the release of any recordings. The Department shall release recordings as required for criminal or civil court proceedings or in compliance with a court order.

All recordings shall be reviewed by the Records Supervisor or designee prior to public release (see the Records Release and Security Policy). In the event of a critical incident recordings may be released after consultation with the District Attorney's Office, any criminal investigating agency, City Attorney and the involved officer and their attorney. Before releasing any recordings, the Records Supervisor shall ensure that all personnel recorded are notified in advance of the release. The Records Supervisor or designee, shall ensure that all name badges and other identifiers are removed from recordings before release. Before release of any recordings, the involved officer's Association representative shall review the recording to ensure that personal identifiers have been removed. Recordings that unreasonably violate a person’s privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

**433.10 SWAT OPERATIONS - BODY WORN CAMERAS**

**EMPLOYEE RESPONSIBILITIES**

Before deploying on a SWAT operation, officers assigned a BWC will be responsible for making sure the BWC is in good working order. If the BWC is not in working order or malfunctions at any time, the officer shall report the failure to the SWAT Team Leader and obtain a functioning device as soon as practicable. No officer should use the body worn camera issued to another officer without permission from the system administrator.

SWAT Operators should wear the BWC conspicuously on the front of the ballistic vest, where it is conducive to recording both audio and video. The position of the BWC should not interfere with any mission essential or lifesaving gear. By the conclusion of the operation, or any time the storage capacity is nearing its limit, the body worn camera should be docked and its contents downloaded to the video management system. Officers are expected to use the video management system to add metadata (e.g., SWAT, case numbers etc.) to all recordings with evidentiary value or potential future significance.

**ACTIVATION OF THE BODY WORN CAMERA**

At no time is an officer expected to jeopardize their safety to activate a body worn camera. SWAT Operators shall activate the body worn camera when reaching phase line yellow on pre-planned operations or when actively deploying on reactive operations (i.e. Hostage Rescue, Barricaded Subject, Active Shooter).

Officers shall classify recordings each time the camera is activated. Officers shall activate their recorder when directed to do so by a supervisor. Officers are encouraged to advise private persons that they are recording if the advisement may
gain compliance, assist in the investigation, and does not interfere with the investigation or officer safety.

**CESSATION OF RECORDING**

Once activated, the portable recorder shall remain on continuously unless one of the below listed exceptions apply. The reason for the deactivation should be recorded verbally prior to deactivation. This does not include when the employee comes to a conclusion of an incident. Cessation of recording may occur if:

(a) It reasonably appears to the officer that the dignity and privacy of individuals being recorded may outweigh any legitimate law enforcement interest in recording (e.g., citizens who are concerned about retaliation or citizens that are unclothed). Requests by members of the public to stop recording should be considered using this criteria. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

(b) The Officer’s direct participation in the incident is complete, or the situation no longer fits the criteria for activation. For the purposes of this section, conclusion of an incident has occurred when:

1. All arrests have been made and arrestees have been handed over to uniformed Officers or detectives.
2. All witnesses and victims have been interviewed.
3. All SWAT functions have ceased and the scene has been turned over to detectives or patrol personnel.

(c) Interviewing an informant for the purpose of gathering intelligence. At the conclusion of the interview, the officer shall re-activate until no longer required by policy.

(d) The Officer is exchanging, or discussing administrative, tactical, or law enforcement sensitive information away from a citizen. (i.e. personal conversation, or with undercover investigators whose identity may be compromised and pose a safety risk).

(e) During periods of inactivity such as serving on perimeter duty where the Officers is unlikely to have interaction or a chance encounter with a suspect, or other breaks from direct participation in the incident.

Employees shall not knowingly or intentionally cease recordings during critical incidents such as Officer involved shootings, use of force situations, or the carrying out SWAT operations.
Medical Marijuana

434.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California’s medical marijuana laws.

434.1.1 DEFINITIONS
Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient’s housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers (“bud”) or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).
Medical Marijuana

434.2 POLICY
It is the policy of the Woodland Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Woodland Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

434.3 INVESTIGATION
Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

(a) Investigations when no person makes a medicinal claim.
(b) Investigations when a medicinal claim is made by a cardholder.
(c) Investigations when a medicinal claim is made by a non-cardholder.

434.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM
In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

434.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER
A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

(a) The information contained in the card is false or falsified.
(b) The card has been obtained or used by means of fraud.
(c) The person is otherwise in violation of the provisions of the MMP.
(d) The person possesses marijuana but not for personal medical purposes.
Medical Marijuana

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient’s medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

434.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient’s current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person’s claim of having a physician’s recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person’s medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician’s name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient’s needs (Health and Safety Code § 11362.77).

434.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

(a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:

1. The suspect has been identified and can be easily located at a later time.
2. The case would benefit from review by a person with expertise in medical marijuana investigations.
3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
Medical Marijuana

4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.

(b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient’s needs:

1. The amount of marijuana recommended by a medical professional to be ingested.
2. The quality of the marijuana.
3. The method of ingestion (e.g., smoking, eating, nebulizer).
4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
5. Whether the marijuana is being cultivated indoors or outdoors.

(c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).

(d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

434.3.5 EXCEPTIONS
This policy does not apply to, and officers should consider taking enforcement action for the following:

(a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).

(b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).

(c) Smoking marijuana (Health and Safety Code § 11362.79):
1. In any place where smoking is prohibited by law.
2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
3. On a school bus.
4. While in a motor vehicle that is being operated.
5. While operating a boat.
Medical Marijuana

(d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

434.4 FEDERAL LAW ENFORCEMENT
Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

434.5 PROPERTY AND EVIDENCE SECTION RESPONSIBILITIES
The Property and Evidence CSO shall report to the Support Services Manager. The Support Services Manager should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Support Services Manager is not responsible for caring for live marijuana plants.

Upon the prosecutor’s decision to forgo prosecution, or the dismissal of charges or an acquittal, the Support Services Manager should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Support Services Manager may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigations Bureau Commander.
Bicycle Patrol Unit

435.1 PURPOSE AND SCOPE
The Woodland Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

435.2 POLICY
Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Patrol Supervisor.

435.3 TRAINING
Participants in the program must complete an initial Department approved bicycle-training course after acceptance into the program. Thereafter bicycle patrol officers should receive twice yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

Bicycle patrol officers will be required to pass an annual bicycle skills test.

435.3.1 TRAINING REMEDIATION
Participants in the program who do not qualify with their firearm while wearing all of the required equipment, or who fail the annual bicycle skills test will be removed from active status until standards are met.

Participants will have 60 days from the date of the bicycle skills testing or range qualification to prepare, practice, and train for the remedial test. If the participant is on modified duty, the participant has 60 days from returning to full duty to prepare, practice, and train for the remedial test.
Participants who fail the remedial test shall be placed on inactive status until they complete further training at the convenience of the department and pass the firearms course, physical fitness test, and bicycle skills test.

435.4 UNIFORMS AND EQUIPMENT

Bicycles officers shall wear the departmentally approved uniform and safety equipment while operating the police bicycle. Safety equipment includes departmentally approved helmet, riding gloves, protective eyewear and approved footwear.

Refer to the procedure manual for specific uniform details.

Bicycle officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining necessary forms, citation books and other needed equipment to keep available while on bike patrol.

435.5 CARE AND USE OF PATROL BICYCLES

Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, and appropriate safety equipment.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in with a "POLICE" decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors and front lights. Officers wishing to enforce Vehicle Code 2800.1(b) shall also affix a horn satisfying the requirements of that section.

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, and equipment information. These items should remain with/on the bicycle at all times.

Each bicycle may be equipped with a steady or flashing blue warning light that is visible from the front, sides, or rear of the bicycle. (Vehicle Code § 21201.3)

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance annually to be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.
**Bicycle Patrol Unit**

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer’s immediate presence.

### 435.6 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the vehicle code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers are exempt from the rules of the road under the following conditions (Vehicle Code § 21200(b)(1)):

- (a) In response to an emergency call.
- (b) While engaged in rescue operations.
- (c) In the immediate pursuit of an actual or suspected violator of the law.
Disposal of Property at Unpermitted Campsites

436.1 PURPOSE
This procedure is intended to outline the steps for evaluating and disposing of property left at unpermitted campsites in Woodland.

436.2 CONSIDERATIONS
There are a number of considerations in evaluating how personal property found at unpermitted campsites should be treated. The applicable case law distinguishes between abandoned and non-abandoned property. This is relevant because once someone abandons property in a public space they lose Fourth Amendment protections for the property. However, in practice, the problem with homeless persons’ property at unpermitted campsites is that it is extremely difficult to determine if they've abandoned their property, or are just temporarily away, and it is even harder to prove in court. For this reason, the best course of action is to provide notice in all cases.

436.3 PROCEDURE

436.3.1 PRE-DEPRIVATION NOTICE
The Woodland Police Department will treat all homeless encampments as if they are not abandoned and provide notices accordingly. Prior to cleaning up the camp, officers should post the Pre-Deprivation Notice in a prominent location of the encampment and take a dated photo of the posted form. See attachment: WDLD Camping notice.rtf

436.3.2 WAITING PERIOD
After 24 hours a City of Woodland employee can check the site of the abandoned property. Property that has not been removed after 24 hours will be determined to be abandoned and may be collected.

Only property identified as a risk to public health and safety can be disposed of if an employee does not post the Pre-Deprivation Notice and follows the 24 hour waiting period. All other property must be held for safekeeping.

436.3.3 PERSONAL PROPERTY
Items such as tents, sleeping bags, legal papers, photographs, appliances and clothing must be stored for 90-days during which time the rightful owner may reclaim the property. Employees will photograph and document any personal property that is collected for storage. If the property can be contained in one or two trash bags employees are authorized to collect the property. Larger amounts of property may require cooperation with the Public Works to arrange for pick up.

City of Woodland employees shall check the property to ensure there is no identifying information for the owner or identifiable property (serial numbers, etc.) in the abandoned property. Found property, with a value under $50 and where the owner cannot be identified, may be destroyed by the officer per Policy 804.3.
Disposal of Property at Unpermitted Campsites

436.3.4 ITEMS POSING A RISK TO PUBLIC HEALTH AND SAFETY
Employees may immediately dispose of items that pose a risk to public health or safety. Property that is abandoned or poses a risk to the health and safety of the community, such as used syringes, empty bottles, used napkins, empty packages, plastic bags, garbage, and litter shall not be stored. Employees will photograph and document any items disposed of due to their risk to public health and safety. Collected abandoned property that is a risk to public health and safety may be discarded in any trash receptacle belonging to the City of Woodland.

436.3.5 POST-SEIZURE NOTICE
Employees shall leave a Post-Seizure Notice in a prominent place for any property and take a photo of the notice. See attachment: Abandoned Property Post Seizure Notice.rtf
Vin Verification

437.1 PURPOSE AND SCOPE
To verify Motor Vehicle Numbers when contacted in person by the registered owners. This policy outlines the procedures employees should follow when contacted to verify motor vehicle frame and engine numbers.

437.1.1 PROCEDURE
Dispatch shall assign patrol CSOs to verify Motor Vehicle Numbers when available. If no CSOs are available, then patrol officers will respond on a Code-1 basis.

Officers on patrol, not on an assignment, should comply with citizen requests for verification of vehicle serial numbers without leaving their beat. Officers shall also notify Communications of the verification.

437.1.2 OFF HIGHWAY MOTOR VEHICLE VIN VERIFICATION
DEFINITION - OFF HIGHWAY MOTOR VEHICLES
Motor vehicles used exclusively off the highway in California, and not otherwise licensed, i.e., trail bikes, mini bikes, dune buggies and all terrain vehicles used for recreation.

Off highway vehicle owners must present their vehicle to a Department of Motor Vehicles (DMV) employee, or to any California peace officer, for verification of engine or frame serial number.

Citizens contacting the Police Department for verification shall be directed to contact any DMV office except:

(a) DMV Headquarters Office
(b) State Capitol Office.

Owners shall not be directed to the California Highway Patrol (CHP). The CHP will not verify numbers unless the vehicle is being registered for use on the streets or highways.
Crisis Intervention Incidents

438.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

438.1.1 DEFINITIONS
Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage their behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

438.2 POLICY
The Woodland Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

438.3 SIGNS
Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental illness
(b) Threats of or attempted suicide
(c) Loss of memory
(d) Incoherence, disorientation or slow response
(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
(g) Social withdrawal
(h) Manic or impulsive behavior, extreme agitation, lack of control
(i) Lack of fear
(j) Anxiety, aggression, rigidity, inflexibility or paranoia
Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

438.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS
The Deputy Chief should collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

438.5 FIRST RESPONDERS
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer’s authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d) Attempt to determine if weapons are present or available.

1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETs) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).

(e) Take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of their action or inaction, as perceived by the officer.

(f) Secure the scene and clear the immediate area as necessary.

(g) Employ tactics to preserve the safety of all participants.

(h) Determine the nature of any crime.

(i) Request a supervisor, as warranted.

(j) Evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.
Crisis Intervention Incidents

(k) If circumstances reasonably permit, consider and employ alternatives to force.

438.6 DE-ESCALATION
Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

• Evaluate safety conditions.
• Introduce themselves and attempt to obtain the person’s name.
• Be patient, polite, calm, courteous and avoid overreacting.
• Speak and move slowly and in a non-threatening manner.
• Moderate the level of direct eye contact.
• Remove distractions or disruptive people from the area.
• Demonstrate active listening skills (e.g., summarize the person’s verbal communication).
• Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

• Use stances or tactics that can be interpreted as aggressive.
• Allow others to interrupt or engage the person.
• Corner a person who is not believed to be armed, violent or suicidal.
• Argue, speak with a raised voice or use threats to obtain compliance.

438.7 INCIDENT ORIENTATION
When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take their medication.
(b) Whether there have been prior incidents, suicide threats/Attempts, and whether there has been previous police response.
(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.
438.8 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.

(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).

(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.

(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

(e) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

438.9 INCIDENT REPORTING
Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

438.9.1 DIVERSION
Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

438.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS
Non-sworn employees may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Employees should treat all individuals equally and with dignity and respect.

(b) If an employee believes that they are interacting with a person in crisis, they should proceed patiently and in a calm manner.

(c) Employees should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person’s behavior makes the employee feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the employee to believe that the person may be harmful to themself or others, an officer should be promptly summoned to provide assistance.
Crisis Intervention Incidents

438.11 EVALUATION
The Bureau Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted periodically through the Law Enforcement/EMS Multi-Disciplinary Forensic Team Meetings. The overall purpose of the meeting is to gather emergency personnel and service teams who may encounter someone experiencing a mental health crisis, to develop a coordinated response.
Foot Pursuit Policy

439.1 PURPOSE AND SCOPE
Foot pursuits are inherently dangerous and require common sense, sound tactics, and heightened officer safety awareness. This policy sets forth guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot by balancing the objective of apprehending the suspect with the risk of potential injury to the officer, the public or the suspect.

439.1.1 POLICY
It is the policy of this department when deciding to initiate or continue a foot pursuit that officers must continuously balance the objective of apprehending the suspect with the risk and potential for injury to department personnel, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances. Absent exigent circumstances, the safety of department personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department personnel.

439.2 DECISION TO PURSUE
Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as the sole justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits potentially place department personnel and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

(a) Containment of the area.
(b) Canine search.
(c) Saturation of the area with patrol personnel.
(d) Aerial support.
Foot Pursuit Policy

(e) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

439.3 GUIDELINES FOR FOOT PURSUIT

Unless the officer reasonably believes that exigent circumstances exist (e.g. a serious threat to the safety of personnel or members of the public), officers should consider alternatives to engaging in or continuing a foot pursuit under the following conditions:

(a) When directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory.

(b) When the officer is acting alone.

(c) When two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The officer is unsure of his/her location and direction of travel.

(e) When pursuing multiple suspects and the pursuing officers do not reasonably believe that they would be able to control the suspect should a confrontation occur.

(f) When the physical condition of the officers renders them incapable of controlling the suspect if apprehended.

(g) When the officer loses radio contact with Dispatch or with backup officers.

(h) When the suspect enters a building, structure, confined space or a wooded or otherwise isolated area and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient officers.

(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.

(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect's location is no longer definitely known.
Foot Pursuit Policy

(n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department personnel or the public if the suspect is not immediately apprehended.

(o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other conditions.

439.4 RESPONSIBILITIES IN FOOT PURSUITs

439.4.1 INITIATING OFFICER RESPONSIBILITIES
Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

(a) Unit identifier
(b) Location and direction of travel
(c) Reason for the foot pursuit
(d) Number of suspects and description
(e) Whether the suspect is known or believed to be armed

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify Dispatch of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary.

439.4.2 ASSISTING OFFICER RESPONSIBILITIES
Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

Any officer who is in a position to intercept a fleeing suspect or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.
Foot Pursuit Policy

439.4.3 SUPERVISOR RESPONSIBILITY
Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-pursuit activity.

439.4.4 DISPATCH RESPONSIBILITIES
Upon being notified or becoming aware that a foot pursuit is in progress, communication personnel shall, as soon as practicable, notify the field supervisor and provide available information. Dispatch personnel are also responsible for the following:

(a) Clear the radio channel of non-emergency traffic.
(b) Repeat the transmissions of the pursuing officer as needed.
(c) Relay all pertinent information to responding personnel.
(d) Contact additional resources as directed by a supervisor.
(e) Coordinate response of additional resources to assist with the foot pursuit.

439.5 REPORTING
The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

(a) The reason for initiating the foot pursuit.
(b) The identity of involved personnel.
(c) The course and approximate distance of the pursuit.
(d) Whether a suspect was apprehended as well as the means and methods used.
   1. Any use of force shall be reported and documented in compliance with the Department Use of Force Policy.
(e) Any injuries or property damage.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.
Foot Pursuit Policy

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.
Public Recording of Law Enforcement Activity

439.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

439.2 POLICY
The public has the right to lawfully record employees of this department who are performing their official duties. Employees will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

439.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:

1. Tampering with a witness or suspect.
2. Inciting others to violate the law.
3. Being so close to the activity as to present a clear safety hazard to the officers.
4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the officers, themself or others.

439.4 OFFICER RESPONSE
Officers should promptly request a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that they may continue observing and recording from the sidewalk across the street.
Public Recording of Law Enforcement Activity

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

439.5 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a) Request any additional assistance as needed to ensure a safe environment.

(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. The encounter shall be recorded by use of the body worn camera.

(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.

(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.

(e) Explain alternatives for individuals who wish to express concern about the conduct of employees, such as how and where to file a complaint.

439.6 SEIZING RECORDINGS AS EVIDENCE
Officers should not seize recording devices or media unless:

(a) The audio/video recording contains evidence of a crime that is serious in nature or crimes of violence.

(b) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
   1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.

(c) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.

(d) The person consents.
   1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
   2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.
Public Recording of Law Enforcement Activity
Suspicious Activity Reporting

440.1 PURPOSE AND SCOPE
This policy provides guidelines for reporting and investigating suspicious and criminal activity.

440.1.1 DEFINITIONS
Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., “dry run,” creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

440.2 POLICY
The Woodland Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

440.3 RESPONSIBILITIES
The Investigation Bureau Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigation Bureau Commander include, but are not limited to:

(a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.
(b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.

(c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.

(d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.

(e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.

(f) Coordinating investigative follow-up, if appropriate.

(g) Coordinating with any appropriate agency or fusion center.

(h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

440.4 REPORTING AND INVESTIGATION
Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

440.5 HANDLING INFORMATION
The Records Division will forward copies of SARs, in a timely manner, to the following:

- Detective Bureau supervisor
- Crime Analysis Unit
- Other authorized designees
Automated License Plate Readers (ALPRs)

441.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

441.2 POLICY
The policy of the Woodland Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

441.3 ADMINISTRATION
The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Woodland Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Bureau Commander. The Bureau Commander will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

441.3.1 ALPR ADMINISTRATOR
The Bureau Commander shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

(a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.

(b) Training requirements for authorized users.

(c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.

(d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.

(e) The title of the current designee in overseeing the ALPR operation.

(f) Working with the Custodian of Records on the retention and destruction of ALPR data.

(g) Ensuring this policy and related procedures are conspicuously posted on the department’s website.
441.4 OPERATIONS
Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

(a) An ALPR shall only be used for official law enforcement business.

(b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.

(c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.

(d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.

(e) No ALPR operator may access department, state or federal data unless otherwise authorized to do so.

(f) If practicable, the officer should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

441.5 DATA COLLECTION AND RETENTION
The Bureau Commander is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

441.6 ACCOUNTABILITY
All data will be closely safeguarded and protected by both procedural and technological means. The Woodland Police Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):
Automated License Plate Readers (ALPRs)

(a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).

(b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.

(c) ALPR system audits should be conducted on a regular basis.

For security or data breaches, see the Records Release and Maintenance Policy.

441.6.1 PERMITTED/IMPERMISSIBLE USES

The ALPR system, and all data collected, is the property of the Woodland Police Department. Department personnel may only access and use the ALPR system for official and legitimate law enforcement purposes consistent with this Policy. The following uses of the ALPR system are specifically prohibited: Woodland Police Department Policy Manual Automated License Plate Readers (ALPRs)

(a) Invasion of Privacy: Except when done pursuant to a court order such as a search warrant, it is a violation of this Policy to utilize the ALPR to record license plates except those of vehicles that are exposed to public view (e.g., vehicles on a public road or street, or that are on private property but whose license plate(s) are visible from a public road, street, or a place to which members of the public have access, such as the parking lot of a shop or other business establishment).

(b) Harassment or Intimidation: It is a violation of this Policy to use the ALPR system to harass and/or intimidate any individual or group.

(c) Personal Use: It is a violation of this Policy to use the ALPR system or associated scan files or hot lists for any personal purpose.

Anyone who engages in an impermissible use of the ALPR system or associated scan files or hot lists may be subject to:

- criminal prosecution,
- civil liability, and/or
- administrative sanctions, up to and including termination, pursuant to and consistent with the relevant collective bargaining agreements and Department policies.

441.7 RELEASING ALPR DATA

The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).
Automated License Plate Readers (ALPRs)

441.8 TRAINING
The Training Manager should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).
Homeless Persons

443.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Woodland Police Department recognizes that members of the homeless community are often in need of special protection and services. The Woodland Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

443.1.1 POLICY
It is the policy of the Woodland Police Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

443.2 HOMELESS COMMUNITY LIAISON
The Chief of Police will designate the members of the HOST Team as the liaisons to the department. The responsibilities of the HOST Team include the following:

(a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.

(b) Meet with social services and representatives of other organizations that render assistance to the homeless.

(c) Maintain a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.

(d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
   1. Proper posting of notices of trespass and clean-up operations.
   2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.

(e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated.

(f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

443.2 FIELD CONTACTS
Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer
Homeless Persons

from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

443.2.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.

(b) Document places the homeless person may frequent.

(c) Provide homeless victims with victim/witness resources when appropriate.

(d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.

(e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Senior and Disability Victimization Policy.

(f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.

(g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

443.3 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property.

Officers should not conduct or assist in large encampment clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a
supervisor or the department HOST Team. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the HOST Team. Officers locating personal property shall handle the found property as directed in the Property and Evidence policy.

443.4 MENTAL ILLNESS AND MENTAL IMPAIRMENT
Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

443.5 ECOLOGICAL ISSUES
Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.
Chapter 5 - Traffic Operations
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT
Several factors are considered in the development of deployment schedules for officers of the Woodland Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic collision occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high collision hours and at locations of occurrence. All officers will take random enforcement action when appropriate against violators as a matter of routine.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT
Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criteria for evaluating officer overall performance (Vehicle Code § 41603).

500.3.1 WARNINGS
Warnings or other non-punitive enforcement actions are up to the discretion of the officer.

500.3.2 CITATIONS
Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

(a) Explanation of the violation or charge
Traffic Function and Responsibility

500.3.3 PHYSICAL ARREST
Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

(a) Vehicular manslaughter
(b) Felony and misdemeanor driving under the influence of alcohol/drugs
(c) Felony or misdemeanor hit-and-run
(d) Refusal to sign notice to appear
(e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES
If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license should be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS
The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of employees who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, collision investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest.
Traffic Function and Responsibility

as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS
High-visibility vests shall be maintained by each employee issued a vest. Before going into service each employee shall ensure a serviceable high-visibility vest is available for their use.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Chief's Administrative Secretary should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

500.6 MOTOR OFFICER EQUIPMENT
Motorcycles shall be assigned to officers. Officers are accountable for preventative maintenance, cleanliness, and security.

(a) Maintenance other than ordinary cleaning, shall be performed by a licensed motorcycle technician. No equipment shall be installed or modified on the department motorcycle without the written permission of the patrol lieutenant.

(b) During off-duty time, the police motorcycle shall be stored in a proper shelter with the ignition locked. While on duty and while the motorcycle is out of the officer's view, the ignition shall be locked and the key removed.

Officers shall obtain supervisor approval to operate a police motorcycle not assigned to them.

No officer shall be given a solo motorcycle assignment without first qualifying in a P.O.S.T. Motorcycle Training Program. Prior to attending such a course all reasonable measures will, be made to allow an officer to practice riding.

Each assigned motorcycle officer shall maintain a skill level in the proficient and safe handling of a police motorcycle.
Traffic Collision Reporting

501.1 PURPOSE AND SCOPE
The Woodland Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

501.2 RESPONSIBILITY
The Traffic Sergeant will be responsible for distribution of the Collision Investigation Manual. The Traffic Sergeant will receive all changes in the state manual and ensure conformity with this policy.

501.3 TRAFFIC COLLISION REPORTING
All collision reports will be documented via the Crossroads collision report writing system. Collision reports will be documented as “REPORTS” or “FULL INVESTIGATIONS”. See Reporting situations to determine the correct report to be completed.

Shift supervisors shall approve all traffic collision reports taken by their staff.

501.4 REPORTING SITUATIONS

501.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES
Collisions involving City of Woodland vehicles will be investigated as follows:

(a) Collisions that result in no injuries, and minor property damage (both vehicles drivable) may be assigned to a Community Service Officer, traffic officer or a police officer. In these types of situations a report will be used to document the collision in conjunction with a City of Woodland Property Damage Report. Collision photographs must be taken and booked into evidence. If the above circumstances involve a police vehicle, the investigation will be assigned to a traffic officer or supervisor.

(b) Collisions resulting in major property damage shall be investigated by a Traffic Officer, or referred to the California Highway Patrol at the discretion of the Traffic Sergeant.

(c) The California Highway Patrol shall be requested to investigate any collision involving a Woodland Police Department vehicle resulting in injury to any of the parties involved as a result of the collision. If CHP is not available another outside agency shall be contacted to take the investigation.

Additionally, collisions involving Police Department vehicles:

(a) A City of Woodland Incident/Accident Report form shall be completed and routed prior to the end of the employee’s shift.

(b) A supervisor shall notify the Chief of Police, via the chain of command

(c) A supervisor shall enter the collision in Blue Team.
Traffic Collision Reporting

501.4.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES
When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Woodland Police Department resulting in a serious injury or fatality, the Traffic Sergeant or the Patrol Supervisor, shall request the California Highway Patrol to conduct the investigation. If CHP is not available another outside agency shall be contacted to take the investigation.

501.4.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS
The Traffic Sergeant or on-duty Patrol Supervisor may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.

501.4.4 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS
Personnel will respond to all City street collisions. Unless approved by a supervisor, traffic collision reports shall be taken under any of the following circumstances:

(a) If any one of the following conditions exist the city street collision shall be documented with a full investigation:
   1. One or more of the drivers involved is under the influence and any party, other than the DUI driver, is injured.
   2. The collision involves a hit and run where the suspect can be identified or a vehicle license number is obtained.
      (a) A non-injury hit and run collision can be documented as a report with supervisor approval if the reporting party does not want prosecution.
   3. If any party is transported to the hospital by ambulance for visible serious injury or suspected serious injury. According to the vehicle code serious injury includes loss of consciousness, suspected concussion, bone fracture, a protracted loss or impairment of function of a bodily member or organ, a wound requiring extensive suturing, a serious disfigurement, brain injury, or paralysis.
   4. Other conditions exist which an officer or their supervisor deems appropriate to document with an investigation.

(b) All other city street collisions shall be documented as a report.
   1. Traffic collisions where one or more of the driver's are under the influence, and none of the parties are injured, shall be documented as a report.

(c) All counter reports will be documented as follows:
   1. A Counter Report or citizen’s report is a property-damage only collision reported by an involved party in person at the Woodland Police Department or via dispatch where all parties have left the scene.
   2. Counter Reports are to be completed through the Woodland Police Department Webpage Online Reporting or using the kiosk in the Woodland Police Department's front lobby.
   3. Counter Reports are not processed through the Statewide Integrated Traffic
Traffic Collision Reporting

Records System database files.

(d) Collisions reported after the fact, where there are injuries shall be classified as a Late Report and documented with a report or with a full investigation.

All ambulance transports require investigative follow-up to determine if a report or full investigation needs to be completed.

501.4.5 TRAFFIC COLLISIONS ON PRIVATE PROPERTY
Unless approved by a supervisor all private property collisions listed below shall be documented with a full investigation:

(a) The collision involves a hit and run where the suspect can be identified or a vehicle license number is obtained.

1. A non-injury hit and run collision can be documented as a report with supervisor approval if the reporting party does not want prosecution.

(b) If any party is transported to the hospital by ambulance for visible serious injury or suspected serious injury. According to the vehicle code serious injury includes loss of consciousness, suspected concussion, bone fracture, a protracted loss or impairment of function of a bodily member or organ, a wound requiring extensive suturing, a serious disfigurement, brain injury, or paralysis.

(c) A collision involving a drunk driver where one of the parties is injured.

A private property collision involving a tow away resulting from major damage to one or more vehicles (not just a crimped fender rendering the vehicle inoperative) shall be documented as a report.

A private property collision involving a government agency vehicle that does not include the above criteria shall be documented as a report.

A private property collision where one or more of the driver's are under the influence, and none of the parties, other than the DUI driver, are injured, shall be documented as a report.

A private property collision involving a reported complaint of pain or minor injury shall be documented with a report.

All ambulance transports require investigative follow-up to determine if a report or full investigation needs to be completed prior to going off-duty.

501.5 NOTIFICATION OF TRAFFIC DIVISION SUPERVISION
In the event of a serious injury or death related traffic collision, the Patrol Supervisor shall notify the Traffic Sergeant to relate the circumstances of the traffic collision and seek assistance from the Traffic Division. In the absence of a Traffic Sergeant, the Patrol Supervisor or any supervisor may assign an accident investigator or motor officer to investigate the traffic collision.
On-Duty Collision Review

502.1 PURPOSE AND SCOPE
The Woodland Police Traffic Division will review on-duty collisions to ensure the driving was legal, within policy, and recognize contributing factors to the collisions.

502.2 RESPONSIBILITY
It shall be the responsibility of the Traffic Division to review all on-duty collisions as soon as practical. Typically, the review should happen within two weeks of the collision. The results of the review, and recommendations, will be forwarded up the chain to the Chief of Police.
Vehicle Towing and Release

503.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of the Woodland Police Department. Nothing in this policy shall require the Department to tow a vehicle.

503.2 STORAGE AND IMPOUNDS
When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

503.2.1 VEHICLE STORAGE REPORT
Department members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator and the original shall be submitted to the Records Division as soon as practicable after the vehicle is stored.

- When the Records Division is closed, after hours, department members shall submit the CHP Form 180 to dispatch for CLETS entry, as soon as practicable after the vehicle is stored or impounded.

503.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES
When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call a company from the rotational list of towing companies in Dispatch. The officer will then store the vehicle using a CHP Form 180.

503.2.3 STORAGE AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee’s vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).
Vehicle Towing and Release

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

503.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS
Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on their copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

503.2.5 DRIVING A NON-CITY VEHICLE
Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

503.2.6 RECORDS DIVISION RESPONSIBILITY
Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Patrol Supervisor for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Division to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

(a) The name, address, and telephone number of this Department.
Vehicle Towing and Release

(b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.

(c) The authority and purpose for the removal of the vehicle.

(d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice.

503.2.7 EVIDENTIARY TOWS
When it becomes necessary to tow a vehicle for evidentiary purposes, employees should make every effort to avoid having vehicles delivered to the Police Department parking lot. Employees should instead have the vehicle(s) towed to the Municipal Service Center (MSC) evidence lot. Employees should tow vehicles to the Police Department parking lot only in serious violent felony investigations where a victim(s) have been identified or in fatal traffic collision investigations.

If a vehicle needs evidence processing, employees shall secure the vehicle, complete the necessary documentation, and notify CSI personnel in a timely manner.

503.3 TOWING SERVICES
The City of Woodland Police Department maintains a Rotation Tow Service Agreement which is updated annually. Tow service operators who choose to abide by the policy and procedures set forth in the agreement and are selected by the Chief of Police are placed on a rotation tow list. Approved tow service operators on the rotation tow list are considered a "official tow service" for the purpose of this policy.

503.3.1 TOW ROTATIONS
The City of Woodland has two rotation lists. The first is for towing of all vehicles except for the following which is on the secondary tow rotation list.

(a) Abandoned travel trailers
(b) Abandoned motor homes

When the decision has been made to tow an abandoned vehicle it should to be towed during normal business hours unless there are exigent circumstances and only with Supervisor approval. If the tow company is not available to tow the abandoned travel trailer or motor home then arrangements should be made with that tow company to complete the job when they are available. This is intended to prevent one tow company from carrying an undue burden of handling abandoned travel trailers and motor homes.

503.4 VEHICLE INVENTORY
All property of value in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/
or locked. Employees conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner’s property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

503.5 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

503.6 RELEASE OF VEHICLE

The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

(a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(b) Vehicles removed that require payment of parking fines or proof of valid driver’s license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver’s license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:

1. The vehicle was stolen.
2. If the driver reinstates his/her driver’s license or acquires a license and provides proof of proper insurance.
4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.
(d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.
Vehicle Impound Hearings

504.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

504.2 STORED OR IMPOUND HEARING
When a vehicle is stored or impounded by any member of the Woodland Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or their agent (Vehicle Code §§ 22650(a) and 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

504.2.1 HEARING PROCEDURES
The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852). The Traffic Sergeant will generally serve as the hearing officer. The person requesting the hearing may record the hearing at their own expense.

The failure of either the registered or legal owner or interested person or their agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code §§ 22851.3(e)(2) and 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §§14602.6(b) and 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner’s lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code §§ 14602.6(b) or 14608(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations
Vehicle Impound Hearings

where the owner made a reasonable inquiry as to the licensed status of the driver before lending
the vehicle.

The legislative intent and this department’s policy is to prevent unlicensed driving pursuant to
Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle,
release is most often appropriate.

(a) If a decision is made that reasonable grounds for storage or impound have been
established, the hearing officer shall advise the inquiring party of the decision and that
the inquiring party may pursue further civil remedies if desired.

1. If mitigating circumstances are found to be relevant, the hearing officer shall
make reasonable adjustments to the impound period, storage or assessment of
fees as warranted.

(b) If a decision is made that reasonable grounds for storage or impound have not been
established or sufficient mitigating circumstances exist, the vehicle in storage shall
be released immediately. Towing and storage fees will be paid at the Department’s
expense (Vehicle Code § 22852(e)).

(c) If a decision is made that reasonable grounds for storage have not been established or
sufficient mitigating circumstances exist, and the vehicle has been released with fees
having been paid, the receipt for such fees will be forwarded with a letter to the Deputy
Chief. The hearing officer will recommend to the Deputy Chief that the fees paid by
the registered or legal owner of the vehicle in question or their agent be reimbursed
by the Department.
Impaired Driving

505.1 PURPOSE AND SCOPE
This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

505.2 POLICY
The Woodland Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

505.3 INVESTIGATIONS
Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

505.4 FIELD TESTS
The Standardized Field Sobriety Tests (SFST) should be used to evaluate drivers who are suspected of being DUI whenever possible.

The Standardized Field Sobriety Tests should include the following tasks except when the suspect has a physical disability that prevents them from completing a specific task(s) or the officer determines it would be unsafe to complete any or all specific tasks:

(a) Horizontal Gaze Nystagmus.
(b) Walk and turn test.
(c) One Leg Stand.

Other field sobriety tests (Finger to nose, Romberg and PAS or similar tests that you have been trained in) may be used in conjunction with, or in place of, the above tests, if the officer can adequately document them in the DUI/Intoxication Report.

505.5 CHEMICAL TESTS
A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

(a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
(b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person’s blood alcohol content is 0.05 or more (Vehicle Code § 23140).
(c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
Impaired Driving

(d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

(e) If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

505.5.1 CHOICE OF TEST
A person arrested for DUI has the choice of whether the test is of their blood or breath, and the officer shall advise the person that they have that choice. If the person arrested either is incapable, or states that they are incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

505.5.2 BREATH SAMPLES
The Traffic Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Sergeant.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the officer’s belief shall be included in the officer’s report (Vehicle Code § 23612(a)(2)(C)).

505.5.3 BLOOD TEST
Only persons authorized by law to withdraw blood shall collect blood samples (Vehicle Code § 23158). The withdrawal of the blood sample should be witnessed by the assigned officer. No officer, even if properly certified, should conduct the blood withdrawal.

Officers should inform an arrestee that if they choose to provide a blood sample, a separate sample can be drawn for alternate testing and retained as evidence.
Impaired Driving

If an arrestee cannot submit to a blood test because they are a hemophiliac or is using an anticoagulant, they shall not be required to take a blood test. Such inability to take a blood test should not be treated as a refusal. However, the person may be required to complete another available and viable test.

505.5.4 URINE TESTS
If a urine test will be performed, the person should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff of the same sex as the person giving the sample. The person tested should be allowed sufficient privacy to maintain their dignity, to the extent possible, while still ensuring the accuracy of the specimen (Vehicle Code § 23158(i)).

The collection kit shall be marked with the person's name, offense, Woodland Police Department case number and the name of the witnessing officer. The collection kit should be refrigerated pending transportation for testing.

505.5.5 STATUTORY NOTIFICATIONS
Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

505.5.6 PRELIMINARY ALCOHOL SCREENING
Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, they shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy their obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

505.5.7 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21
If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer may request that the person take a PAS test to determine the presence of alcohol, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of their blood, or breath conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

505.6 REFUSALS
When a person refuses to provide a viable chemical sample, officers should:
Impaired Driving

(a) Advise the person of the requirement to provide a sample (Vehicle Code § 23612).
(b) Audio and/or video record the admonishment and the response if practicable.
(c) Document the refusal in the appropriate report.

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the person and take possession of only a California license to operate a motor vehicle that is held by that person (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

A person who does not explicitly choose a chemical test shall be deemed to have refused a chemical test. (, 17 S.O.S. 4550)

505.6.1 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

(a) A search warrant has been obtained (Penal Code § 1524).
(b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or prohibited substances in the person’s bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.
(c) If the person is on Probation and has a condition that states they shall submit to testing.

505.6.2 FORCED BLOOD SAMPLE

If a person indicates by word or action that they will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
(c) Advise the person of their duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video if practicable.
(d) Ensure that the withdrawal is taken in a medically approved manner.
(e) Ensure the forced withdrawal is recorded on audio and/or video when practicable.
Impaired Driving

(f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances:

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.

2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.

3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.

(g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

505.7 ARREST AND INVESTIGATION

505.7.1 WARRANTLESS ARREST

In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when any of the following occur (Vehicle Code § 40300.5):

(a) The person is involved in a traffic accident.

(b) The person is observed in or about a vehicle that is obstructing the roadway.

(c) The person will not be apprehended unless immediately arrested.

(d) The person may cause injury to themself or damage property unless immediately arrested.

(e) The person may destroy or conceal evidence of a crime unless immediately arrested.

505.7.2 STATUTORY WARNING

An officer requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

505.7.3 PRELIMINARY ALCOHOL SCREENING

Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, they shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy their obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).
505.7.4 PRELIMINARY ALCOHOL SCREENING FOR MINORS
If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of their blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

505.7.5 OFFICER RESPONSIBILITIES
The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

(a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).

(b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.

(c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

505.8 RECORDS SUPERVISOR RESPONSIBILITIES
The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

505.9 ADMINISTRATIVE HEARINGS
The supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any officers who receive notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.
Traffic Citations

506.1 PURPOSE AND SCOPE
This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

506.2 RESPONSIBILITIES
The Traffic Sergeant shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Records Division shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

506.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)).

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation.

506.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Traffic Bureau.

506.5 CORRECTION OF TRAFFIC CITATIONS
When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and the citation correction form to their immediate supervisor. The citation and correction form shall then be forwarded to the Records Bureau. Records shall then forward the necessary paperwork to the court having jurisdiction and to the recipient of the citation.

506.6 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE
Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

506.6.1 APPEAL STAGES
Appeals may be pursued sequentially at three different levels:

(a) Administrative reviews are conducted by the Traffic Bureau Supervisor who will review written/documentary data. Requests for administrative reviews are available at the front desk of the Woodland Police Department. These requests are informal written
Traffic Citations

Statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed or delivered to the current mailing address of the processing agency.

(b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.

(c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to The Superior Court of California.

506.6.2 TIME REQUIREMENTS

Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

(a) Requests for an administrative review must be postmarked or received within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking (Violation Vehicle Code § 40215(a)).

(b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).

(c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).

(d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209 and Vehicle Code § 40210).

506.6.3 COSTS

(a) There is no cost for an administrative review.

(b) Appellants must pay the full amount due for the citation, or provide satisfactory proof of their inability to pay, before receiving an administrative hearing.

(c) An appeal through Superior Court requires prior payment of filing costs including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.
Disabled Vehicles

507.1 PURPOSE AND SCOPE
Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

507.2 OFFICER RESPONSIBILITY
When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

507.3 EXTENT OF ASSISTANCE
In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

507.3.1 MECHANICAL REPAIRS
Employees shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

507.4 PUBLIC ACCESS TO THIS POLICY
This written policy is available upon request.
72-Hour Parking Violations

508.1 PURPOSE AND SCOPE
This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Woodland Police Department City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

508.2 MARKING VEHICLES
Vehicles suspected of being in violation of the City of Woodland Police Department 72-Hour Parking Ordinance shall be marked and noted on the Woodland Police Department Marked Vehicle Card. No case number is required at this time.

A visible chalk mark should be placed on a tire. Any deviation in markings requires supervisor approval and shall be noted on the Marked Vehicle Card. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed and forwarded to the Traffic Division.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

Patrol CSOs and Parking CSOs shall be responsible for the follow up investigation of all 72-hour parking violations noted on the Marked Vehicle Cards.

508.2.1 VEHICLE STORAGE
Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP form 180) shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Records Division immediately following the storage of the vehicle. It shall be the responsibility of the Records Division to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Division to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).
Chapter 6 - Investigation Operations
Investigation and Prosecution

600.1 PURPOSE AND SCOPE
The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY
It is the policy of the Woodland Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 CUSTODIAL INTERROGATION REQUIREMENTS
Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.3.1 AUDIO/VIDEO RECORDINGS
Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.3.2 MANDATORY RECORDING OF ADULTS
Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.
(b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.4 INITIAL INVESTIGATION

600.4.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
   1. An initial statement from any witnesses or complainants.
   2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the officer shall:
   1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
   2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
   3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Patrol Supervisor.
   4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
5. Collect any evidence.
6. Take any appropriate law enforcement action.
7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.4.2 NON-SWORN EMPLOYEE RESPONSIBILITIES
A non-sworn employee assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.5 DISCONTINUATION OF INVESTIGATIONS
The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
   1. In these cases, the investigator shall have one or both parties sign the Refusal To Prosecute Form. If one or both parties are unable to or refuse to sign the form, the officer will ensure that comments are added to the dispatch log stating the parties were warned and prosecution was not desired.
   2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

(c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

(d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.

(e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.

(f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

(g) The statute of limitations for prosecution for the alleged crime has expired.

(h) The victim has refused to cooperate and there is not enough information to develop probable cause for an arrest.
Investigation and Prosecution

If the justification for discontinuing an investigation is not listed above, consult with your supervisor.

The Domestic Violence, Child Abuse Sexual Assault Investigations and Senior and Disability Victimization policies may also require an arrest or submittal of a case to a prosecutor.

600.6 COMPUTERS AND DIGITAL EVIDENCE
The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES
Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment. Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.7.1 ACCESS RESTRICTIONS
Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Officers who use an alias to create any fictitious social media account will obtain supervisor approval prior to doing so and will provide the reason the account is needed, user name, date of birth used for the account, and the source of the account image if one is used. Officers shall not post derogatory or inflammatory comments on their alias social media page or on the page of
another person or business that could cause anyone to become the potential target of a criminal act.

Accessing information that requires the use of a third party’s account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.7.2 INTERCEPTING ELECTRONIC COMMUNICATION
Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.
Senior Detective

601.1 PURPOSE AND SCOPE
It is Department policy to recognize the value of training and experience, and to encourage the mentorship of other personnel by those who possess greater training and experience. The Senior Detective shall act as that mentor to the other detectives.

601.2 DUTIES
The Senior Detective shall be responsible to conduct investigations of major crimes as assigned by the Investigations supervisor. The Senior Detective shall assist other investigators with complex investigations. The Senior Detective shall serve as a trainer and provide guidance to officers newly assigned to investigations. The Senior Detective may be appointed as "acting sergeant" during extended absences of the Detective Sergeant.

601.3 QUALIFICATIONS
Candidates wishing to attain the Senior Detective assignment must meet the minimum qualifications detainted below:

(a) Successful completion of a previous detective assignment or current satisfactory performance in a detective assignment.
(b) Favorable performance evaluations with investigative notations.
(c) Experience in the preparation and execution of search warrants.
(d) Prior exposure and direct involvement in the management of complex investigations.
(e) Ability to prepare accurate and grammatically correct written reports.
(f) Ability to establish and maintain cooperative working relationships with those contacted in the performance of required duties.
(g) Ability to analyze situations and develop an effective and reasonable course of action.
Sexual Assault Investigations

602.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Senior and Disability Victimization policies.

602.1.1 DEFINITIONS
Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY
It is the policy of the Woodland Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.3 QUALIFIED INVESTIGATORS
Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.

(b) Conduct follow-up interviews and investigation.

(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.

(e) Provide referrals to therapy services, victim advocates and support for the victim.

(f) Participate in or coordinate with SART.
602.4 INVESTIGATION AND REPORTING
In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

602.4.1 VICTIM INTERVIEWS
The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

Victims are often reluctant or embarrassed to discuss details. Recanting or changing one or more aspects of a prior statement is not necessarily an indication of false reporting or that the case is unfounded. If the responding officer has reason to believe the incident may be without merit, they should document the evidence and inconsistencies. Due to physical and emotional trauma, and the myths and stereotypes associated with sexual assault, inconsistencies in the victim's report are not uncommon. No opinions of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (42 USC § 3796gg-8; Penal Code § 637.4).

602.4.2 VICTIM RIGHTS
Victims should be apprised of applicable victim’s rights provisions, as outlined in the Victim and Witness Assistance Policy.

Whenever there is an alleged sexual assault the assigned officer shall accomplish the following:

(a) Immediately provide the victim with the "Victims of Domestic Violence" card containing the names and locations of rape victim counseling centers within the county and their 24-hour counseling service telephone numbers (Penal Code § 264.2(a)).

(b) Advise the victim of the right to have a victim advocate and a support person present at any interview by law enforcement as provided in Penal Code § 679.04.

(c) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately notify the local rape victim counseling center (Penal Code § 264.2(b)(1)).

1. Prior to any such examination the assigned officer shall ensure that the victim has been properly informed of their right to have a sexual assault victim advocate and at least one other support person present (Penal Code § 264.2(b)(2)).
Sexual Assault Investigations

2. A support person may be excluded from the examination by the officer or the medical provider if their presence would be detrimental to the purpose of the examination (Penal Code § 264.2(b)(4)).

602.4.3 FEDERAL VIOLENCE AGAINST WOMEN ACT
Federal Violence Against Women Act laws guarantee that victims of sexual assault, 12 years of age or older, who request a sexual assault forensic medical examination shall be provided one. This includes cases in which the victim refuses to involve or cooperate with law enforcement or law enforcement declines to authorize the exam. In these rare instances, consult with the Investigations Supervisor for direction on how to proceed.

602.4.4 VICTIM CONFIDENTIALITY
Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim’s parent or guardian if the victim is a minor, that their name will become a matter of public record unless the victim requests that their name not be made public. The reporting officer shall document in their report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim’s parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name or address of any victim of a sex crime who has exercised their right to confidentiality (Penal Code § 293).

602.4.5 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE
Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, it is critical to the investigation that a urine sample from the victim be collected by a medical professional.

Subject to available resources and other law enforcement considerations which may affect the ability to process and analyze rape kits, other sexual assault victim evidence and other crime scene evidence, any member of this department assigned to investigate a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). Generally, rape kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer should further ensure that the results of any such test have been timely entered into and checked against both the Department of Justice Cal-DNA database and the Combined DNA Index System (CODIS).
Sexual Assault Investigations

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18 month period (Penal Code § 680(d)).

602.4.6 VICTIM NOTIFICATION OF DNA STATUS

(a) Upon receipt of a written request from a sexual assault victim or the victim’s authorized designee, the assigned officer may inform the victim of the status of the DNA testing of any evidence from the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim’s authorized designee regarding the status of any DNA testing.

(b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):

(a) To be informed if a DNA profile of the assailant was obtained from the testing of the rape kit or other crime scene evidence from their case.

(b) To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the Department of Justice Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.

(c) To be informed if the DNA profile of the assailant developed from the evidence has been entered into the Department of Justice Databank of case evidence.

(c) Provided that the sexual assault victim or the victim’s authorized designee has kept the assigned officer informed with regard to current address, telephone number and email address (if available), any victim or the victim’s authorized designee shall, upon request, be advised of any known significant changes regarding the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

602.4.7 DESTRUCTION OF EVIDENCE

Any destruction of evidence related to a sexual assault shall occur only after victim notification is made as required pursuant to Penal Code § 680 and only in compliance with the Property and Evidence Policy.
602.4.8 DISPOSITION OF CASES
If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Bureau supervisor.

Classification of a rape case as unfounded requires the Detective Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted their original statement, there must be corroborating evidence to support the recanted information before the case should be determined as unfounded.

602.4.9 AUDITING CASE DISPOSITIONS
The Detective Bureau supervisor will ensure case dispositions are reviewed on a periodic basis using an identified group that is independent of the investigation process. The SART and/or victim advocates should be considered for involvement in this audit.

602.5 RELEASING INFORMATION TO THE PUBLIC
In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.
Asset Forfeiture

603.1 PURPOSE AND SCOPE
This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

603.1.1 DEFINITIONS
Definitions related to this policy include:

**Fiscal agent** - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Woodland Police Department seizes property for forfeiture or when the Woodland Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

**Forfeiture** - The process by which legal ownership of an asset is transferred to a government or other authority.

**Forfeiture reviewer** - The employee assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

**Property subject to forfeiture** - The following may be subject to forfeiture:

- Property related to a narcotics offense, which includes (Health and Safety Code § 11470; Health and Safety Code § 11470.1):
  1. Property (not including real property or vehicles) used, or intended for use, as a container for controlled substances, materials to manufacture controlled substances, etc.
  2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.
  3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.
  4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.
  5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors.
Asset Forfeiture

(b) Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):

1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.

2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

603.2 POLICY
The Woodland Police Department, as a member of the Yolo County Law Enforcement Agency Coordinating Council (LEACC), in narcotics related investigations utilizes the Yolo County Special Investigations Unit (SIU) to pursue violations of the appropriately applied forfeiture laws as related to the seizure of money and certain property items, per MOU.

603.3 ASSET FORFEITURE PROCEDURE
Before seizing any currency, vehicle or personal property pursuant to Health & Safety Code § 11470, a patrol officer should contact an SIU detective. The following guidelines will be observed:

(a) The seizing officer or the detective will serve all persons with Notice of Seizure and Intended Forfeiture forms which includes an attached County of Origin Claim form Opposing Forfeiture, and a forfeiture receipt. Disclaimers (English/Spanish) will be completed on all persons disclaiming ownership of currency, vehicle or property seized.

(b) When someone has made notification other than the Asset Forfeiture detective, a copy of all reports and all applicable asset forfeiture paperwork must be forwarded to the Asset Forfeiture detective in the Yolo County SIU, for review.

(c) Interview all persons involved concerning their possession of the seized assets, financial situation, employment, income and other resources. The interviewing officer shall ensure that Miranda warnings are given and waivers obtained before interviewing any person who is in custody.

(d) Attempt to promptly determine all lien holders or all persons who may have a legal interest in the seized currency, vehicle or property for further contact, investigation and notification.

(e) The seizure of assets subject to forfeiture is a civil proceeding filed through the county of origin, Office of the District Attorney Forfeiture Unit or SIU.
603.3.1 PROPERTY SUBJECT TO SEIZURE
The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

(a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.

(b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):
   1. The property subject to forfeiture is legally seized incident to an arrest.
   2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Officers aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

603.3.2 PROPERTY NOT SUBJECT TO SEIZURE
The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the forfeiture counsel’s current minimum forfeiture thresholds should not be seized.

(b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).

(c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect’s immediate family (Health and Safety Code § 11470).

(d) Vehicles, boats or airplanes owned by an “innocent owner,” such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).

(e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).
603.3.3 SEIZED VEHICLES
Vehicles seized subject to forfeiture will be taken to a designated secure storage facility. A seized vehicle should not be impounded. The officer seizing the vehicle shall notify their direct supervisor of the seizure of the vehicle and circumstances of the seizure as soon as possible.

If the vehicle cannot be driven, a tow truck will be used to tow the vehicle to the storage facility.

Personal property located in a seized vehicle shall be removed and booked into Property as either evidence or for safekeeping.

603.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS
When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

(a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.

(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items. Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

603.5 MAINTAINING SEIZED PROPERTY
The Property and Evidence Section is responsible for ensuring compliance with the following:

(a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

(b) All property received for forfeiture is checked to determine if the property has been stolen.
Asset Forfeiture

(c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.

(d) Property received for forfeiture is not used unless the forfeiture action has been completed.

603.6 DISPOSITION OF FORFEITED PROPERTY
Forfeited funds distributed under Health and Safety Code § 11489 et seq. shall only be used for purposes allowed by law, but in no case shall a peace officer’s employment or salary depend upon the level of seizures or forfeitures they achieve (Heath and Safety Code § 11469).

The Department may request a court order so that certain uncontaminated science equipment is relinquished to a school or school district for science classroom education in lieu of destruction (Health and Safety Code § 11473; Health and Safety Code § 11473.5).

603.6.1 RECEIVING EQUITABLE SHARES
When participating in a joint investigation with a federal agency, the Woodland Police Department shall not receive an equitable share from the federal agency of all or a portion of the forfeiture proceeds absent either a required conviction under Health and Safety Code § 11471.2 or the flight, death or willful failure to appear of the defendant. This does not apply to forfeited cash or negotiable instruments of $40,000 or more.

603.7 CLAIM INVESTIGATIONS
An investigation shall be made as to any claimant of a vehicle, boat or airplane whose right, title, interest or lien is on the record in the Department of Motor Vehicles or in an appropriate federal agency. If investigation reveals that any person, other than the registered owner, is the legal owner, and such ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat or airplane, notice shall be made to the legal owner at their address appearing on the records of the Department of Motor Vehicles or the appropriate federal agency (Health and Safety Code § 11488.4).

603.8 FORFEITURE REVIEWER
The Chief of Police will appoint an officer as the forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a department-approved course on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

(a) Remaining familiar with forfeiture laws, particularly Health and Safety Code § 11469 et seq. and Penal Code § 186.2 et seq. and the forfeiture policies of the forfeiture counsel.

(b) Serving as the liaison between the Department and the forfeiture counsel and ensuring prompt legal review of all seizures.
Asset Forfeiture

(c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.

(d) Reviewing each seizure-related case and deciding whether the seizure is more appropriately made under state or federal seizure laws. The forfeiture reviewer should contact federal authorities when appropriate.

(e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.

(f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:

1. Names and contact information for all relevant persons and law enforcement officers involved.

2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).

3. A space for the signature of the person from whom cash or property is being seized.

4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.

(g) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Department Directives. The training should cover this policy and address any relevant statutory changes and court decisions.

(h) Reviewing each asset forfeiture case to ensure that:

1. Written documentation of the seizure and the items seized is in the case file.

2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.

3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property.

4. Property is promptly released to those entitled to its return (Health and Safety Code § 11488.2).
5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.

6. Any cash received is deposited with the fiscal agent.

7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.

8. Current minimum forfeiture thresholds are communicated appropriately to officers.

9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

(i) Ensuring that a written plan that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.

(j) Ensuring that the process of selling or adding forfeited property to the department’s regular inventory is in accordance with all applicable laws and consistent with the department’s use and disposition of similar property.

(k) Keeping a manual that details the statutory grounds for forfeitures and department procedures related to asset forfeiture, including procedures for prompt notice to interest holders, the expeditious release of seized property, where appropriate, and the prompt resolution of claims of innocent ownership (Health and Safety Code § 11469).

(l) Providing copies of seized business records to the person or business from whom such records were seized, when requested (Health and Safety Code §11471).

(m) Notifying the California Franchise Tax Board when there is reasonable cause to believe that the value of seized property exceeds $5,000.00 (Health and Safety Code § 11471.5).

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives (Health and Safety Code § 11495).

Informants

Access to the informant files shall be restricted to the Chief of Police, Deputy Chief, the Investigations Bureau Lieutenant, Detective Supervisor, Gang Unit Supervisor or their designees.

604.3  USE OF INFORMANTS
The officer shall compile sufficient information through a background investigation in order to determine the reliability, credibility and suitability, of the individual, including age, maturity and risk of physical harm. This information shall be reviewed by a competent Assistant District Attorney and the informant approved for use. Before using an individual as a confidential informant, an officer must receive approval from the appropriate unit Supervisor.

604.3.1  JUVENILE INFORMANTS
The use of juvenile informants under the age of 13-years is prohibited. Except as provided for in the enforcement of the Tobacco Enforcement Act, Business & Professions Code §§ 22950, et seq., the use of any juvenile informant between the ages of 13 and 18-years is only authorized by court order obtained pursuant to Penal Code § 701.5.

For purposes of this policy, a "juvenile informant" means any juvenile who participates, on behalf of this department, in a prearranged transaction or series of prearranged transactions with direct face-to-face contact with any party, when the juvenile's participation in the transaction is for the purpose of obtaining or attempting to obtain evidence of illegal activity by a third party and where the juvenile is participating in the transaction for the purpose of reducing or dismissing a pending juvenile petition against the juvenile.

604.5 NARCOTICS INFORMANT PAYMENT PROCEDURES
The potential payment of large sums of money to any confidential informant must be done in a manner respecting public opinion and scrutiny. Additionally, to maintain a good accounting of such funds requires a strict procedure for disbursements.

604.5.1 PAYMENT PROCEDURE
The amount of funds to be paid to any confidential informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case.
- The significance, value or effect on crime.
- The amount of assets seized.
- The quantity of the drugs seized.
- The informant's previous criminal activity.
- The level of risk taken by the informant.

The Unit Supervisor will discuss the above factors with the Investigations Lieutenant and arrive at a recommended level of payment that will be subject to the approval of the Deputy Chief.

604.5.2 CASH DISBURSEMENT POLICY
No informant will be told in advance or given an exact amount or percentage for services rendered.
Informants

604.5.3 PAYMENT PROCESS
Payments may be paid in cash out of the Investigations Bureau Buy/Expense Fund. The Unit Supervisor will be required to sign the voucher for the payment.

The confidential informant will sign the voucher indicating the amount received, the date, and that the confidential informant is receiving funds in payment for information voluntarily rendered in the case. The Woodland Police Department case number shall be recorded on the voucher. The voucher will be kept in the confidential informant's file.

If the payment amount exceeds $500.00, a complete written statement of the confidential informant's involvement in the case shall be placed in the confidential informant's file. This statement shall be signed by the confidential informant verifying the statement as a true summary of their actions in the case(s).

Each confidential informant receiving a cash payment shall be informed of his or her responsibility to report the cash to the Internal Revenue Service (IRS) as income.

604.5.4 REPORTING OF PAYMENTS
Each confidential informant receiving a cash payment shall be informed of their responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the confidential informant should be provided IRS Form 1099 (26 CFR § 1.6041-1). If such documentation or reporting may reveal the identity of the confidential informant and by doing so jeopardize any investigation, the safety of peace officers or the safety of the confidential informant (26 CFR § 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the confidential informant shall be provided a letter identifying the amount they must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the confidential informant's file.

604.6 RECOVERED INVESTIGATIVE FUNDS
If the investigative funds are used to purchase contraband and these funds are subsequently recovered (for example in a “buy/bust” operation), the funds will be booked into evidence. In this case, it will be noted in the expense voucher narrative that the funds were recovered and booked into evidence.

Officers will note in their report as well as on the evidence sheet, that the monies are recovered investigative funds.

Upon final disposition of the cases in which recovered investigative funds are being held in evidence, the Property/Evidence CSO will return the recovered funds to the Finance Department for return to the Asset Forfeiture fund.
Informants

604.6.1 THEFT OR LOSS OF INVESTIGATIVE FUNDS
If there is a theft or loss of investigative funds, the supervisor will immediately report the incident to the Bureau Commander.

If the funds are stolen, a crime report will be completed documenting the theft.
Eyewitness Identification

605.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

605.1.1 DEFINITIONS
Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

605.2 INTERPRETIVE SERVICES
Officers should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

605.3 EYEWITNESS IDENTIFICATION FORM
The process and any related forms or reports should provide:

(a) The date, time and location of the eyewitness identification procedure.

(b) The name and identifying information of the witness.

(c) The name of the person administering the identification procedure.

(d) If applicable, the names of all of the individuals present during the identification procedure.

(e) An admonishment that the suspect may or may not be among those presented and that the witness is not obligated to make an identification.

(f) An admonishment to the witness that the investigation will continue regardless of whether an identification is made by the witness.
(g) A signature line where the witness acknowledges that they understand the identification procedures and instructions.

See attachment: The Folder Shuffle Method Instructions (2020).pdf

The process and related forms should be reviewed at least annually and modified when necessary.

605.4 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures (Penal Code § 859.7).

605.4.1 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases.

When initiating a field identification, the officer should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:

1. The length of time the witness observed the suspect.
2. The distance between the witness and the suspect.
3. Whether the witness could view the suspect's face.
4. The quality of the lighting when the suspect was observed by the witness.
5. Whether there were distracting noises or activity during the observation.

6. Any other circumstances affecting the witness's opportunity to observe the suspect.

7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.

(e) A person should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.

(g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

605.5 DOCUMENTATION
A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

This policy establishes the procedures for the procurement and possession of fictitious drivers licenses to be used during the scope of official police operations.

606.1.1 REQUEST FOR FICTITIOUS DRIVERS LICENSE
Officers in need of a fictitious driver's license shall submit a memorandum of request, through the chain of command, to their Bureau Commander. The request shall contain the:

(a) Officer's full name, DOB, current California Drivers License number, and the reason for a fictitious license.
(b) full fictitious name, address, and identifying information to be used.

606.1.2 RESPONSIBILITY
Officers possessing a fictitious license shall only use the fictitious license in the course of investigating actual or suspected violations of the law. Officers possessing a fictitious license shall be responsible for any misuse of the fictitious license.

When the fictitious license has expired or is no longer needed, the officer shall forward the fictitious license to the Bureau Commander, for return to the DMV.

If a fictitious driver's license is lost, the Bureau Commander shall be notified immediately and shall then advise the DMV of the loss.

If the true driver's license of an officer is suspended or revoked, the fictitious license shall be returned to the Bureau Commander immediately.
Brady Material Disclosure

607.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “Brady information”) to a prosecuting attorney.

607.1.1 DEFINITIONS
Definitions related to this policy include:

- **Brady information** - Information known or possessed by the Woodland Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

607.2 POLICY
The Woodland Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Woodland Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

607.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.
607.4 DISCLOSURE OF PERSONNEL INFORMATION
Whenever it is determined that Brady information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

(a) In the event that a Pitchess motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of Brady information in the officer’s personnel file.

(b) The prosecuting attorney should then be requested to file a Pitchess motion in order to initiate an in-camera review by the court.

(c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.

(d) The Custodian of Records shall accompany all relevant files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

(e) If the court determines that there is relevant Brady information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

(f) Upon completion of the Pitchess motion the Custodian of Record shall notify, in writing, the subject employee and the Chain of Command.

607.5 INVESTIGATING BRADY ISSUES
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

607.6 TRAINING
Department members should receive periodic training on the requirements of this policy.
Department Owned and Personal Property

700.1 PURPOSE AND SCOPE
Department employees are expected to properly care for department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENTAL PROPERTY
Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee’s intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to the cost of repair or replacement.

(a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.

(b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.

(c) Except when otherwise directed by competent authority or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

(d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.

(e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

700.3 FILING CLAIMS FOR PERSONAL PROPERTY
Claims for reimbursement for damage or loss of personal property must be made as soon as possible after the occurrence. Loss or damage shall be documented in a police report or a Department Memorandum to the Chief of Police. The narrative shall include a description of the law enforcement action the employee was engaged in at the time of the damage. The employee shall also include a quote for replacement or repair of the damaged item.

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police, or designee, who will then forward the claim to the Chief’s Executive Assistant. The Chief’s Executive Assistant will notify the employee’s supervisor and the Senior Management Analyst of the outcome of the request. Claim paperwork will be kept in the employee’s equipment file.
Replacement of personal property will follow guidelines set forth in the employee's MOU.

700.3.1 REPORTING REQUIREMENT
A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.
A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.3.2 QUALIFICATIONS
(a) Acts of personal negligence resulting in damage to personal property will not be covered.
(b) The Chief's Executive Assistant shall verify that the item is damaged and must be replaced.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER
Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement functions, regardless of jurisdiction, shall report it as provided below.
(a) A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.
(b) A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY
If employees of another jurisdiction cause damage to real or personal property belonging to the City, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to their immediate supervisor as soon as circumstances permit. The employee shall submit a written report before going off duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the Deputy Chief.
Personal Communication Devices

701.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued by the Department or personally owned, while on-duty or when used for authorized work-related purposes. This does not include the mobile digital computer or police radio.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY
The Woodland Police Department allows employees to utilize department-issued PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, employees are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the employee and the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

701.3 PRIVACY POLICY
Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files without prior notice, consent or a search warrant, on department-issued PCDs that have been used to conduct department-related business. Administrative searches can take place for work-related purposes that may be unrelated to investigations of employee
Personal Communication Devices

misconduct and, as practicable, will be done in the presence of the affected employee. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police. All such searches shall be fully documented in a written report.

701.4 DEPARTMENT-ISSUED PCD
Depending on an employee's assignment and the needs of the position, the Department may, at its discretion, issue a PCD. Department-issued PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Department-issued PCDs shall not be used for long term storage of information and items of evidentiary value. This information should be transferred to the appropriate storage system when feasible.

701.5 PERSONALLY OWNED PCD
Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

(a) Carrying a personally owned PCD is a privilege, not a right.
(b) Employees shall promptly notify the Department in the event the PCD is lost or stolen.
(c) The PCD and any associated services shall be purchased, used and maintained solely at the employee's expense.
(d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Employees will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
(e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.

Except with prior express authorization from their supervisor, employees are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If an employee is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the employee has prior express authorization from their supervisor, the employee may engage in business-related communications. Should employees engage in such approved off-duty communications or work, employees entitled to compensation shall promptly document the time worked and communicate the information to their supervisor to ensure appropriate compensation. Employees who independently document off-duty department-related business activities in any
manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

701.6 USE OF PERSONAL COMMUNICATION DEVICES
The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

(a) All PCDs in the workplace shall be set to silent or vibrate mode.
(b) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Employees shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
(c) Employees may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
(d) Officers are prohibited from taking pictures, video or making audio recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
(e) Employees will not access social networking sites for any purpose that is not official department business.
(f) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISORY RESPONSIBILITIES
Supervisors should ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors should monitor, to the extent practicable, PCD use in the workplace and take prompt corrective action if an employee is observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

If, when carrying out any provision of this policy, the need to contact an employee who is off-duty arises, supervisors should consider delaying the contact, if practicable, until the employee is on-duty, as such contact may be compensable.

701.8 USE WHILE DRIVING
The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Except in an emergency, employees who are operating a
vehicle shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. Hands-free use should be restricted to business-related calls of an urgent nature. Where practicable, stop the vehicle at an appropriate location to use the PCD.

701.9 OFFICIAL USE
Employees are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, employees shall conduct sensitive or private communications on a land-based or other department communications network.

The following situations are examples of when the use of a PCD may be appropriate:

(a) Barricaded suspects
(b) Hostage situations
(c) Mobile Command Post
(d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
(e) Major political or community events
(f) Investigative stakeouts
(g) Emergency contact with an allied agency or allied agency field unit
(h) When immediate communication is needed and the use of the radio is not available or appropriate and other means are not readily available

The employee involved in the collision shall complete the City of Woodland Incident/Accident Report form. If the employee is unable to complete the form, the supervisor shall complete the form. The form shall be delivered to the lieutenant in charge of Fleet. The lieutenant in charge of Fleet receiving a City of Woodland Incident/Accident Report should review the report for accuracy and determine what additional action should be taken. The lieutenant shall forward a copy of the Woodland Incident/Accident Report to city shop, city representative, and YCPARMIA if applicable. A copy will be forwarded to the lieutenant in charge of the Traffic Division for accident review if necessary.

Any damage to a vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Patrol Supervisor.

Members must identify and use the correct cartridge based on the circumstances (8 CCR 5144).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

(a) They smell, taste or are irritated by a contaminant.

Property and Evidence

800.1 PURPOSE AND SCOPE
This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and identifies those persons authorized to remove and/or destroy property.

800.2 DEFINITIONS
Property - Includes all items of evidence, items taken for safekeeping and found property.
Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.
Safekeeping - Includes the following types of property:

800.3 PROPERTY HANDLING
Any employee who first comes into possession of any property shall retain such property in their possession until it is properly tagged and placed in the designated property locker or storage room along with the property form.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking.

Found property, with a value under $50 and where the owner cannot be identified, may be destroyed by the officer.

800.3.1 PROPERTY BOOKING PROCEDURE
All property must be booked into the evidence/property computer system prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

Certain property items require a separate process. The following items shall be processed in the described manner:

(a) Bodily fluids such as blood or semen stains shall be air dried prior to booking.

Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the officer's report.

Narcotics and dangerous drugs shall be packaged in an DOJ BFS Lab envelope of appropriate size available in the evidence processing room. The booking officer shall initial the sealed envelope and the initials covered with cellophane tape. Narcotics and dangerous drugs shall not be packaged with other property.

A property number shall be obtained for each item or group of items. This number shall be recorded on the property barcode tag and the property sheet.

Any changes in the location of property held by the Woodland Police Department shall be noted in the property management system.

800.6 PROPERTY CONTROL
Each time the Property and Evidence CSO receives property or releases property to another person, they shall enter this information in the property management system. Officers desiring property for court shall contact the Property and Evidence CSO at least one day prior to the court day.

800.6.1 TRANSFER OF EVIDENCE TO CRIME LABORATORY
The transporting employee will check the evidence out of property, indicating the date and time in the property management system and the request for laboratory analysis.

The Property and Evidence CSO releasing the evidence must complete the required information in the property management system. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the officer will record the delivery time on both copies, and indicate the locker in which the item was placed or the employee to whom it was delivered. The original copy of the lab form will remain with the evidence and the copy will be returned to the Records Bureau for filing with the case.
800.6.2 STATUS OF PROPERTY
Each person receiving property will make the appropriate entry to document the chain of evidence. Temporary release of property to officers for investigative purposes, or for court, shall be noted in the property management system, stating the date, time and to whom released.

The Property and Evidence CSO shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

The return of the property should be recorded in the property management system, indicating date, time, and the person who returned the property.

800.6.3 AUTHORITY TO RELEASE PROPERTY
The Investigations Lieutenant shall authorize the disposition or release of all evidence and property coming into the care and custody of the Department.

The District Attorney’s Office, monthly, provides a list of evidence items that can be released back to the rightful owner(s).

800.6.4 RELEASE OF PROPERTY
All reasonable attempts shall be made to identify the rightful owner of found property or evidence not needed for an investigation.

Release of property shall be made upon receipt of an authorized release form, listing the name and address of the person to whom the property is to be released. The release authorization shall be signed by the authorizing supervisor or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released. Release of all property shall be documented on the property form.

With the exception of firearms and other property specifically regulated by statute, found property and property held for safekeeping shall be held for a minimum of 90 days. During such period, property personnel shall attempt to contact the rightful owner by telephone and/or mail when sufficient identifying information is available. Property not held for any other purpose and not claimed within 90 days after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed (Civil Code § 2080.6). The final disposition of all such property shall be fully documented in related reports.

A Property and Evidence CSO shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the original property form. After release of all property entered on the property control card, the card shall be forwarded to the Records Division for filing with the case. If some items of property have not been released, the property card will remain with the Property and Evidence Section. Upon release, the proper entry shall be documented in the Property Management System.
Under no circumstances shall any firearm, magazine, or ammunition be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice that conforms to the provisions of Penal Code § 33865.

The Property and Evidence Section Supervisor should also make reasonable efforts to determine whether the person is the subject of any court order preventing the person from possessing a firearm and, if so, the firearm should not be released to the person while the order is in effect.

The Department is not required to retain any firearm, magazine, or ammunition longer than 180 days after notice has been provided to the owner that such items are available for return. At the expiration of such period, the firearm, magazine, or ammunition may be processed for disposal in accordance with applicable law (Penal Code § 33875).

800.6.5 DISPUTED CLAIMS TO PROPERTY
Occasionally more than one party may claim an interest in property being held by the Department, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the Department may wish to file an interpleader to resolve the disputed claim (Code of Civil Procedure § 386(b)).

800.6.6 RELEASE OF FIREARM IN DOMESTIC VIOLENCE MATTERS
Within five days of the expiration of a restraining order issued in a domestic violence matter that required the relinquishment of a firearm, the Property and Evidence CSO shall return the weapon to the owner if the requirements of Penal Code § 33850 and Penal Code § 33855 are met unless the firearm is determined to be stolen, evidence in a criminal investigation or the individual is otherwise prohibited from possessing a firearm (Family Code 6389(g); Penal Code § 33855).

800.6.7 RELEASE OF FIREARMS AND WEAPONS IN MENTAL ILLNESS MATTERS

If the court orders a firearm returned, the firearm shall not be returned unless and until the person presents valid identification and written notification from the California Department of Justice (DOJ) that conforms to the provisions of Penal Code § 33865.

(b) If no petition has been initiated pursuant to Welfare and Institutions Code § 8102(c) and the firearm or weapon is not retained as evidence, the Department shall make the firearm or weapon available for return. No firearm will be returned unless and until the person presents valid identification and written notification from the California DOJ that conforms to the provisions of Penal Code § 33865.
(c) Unless the person contacts the Department to facilitate the sale or transfer of the firearm to a licensed dealer pursuant to Penal Code § 33870, firearms not returned should be sold, transferred, destroyed, or retained as provided in Welfare and Institutions Code § 8102.

800.6.8 RELEASE OF FIREARMS IN GUN VIOLENCE RESTRAINING ORDER MATTERS
Firearms and ammunition that were taken into temporary custody or surrendered pursuant to a gun violence restraining order shall be returned to the restrained person upon the expiration of the order and in accordance with the requirements of Penal Code § 33850 et seq. (Penal Code § 18120).

If the restrained person who owns the firearms or ammunition does not wish to have the firearm or ammunition returned, they are entitled to sell or transfer title to a licensed dealer, provided that the firearms or ammunition are legal to own or possess and the restrained person has right to title of the firearms or ammunition (Penal Code § 18120).

If a person other than the restrained person claims title to the firearms or ammunition surrendered pursuant to Penal Code § 18120 and the Woodland Police Department determines them to be the lawful owner, the firearms or ammunition shall be returned in accordance with the requirements of Penal Code § 33850 et seq. (Penal Code § 18120).

Firearms and ammunition that are not claimed are subject to the requirements of Penal Code § 34000.

800.7 DISPOSITION OF PROPERTY
All property not held for evidence in a pending criminal investigation or proceeding, and held for six months or longer where the owner has not been located or fails to claim the property, may be disposed of in compliance with existing laws upon receipt of proper authorization for disposal. The Property and Evidence CSO shall request a disposition or status on all property which has been held in excess of 120 days, and for which no disposition has been received from a supervisor or detective.

If found or seized money is no longer required as evidence and remains unclaimed after three years, the Department shall cause a notice to be published each week for a period of two consecutive weeks in a local newspaper of general circulation (Government Code § 50050). Such notice shall state the amount of money, the fund in which it is held and that the money will become the property of the agency on a designated date not less than 45 days and not more than 60 days after the first publication (Government Code § 50051).

Any individual item with a value of less than $15.00, or any amount if the depositor/owner’s name is unknown, which remains unclaimed for a year or by order of the court, may be transferred to the general fund without the necessity of public notice (Government Code § 50055).

If the money remains unclaimed as of the date designated in the published notice, the money will become the property of this department to fund official law enforcement operations. Money representing restitution collected on behalf of victims shall either be deposited into the Restitution Fund or used for purposes of victim services.

800.7.3 RETENTION OF BIOLOGICAL EVIDENCE
The Investigations Lieutenant shall ensure that no biological evidence held by the Department is destroyed without adequate notification to the following persons, when applicable:

(a) The defendant
(b) The defendant’s attorney
(c) The appropriate prosecutor and Attorney General

Even after expiration of an applicable statute of limitations, the Investigation Bureau supervisor should be consulted and the sexual assault victim shall be notified at least 60 days prior to the disposal (Penal Code § 680). Reasons for not analyzing biological evidence shall be documented in writing (Penal Code § 680.3).

800.8 INSPECTIONS OF THE EVIDENCE ROOM

Crime Analysis

800.1 PURPOSE AND SCOPE
Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Crime analysis can be useful to the Department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 DATA SOURCES
Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Field Interview cards
- Parole and Probation records
- Computer Aided Dispatch data
- Statewide Integrated Traffic Reporting System (SWITRS)

800.3 CRIME ANALYSIS FACTORS
The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus operandi factors
- Physical evidence information

800.4 CRIME ANALYSIS DISSEMINATION
For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the development of the Department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

801.4 DETERMINATION OF FACTUAL INNOCENCE
In any case where a person has been arrested by officers of the Woodland Police Department and no accusatory pleading has been filed, the person arrested may petition the Department to destroy the related arrest records. Petitions should be forwarded to the Records Supervisor. The Records Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8).

Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Records Supervisor should forward the petition to the Investigations Division Supervisor and the City Attorney for review. After such review and consultation with the City Attorney, the Investigations Division Supervisor and the Records Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Records Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California Department of Justice and other law enforcement agencies (Penal Code § 851.8).

The Records Supervisor should respond to a petition with the Department’s decision within 45 days of receipt. Responses should include only the decision of the Department, not an explanation of the analysis leading to the decision.

(a) The individual is issued a certificate describing the action as a detention.

(b) All references to an arrest are deleted from the arrest records of the Department and the record reflects only a detention.

(c) The Bureau of Criminal Identification and Investigation of the Department of Justice is notified.

801.6 FILE ACCESS AND SECURITY
The security of files in the Records Division must be a high priority and shall be maintained as mandated by state or federal law. Should an original case report be needed for any reason, the requesting department member shall first obtain authorization from the Records Supervisor. All original case reports to be removed from the Records Division shall be photocopied and the photocopy retained in the file location of the original case report until the original is returned to the Records Division. The photocopied report shall be shredded upon return of the original report to the file.

801.8 CONFIDENTIALITY

(f) Ensuring a current schedule of fees for public records as allowed by law is available (Government Code § 6253).

(g) Determining how the department's website may be used to post public records in accordance with Government Code § 6253.

(j) Ensuring that a list and description, when applicable, of enterprise systems (as defined by Government Code § 6270.5) is publicly available upon request and posted in a prominent location on the Department's website.
802.3.1 TRAFFIC COLLISION REPORTS
Traffic collision reports (and related supplemental reports) shall be considered confidential and subject to release only to the California Highway Patrol, Department of Motor Vehicles (DMV), other law enforcement agencies and those individuals and their authorized representatives set forth in Vehicle Code § 20012.

802.4 PROCESSING REQUESTS FOR PUBLIC RECORDS
Any department member who receives a request for any record shall route the request to the Custodian of Records or the authorized designee.

802.4.1 REQUESTS FOR RECORDS
Any member of the public, including the media and elected officials, may access unrestricted records of this department, during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 6253).

The processing of requests for any record is subject to the following (Government Code § 6253):

(a) The Department is not required to create records that do not exist.

(b) Victims of an incident or their authorized representative shall not be required to show proof of legal presence in the United States to obtain department records or information. If identification is required, a current driver’s license or identification card issued by any state in the United States, a current passport issued by the United States or a foreign government with which the United States has a diplomatic relationship or current Matricula Consular card is acceptable (Government Code § 6254.30).

(c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the Department shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.

1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 6253.1).

2. If the record requested is available on the department website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.

(d) Upon request, a record shall be provided in an electronic format utilized by the Department. Records shall not be provided only in electronic format unless specifically requested (Government Code § 6253.9).
(e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.

1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for the redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the department-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.

(f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure (Government Code § 6255). The written response shall also include the names, titles or positions of each person responsible for the denial.

802.5 RELEASE RESTRICTIONS

Examples of release restrictions include:

(a) Personal identifying information, including an individual’s photograph; Social Security and driver identification numbers; name, address, and telephone number; and medical or disability information that is contained in any driver license record, motor vehicle record, or any department record including traffic collision reports, are restricted except as authorized by the Department, and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (18 USC § 2721; 18 USC § 2722).

Federal officials may be required to obtain a court order to obtain certain juvenile information (Welfare and Institutions Code § 827.9; Welfare and Institutions Code § 827.95; Welfare and Institutions Code § 831).

802.6 SUBPOENAS AND DISCOVERY REQUESTS
Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

802.7 RELEASED RECORDS TO BE MARKED
Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

802.8 SEALED RECORD ORDERS
Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 850.4, or Penal Code § 1001.9, the Records Supervisor shall
ensure that the required notations on local summary criminal history information and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

802.8.1 SEALED JUVENILE ARREST RECORDS
Upon receiving notice from a probation department to seal juvenile arrest records pursuant to Welfare and Institutions Code § 786.5, the Records Supervisor should ensure that the records are sealed within 60 days of that notice and that the probation department is notified once the records have been sealed (Welfare and Institutions Code § 786.5).

802.9 SECURITY BREACHES
The Records Supervisor shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual’s first name or first initial and last name in combination with any one or more of the following:

- Social Security number
- Driver license number, California identification card number, tax identification number, passport number, military identification number, or other unique identification number issued on a government document commonly used to verify the identity of a specific individual
- Account number or credit or debit card number, in combination with any required security code, access code or password that would permit access to an individual’s financial account
- Medical information
- Health insurance information
- A username or email address, in combination with a password or security question and answer that permits access to an online account
- Information or data collected by Automated License Plate Reader (ALPR) technology
- Unique biometric data

802.9.1 FORM OF NOTICE

(a) The notice shall be written in plain language, be consistent with the format provided in Civil Code § 1798.29 and include, to the extent possible, the following:
1. The date of the notice.
2. Name and contact information for the Woodland Police Department.
3. A list of the types of personal information that were or are reasonably believed to have been acquired.
4. The estimated date or date range within which the security breach occurred.
5. Whether the notification was delayed as a result of a law enforcement investigation.
6. A general description of the security breach.
7. The toll-free telephone numbers and addresses of the major credit reporting agencies, if the breach exposed a Social Security number or a driver license or California identification card number.

(b) The notice may also include information about what the Woodland Police Department has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).

(c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):
1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.
2. When the breach involves an email address that was furnished by the Woodland Police Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

802.9.2 MANNER OF NOTICE

(a) Notice may be provided by one of the following methods (Civil Code § 1798.29):
1. Written notice.
2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.
3. Substitute notice if the cost of providing notice would exceed $250,000, the number of individuals exceeds 500,000 or the Department does not have sufficient contact information. Substitute notice shall consist of all of the following:
Records Maintenance and Release

(a) Email notice when the Department has an email address for the subject person.
(b) Conspicuous posting of the notice on the department’s webpage for a minimum of 30 days.

4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.
(b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

802.10 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS
Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 6254(f)(4)).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an officer, or depicts an incident in which the use of force by an officer against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 6254(f)(4)).

The Custodian of Records should work as appropriate with the Chief of Police or the Community Relations Sergeant supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

802.10.1 DELAY OF RELEASE
Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

(a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.
(b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.
(c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 6254(f)(4)).

802.10.2 NOTICE OF DELAY OF RELEASE
When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 6254(f)(4)):
(a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.

(b) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

802.10.3 REDACTION
If the Custodian of Records, in consultation with the Chief of Police or authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 6254(f)(4)).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 6254(f)(4)).

802.10.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE
If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 6254(f)(4)):

(a) The person in the recording whose privacy is to be protected, or his/her authorized representative.

(b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.

(c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with
written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 6254(f)(4)).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 6254(f)(4)(A)).
Protected Information

803.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Woodland Police Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

803.1.1 DEFINITIONS
Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Woodland Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

803.2 POLICY
Members of the Woodland Police Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

803.3 RESPONSIBILITIES
The Chief of Police shall select a member of the Department to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

(a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETS).

(b) Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice’s current Criminal Justice Information Services (CJIS) Security Policy.

(c) Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.

(d) Developing procedures to ensure training and certification requirements are met.

(e) Resolving specific questions that arise regarding authorized recipients of protected information.

(f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.
803.4 ACCESS TO PROTECTED INFORMATION
Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Woodland Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

803.4.1 PENALTIES FOR MISUSE OF RECORDS
It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

803.4.2 RELEASE OF CORI
Only the persons listed below are authorized to release CORI. Each authorized person releasing CORI is responsible to ensure that each request granted appears legitimate and that the requester is an authorized recipient with a right and need to know.

(a) Records Supervisor  
(b) Full-time employees of the Records Division  
(c) Personnel specifically designated in writing by the Deputy Chief with the concurrence of the Criminal Records Security Officer (Records Supervisor)

803.4.3 RELEASE OF CORI TO FIELD PERSONNEL
Personnel shall not have access to CORI until a background investigation has been completed and approved.

CORI shall not generally be transmitted by radio, text, email, or through computer terminals to field personnel or vehicles except in cases where circumstances reasonably indicate that the immediate safety of the officer or the public are at significant risk. Examples of situations where the transmission of summary criminal history information would be justified include a hostage situation or an armed suspect however a routine investigation or traffic enforcement stop would not be sufficient justification.

Nothing in this procedure is intended to prohibit broadcasting warrant information concerning wanted persons.
803.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION
Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Division to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

803.5.1 REVIEW OF CRIMINAL OFFENDER RECORD
Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

803.5.2 TRANSMISSION GUIDELINES
Protected information, such as restricted Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should not be transmitted via unencrypted radio. When circumstances reasonably indicate that the immediate safety of officers, other department members, or the public is at risk, only summary information may be transmitted.

In cases where the transmission of protected information, such as Personally Identifiable Information, is necessary to accomplish a legitimate law enforcement purpose, and utilization of an encrypted radio channel is infeasible, a MDC or department-issued cellular telephone should be utilized when practicable. If neither are available, unencrypted radio transmissions shall be subject to the following:

- Elements of protected information should be broken up into multiple transmissions, to minimally separate an individual’s combined last name and any identifying number associated with the individual, from either first name or first initial.

- Additional information regarding the individual, including date of birth, home address, or physical descriptors, should be relayed in separate transmissions.

Nothing in this policy is intended to prohibit broadcasting warrant information.

803.6 SECURITY OF PROTECTED INFORMATION
The Chief of Police will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:
(a) Developing and maintaining security practices, procedures and training.

(c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.
(d) Tracking, documenting and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

803.6.1 MEMBER RESPONSIBILITIES
Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

803.7 TRAINING
All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

803.7.1 COMPUTER TERMINAL SECURITY
Computer terminal equipment capable of providing access to automated criminal offender record information is located in the Records Division, Patrol Report Writing, and in the Investigations Bureau to preclude access by unauthorized persons.

No employee shall be authorized to operate computer terminal equipment with access to CORI until the operator has completed the appropriate training.

803.7.2 DESTRUCTION OF CORI
When any document providing CORI has served the purpose for which it was obtained, it shall be destroyed by shredding.

Each employee shall be responsible for destroying the CORI documents they receive.

803.7.3 CUSTODIAN OF CRIMINAL RECORDS
The Records Supervisor, unless otherwise directed by the Chief or their designee shall be the Department's official Custodian of Criminal Records. The Custodian of Criminal Records shall be responsible for the security, storage, dissemination and destruction of criminal records, and will serve as a primary contact for the California Department of Justice for any related issues. The Chief or their designee may appoint other department employees to the role of Custodian of Criminal Records, who will share the same responsibilities regarding criminal records.
The Administration will ensure that they make the appropriate applications and notifications to the California Department of Justice regarding the Department's Custodian of Criminal Record appointments, per the requirements of Penal Code § 11102.2.

This subsection is not intended to interfere with any other employee acting as a custodian of records for other statutory purposes but is narrowly tailored to address issues of criminal history records.

All personnel authorized to process or release CORI shall be required to complete a training program prescribed by the Criminal Record Security Officer. The Records Supervisor shall coordinate the course to provide training in the proper use, control, and dissemination of CORI.

803.9 PENALTIES FOR MISUSE OF RECORDS
Penal Code §§ 11140 and 11144 make it a misdemeanor to furnish, buy, receive, or possess Department of Justice rap sheets without authorization by a court, statute, or case law.

Title 11, California Administrative Code § 702 provides that authorized persons or agencies violating the Regulations Regarding the Security of Criminal Offender Record Information in California may lose direct access to CORI maintained by the California Department of Justice.

Divulging the content of any criminal record to anyone other than authorized personnel is a violation of Policy Manual § 340.3.7(a).

Employees who obtain, or attempt to obtain, information from the department files other than that to which they are entitled in accordance with their official duties is a violation of Policy Manual § 340.3.7(a).

803.10 CALIFORNIA RELIGIOUS FREEDOM ACT
Members shall not release personal information from any agency database for the purpose of investigation or enforcement of any program compiling data on individuals based on religious belief, practice, affiliation, national origin or ethnicity (Government Code § 8310.3).
Computers and Digital Evidence

804.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

804.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
(c) If the computer is off, do not turn it on.
(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
   1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
   2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).
(e) Label each item with case number, evidence sheet number, and item number.
(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
(g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.
(h) At minimum, officers should document the following in related reports:
   1. Where the computer was located and whether or not it was in operation.
   2. Who was using it at the time.
   3. Who claimed ownership.
4. If it can be determined, how it was being used.

(i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media.

804.2.1 BUSINESS OR NETWORKED COMPUTERS
If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

804.2.2 FORENSIC EXAMINATION OF COMPUTERS
If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

(a) Copy of report(s) involving the computer, including the Evidence/Property sheet.

(b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.

(c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).

(d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

804.3 SEIZING DIGITAL STORAGE MEDIA
Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

(a) If the media has a write-protection tab or switch, it should be activated.

(b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property and Evidence Section to copy the contents to an appropriate form of storage media.

(c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.

(d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
Computers and Digital Evidence

(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

804.4 SEIZING PCDS
Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a faraday bag to prevent the device from sending or receiving information.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

804.5 DIGITAL EVIDENCE RECORDED BY OFFICERS
Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

804.5.1 COLLECTION OF DIGITAL EVIDENCE
Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

804.5.2 DOWNLOADING OF DIGITAL FILES
Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

(a) Files should not be opened or reviewed prior to downloading and storage.

(b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

804.5.3 PRESERVATION OF DIGITAL EVIDENCE

(a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.
(b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.

(c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.
Alarm Program

805.1 PURPOSE AND SCOPE
The Senior Management Analyst, or their designee, will be responsible for the administration of the burglary and robbery alarm ordinance. The Senior Management Analyst will maintain records and keep current statistics which will reflect the false alarm rates for those users who come into conflict with the standards previously set by the City Council. Additionally, the Senior Management Analyst will maintain accounting records using the City Financial System which will accurately reflect the fees and or fines debited and received by the Department as a result of the administration of this ordinance.

The purpose of the City of Woodland Burglar Alarm Ordinance is to help the Police Department reduce the number of false alarm responses on an annual basis. False alarms create a variety of concerns including officer safety issues when continuous responses are required. As a result, the Police Department has been charged with the administration of this ordinance and accounting for any fees and fines imposed as a result of unnecessary Police response.

805.2 PROCEDURE
The Senior Management Analyst will periodically evaluate the false alarm standards and recommend any changes that may be necessary to the Chief of Police. The service fee schedule will be monitored to ensure that costs for police response to false alarms do not exceed the amount of the fees imposed by the resolution.

The Patrol Division will notify dispatch of any discernable reason for the alarm which, in turn, will be logged on the call for the alarm program administrator.

The Senior Management Analyst will review alarm responses and assess service costs, nature of alarms and notification to permitees, process all billings, and receive all fees associated with the alarm program and retain all permit applications and service fee invoices for contested alarm calls.

805.3 BURGLARY/ROBBERY ALARMS
The Senior Management Analyst is responsible for cost recovery of department expenses for repeat responses to Burglary/Robbery false alarm calls per Section 5.16.220 Woodland City Ordinance.

805.3.1 PROCEDURE

Section 5.16.220 WCO does not authorize arrests. It was enacted to discourage and reduce the frequency of return call to false alarms by charging a service fee.

The Patrol Division will notify dispatch of each false alarm to which officers respond. This notification can be accomplished by notifying dispatch of the following information, generally
Alarm Program

contained in the CAD event created by dispatch, which will be routed to the Records Manager for assessment:

(a) Location of call
(b) Time & Date
(c) Name of Business or resident
(d) Reason for alarm
(e) If the responsible responded to the alarm call
(f) Name of responsible contacted at the scene

Temporary Custody of Adults

(b) Evaluate the following issues against the stated risks in (a) to determine the need for placing the individual in a single cell:

3. Maintaining regular, face to face, scheduled checks on the arrestee will increase the safety of an arrestee.

900.4.2 CONSULAR NOTIFICATION
Consular notification may be mandatory when certain foreign nationals are arrested. The Patrol Bureau Commander will ensure that the U.S. Department of State’s list of countries and jurisdictions that require mandatory notification is readily available to department members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be transmitted and then retained for documentation. Custodial Searches

901.1 PURPOSE AND SCOPE
This policy provides guidance regarding searches of individuals in custody. Nothing in this policy is intended to prohibit the otherwise lawful collection of trace evidence from an individual in custody.

901.1.1 DEFINITIONS
Definitions related to this policy include:

Custody search - An in-custody search of an individual and of their property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of their clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where their underclothing, buttocks, genitalia or female breasts are visible.

901.2 POLICY
All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

901.3 PAT DOWN SEARCHES
When any officer has reasonable suspicion to believe that a person being lawfully detained may possess weapons or other dangerous items, or in such circumstances the officer reasonably believes that the individual may present a threat to officer safety, that officer may conduct a normal pat-down search of that individual.

Prior to detaining any individual in any police vehicle, an officer should conduct a normal pat-down search of that individual.

901.4 SEARCHES AT POLICE FACILITIES
Custody searches shall be conducted on all individuals in custody, upon entry to the Woodland Police Department facilities. Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.
Custodial Searches

901.4.1 PROPERTY
Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy.

901.5 STRIP SEARCHES
No individual in temporary custody at any Woodland Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include, but are not limited to:

(a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.

(b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.
   1. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.

(c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).

(d) The individual’s actions or demeanor.

(e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual’s genital status. If the individual’s genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

Strip searches at Woodland Police Department facilities shall be conducted as follows (28 CFR 115.115):

(f) The primary member conducting the search shall prepare a written report to include:
   1. The facts that led to the decision to perform a strip search.
   2. The reasons less intrusive methods of searching were not used or were insufficient.

   8. The place at which the search was conducted.
   9. A list of the items, if any, that were recovered.
   10. The facts upon which the member based their belief that the individual was concealing a weapon or contraband.

(g) No member should view an individual's private underclothing, buttocks, genitalia or female breasts while that individual is showering, performing bodily functions or changing clothes, unless they otherwise qualify for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect their privacy and dignity.

(h) If the individual has been arrested for a misdemeanor or infraction offense, the written authorization from the Patrol Supervisor shall include specific and articulable facts and circumstances upon which the reasonable suspicion determination for the search was made (Penal Code § 4030(f)).

(i) A copy of the written authorization shall be retained and made available upon request to the individual or the individual's authorized representative. A record of the time, date, place of the search, the name and sex of the person conducting the search, and a statement of the results of the search shall also be retained and made available upon
Custodial Searches

request to the individual or the individual’s authorized representative (Penal Code § 4030(i)).

901.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES
A strip search may be conducted in the field only with Patrol Supervisor authorization and only in exceptional circumstances, such as when:

(a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.

(b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Patrol Supervisor authorization does not need to be in writing.

901.6 PHYSICAL BODY CAVITY SEARCH
Physical body cavity searches shall be subject to the following:

(a) No individual shall be subjected to a physical body cavity search without written approval of the Patrol Supervisor and only upon a search warrant (Penal Code § 4030(h)). A copy of any search warrant and the results of the physical body cavity search shall be included with the related reports and made available, upon request, to the individual or authorized representative (except for those portions of the warrant ordered sealed by a court).

(b) Only a physician, nurse practitioner, registered nurse, licensed vocational nurse or Emergency Medical Technician Level II licensed to practice in California may conduct a physical body cavity search (Penal Code § 4030(k)).

(c) Except for the physician or licensed medical personnel conducting the search, persons present must be of the same sex as the individual being searched. Only the necessary department members needed to maintain the safety and security of the medical personnel shall be present (Penal Code § 4030(l)).

(d) Privacy requirements, including restricted touching of body parts and sanitary condition requirements, are the same as required for a strip search.

(e) All such searches shall be documented, including:

1. The facts that led to the decision to perform a physical body cavity search of the individual.

2. The reasons less intrusive methods of searching were not used or were insufficient.
Custodial Searches

3. The Patrol Supervisor’s approval.

A record of the time, date, place of the search, the name and sex of the person conducting the search and a statement of the results of the search shall also be retained and made available upon request to the individual or the individual’s authorized representative (Penal Code § 4030(i)).
Chapter 10 - Personnel
Recruitment and Selection

1000.1 CITY OF WOODLAND EMPLOYMENT POLICY
Refer to the City of Woodland's policy for Employment.

See attachment: Employment (rev 11.1.07).pdf
Evaluation of Employees

1001.1 PURPOSE AND SCOPE
The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY
The Woodland Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 FULL TIME PROBATIONARY PERSONNEL
Non-sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. An evaluation is completed quarterly for all full-time non-sworn personnel during the probationary period.

Sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. Probationary officers are evaluated daily, during the FTO Program and quarterly throughout the remainder of the 12 month probationary period.

1001.4 FULL-TIME PERMANENT STATUS PERSONNEL
Permanent employees are subject to the following types of performance evaluations:

Patrol Division Rotational - An evaluation at the end of each Patrol Division rotation will be completed to document the employee's performance during that time period. Any Training/Observation Forms received during the rotation should be stapled to the Rotational Evaluation. Completed rotational evaluations must be signed by the employee, the supervisor and the supervisor's Lieutenant.

Annual - An Employee Performance Evaluation shall be completed once each year by the employee's immediate supervisor on the anniversary of the employee's date of hire except for employees who have been promoted in which case an Employee Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.
Evaluation of Employees

**Special** - A special evaluation may be completed any time the employee’s supervisor feels one is necessary due to employee performance that is deemed less than standard. Approval is required via the chain of command prior to the issuance of a special evaluation. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1001.4.1 **RATINGS**
When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee’s performance.

The evaluation form for sworn employees contains a check-box and narrative section to rate an employee Superior, Acceptable, Needs Improvement or Unacceptable.

A narrative section is mandatory and can include significant events, both positive and negative, major work efforts, ongoing commendable performance, performance problems, disciplinary issues, etc.

Any rating under any job dimension marked Needs Improvement, Unacceptable or Superior shall be substantiated in the narrative section.

1001.5 **EVALUATION INTERVIEW**
When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee and manager of the supervisor. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation.

1001.6 **EVALUATION REVIEW**
After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater’s supervisor (Lieutenant). The Lieutenant shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Lieutenant shall evaluate the supervisor on the quality of ratings given. The Lieutenant shall then forward the evaluation to the Deputy Chief for review. The Deputy Chief will then provide the evaluation to the Chief of Police for review and signature.
1001.7 EVALUATION DISTRIBUTION
The original performance evaluation shall be maintained in the employee's personnel file in the office of the Chief of Police for the tenure of the employee's employment. A copy will be given to the employee.

Grievance Procedure

1003.1 GRIEVANCES
Refer to City of Woodland personnel rule #14.
Reporting of Employee Convictions

1004.1 PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

1004.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS
California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1004.3 OTHER CRIMINAL CONVICTIONS
Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendre plea.

1004.4 REPORTING PROCEDURE
All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.
1004.5 PROCEDURE FOR RELIEF
Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee’s own resources and on the employee’s own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee’s duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

1004.5.1 NOTIFICATION REQUIREMENTS
The Administration Supervisor shall submit within 30 days of final disposition a notice to the Commission on Peace Officer Standards and Training (POST) of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

The Administration Supervisor shall submit within 30 days a notice to POST of any appointment, termination, reinstatement, name change, or status change regarding any peace officer, reserve peace officer, public safety dispatcher, and records supervisor employed by this department (11 CCR 1003).
Drug- and Alcohol-Free Workplace

1005.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1005.2 POLICY
It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1005.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Patrol Supervisor or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1005.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

1005.3.2 USE OF MARIJUANA
Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1005.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.
Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1005.5 EMPLOYEE ASSISTANCE PROGRAM
There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1005.6 WORK RESTRICTIONS
If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1005.7 REQUESTING SCREENING TESTS
In accordance with the provisions of policy 1006 the supervisor may request an employee to submit to a screening test when the supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing their ability to perform duties safely and efficiently.

1005.7.1 SUPERVISOR RESPONSIBILITY
The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1005.7.2 SCREENING TEST REFUSAL
An employee may be subject to disciplinary action if he/she:
Drug- and Alcohol-Free Workplace

(a) Fails or refuses to submit to a screening test as requested.

(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

(c) Violates any provisions of this policy.

1005.8 CONFIDENTIALITY
The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.
Employees Suspected of Working Under the Influence (WUI)

1006.1 PURPOSE AND SCOPE
This policy is intended to establish procedures for investigating and processing employees suspected of Working Under the Influence (WUI). It is the position of the department to take immediate action when there is sufficient cause to believe an employee is unfit for duty due to the influence of alcohol or drugs while at work.

Any employee who reasonably suspects that another City employee, manager, or supervisor is under the influence of alcohol and/or drugs during work hours, should immediately call their supervisor and report their observations in accordance with the City of Woodland's Alcohol/Drug Policy.

1006.2 SUPERVISORY RESPONSIBILITY
The supervisor shall take appropriate action. The supervisor has the authority to protect the health and safety of employees and/or citizens, and may:

- Immediately suspend the employee.
- Ask for an alcohol/drug test.

The supervisor shall request the presence of a second supervisor or manager and meet with the employee. The employee will be offered the opportunity to give an explanation of their condition. The employee may have a representative present during the discussion and testing. The supervisors shall wait up to one (1) hour for the arrival of the representative.

From initial contact through the meeting with the employee the supervisors shall observe the employee for indicators of probable alcohol/drug usage. The circumstances under which an employee may be tested include, but are not limited to:

(a) after any accident when there is reasonable suspicion to believe it is drug or alcohol related;
(b) direct observation of use or possession of alcohol or drugs;
(c) odor of an alcoholic beverage on the breath;
(d) inability to appropriately respond to questions;
(e) objective symptoms such as bloodshot and/or watery eyes incoherent or slurred speech, unsteady walking and movement, disorientation, loss of balance, and unexplained drowsiness; or
(f) a pattern of abnormal, erratic, paranoid or bizarre behavior.
Employees Suspected of Working Under the Influence (WUI)

If the supervisors concur that there is reasonable and articulable evidence to suspect that the employee is under the influence of alcohol/drugs, they may direct the employee to submit to an alcohol/drug test.

- The directive shall be in writing.
- The directive shall be signed by the employee and witnessed by the requesting supervisor(s).

1006.2.1   EMPLOYEE RESPONSIBILITY

It is the responsibility of the employee to comply with the reasonable orders of their supervisors to determine whether or not the employee is working under the influence.

Employee consents to testing

If the employee consents to a drug/alcohol test, the employee should be transported for testing by their supervisor. The supervisor shall ask the physician that appropriate tests be ordered and shall confirm that the employee actually complied with the order and that specimens were taken. After the physician has completed the examination and any ordered specimen(s) have been taken, the supervisor shall request the physician's immediate written determination of the employee's fitness for duty at that time and when the employee can be returned to duty.

After completion of the inquiry and/or test, and if the employee is not under arrest, they may be transported home or released to a responsible adult who is willing to assume responsibility for the employee and who will seek to ensure that the employee will not endanger themselves or others.

Employee refuses to submit to testing

If an employee refuses to submit to an alcohol/drug test, the supervisors shall remind the employee of the City’s Alcohol and Drug Policy requirements, then give the employee a direct order to comply with the alcohol/drug test. If the employee refuses to comply with the supervisor's direct order to submit to the test(s), the supervisors shall:

(a) Advise the employee that failure to comply with this direct order is insubordination, which in and of itself, shall be cause for disciplinary action, up to and including termination.

(b) Repeat the direct order.

(c) If the employee still refuses to comply, immediately relieve the employee of duty and advise the employee: (1) They have been insubordinate. (2) They shall be off work on administrative leave status for the remainder of the shift. (3) Their failure to comply is subject to disciplinary action, up to and including termination. (4) They shall report to their Division Lieutenant at the beginning of their next duty shift.
Employees Suspected of Working Under the Influence (WUI)

After completion of the inquiry and/or test, and if the employee is not under arrest, they may be transported home or released to a responsible adult who is willing to assume responsibility for the employee and who will seek to ensure that the employee will not endanger themselves or others.

1006.2.2 REPORTING
Supervisors shall report WUI cases immediately to the Division Commander. Supervisors shall document their investigation of the WUI allegation in a detailed report, via the Chain of Command to the Chief of Police within 2 days.

Copies of the report shall be given to Human Resources and the employee.

1006.2.3 DETERMINATION - TEST RESULTS AND LABORATORY REPORTS
Test results and laboratory reports will be disclosed strictly on a need-to-know basis, and to the employee upon request.

Tests results may also be disclosed under the following circumstances:

(a) The information is compelled by law or by other judicial process.
(b) The information has been placed at issue in a formal grievance.
(c) The information is to be used in administering an employee benefit plan.
(d) The information is needed by medical personnel for the diagnosis or treatment of the employee, and the employee is unable to consent.

The results of the alcohol/drug test will be returned to the Chief of Police (COP) and the employee will be advised of the results.

(a) An employee who has tested positive may request that the City conduct a second test to confirm the results (at the employee’s expense).

(b) The results of the second test will be controlling.

Test results and laboratory reports shall be maintained in a separate confidential medical folder, which is kept in a secure place, and shall not be placed in the employee's general personnel file.

1006.2.4 DISCIPLINARY ACTION
If the employee is judged by the examining physician to be unfit for duty due to alcohol and/or drugs, the supervisor(s) shall advise the employee that they are:

(a) Unfit for duty;
(b) Relieved from duty on unpaid status for the balance of the shift; and
(c) Subject to an internal investigation.
**Employees Suspected of Working Under the Influence (WUI)**

If the test results are negative, the employee will be reinstated with pay for all regularly scheduled work, not including overtime, which was missed while on suspension.

If the test results are positive, it may result in disciplinary action up to and including termination.

(a) The employee will be questioned concerning past and present alcohol/drug use.

(b) In appropriate circumstances, an employee may be allowed to sign a "Last Chance Agreement" and enroll in an alcohol or drug rehabilitation program.

(c) A request for alcohol/drug rehabilitation treatment may not be used by an employee as a means of avoiding imposition of disciplinary action.

Employees who have tested positive for an alcohol or drug test while on the job, or while subject to duty, may be required to submit to unannounced testing for a period of up to two (2) years.

(a) Employees may be tested as stipulated in their written "Last Chance Agreement".

(b) Employees who test positive for alcohol or drugs while participating in a written agreement will be terminated.

1006.2.5 EMPLOYEE ASSISTANCE

The City places a high value on employee behavior that exhibits a realization that the presence of alcohol and drugs in the workplace is a threat to the safety of all employees and the public we serve. The City's health plans provide a variety of programs for the treatment of alcohol or substance abuse. Employees should refer to their plan's handbook or contact Human Resources for additional information.
Sick Leave

1007.1 PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.), the California Family Rights Act, leave for victims of crime or abuse, or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1007.2 EMPLOYEE RESPONSIBILITIES
Sick leave may be used for absences caused by illness, injury, temporary disability (including pregnancy/maternity), or for medical, dental or vision exams or medical treatment of the employee or the employee’s immediate family when it is not possible to schedule such appointments during non-working hours. Sick leave is not considered vacation, and abuse of sick leave may result in discipline and/or denial of sick-leave benefits.

1007.2.1 NOTIFICATION
Employees are encouraged to notify the on duty supervisor as soon as they are aware that they will not be able to report to work. At a minimum, employees shall make such notification no less than one hour before the start of their scheduled shift. If an employee is unable to contact the supervisor in the case of an emergency, every effort should be made to have a representative contact the supervisor.

When the necessity for leave is foreseeable, such as an expected birth or planned medical treatment, the employee shall, whenever possible, provide the Department with no less than 30-days notice of the intent to take leave.

1007.3 EXTENDED ILLNESS
Employees absent from duty due to personal illness in excess of three consecutive days may be required to furnish a doctor's note supporting the use of sick leave and/or the ability to return to work.

Nothing in this section precludes a supervisor, with cause, from requiring a doctor's note if three or fewer sick days are taken.

1007.4 SUPERVISOR RESPONSIBILITY
Supervisors should monitor sick leave usage and regularly review the attendance of employees under their command to ensure that the use of sick leave is consistent with this policy. Supervisors should address sick-leave use in the employee’s performance evaluation when it has negatively
Sick Leave

affected the employee’s performance or ability to complete assigned duties, and when unusual amounts of sick leave by the employee has had a negative impact on department operations. When appropriate, supervisors should counsel employees regarding the excessive use of sick leave and should consider referring the employee to the Employee Assistance Program.

1007.5 EXTENDED ABSENCE
Members absent from duty for more than three consecutive days shall be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period. Supervisors shall notify employees as soon as possible when a health care provider’s statement is required.
Communicable Diseases

1008.1 PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1008.1.1 DEFINITIONS
Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member’s position at the Woodland Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1008.2 POLICY
The Woodland Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1008.3 EXPOSURE CONTROL OFFICER
The Chief of Police will assign a person as the Exposure Control Officer (ECO). For the Woodland Police Department this shall be Sergeant Victoria Danzl. The ECO shall develop an exposure control plan that includes:

(a) Exposure-prevention and decontamination procedures.

(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.

(c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member’s position and risk of exposure.

(d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).

(e) Compliance with all relevant laws or regulations related to communicable diseases, including:

1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

   (b) **Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.**

4. **Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).**

5. **Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease and that the member is notified of any exposure as required by Health and Safety Code § 1797.188.**

6. **Informing members of the provisions of Health and Safety Code § 1797.188 (exposure to communicable diseases and notification).**

   (f) **Provisions for acting as the designated officer liaison with health care facilities regarding communicable disease or condition exposure notification.** The designated officer should coordinate with other department members to fulfill the role when not available. The designated officer shall ensure that the name, title and telephone number of the designated officer is posted on the Department website (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

**1008.4 EXPOSURE PREVENTION AND MITIGATION**

**1008.4.1 GENERAL PRECAUTIONS**

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

(a) **Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.**

(b) **Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.**

(c) **Washing hands immediately or as soon as feasible after removal of gloves or other PPE.**
Communicable Diseases

(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.

(e) Using an appropriate barrier device when providing CPR.

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.

(h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.

(i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

See attachment: Woodland Police ATD Control Procedures.pdf

1008.4.2 IMMUNIZATIONS
Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1008.4.3 DECONTAMINATION
After handling an event that involved blood or body fluids employees shall follow the Disposal and Decontamination procedures in the attached document. See attachment: Woodland Police Decontamination Procedures.pdf

1008.5 POST EXPOSURE

1008.5.1 INITIAL POST-EXPOSURE STEPS
Members who experience an exposure or suspected exposure shall:

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

(b) Obtain medical attention as appropriate.

(c) Notify a supervisor as soon as practicable.
1008.5.2 REPORTING REQUIREMENTS
The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

(a) Name and Social Security number of the member exposed
(b) Date and time of the incident
(c) Location of the incident
(d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
(e) Work being done during exposure
(f) How the incident occurred or was caused
(g) PPE in use at the time of the incident
(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1008.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.
(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1008.5.4 COUNSELING
The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1008.5.5 SOURCE TESTING
Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek
timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.
(b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
(c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).
(d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).
(e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1008.6 CONFIDENTIALITY OF REPORTS
Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1008.7 TRAINING
All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

(a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
(b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
(c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.
Smoking and Tobacco Use

1009.1 PURPOSE AND SCOPE
This policy establishes limitations on the use of tobacco products by employees and others while on-duty or while in Woodland Police Department facilities or vehicles.

1009.2 EMPLOYEE USE
Employees hired after July 1, 2006 shall refrain from the use of all tobacco products during the term of their employment with the City.

For employees hired prior to July 1, 2006 the following shall apply:

Personnel Complaints

1010.1 PURPOSE AND SCOPE
This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Woodland Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1010.1.1 PERSONNEL COMPLAINTS DEFINED
Personnel complaints consist of any allegation of misconduct or improper job performance against any employee that, if true, would constitute a violation of department policy, city policy, federal, state or local law.

Inquiries about employee conduct which, even if true, would not qualify as a personnel complaint may be handled informally by a supervisor and shall not be considered complaints.

This policy shall not apply to any interrogation, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of an employee in the normal course of duty, by a supervisor or any other employee, nor shall this policy apply to an investigation concerned solely and directly with alleged criminal activities (Cal. Govt. Code 3303(i)).

Personnel Complaints shall be classified in one of the following categories:

**Informal** - Is most often used to investigate procedural complaints, complaints that are the result of a misunderstanding, or minor misconduct which can be resolved to the satisfaction of the complainant and/or the Department.

**Formal** - This process occurs when the alleged misconduct, if true, could result in disciplinary action. Such complaints may be investigated by a department supervisor of rank greater than the accused employee or referred to the Community Relations Sergeant depending on the seriousness and complexity of the investigation.

**Incomplete** - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Community Relations Sergeant, such matters need not be documented as personnel complaints, but may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1010.2 POLICY
The Woodland Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.
It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1010.2.1 AVAILABILITY OF COMPLAINT FORMS
Personnel complaint forms will be maintained in a clearly visible location in the public lobby. Forms may also be available at other government facilities.

1010.2.2 SOURCE OF COMPLAINTS
(a) A department employee becoming aware of alleged misconduct shall immediately notify a supervisor.
(b) A supervisor receiving a complaint from any source alleging misconduct of an employee which, if true, could result in disciplinary action.
(c) Anonymous complaints and third party complaints should be accepted and investigated to the extent that sufficient information is provided.

1010.2.3 ACCEPTANCE OF COMPLAINTS
A complaint may be filed in person, in writing, or by telephoning the Department. Although not required, every effort should be made to have the complainant appear in person. The following should be considered before taking a complaint:
(a) When an uninvolved supervisor or the Patrol Supervisor determines that the reporting person is satisfied that their complaint required nothing more than an explanation regarding the proper/improper implementation of department policy or procedure, this shall be documented as an informal complaint
(b) When the complainant is intoxicated to the point where their credibility appears to be unreliable, identifying information should be obtained and the person should be provided with a Personnel Complaint form
(c) Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with their parents or guardians present and after the parents or guardians have been informed of the circumstances prompting the complaint

1010.2.4 FORMAL COMPLAINT DOCUMENTATION
Formal complaints of alleged misconduct shall be documented by a supervisor on a personnel complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

When a Personnel Complaint form is completed in person, the complainant should legibly write a detailed narrative of their complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. In an effort to ensure accuracy in any complaint, it is recommended that a recorded statement be obtained from the reporting party. A refusal by a party to be recorded shall not alone be grounds to refuse to accept a complaint. Whether handwritten or dictated, the complainant’s signature should be obtained at the conclusion of the statement.
The complainant should be provided with a copy of their own original complaint per Penal Code § 832.7.

1010.2.5 INITIATION OF A INTERNAL AFFAIRS INVESTIGATION
Upon receipt of a formal complaint it shall be routed, via the chain of command, to the Chief of Police. The Chief of Police or his designee, upon review of the complaint and upon concurrence that a formal investigation is warranted shall assign the investigation to a Lieutenant. The Lieutenant will make an initial determination of the section(s) of the Woodland Police Department Policies or City Rules and Regulations applicable to the employee's conduct alleged in the complaint or Other Major incident investigation. The Lieutenant or designee will:

(a) Assign a supervisor, or another employee of equal or higher rank than the involved employee, to investigate the complaint.

(b) If the complaint alleges a crime, a separate but concurrent criminal investigation will be conducted.

(c) Notify the accused employee according to section 1010.6a.

(d) Notify the complainant by mail that an investigation into their complaint has been initiated.

(e) Notify the association representing a subject employee(s), if applicable, of the date an investigation is initiated.

(a) This notification will not identify the subject employee(s), nor include any other personnel information.

(b) This notification will be withheld if notification to the subject employee(s) is also withheld pursuant to section 1010.6.a.1.

1010.2.6 INFORMAL COMPLAINT DOCUMENTATION
The initial supervisor receiving the complaint shall make every effort to investigate and resolve the complaint as soon as possible, preferably before going off duty. If the initial supervisor is unable to resolve the complaint, and the complaint is regarding the conduct of a Department member who works directly for another supervisor, it shall be referred to the Department member's supervisor.

Upon completion of the investigation and resolution of the complaint, the investigating supervisor shall inform the complaining party of the resolution.

If, at any point in the informal complaint process, information is revealed that raises the likelihood of criminal conduct or major misconduct on the part of the Department member, the informal process should immediately cease and the formal investigation process shall be followed from that point onward.

The investigating supervisor shall document a resolved complaint in the form of a inquiry in the complaint management software, and forward it to the Chief of Police via chain of command. The inquiry shall:

- Inquiry date
Personnel Complaints

- Contain the nature of the complaint
- the name(s) of any Department member(s) involved, if any
- The manner in which the complaint was resolved.
- If the informal complaint was a procedural complaint the inquiry shall offer any suggested changes in procedure that may need to be made.
- Disposition

Informal complaints will be stored in the complaint management software. This file will be separate from any personnel files. The purpose of this file will be to ensure that information is available should a formal complaint develop from the incident at a future date and to ensure that procedural changes that may be warranted are made.

If the complaint involves a Department member, copies of the inquiry will be distributed to the affected member and the member’s supervisor for possible evaluation purposes.

1010.3 SUPERVISOR RESPONSIBILITY

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation. Moreover, supervisors shall also maintain the ability to engage in the interrogation of an employee in the normal course of duty, counseling, instruction, or informal verbal admonishment, or other routine or unplanned contact (Cal. Govt. Code 3303(i)).

The supervisor shall be responsible for the following:

(a) A supervisor receiving a formal complaint involving allegations of a potentially serious nature shall ensure that the appropriate Patrol or Investigations Lieutenant, Deputy Chief, and Chief of Police are notified as soon as practicable.

(b) A supervisor receiving or initiating any formal complaint shall ensure that a Personnel Complaint form has been completed as fully as possible. The original complaint form will then be directed to the Chief of Police, via the chain of command, who will take appropriate action or forward the complaint to the Investigations Lieutenant for further action.

1. During the preliminary investigation of any complaint, the supervisor should make every reasonable effort to obtain names, addresses and telephone numbers of additional witnesses.

2. Once immediate medical attention has been provided, photographs of alleged injuries as well as accessible areas of non-injury should be taken.

3. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the employee’s Deputy Chief (Second in Command) or the Chief of Police who will initiate appropriate action.
Personnel Complaints

(c) A supervisor dealing with an accused employee shall ensure that the procedural rights of the employee are followed pursuant to Government Code § 3303, et seq.

(d) When the nature of a personnel complaint relates to sexual, racial, ethnic, or other forms of prohibited harassment or discrimination, the supervisor receiving the complaint shall promptly contact the Chief of Police, via the chain of command, for direction regarding their role in investigation and/or addressing the complaint.

1010.4 ASSIGNMENT TO ADMINISTRATIVE LEAVE
When a complaint of misconduct is of a serious nature or when circumstances practically dictate that it would impose an unreasonable risk to the Department, the employee, other employees or the public, a supervisor may assign the accused employee to inactive duty pending completion of the investigation or the filing of administrative charges upon authorization from a Division Commander or higher.

1010.4.1 ADMINISTRATIVE LEAVE
An employee placed on administrative leave may be subject to the following guidelines:

(a) Under such circumstances, an employee placed on administrative leave shall continue to receive regular pay and benefits pending the imposition of any discipline

(b) An employee placed on administrative leave may be required by a supervisor to relinquish any badge, departmental identification, assigned weapon(s) and any other departmental equipment

(c) An employee placed on administrative leave may be ordered to refrain from taking any action as a departmental employee or in an official capacity. The employee shall be required to continue to comply with all policies and lawful orders of a supervisor

(d) An employee placed on administrative leave may be temporarily reassigned to a different shift (generally normal business hours) during the pendency of the investigation and the employee may be required to remain available for contact at all times during such shift and report as ordered

(e) At such time as any employee placed on administrative leave is returned to full and regular duty, the employee shall be returned to their regularly assigned shift with all badges, identification card and other equipment returned

1010.5 ALLEGATIONS OF CRIMINAL CONDUCT
Where an employee of this department is accused of potential criminal conduct, a separate supervisor or assigned detective shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.
The Chief of Police shall be notified as soon as practical when an employee is formally accused of criminal conduct. In the event of serious criminal allegations, the Chief of Police may request a criminal investigation by an outside law enforcement agency.

An employee accused of criminal conduct shall be provided with all rights and privileges afforded to a civilian and the employee may not be administratively ordered to provide any information to a criminal detective.

No information or evidence administratively coerced from an employee may be provided to a criminal detective.

Any law enforcement agency is authorized to release information concerning the arrest or detention of a peace officer, which has not led to a conviction, however, no disciplinary action, other than paid administrative leave shall be taken against the accused employee based solely on an arrest or crime report (Labor Code § 432.7(b)). An independent administrative investigation shall be conducted based upon the allegations in the report in accordance with department policy.

1010.6 ADMINISTRATIVE INVESTIGATION OF COMPLAINT

Whether conducted by a supervisor or the Community Relations Sergeant, the following procedures shall be followed with regard to the accused employee(s):

(a) The supervisor assigned to conduct the investigation shall notify the accused employee of the nature of the complaint and provide the employee with a copy of the complaint form and a summary of the allegations.

1. Such notification shall be delivered in person to the accused employee. If the investigator is unable to complete the notification in person they shall immediately notify their supervisor and document the reason in the Investigation section of the IA report.

2. The notification shall be specific to the allegations made against the accused employee. Notification shall be withheld from employees in criminal cases where notification will compromise the investigation.

3. In all instances where notification is to take place the accused employee shall be notified as soon as possible to avoid the inadvertent loss of additional information pertaining to the complaint which the accused member may possess. Except as outlined above in section 1010.6.a.1 it is recommended the employee be allowed a minimum of five (5) working days to arrange for legal representation to be present during the scheduled interview/interrogation.

4. If this investigation involves a sworn employee the supervisor shall attach a copy of the Peace Officer Bill of Rights (Government Code sections 3300 - 3311).

(b) If the investigating supervisor discovers additional potential policy or rule violations they shall notify the Chief of Police via the chain of command. If the Chief of Police determines the additional alleged policy or rule violations may be considered in any discipline the investigating supervisor shall be directed to renotice the accused employee of the additional alleged policy or rule violations.
Personnel Complaints

(c) Interviews of accused employees shall be conducted during reasonable hours and, if the employee is off-duty, the employee shall be compensated (Government Code § 3303(a)).

(d) No more than two interviewers may ask questions of an accused employee (Government Code § 3303(b)).

(e) Prior to any interview, an employee shall be informed of the nature of the investigation (Government Code § 3303(c)).

(f) All interviews shall be for a reasonable period and the employee's personal needs shall be accommodated (Government Code § 3303(d)).

(g) No employee shall be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers. Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively or be subject to discipline for insubordination. Nothing administratively ordered may be provided to a criminal investigator (Government Code § 3303(e)).

(h) Absent circumstances preventing it, the interviewer should record all interviews of employees and witnesses. The accused employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview shall be provided to the employee prior to any subsequent interview (Government Code § 3303(g)).

(i) If the allegations involve potential criminal conduct, the employee shall be advised of their Constitutional rights pursuant to *Lybarger*. This admonishment shall be given administratively whether or not the employee was advised of these rights during any separate criminal investigation. (Government Code § 3303(h)).

(j) All employees subjected to interviews that could result in punitive action shall have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual employee's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).

(k) All employees shall provide complete and truthful responses to questions posed during interviews.

(l) No employee may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

1010.6.1 ADMINISTRATIVE SEARCHES
Any employee may be compelled to disclose personal financial information pursuant to proper legal process; if such information tends to indicate a conflict of interest with official duties, or, if the employee is assigned to or being considered for a special assignment with a potential for bribes (Government Code § 3308).

Employees shall have no expectation of privacy when using telephones, computers, radios or other communications provided by the Department.
Assigned lockers and storage spaces may only be searched in the employee's presence, with the employee's consent, with a valid search warrant or where the employee has been given reasonable notice that the search will take place (Government Code § 3309). A search of such areas shall only be conducted upon a reasonable suspicion that official misconduct is involved.

All other departmentally assigned areas (e.g., desks, office space, assigned vehicles) may be administratively searched by a supervisor, in the presence of an uninvolved witness, for non-investigative purposes. (e.g., obtaining a needed report or radio).

1010.6.2 ADMINISTRATIVE INVESTIGATION FORMAT
Investigations of personnel complaints shall be detailed, complete and essentially follow this format:

**Table of Contents**

**Investigation** - The investigation should be a narrative description of how the investigator became aware of the investigation, a brief description of accusations made, steps taken during the investigation, interviews conducted, and evidence gathered with dates and times included as necessary. The investigation does not contain conclusions, opinions or a disposition as to the alleged charges. The investigation and all other narrative sections and transcribed statements should have individual line numbering along the left margin of each page and page numbering for each page within a section.

**Incident** - The incident narrative is a FACTUAL account of what occurred based on the corroborated facts collected during the investigation. Corroborated facts are those facts that are supported by more than one credible witness, or are undisputed in nature.

**Controlling Rules and Regulations, Policies, or Codes** - List the allegations separately (including applicable policy sections) with a very brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

**Interview Contacts** - Include a list of all persons interviewed as part of the investigation including contact information.

**Statements** - Include detailed statements from each interview. When appropriate have the interviews transcribed. All interviews shall be at least audio recorded.

**Notifications and Correspondence** - Include a copy of all notifications and written correspondence related to the investigation and provided to the effected employee.

**Findings and Recommendations** - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of employee and witness statements. Other evidence related to each allegation should also be detailed in this section. A finding regarding each allegation and any recommended further action or disposition should be provided.

**Attachments** - A separate list of exhibits (recordings, photos, documents, etc.) should be attached to the report.
1010.7 DISPOSITION OF PERSONNEL COMPLAINTS
Each allegation shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged act(s) did not occur or did not involve department personnel. Complaints which are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.5(c)).

Exonerated - When the investigation discloses that the alleged act occurred, but that the act was justified, lawful and/or proper.

Not Sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the employee.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance which was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1010.8 COMPLETION OF INVESTIGATIONS
Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation. In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1. If the nature of the allegations dictate that confidentiality is necessary to maintain the integrity of the investigation, the involved employee(s) need not be notified of the pending investigation unless and until the employee is interviewed or formally charged within one year of discovery.

a. Officers who are the subject of an internal affairs investigation shall be notified within 60 days of the initiation of an investigation of the disposition of that investigation.
   (a) If the investigation is not yet concluded, the Chief of Police, or designee, will notify the subject officer(s) of the extension and the tentative conclusion date.
   (b) Extensions may be granted for no more than 30 days per extension.

b. The investigating supervisor shall complete a written report directed to the Deputy Chief, or other ranking officer designated by the Chief of Police who is not the investigating supervisor, within 45 days. If the investigation will not be completed within 45 days the investigating supervisor will report in writing to the Deputy Chief or other ranking officer the status of the investigation at that time noting the reasons for the delay and steps in the investigation yet to be completed.

c. Once submitted the ranking officer shall review the investigation facts and try to reach a conclusion on each allegation.
d. If necessary, the ranking officer may return the investigation to the investigator for follow-up. Any follow-up requests will be memorialized in writing and included in the final investigation report.

Once the ranking officer has reached a conclusion on each allegation, the ranking officer shall prepare a written document detailing the conclusions, and recommended discipline if appropriate.

Once received, the Chief of Police may accept or modify the classification and recommendation for disciplinary action contained in the report.

Within 30 days of the final review by the Chief of Police, written notice of the findings shall be sent to the complaining party. This notice shall indicate the findings, however, will not disclose the amount of discipline, if any imposed. The complaining party should also be provided with a copy of their own original complaint (Penal Code § 832.7).

Any complaining party who is not satisfied with the findings of the Department concerning their complaint may contact the Chief of Police to discuss the matter further.

1010.8.1 CONFIDENTIALITY OF PERSONNEL FILES
All investigations of personnel complaints, whether originating from a citizen or internally, shall be considered confidential peace officer personnel files. The contents of such files shall not be revealed to other than the involved employee or authorized personnel except pursuant to lawful process.

In the event that an accused employee (or the representative of such employee) knowingly makes false representations regarding any internal investigation and such false representations are communicated to any media source, the Department may disclose sufficient information from the employee's personnel file to refute such false representations (Penal Code § 832.5).

All citizen and internally generated complaints shall be maintained for a period of five years, after which the file shall be destroyed unless there is pending discipline or an active lawsuit.

Complaints shall be maintained in the employee's personnel file.
Seat Belts

1011.1 PURPOSE AND SCOPE
This policy establishes guidelines for seat belt and child safety seat use to promote maximum operator and passenger safety. This policy will apply to all employees operating or riding in department vehicles (Vehicle Code § 27315.5).

1011.2 WEARING OF SAFETY RESTRAINTS
All employees should wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The driver should ensure that all other occupants are properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the employee or the public. Employees must be prepared to justify any deviation from this requirement.

When approaching an emergency response location, officers may unfasten the safety restraint for rapid exit to maximize officer safety and/or to provide emergency service to others.

Department personnel may remove the safety restraint device immediately prior to making a traffic stop. Caution must be exercised to ensure the violator is, in fact, stopping. The unacceptable consequence with this action is becoming involved in a pursuit without being properly restrained.

Combative prisoners need not be restrained if compliance with this policy creates potential for injury to either the officer or the prisoner.

1011.2.1 TRANSPORTING CHILDREN
Children under the age of 8 should be transported in compliance with California’s restraint system requirements (Vehicle Code § 27360).

A child may be transported by sworn personnel without the use of a child passenger restraint system in an authorized emergency vehicle if a child passenger restraint system is unavailable and the child is secured by a seat belt (Vehicle Code § 27363(b) and Vehicle Code § 165).

Employees should deactivate, if available, the passenger side airbag when appropriate, such as when transporting a rear-facing infant or child in the front seat.

1011.3 TRANSPORTING PRISONERS
Whenever possible, prisoners should be secured in the prisoner restraint system in the rear seat of the patrol vehicle or, when a prisoner restraint system is not available, by seat belts. The prisoner should be in a seating position for which seat belts have been provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.
Seat Belts

1011.4 INOPERABLE SEAT BELTS
No person shall operate a department vehicle in which the seat belt in the driver's position is inoperable. No person shall be transported in a seating position in which the seat belt is inoperable.

No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belts, except for vehicle maintenance and repair staff who shall do so only with the express authorization of the Chief of Police.

Employees who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.
Body Armor

1012.1 PURPOSE AND SCOPE
The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1012.2 POLICY
It is the policy of the Woodland Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures.

1012.3 ISSUANCE OF BODY ARMOR
Officers and field deployed CSOs shall be issued body armor that meets or exceeds the standards of the National Institute of Justice. The body armor shall be replaced prior to the expiration of the warranty, or whenever the body armor becomes worn or damaged to the point that it is ineffective or functionally compromised.

1012.3.1 USE OF SOFT BODY ARMOR
Generally, the use of body armor is required subject to the following:

(a) Employees shall only wear agency-approved body armor.
(b) Detectives shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
(c) Employees may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
(d) Body armor shall be worn when an employee is working patrol or taking part in Department range training.
(e) An officer may be excused from wearing body armor when they are involved in undercover or plainclothes work that their supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1012.3.2 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer’s care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor.
Body Armor

If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

   2. Any member response shall be attached to and retained with the original adverse comment (Government Code § 3306).

Access to these files may only be approved by the Chief of Police or the Community Relations Sergeant supervisor. After the investigation is completed, the Internal Affairs files shall be maintained under the control of the Chief's Executive Assistant.

These files shall contain the complete investigation of all formal complaints of member misconduct, regardless of disposition (Penal Code § 832.12). Investigations of complaints that result in the following findings shall not be placed in the member’s file but will be maintained in the internal affairs file:

(a) Not sustained

(b) Unfounded

(c) Exonerated

1. Each investigation file shall be sequentially numbered within a calendar year, along with a designator for the type of complaint investigated.

Investigation files arising out of civilian’s complaints shall be maintained pursuant to the established records retention schedule and for a period of at least five years. Investigations that resulted in other than a sustained finding may not be used by the Department to adversely affect an employee’s career (Penal Code § 832.5).

Investigation files arising out of internally generated complaints shall be maintained pursuant to the established records retention schedule and for at least two years (Government Code § 26202; Government Code § 34090).

1013.9 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF OFFICERS
Personnel records and records related to certain incidents, complaints, and investigations of officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Chief of Police or the Executive Assistant in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(2)):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against an officer in connection with an incident, or whether the officer’s action was consistent with law and department policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.
- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the Skelly or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(7) or other law, the following records shall be made available for public inspection upon request (Penal Code § 832.7):

(a) Records relating to the report, investigation, or findings of:
   1. The discharge of a firearm at another person by an officer.
2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by an officer.

(b) Records relating to an incident where a sustained finding (see the Personnel Complaints Policy) was made by the department or oversight agency regarding:

1. An officer engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).

2. Dishonesty of an officer relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer, including but not limited to any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence.

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(3)).

When an investigation involves multiple officers, the Department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(4) against the officer. However, factual information about the action of the officer during an incident or the statements of an officer shall be released if the statements are relevant to a sustained finding of the qualified allegation against another officer that is subject to release (Penal Code § 832.7(b)(4)).

1013.9.1 REDACTION
The Custodian of Records, in consultation with the Chief of Police or authorized designee, shall redact the following portions of records made available for release (Penal Code § 832.7(b)(5)):

   (a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of officers

   (b) Information that would compromise the anonymity of complainants and witnesses

   (c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force

   (d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(6)).

1013.9.2 DELAY OF RELEASE
Unless otherwise directed by the Chief of Police, the Custodian of Records or Executive Assistant should consult with a supervisor familiar with the underlying investigation to determine
whether to delay disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury due to any of the following conditions (Penal Code § 832.7):

(a) Active criminal investigations
1. Disclosure may be delayed 60 days from the date the use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who used the force.

(b) Filed criminal charges
1. When charges are filed related to an incident where force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.

(c) Administrative investigations
1. Disclosure may be delayed until whichever occurs later:
   (a) There is a determination from the investigation whether the use of force violated law or department policy, but no longer than 180 days after the date of the department’s discovery of the use of force or allegation of use of force
   (b) Thirty days after the close of any criminal investigation related to the officer’s use of force

1013.9.3 NOTICE OF DELAY OF RECORDS
When there is justification for delay of disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury during an active criminal investigation, the Custodian of Records or Executive Assistant shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

(a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.

(b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.

1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:
   (a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due
to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about use of serious force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 6258, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(7)).
Preferred Assignment Status

1014.1 PURPOSE AND SCOPE
To formalize a process giving eligible senior officers recognition for their many years of service by allowing them to remain in a specialty assignment or on a specific watch with priority sign-up until their retirement.

1014.2 ELIGIBILITY
Sworn officers who will retire in three (3) years or less may request preferred assignment if they are at least 50 years of age, have at least 20 years of law enforcement service and have already given notice of their intention to retire.

Officers requesting to remain in a specialty assignment must have a history of satisfactory performance and be recommended for consideration by both supervisory and administrative staff.

Preferred assignment status may be revoked by the Chief of Police if the officer's performance level falls below acceptable standards, staffing shortages require reassignment or the specialty assignment position is eliminated.

1014.3 REQUEST PROCESS
The eligible officer shall send their written request for preferred assignment to the Chief of Police via the chain of command.

The officer's supervisor(s) and the Bureau Lieutenant shall review the request and make appropriate comments.

The Chief of Police is the only person authorized to approve or deny a request for preferred assignment. The decision of the Chief of Police is final.

The decision shall be given to the officer in writing. Reasons for denial may include but are not limited to:

(a) The officer does not meet the established criteria.
(b) Current staffing shortages do not permit a preferred status position (authorization may be given when staffing allows).
Specialty and Auxiliary Assignments

1015.1 PURPOSE AND SCOPE
It is the intent of the Department that all requests for Specialty or Auxiliary assignments be considered equally. To facilitate the selection process, the following procedure is established whereby all such requests will be reviewed on an equal basis as assignments are made.

1015.1.1 APPLICATION PERIOD
All announcements for openings in specialty or auxiliary assignments shall be posted for a minimum of 20 days. The application period may be modified to meet organizational needs. Typically all announcements should be posted on August 1st of each calendar year and remain open until August 20th. This will allow for selection processes to be completed prior to the end of September in anticipation of the Patrol Bureau shift sign-up process in October of each year.

The announcement shall be prepared by the supervising Lieutenant, or designee, and shall be posted on the department bulletin board in the break room. A reasonable attempt shall be made by the Lieutenant, or designee, to notify absent employees of the vacancy, if the employee will be absent throughout the announcement period.

The announcement shall include the number of vacancies anticipated, skill and abilities, training and experience desired for the position, any certification materials required, availability requirements (emergency stand-by status, call out, mandatory cell phones, special duties, etc.), and the closing date for interest memos to be received by the supervising Lieutenant, or designee.

1015.1.2 SELECTION CRITERIA - SPECIALTY ASSIGNMENTS
An employee's interest memo will form the basis for the evaluation process. The memo should include any skills, abilities, training and experience relevant to the position, reason(s) the employee desires the position, reason(s) the employee considers themselves to be the best choice for the position.

The Lieutenant, or designee, shall verify all written materials submitted and confirm eligibility.

- If none of the applicants are eligible, the Lieutenant, or designee, shall repost the vacancy announcement and invite all employees to apply regardless of eligibility. Once the vacancy has been reposted, the application of an eligible candidate shall not outweigh the application of a previously ineligible candidate.

1015.1.3 SELECTION PROCESS - SPECIALTY AND AUXILIARY ASSIGNMENTS
As stated earlier the interest memo will form the basis for the evaluation process. A selection panel shall review eligible memos of interest. The selection panel shall consist of any person(s) deemed necessary by the Chief of Police or their designee. Typically the Lieutenant and Sergeant in charge of the assignment will make up the selection panel. If the recruitment is for a sergeant position the Deputy Chief and Lieutenant will make up the selection panel.

In addition to the interest memo the panel may review and assess the following:
Specialty and Auxiliary Assignments

(a) prior specialty assignments
(b) employee evaluations
(c) formal commendations
(d) formal disciplinary actions
(e) education data
(f) sick leave usage
(g) successful completion of an FTO assignment (preferential priority)

This information shall be documented on the attached Matrix. See attachment: 1028 Selection Matrix.xlsx

Eligible applicants may be invited for an oral interview and/or to conduct a written exercise. The oral interview panel shall consist of any person(s) deemed necessary by the Chief of Police or their designee. Questions may be developed with the assistance of the Human Resources Department. All questions will be posed to each candidate. The questions may be limited to those reasonably related to evaluating and determining the skills, abilities, training, and experience needed in the position for which the employee is applying.

Input on candidates may be requested from supervisors, command staff, and/or team members (if the assignment has more than one member).

The selection panel shall submit the names to the Chief of Police for approval.

1015.1.4 FTO PROGRAM - PREFERENTIAL PRIORITY
Officers who have successfully completed a POST Approved FTO course of instruction and who have trained new personnel through the FTO Program are entitled to preferential consideration (priority) when applying for specialty or auxiliary assignments.

Preferential consideration consists of two equally qualified candidates vying for the same assignment, one was an FTO the other was not. If at the end of the selection process the two candidates remain tied, the assignment may be awarded to the candidate with FTO experience.

1015.1.5 ELIGIBILITY LISTS
The selection board results will be used to establish an eligibility list that will be in effect for six months from the date of approval by the Chief.

The Administrative Sergeant will maintain the eligibility list.

The list will be saved on the P: Drive at P/Community Relations/Admin Sergeant/All Eligibility Lists.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030). Employees desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break. Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

Supervisors shall decide if employees shall be allowed to use any other accumulated time they have if they request a leave day and do not have enough accrued time to cover the absence.

(a) If an employee requests a leave day and does not have enough hours to cover the time then the approval of any other leave time will fall under those leave rules.

(b) This authorization from the supervisor shall occur before the end of the pay period and should be based on Department policy for taking time off.

(c) If the leave rules would not authorize the time off then the employee will be on Leave Without Pay.

(d) Employees shall not be allowed to use accumulated sick leave in order to cover a holiday, CTO or vacation day.

1023.4 DENIED COMP TIME OFF REQUESTS

(d) Supervisors shall review PlanIt for completeness and accuracy by the 21st of each month.

(e) Late PlanIt entries shall be reported to the Division Commander and reported to payroll as soon as possible. If a late PlanIt entry is reported after paychecks have been issued, overtime, CTO, vacation, and sick leave corrections will be made in the following pay period.

1024.1.1 DEFINITIONS
**Outside Employment** - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

**Outside Overtime** - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1024.2 OBTAINING APPROVAL
No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee’s immediate supervisor. The application will then be forwarded through the chain of command to the Chief of Police for consideration.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

1024.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT
If an employee’s Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee’s appeal is denied, the employee may file a grievance.

1024.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS
Any outside employment permit may be revoked or suspended under the following circumstances:
Outside Employment

(a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and their supervisor recommends reinstatement of the outside employment permit.

(b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.

(c) If, at any time during the term of a valid outside employment permit, an employee’s conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.

(d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full-time duties until the employee has returned to a full-duty status.

1024.3 PROHIBITED OUTSIDE EMPLOYMENT
Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

(a) Involves the employee’s use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.

(b) Involves the employee’s receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee’s duties as a member of this department.

(c) Involves the performance of an act in other than the employee’s capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

(d) Involves time demands that would render performance of the employee’s duties for this department less efficient.

1024.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT
Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.
Outside Employment

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:

1. The officer(s) shall wear the departmental uniform/identification.
2. The officer(s) shall be subject to the rules and regulations of this department.
3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.

1024.4 DEPARTMENT RESOURCES
Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.
Outside Employment

1024.4.1 REVIEW OF FINANCIAL RECORDS
Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide their personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide their personal financial records for review/audit. If the employee elects not to provide the requested records, their off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1024.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS
If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1024.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY
Employees engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor’s orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify their supervisor of their intentions regarding their work permit, a notice of revocation of the member’s permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

2. When personnel and circumstances permit, the Department will attempt to make every reasonable effort to avoid placing employees in such supervisor/subordinate situations. The Department, however, reserves the right to transfer or reassign any employee to another position within the same classification in order to avoid conflicts with any provision of this policy.

Upon being notified of, or otherwise becoming aware of any circumstance that could result in or constitute an actual or potential violation of this policy, a supervisor shall take all reasonable steps to promptly mitigate or avoid such violations whenever possible. Supervisors shall also promptly notify the Chief of Police of such actual or potential violations through the chain of command.

Temporary Modified-Duty Assignments

1032.1 PURPOSE AND SCOPE
This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1032.2 POLICY
Subject to operational considerations, the Woodland Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1032.3 GENERAL CONSIDERATIONS
Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Woodland Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee’s ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

Anytime a police officer is on temporary modified-duty for more than six months they shall be given Firearms and Arrest & Control training prior to redeploying into their normal assignment.
Temporary Modified-Duty Assignments

1032.4 PROCEDURE
Employees may request a temporary modified-duty assignment for short-term injuries or illnesses. Employees seeking a temporary modified-duty assignment should submit a written request to their Bureau Commanders or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

(a) An assessment of the nature and probable duration of the illness or injury.
(b) The prognosis for recovery.
(c) The nature and scope of limitations and/or work restrictions.
(d) A statement regarding any required workplace accommodations, mobility aids or medical devices.
(e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

The Bureau Commander will make a recommendation through the chain of command to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Bureau Commander, with notice to the Chief of Police.

1032.4.1 MODIFIED-DUTY SCHEDULES
The schedules of employees assigned to modified duty may be adjusted to suit medical appointments or Department needs at the discretion of the Bureau Commander.

The employee and their supervisors should be informed in writing of the schedule, assignment and limitations and restrictions as determined by the employee's health care provider.

1032.4.2 ACCOUNTABILITY
The employee's supervisor shall coordinate efforts to ensure proper time accountability.

(a) Employees on modified duty are responsible for coordinating required doctor visits and physical therapy appointments in advance with their supervisor to appropriately account for any duty time taken. Doctor visits and appointments for treatment of injuries or illnesses that are not work related shall be arranged during off-duty time or otherwise charged to the employee's sick leave.

(b) Employees shall promptly submit a status report for each visit to their treating health care provider and shall immediately notify their supervisor of any change in restrictions or limitations as determined by their health care provider. An employee assigned to a modified-duty assignment shall provide a duty status report to their supervisor no less than once every 30 days while the employee is on modified duty.
(c) Supervisors shall keep the Bureau Commander apprised of the employee’s status and ability to perform the modified-duty assignment. Modified-duty assignments that extend beyond 90 days will require a written status report and a request for an extension to the Bureau Commander with an update of the employee’s current status and anticipated date of return to regular duty. Extensions require approval of the Chief of Police and Human Resources Department.

(d) When it is determined that an employee on modified duty will return to regular duty, the supervisor shall notify the Bureau Commander. All training and certification necessary for return to duty shall be reviewed and updated as necessary.

1032.4.3 MEDICAL EXAMINATIONS
The Department reserves the right to require, prior to returning to full-duty status, a fitness-for-duty examination of any employee assigned to a modified-duty assignment or of any employee having been on such assignment. Such examinations shall be at the expense of the Department.

Prior to returning to full-duty status, employees shall be required to provide a statement signed by their health care provider indicating that they are medically cleared to perform the basic and essential job functions of their assignment without restriction or limitation.

1032.5 ACCOUNTABILITY
Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee’s medical appointments, as mutually agreed upon with the Bureau Commander.

1032.5.1 EMPLOYEE RESPONSIBILITIES
The responsibilities of employees assigned to temporary modified duty shall include, but not be limited to:

(a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.

(b) Promptly notifying their supervisors of any change in restrictions or limitations after each appointment with their treating medical professionals.

(c) Communicating a status update to their supervisors no less than once every 30 days while assigned to temporary modified duty.

(d) Submitting a written status report to the Bureau Commander that contains a status update and anticipated date of return to full-duty when a temporary modified-duty assignment extends beyond 60 days.

1032.5.2 SUPERVISOR RESPONSIBILITIES
The employee’s immediate supervisor shall monitor and manage the work schedule of those assigned to temporary modified duty.
Temporary Modified-Duty Assignments

The responsibilities of supervisors shall include, but not be limited to:

(a) Periodically apprising the Bureau Commander of the status and performance of employees assigned to temporary modified duty.

(b) Notifying the Bureau Commander and ensuring that the required documentation facilitating a return to full duty is received from the employee.

(c) Ensuring that employees returning to full duty have completed any required training and certification.

1032.6 MEDICAL EXAMINATIONS
Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1032.7 MAINTENANCE OF CERTIFICATION AND TRAINING
Employees assigned to modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided the certification, training or qualifications are not in conflict with any limitations or restrictions. Employees who are assigned to modified duty shall inform their supervisor of any inability to maintain any certification, training or qualifications.

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment. Nothing in this policy limits a pregnant employee’s right to a temporary modified-duty assignment if required under Government Code § 12945.

1032.7.1 NOTIFICATION
Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City’s personnel rules and regulations regarding family and medical care leave.

1032.8 PROBATIONARY EMPLOYEES
Probationary employees who are assigned to a temporary modified-duty assignment shall have their probation extended by a period of time equal to their assignment to temporary modified duty.

Line-of-Duty Deaths

1035.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of the Woodland Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member’s survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1035.1.1 DEFINITIONS
Definitions related to this policy include:

**Line-of-duty death** - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

**Survivors** - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual’s relationship with the member and whether the individual was previously designated by the deceased member.

1035.2 POLICY
It is the policy of the Woodland Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1035.3 INITIAL ACTIONS BY COMMAND STAFF
(a) Upon learning of a line-of-duty death, the deceased member’s supervisor should provide all reasonably available information to the Patrol Supervisor and Dispatch.

   1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).

(b) The Patrol Supervisor should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

(c) If the member has been transported to the hospital, the Patrol Supervisor or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

(d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve
the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1035.4 NOTIFYING SURVIVORS
Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member’s emergency contact information and make accommodations to respect the member’s wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member’s wishes.

The Chief of Police, Patrol Supervisor or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

(a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.

(b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child’s age, maturity and current location (e.g., small children at home, children in school).

(c) Plan for concerns such as known health concerns of survivors or language barriers.

(d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.

(e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.

(f) If making notification at a survivor’s workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

(g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.

(h) Assist the survivors with meeting childcare or other immediate needs.
Line-of-Duty Deaths

(i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

(j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.

(k) Provide their contact information to the survivors before departing.

(l) Document the survivor’s names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.

(m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Woodland Police Department members may be apprised that survivor notifications are complete.

1035.4.1 OUT-OF-AREA NOTIFICATIONS
The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

(a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.

(b) The Department Liaison may assist in making transportation arrangements for the member’s survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1035.5 NOTIFYING DEPARTMENT MEMBERS
Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.
Line-of-Duty Deaths

1035.6 LIAISONS AND COORDINATORS
The Chief of Police or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including, but not limited to:

(a) Department Liaison.
(b) Hospital Liaison.
(c) Survivor Support Liaison.
(d) Critical Incident Stress Management (CISM) coordinator.
(e) Funeral Liaison.
(f) Mutual aid coordinator.
(g) Benefits Liaison.
(h) Finance coordinator.

Liaisons and coordinators will be directed by the Department Liaison and should be given sufficient duty time to complete their assignments.

Members may be assigned responsibilities of more than one liaison or coordinator position depending on available department resources. The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed.

1035.6.1 DEPARTMENT LIAISON
The Department Liaison should be a Bureau Commander or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member’s survivors and the Department. The Department Liaison reports directly to the Chief of Police. The Department Liaison’s responsibilities include, but are not limited to:

(a) Directing the other liaisons and coordinators in fulfilling survivors’ needs and requests. Consideration should be given to organizing the effort using the National Incident Management System (NIMS).
(b) Establishing contact with survivors within 24 hours of the incident and providing them contact information.
(c) Advising survivors of the other liaison and coordinator positions and their roles and responsibilities.
(d) Identifying locations that will accommodate a law enforcement funeral and presenting the options to the appropriate survivors, who will select the location.
(e) Coordinating all official law enforcement notifications and arrangements.
(f) Making necessary contacts for authorization to display flags at half-mast.
(g) Ensuring that department members are reminded of appropriate information-sharing restrictions regarding the release of information that could undermine future legal proceedings.
(h) Coordinating security checks of the member’s residence as necessary and reasonable.
(i) Serving as a liaison with visiting law enforcement agencies during memorial and funeral services.

1035.6.2 HOSPITAL LIAISON
The Hospital Liaison should work with hospital personnel to:

(a) Arrange for appropriate and separate waiting areas for:
   1. The survivors and others whose presence is requested by the survivors.
   2. Department members and friends of the deceased member.
   3. Media personnel.

(b) Ensure, as much as practicable, that any suspects who are in the hospital and their families or friends are not in close proximity to the member’s survivors or Woodland Police Department members (except for members who may be guarding the suspect).

(c) Ensure that survivors receive timely updates regarding the member before information is released to others.

(d) Arrange for survivors to have private time with the member, if requested.
   1. The Hospital Liaison or hospital personnel may need to explain the condition of the member to the survivors to prepare them accordingly.
   2. The Hospital Liaison should accompany the survivors into the room, if requested.

(e) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.

(f) If applicable, explain to the survivors why an autopsy may be needed.

(g) Ensure hospital bills are directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member’s residence address, insurance information and next of kin are not included on hospital paperwork.

Other responsibilities of the Hospital Liaison include, but are not limited to:

- Arranging transportation for the survivors back to their residence.
- Working with investigators to gather and preserve the deceased member’s equipment and other items that may be of evidentiary value.
- Documenting his/her actions at the conclusion of his/her duties.

1035.6.3 SURVIVOR SUPPORT LIAISON
The Survivor Support Liaison should work with the Department Liaison to fulfill the immediate needs and requests of the survivors of any member who has died in the line of duty, and serve as the long-term department contact for survivors.

The Survivor Support Liaison should be selected by the deceased member’s Bureau Commander. The following should be considered when selecting the Survivor Support Liaison:
Line-of-Duty Deaths

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member’s supervisor and/or coworkers. The deceased member’s partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

Peer Support Program

1037.6 USE OF DEPARTMENT EQUIPMENT, FACILITIES, AND ON-DUTY TIME
Peer Supporters may use Department facilities, vehicles, and on-duty time with prior notification of the immediate supervisor responsible for the involved equipment, facility, or personnel. The phrase of “Acting as a Peer Supporter” is sufficient notification.

1037.7 OVERTIME COMPENSATION
In most cases, Peer Supporters counsel individuals while on duty. However, in the event that overtime is requested, advance approval of the assigned Lieutenant or designee, is required.

1037.8 ACCESSING PEER SUPPORT
The Peer Support Team is available 24 hours a day, 7 days a week to all employees. There are Peer Support Team brochures available at several locations in the building, including briefing, records, and the break room.
Corporal Assignment

1038.1 CORPORAL ASSIGNMENT
Officers shall be required to meet minimum passing standards in any written or oral performance in the sergeants testing process, prior to appointment as a corporal. The department will hold a sergeants test at a minimum of every two years, the sergeants eligibility list shall be good for a minimum of one year.

The Corporal assignment is a 5-year assignment period and 4-year minimum assignment period. At the conclusion of an employee's assignment as Corporal the employee may be reconsidered for another assignment as Corporal if the employee is on a valid sergeant's eligibility list.

1038.2 DUTIES OF A CORPORAL ASSIGNMENT
The primary duty of the corporal assignment is to act as the supervisor in the absence of the sergeant. When both a sergeant and corporal are on duty, within the same Patrol shift, the corporal should be assigned to work as a cover officer. Sergeants shall avoid using the corporal as the primary supervisor on a shift as a matter of routine and should whenever possible delay performing tasks that remove the sergeant from the street until the previous or next shift's sergeant is present on the street. Based on staffing shortages or department need, supervisors may assign corporals to a patrol beat.

(a) If the shift falls below minimum staffing, the supervisor should assign the Corporal to fill the vacancy.

(b) In those cases where a shift, to include the corporal, only has minimum staffing assigned (as opposed to minimum staffing due to officers taking time off), the corporal will be included in the minimum deployment and assigned to a beat unless a specific and identified shift need requires the corporal to function in a supervisory role.

(c) With the exception of team overlap days, in those cases where a shift has minimum staffing plus a corporal, that corporal will be included in the field deployment at the direction of the sergeant such as a cover unit or to supplement a busy beat.

(d) With the exception of team overlap days, corporals assigned to patrol will only utilize the "F" Frank identifier while supervising in the absence of a sergeant.

A corporal may be assigned as a field training officer if the corporal holds a current FTO certification.

The corporal shall not be assigned primary responsibility for internal investigations beyond the preliminary investigation of citizen complaints.

Corporals may be given responsibility for completion of annual performance evaluations when they are acting as a primary supervisor or in situations where they supervise an employee on a regular basis. Oversight responsibility for personnel evaluations remains with the sergeant.
Corporal Assignment

Corporals shall be considered part of department supervisory staff and shall be included in applicable staff level department meetings. Corporals are part of the Chain of Command when they are acting as a primary supervisor.

When a Corporal performs the duties of a sergeant for three or more consecutive days they shall receive acting pay.

1038.3 TRAINING AND SCHEDULE
The Patrol Lieutenant has the discretion to assign new corporals to the sergeant that best suits the training needs of the corporal. Officers assigned as corporals shall be sent to the POST Supervisor's course, as soon as practical after their assignment. Corporals shall also be considered for attendance at other supervisory training programs. These courses may be at their own request or at the department's direction.

Corporals will sign-up for shift schedule by appointment date to the rank of Corporal. Only one Corporal will be assigned to each Patrol Team. Corporals will sign-up for Annual Vacation by hire date and are not authorized to sign-up for vacation while the Shift Sergeant is on vacation.

1038.4 VEHICLE AND INSIGNIA
When assigned to the Patrol Division and performing duties as a supervisor, the corporal should drive the vehicle assigned for the corporal position. The corporal may also drive the sergeant's vehicle (if not in use). When in uniform, a corporal shall wear a double chevron on each sleeve of their uniform shirt.

ACKNOWLEDGEMENTS

The NTOA Tactical Response and Operations Standard for Law Enforcement Agencies could not have been developed without the combined effort of numerous dedicated SWAT operators and tactical commanders that are members of the NTOA organization. All member comments were received and taken under consideration by the Standard Review Committee.

The National Tactical Officers Association also gratefully acknowledges the hard work and leadership of many of the state and national law enforcement association partners. This document and the critical work of these pioneers, served as a guide for this document.

In addition, the NTOA Standard Review Committee recognizes the work done by the International Association of Chiefs of Police, Patrol and Tactical Operations Sub-Committee (IACP/PTO) on the SWAT Concepts and Issues Paper, October 2010, as well as the 2011 SWAT Glossary document developed by members of the California Association of Tactical Officers (CATO).
Introduction and Objective

This document is the result of extensive efforts by the National Tactical Officers Association to provide guidance to association members involved in tactical law enforcement operations. The intent of this standard is to better prepare law enforcement to respond not only to emergency and high-risk incidents on a daily basis, but also to respond to a terrorist attack.

It is the position of the NTOA that the decision to form a tactical law enforcement resource, specifically a SWAT team, carries with it the responsibility to provide the ongoing training, equipment, leadership and financial support necessary to create and maintain an effective response capability. Integral to this responsibility is the obligation to deploy and operate these resources in a manner that is consistent with Constitutional principles, with an emphasis on professional deportment under all circumstances.

Where size and/or demographics limit the capabilities of an agency, this standard recommends that multi-jurisdictional resources be combined and coordinated in a manner which is consistent with reliable and safe operations. Over the past 35 years, the National Tactical Officers Association has assisted many law enforcement agencies in developing multi-jurisdictional teams by providing references, documentation and training to facilitate their efforts. The NTOA remains committed and available to any law enforcement agency or its members who require such assistance.

The objective of this document is to establish a basic set of standards for the association’s member agencies and to serve as an efficient core set of concepts and principles that improve standardization within the profession of tactical law enforcement services. Any agency that chooses to use this standard as a benchmark for performance and operations does so voluntarily. The NTOA does not mandate compliance with this standard or attach such compliance as a prerequisite for any benefit granted under membership.
1.0 **SCOPE OF STANDARD**

1.0 The scope of this standard includes concepts and principles that relate to the organization, training, operational tactics, personnel management and equipment of tactical law enforcement teams. The standard will not dictate how member agencies will write and apply any specific policies as it relates to such operations, but rather provide guidance based upon the terminology and collective viewpoint of the NTOA organization and its stakeholder partners.
2.0 DEFINING TACTICAL LAW ENFORCEMENT OPERATIONS

2.1 The NTOA recognizes that there are many types of specialized tactical teams utilized in law enforcement and they are identified by a number of commonly accepted names. The NTOA offers this set of team titles and corresponding metrics as guidance for its members.

2.1.1 Based upon the need to protect the public and ensure the safe delivery of tactical law enforcement services, the NTOA believes that a SWAT Tier 1 team must be mission capable in ALL of the following areas: hostage rescue, barricaded gunman, sniper operations, high-risk warrant service and high-risk apprehension, high-risk security operations, terrorism response, special assignments and other incidents which exceed the capability and/or capacity of an agency’s first responders and/or investigative units. The most resource demanding of these missions is clearly planned deliberate hostage rescue operations. An appropriate number of personnel is necessary to rapidly and effectively dominate a structure and have an adequate number of operators in place for a failed breach. As an example, during a hostage situation occurring at a common residential structure, this would typically require a Team Commander (1) and Team Leader or Tactical Operations Coordinator (1) to run a command post, two Sniper/Observer Teams (4) to cover all sides of the structure, at least four Operators for containment (4), an Immediate Reaction Team of one Team Leader and seven operators (8) and a comparable team of the same size (8) who is given time to plan and rehearse a deliberate rescue plan. Recognizing of course that containment and immediate reaction functions can be shared responsibilities. This is also with the assumption that all team members arrive and the incident can be resolved in one operational period. Those teams that do not possess the appropriate number of personnel, but maintain all of the necessary mission capabilities, are defined as SWAT Tier 2 teams. SWAT Tier 2
teams may be faced with conducting emergency hostage rescue operations if circumstances require it.

2.1.2 Tactical Response Teams are typically formed to address one or more mission capabilities other than deliberate hostage rescue operations, such as warrant service, barricaded subject or some type of high-risk security operations.

2.1.3 Perimeter Control and Containment Teams are typically formed as an immediate response to an ongoing incident and primarily responsible for containing the incident, evacuations and establishing incident command.

* The personnel allocations depicted in Figure 1 represent recommended minimums based upon typical residential applications. They were promulgated as a guideline with input and the concurrence of local, federal and international
partners. Jurisdictional conditions including, but not limited to, topography, operational tempo and anticipated mission requirements may necessitate modifications to these configurations.

2.2 Special Weapons and Tactics (SWAT) and Tactical Response (TRT) teams are designated law enforcement teams, whose members are recruited, selected, trained, equipped and assigned to resolve critical incidents involving a threat to public safety, which would otherwise exceed the capabilities of traditional law enforcement first responders and/or investigative units. SWAT and TRT are accepted titles for teams with specialized training, expertise and equipment as defined above and further defined within this standard. The primary characteristic of such teams that distinguishes them from other units is the focus of effort. Such teams are focused on incident resolution, as opposed to other functions, such as investigation. Their purpose is to increase the likelihood of safely resolving critical incidents. Nothing in this standard is intended to preclude agencies from utilizing specially trained units in areas such as narcotics investigations, felony apprehension and other tasks. However, agencies that do not have their own SWAT team and instead utilize specially trained units should have a Memorandum of Agreement (MOA) with a SWAT team that recognizes and operates within the guidelines as set forth by this standard. This SWAT team can be a full-time, collateral-duty, multi-jurisdictional or regional team. The agreement should specify that the named SWAT team is the designated entity to be activated for SWAT-specific incidents such as hostage situations, barricade incidents or other high-risk situations requiring specialized capabilities.
SWAT and TRT teams should have the following elements available when appropriate:

- **Tactical Command**: typically consists of the commander, team leader and command post support personnel such as tactical dispatchers, intelligence officer and incident recorder.

- **Containment Team**: typically consists of a two-person (or more) element capable of utilizing either lethal or less-lethal force, per area of responsibility. This may also include the use of tactical canine teams.

- **Entry Team (either emergency or deliberate)**: members required will be based upon the mission type, complexity of operational environment and ability to adhere to officer safety priorities.

- **Sniper Team**: typically consists of a two-person element per area of responsibility.

2.3 Until the arrival of the requested SWAT team, it is recommended that those agencies that do not have SWAT team response capability and currently utilize a Perimeter Control and Containment Team, should focus on engaging in the following activities as time permits:

**Establish an effective perimeter, which may include:**

- Coordinating containment/isolation security teams
- Deploying patrol rifle teams
- Deploying canine handlers
- Confirming traffic/pedestrian control
- Deploying aviation support unit
- The deployment and staging of EMS, fire suppression, Haz Mat and decon units.
Establish a tactical command, which *may include*:

- Identify safe routes of travel for specialized vehicles (ambulances, armored rescue vehicles, etc.)
- Identify a staging area
- Identify an appropriate incident command post location (consider standoff distances, required security and other hazards)
- Gather essential tactical elements of information
- Provide a complete and accurate description of suspect(s) and hostage(s) as soon as they are available
- Develop a threat assessment
- Conduct reconnaissance
- Obtain floor plan
- Initiate building labeling/diagramming
- Conduct breach point analysis
- Identify tactical approach routes
- Identify potential sniper hides
- Utilize electronic intelligence
- Make appropriate notifications
- Initiate emergency rescues of “person down” and “officers down”
- Conduct evacuations of innocents and police that may actively or predictably be in danger of being killed or seriously injured
- Initiate a medical threat assessment and establish a liaison with local EMS Services. An initial medical threat assessment should include an estimated number of casualties, identify locations for casualty collection points and medical staging areas, and consider the operational and environmental conditions that may affect operator performance and mission success.
• In the absence of acts of active violence, first responding police officers should be able to perform basic medical care and coordinate with responding EMS units. In an effort to reduce the number of potentially preventable deaths, first responding units should triage casualties for the presence of immediate life-threatening injuries, apply tourniquets and pressure dressings, initiate basic airway maneuvers, and extract causalities to a collection point where they can be handed off to EMS for further care.

• Preserve a crime scene as needed

2.3.1 Once a perimeter is set, law enforcement units should establish an Immediate Action Team in the event that the situation suddenly changes requiring officers on scene to take immediate action. Primary responsibilities of the “Immediate Action Team” are to prevent escape and to take the suspect into custody if surrender occurs. This team should continuously assess and identify its limitations and assist in scene transition to SWAT when appropriate. In the event of a dynamic or rapidly escalating incident such as an active killer situation or one that exigent circumstances may require immediate intervention to save lives, the Immediate Action Team, or a single officer if necessary, will track and move to stop the threat before the suspect kills or seriously injures victims.

2.3.2 Timely request of specialized units such as SWAT and CNT is critical and will greatly increase safety and contribute to a successful resolution. When possible, commence with negotiations once perimeter and Immediate Action Teams are established. This may result in a safe surrender, assist with gathering intelligence and slow the suspect actions, allowing time for SWAT resources to arrive.
2.3.3 Any action taken during a high-risk incident before SWAT is able to respond, should be reasonable and necessary. Such decisions should be based on the totality of the circumstances and the safety priorities model. There may be a need for a single officer intervention to a violent event in order to stop an active on-going threat. The above-listed considerations are not mandates, nor all inclusive, and any decision to implement or not implement them should be based upon the training, equipment and capabilities of the officers on scene.
3.0 **TACTICAL LAW ENFORCEMENT CAPABILITIES**

3.1 Each agency should develop the tactical law enforcement capabilities of its team based upon a reasonable threat assessment, a risk analysis and clear direction from the organization’s leadership. A vision of what the team will be expected to do will help define the type of team that is needed for the agency and subsequently will help determine what capabilities are necessary. Developing the capabilities of a tactical team begins with a sound training management and budgeting plan. Contemporary training management philosophy encourages a building block approach that begins with individual, element or unit, and then team competencies. Once acceptable levels of competency are achieved, a team is considered capable of performing that specific tactical operation. Such teams should be capable of performing these mission capabilities during both daytime and nighttime lighting conditions and all weather conditions relevant to the team’s local environment.

3.3 Law enforcement specialized tactical teams often deploy to high-risk, large-scale, and extended operations and under conditions that place hostages, bystanders, police officers, and suspects at increased risk for injury or illness. The risk profile calls for incorporating a medical element into all phases of these operations. In addition to rendering immediate medical care, properly trained medical
providers assigned to law enforcement teams are able to assist commanders
with developing pre-deployment medical risk assessment, implementing risk-reduction strategies, providing logistic support, and serve as a liaison to coordinate medical operations with local emergency medical services (EMS).

- Specialized tactical teams should train and equip medical providers to deploy routinely with specialized tactical teams in a manner appropriate to the threat, the mission objectives, and in accordance with respective team protocols. TEMS elements should operate under protocols that permit the rapid access to casualties, the opportunity to provide medical countermeasures, and in a manner that directly supports tactical operations.

- TEMS providers should be involved in all aspects of law enforcement special operations. They should serve as consultants to law enforcement commanders on all stages of planning and operations in matters of mission planning, team health and safety, and serve as the liaison between law enforcement operations, EMS services, and other state and local health care services.

- Law enforcement agencies are encouraged to incorporate TEMS providers into non-operational roles such as training agency personnel in first-responder medical care, and managing health and safety matters such as maintaining team health and immunization records.

- The selection, training, and operational role of TEMS personnel should occur under written policies and procedures that include guidelines that establish clearly defined chains of operational and medical command, and scope of practice.

- TEMS providers should practice under the medical direction of a physician trained and experienced in tactical medical care. The duties of
the medical director should include the oversight of training, determining clinical competencies, authorizing the scope and competencies for medical procedures, and directing a quality assurance program.

- Law enforcement agencies should advocate for state and local EMS guidelines that define the scope of practice for Emergency Medical Technicians and Paramedics supporting law enforcement operations.

- Medical care providers supporting law enforcement operations should undergo TEMS specific didactic and skills training that provides for a working competency of medical best practices and tactics. Once trained, programs should validate ongoing provider competency through periodic retraining and skills reviews. Training should conform to established core competencies and be evidence-based. TEMS skills should include, but not be limited to, tactical theory and techniques, use of specialized medical equipment, tactical emergency casualty care (TECC), and casualty extraction.

- Medical providers expected to provide emergency care when operating in high-stress environments should be provided opportunities to remain highly proficient in their technical and clinical decision-making skills. Maintaining clinical proficiency requires that EMTs and paramedics supporting law enforcement operations continue have ongoing experience as field EMS providers.

3.4 Operational support functions may also include, but are not limited to, the following mission specific elements:

**Tactical Bomb Squad Support:** Bomb technicians to provide direct and general support to SWAT in high-risk incidents involving explosive
hazards. Refer to Guide to Writing Standard Operating Procedures for Operations Involving the Combined Resources of Bomb Squads and SWAT Teams. (www.nbscab.org)

Hazardous Material (Haz Mat) Support Unit: Haz Mat technicians to provide direct support in decontamination, hazard detection, air monitoring, etc.

Tactical Canine Support: Canine handlers that assist with perimeter control and high-risk search operations.

Aviation Support (both manned and unmanned aircraft systems): Fixed wing aircraft for surveillance, rotary aircraft for team insertion/rescue and aerial shooting platforms and Unmanned Aircraft Systems for surveillance and intelligence collection.
4.0 AGENCY POLICY GOVERNING SWAT TEAMS

4.1 Law enforcement agencies should develop and maintain written policies designed to meet the needs of their operational environment and consistent with this standard.

4.2 The policy topics listed below are not all inclusive, but do provide the minimum basis for the sound management of any tactical team. Team commanders are strongly encouraged to explore any and all topics that may need to be established through a specific policy.

4.2.1 Policy that identifies team organization and function which includes an organizational diagram. Command relationships between the SWAT or TRT team, incident commander, Crisis Negotiation Team (CNT) and any other joint or support elements that ensure clear lines of responsibility and compliance with the protocols of the National Incident Management System and the Incident Command System. If applicable, Mutual Aid Agreements and/or governmental support requests shall be incorporated into this policy.

4.2.2 Personnel management policy that addresses selection, retention, mandatory physical and tactical competency and other appropriate personnel management processes to include the development of protocols and processes for the selection of team members. This policy should also address appropriate behavior and acceptable language when interacting with the public. Such policies should also address minimum training and experience requirements for tactical leadership positions before they assume command.

4.2.3 Policy that outlines training requirements as designated by tasks. Minimum time periods should be established to develop and maintain assigned critical skills.

4.2.3.1 Team command should facilitate the development of appropriate annual training plans, lesson plans, schedules, and management protocols for the conduct of
training that are consistent with the NTOA TROS. This should include, but is not limited to, designation and delineation of critical skills and the required internal certification processes as well as development of minimum training hour requirements based on the critical skills identified and the team’s unique operational tempo. The training program should include a documentation and verification process.

4.2.3.2 Training should incorporate current NTOA standards relating to safe conduct and the development of scenario-based exercises.

4.2.3.3 Based upon the mission competencies of a SWAT Tier 1 or Tier 2 team previously described in this standard, it would be difficult for most collateral-duty or full-time teams to maintain operational readiness without meeting the following training recommendations:

- New member initial training: Minimum 40-hour Basic SWAT course that introduces new operators to the fundamental skill sets required for most mission capabilities. Successful completion of an introductory course is not meant to be all encompassing and should not suggest that an operator is fully competent. Basic SWAT courses should be followed by a formal competencies-based field training program, supervised by a senior SWAT trainer.

- Monthly / Annually: 16-40 hours monthly and/or 192-480 hours annually of regular, reoccurring, and documented critical skills training that is dynamic and realistic. It is recommended that critical skills training be based upon mission capabilities and current operational requirements as identified by the individual agency.

- Specialty assignments: Critical skill training such as sniper, tactical emergency medical support, explosive breaching, etc. should be in addition to the above-listed hours, if cross trained as an entry team
operator. These additional training hours should be based upon the specialized assignment of the operator and any state requirements or certification process that is required of them,

- Annual: Training attended by all members to address consistency in tactics and procedures, that may consist of lecture, drills and exercises for a minimum of 40 hours. It is recommended that this block of training be scheduled in addition to the regular monthly/annual critical skills maintenance training, although in certain situations it can be blended together.

- The training program should require an operational risk assessment for all training activities.

4.2.4 Policy that explains the activation and deployment approval process of the team. Teams operating through an MOU, should include an automatic notification and activation system to ensure the appropriate resources are deployed for the significance of the event.

4.2.5 Policy that addresses the appropriation, care, maintenance and inventory of team equipment. It should also address normal life-cycle wear and removal of obsolete or faulty team equipment.

4.2.6 Policy that explains the design, activation and implementation of an appropriately staffed command post, which may include a Tactical Operations Center, Crisis Negotiation Center, Media Relations Center, etc.

4.2.7 The development of appropriate protocols and procedures for the conduct of long-term or extended operations. Protocols shall include, at a minimum, processes for relief and rotation of personnel and proper staffing and training of a supplemental incident command center.
4.2.8 Policy requiring a threat/risk assessment for team deployments, specifically for pre-planned events such as high-risk warrant service. The operational threat/risk assessment should include an appropriate medical response plan.

4.2.9 Policy requiring after-action reports (AARs) which capture tactical and incident debriefing information for training purposes. SWAT command should review all AARs, critiques, tactics and actions taken by all elements during the critical incident. Documentation should be retained in accordance with agency policy and state statute.

4.2.10 SWAT command should be capable of producing a written annual report, which should include a summary of all activations, nature of incident, resolution, injuries occurred, use of force and other critical information. Agencies should consider entering relevant data into the FBI Hostage Barricade System (HOBAS) database (http://www.cjis.gov/). Username and password are required.

4.3 Agency policies and Standard Operating Procedures (SOPs) should be reviewed and approved annually and any changes shall include a risk assessment based on, but not limited to, the following criteria;

**Case law review:** Implications of national and jurisdictional rulings and precedents on current training, operations and policy.

**Training updates:** Ensuring agency policy and SOP correspond with latest training received. Compliance with applicable law as well as an ongoing assessment of risk management processes.

**Operational practices:** Ensuring actual operational tactics are reflective of policy and a risk assessment of team assignments and tactical incident responses are consistent with the safety priorities model.

All prior versions of SOPs should be archived for historical and potential litigation purposes.
5.0 Crisis Negotiation Teams

5.1 A Crisis Negotiations Team (CNT) responds to high-risk, high-profile cases of hostage-taking, suicide where the means of suicide represents a risk to the public or public order, barricaded criminals, as part of a pre-planned operation for large-scale civil unrest where the actors are open to a negotiated surrender or when there is a likelihood for a barricade or hostage situation as in a high-risk warrant service. A capable CNT can develop actionable intelligence regarding any negotiations or tactical problem, provide a risk assessment, open lines of communication with a suspect, and use active listening and bargaining techniques to negotiate a surrender. At the heart of the CNT response to a crisis is a belief that time is a precious commodity. The CNT works to buy time for the calming of emotion, the development of the best tactical plan, the creation of rapport between negotiator and suspect, to serve as a distraction of the suspect during SWAT activity and the statistically best chance for a safe resolution.

5.2 A CNT should be composed of at least three negotiators. Every member of the team is a trained negotiator filling a specific assigned role in an incident. The Primary Negotiator communicates directly with the suspect(s). The Secondary Negotiator supports, critiques, and serves as a buffer for the primary. A CNT should also have a designated Team Leader that develops strategies for the negotiation, monitors the effectiveness of the Primary/Secondary pairing, manages intelligence production and coordinates with the tactical and command elements. Where possible, additional trained negotiators can be added to this basic structure to serve as intelligence officers, tactical liaisons, technical equipment officers and scribes. Optimally, a qualified mental health professional should be added to a team as the Mental Health Liaison, to serve as an advisor.
on mental health issues, coordinate information gathering from health care providers, and monitor negotiator wellness.

5.3 Just as the SWAT component of any operation has their own Tactical Operations Center (TOC), so does the Crisis Negotiation Team. The Negotiations Operations Center (NOC) should be close to or collocated with, but not within the TOC, to allow both components to carry out their functions efficiently and without interference. A NOC can be a dedicated vehicle or temporary space within a structure if allowed by the circumstances. A dedicated communications system that provides a listening only option (headset, speakers) for the tactical commander is advisable.

5.4 As recommended by the National Council of Negotiations Associations (www.ncna.us), individuals selected to become negotiators should receive training which includes:

- A minimum of 40 hours in a qualified course
- Training should include basic concepts and techniques, abnormal psychology, assessment, crisis/suicide intervention, active listening skills, case studies, meaningful role-playing drills, and an incident management overview

As with all critical law enforcement skills, such as firearms, negotiators should periodically receive updated training and practice in order to maintain proficiency. It is recommended negotiators annually attend a minimum of 40 hours of training in order to stay proficient. Additionally, it is highly recommended that they attend regional or national conferences, learning from case study presentations, and conduct joint training with tactical teams.
5.5 Negotiations teams should at a minimum be equipped with reliable and diverse methods to communicate with suspects in a wide variety of environments and to record these communications. At a minimum:

- Throw phone capable of being introduced into a barricaded area
- Cellular device capable of voice, data, text, and video
- Public address system.
- An internet capable-device with the ability to run social media applications.

If negotiators are sworn law enforcement officers, they should be armed and equipped with industry standard ballistic armor. Those sworn negotiators should consider carrying intermediate weapons (Taser, baton, OC spray) as they will invariably interact with the emotional friends and families of barricaded subjects in the process of gathering intelligence. If sworn negotiators are tasked with negotiating from within threat areas (i.e. an armored rescue vehicle, from behind cover or while wearing an APR in a chemical agent environment), they should be trained and equipped appropriately to do so. Such training should include movement with tactical operators, familiarization with deployment vehicles and proper donning and use of relevant personal protective equipment.
6.0 Operational Planning

6.1 Appropriately trained and designated personnel should develop an operational plan in a consistent format for pre-planning purposes. The planning processes should include location scouting, development of detailed written operations orders, detailed operations order briefings, operation rehearsals and pre-mission inspections. Final approval for all operational planning documents should rest on the team commander or a designee.

6.2 All SWAT team members should be trained in and capable of demonstrating proficiency in operational planning concepts.

6.3 Documentation should be retained in accordance with agency policy and state statute.

6.4 All personnel shall have thorough knowledge of the “Deadly Force” or force continuum for their agency, State and Federal law.
7.0 **MULTI-JURISDICTIONAL AND REGIONAL SWAT OPERATIONS**

7.1 The SWAT team (refer to Section 2.0 Team Typing) should develop appropriate agreements, protocols and procedures for support relationships between and among neighboring teams. By establishing formal relationships with supporting teams, agencies will be better prepared to handle incidents which exceed the capabilities and resources of the primary jurisdictional team. Where SWAT teams have access to additional supporting elements, they may also establish internal Standard Operating Procedures (SOPs) and/or external Memorandums of Understanding (MOUs), Memorandums of Agreement (MOAs) or Inter-Governmental Agreements (IGAs) in compliance with any local, state or federal law. At a minimum, these agreements shall clearly delineate, establish and specify law enforcement chain of command, operational control, duties and responsibilities of supporting units and joint training requirements. Agreements shall also specify which agency is charged with jurisdiction in the event of a criminal investigation involving the actions of a SWAT member, such as an officer-involved shooting.
<p>| <strong>Active killer</strong> | An armed suspect who is actively killing or attempting to kill civilians and/or law enforcement and continues to do so while having access to additional victims. |
| <strong>After-action report</strong> | A document to be completed following a debriefing or after-action review of a planned or spontaneous operation to include the actions taken (or failures to act and omissions) by personnel, mission results and any pertinent and relevant information related to same operation including lessons learned and any training recommendations identified. Documentation should be supported with the operational plan, related reports, and any other written or photographic material associated with the operation. |
| <strong>After-action review</strong> | A structured process for analyzing a particular operation or exercise and usually includes subject matter experts or superiors, not assigned to the team, specifically tasked with identifying areas for improvement. |
| <strong>Armored rescue vehicle</strong> | A vehicle that is or has been hardened to protect the occupants from small arms fire and fragmentation. Also known as an “ARV.” |
| <strong>Arrest team</strong> | A team of operators established to contact, control and detain suspect(s). Primary function is to safely and effectively receive anyone exiting a location. May also serve as the Immediate Reaction Team or Emergency Reaction Team depending on personnel available. |
| <strong>Barricaded subject</strong> | A barricade situation may be defined as the standoff created by an armed or potentially armed suspect in any location, whether fortified or not, who is refusing to comply with lawful orders for surrender. |
| <strong>Breach and hold</strong> | A tactical technique by operators to maintain and hold their positions in close proximity of the entry point of a incident location after breaching that entry point. Also known as “breach and delay.” |
| <strong>Brief back</strong> | The formal process after an operational briefing (or as part of that process) wherein an operator will recite back to the team leader or operational leader his/her specific assignment/s and tactical/equipment responsibilities for a pending operation. |</p>

### Target-specific directed fire
Controlled gunfire that is directed at the suspect, reducing the suspect’s ability to return fire while a tactical team, element or individual movement is conducted. Also known as “suppressive fire,” “cover fire,” “return fire” and “weapons fire.”

### Team commander
The designated individual(s) responsible for the management, operation and deployment of a tactical team.

### TEMS
The mission-preplanning, preventative care and medical treatment rendered during mission-driven, high-risk, large-scale, and extended law enforcement operations. The TEMS scope of practice includes medical interventions that further the health and safety of all law enforcement personnel and are intended to reduce the incidence of injury, illness, disability, and death associated with police operations. TEMS adapts and incorporates sound medical practices with police tactics for use in operations characterized by competing mission objectives, diagnostic uncertainty, limited resources, and performance decrement under stress to permit the delivery of effective medical care in an unfolding law enforcement mission. The needs and operating environment of the SWAT team determine the medical capabilities of the TEMS element.

ATD Control Procedures

Purpose
The intent of the Woodland Police Department Aerosol Transmissible Diseases (ATD) Control Procedures is to promote safe work practices and to provide an environment that reduces occupational exposure to ATDs such as tuberculosis (TB), severe acute respiratory syndrome (SARS), meningitis, pertussis (whooping cough), and seasonal influenza. The objectives of the procedures are to:

- Protect our employees from the illnesses associated with ATDs
- Provide appropriate treatment and counseling following an employee exposure incident

These procedures have been established in accordance with the Cal/OSHA ATD regulation, California Code of Regulations (CCR), Title 8, Section 5199.

Scope
The ATD regulation applies to police services provided during:

- Transport or detention of persons reasonably anticipated to be ATD cases
- Services provided in conjunction with health care or public health operations

Police services are considered a “referring employer” under the regulation if the following conditions are met:

- There is a process in place to screen persons for further evaluation by a health care provider based on readily observable ATD signs and symptoms
- Suspected ATD cases are referred or transported to a facility that can provide appropriate diagnosis, treatment, and isolation
- Non-medical transport only is provided (i.e. medical services are not expected to be provided)
Responsibilities

Chief of Police

The Chief of Police has the responsibility to:

- Designate the ATD Administrator
- Allocate resources and support to appropriately implement the ATD procedures including annual employee training
- Ensure employees comply with ATD procedures
- Review the results of the annual ATD procedure review and correct deficiencies if necessary

ATD Administrator

Investigations Lieutenant is the designated ATD Administrator and has the authority and full support of the Chief of Police to perform these duties. The Administrator has the responsibility to:

- Demonstrate knowledge in infection control principles and practices as they apply to the police department’s facilities and operations
- Provide information on health alerts and community outbreaks from the local health officer during daily briefings
- Ensure ATD procedures are implemented in the department
- Determine department-specific methods for source control, cleaning/disinfection of work areas and vehicles, and referrals
- Implement communication procedures to inform employees and other employers involved in the exposure incident who may have had contact with the ATD case
- Document exposure incidents and implement the post-exposure evaluation process for affected employees
- Ensure employees receive initial and annual training in ATD procedures
- Offer required vaccinations and TB testing annually
- Maintain all required records for the ATD procedures, including employee medical records
- Conduct an annual review of the ATD procedures and provide a summary to the Chief
Watch Commanders/Supervisors

Watch commanders/supervisors have the responsibility to:

- Ensure compliance with the ATD procedures for employees under their direct supervision and control
- Train employees on department-specific safe work practices to reduce exposure to ATDs
- Ensure employees attend initial and annual training sessions
- Monitor the post-exposure evaluation process where an exposure incident has occurred

Police Officers/Employees

All exposed police officers and employees have a responsibility to:

- Recognize signs and symptoms of ATDs based on screening procedures
- Comply with safe work practices when exposure to a suspected ATD case occurs
- Provide input regarding the effectiveness of the procedures to the ATD Administrator, including input during the annual review
- Attend annual ATD training
- Receive vaccinations and annual TB testing offered by the department
- Follow post-exposure evaluation procedures if an exposure incident occurs

Occupational Exposure Determination

Cal/OSHA defines an occupational exposure as exposure from work activity or working conditions that is reasonably anticipated to create an elevated risk of contracting an ATD if protection measures are not in place.

The following units/divisions at the Woodland Police Department have the potential for occupational exposure as defined in the regulation:

- All Sworn personnel assigned to Patrol and Investigations Division
- Non-sworn personnel performing tasks that meet the definition of an occupational exposure (CSO assigned to Parking, Patrol, and CSI/Record Staff while conducting fingerprinting duties)

Screening Procedures (Health Care Providers Not Available)
The police department will initiate non-medical screening procedures based on readily observable symptoms and/or self-reports of the following conditions:

- Persistent cough for more than three weeks
- Signs and symptoms of a flu-like illness between March and October (non-seasonal flu months) or for more than two weeks any time of year; flu-like symptoms include coughing, fever, sweating, chills, muscle aches, weakness, malaise, or a combination.
- Person states he or she has a transmissible respiratory disease or an infectious ATD case, excluding the common cold and seasonal flu

The department screening criteria below are appropriate for persons in custody with suspected ATD. Screening may be performed at department facilities or in the field prior to transport where feasible. The privacy of the person(s) must be maintained during screening procedures.

**Screening a potential TB case:**

Cough for more than three weeks and one or more of the following symptoms:

- Unexplained weight loss (>5 lbs)
- Night sweats
- Fever
- Chronic fatigue/malaise
- Coughing up blood

A person who has had a cough for more than three weeks and who has one of the other symptoms must be referred to a health care provider for further evaluation unless that person is already under treatment. Consider referring a person with any of the above symptoms if there is no alternative explanation.

**Screening other potential ATD cases:**

Other vaccine preventable ATDs, including pertussis, measles, mumps, rubella ("German measles"), and chicken pox, should be considered. The following is a brief list of some findings that should prompt referral to a health care provider for further evaluation when identified through a screening process:

- Severe coughing spasms, especially if persistent; coughing fits may interfere with eating, drinking, and breathing
- Fever, headache, muscle aches, tiredness, poor appetite followed by painful, swollen salivary glands on one side or both sides of face under jaw
- Fever, chills, cough, runny nose, watery eyes associated with onset of an unexplained rash (diffuse rash or blister-type skin rash)
- Fever, headache, stiff neck, possibly mental status changes
Note: Seasonal influenza does not require referral. Examples of diseases requiring transfer to a health care facility include TB, SARS, measles, chicken pox, and pertussis. Refer to Appendix A to review additional signs and symptoms for common ATDs.

Any person who exhibits any of the above described findings and/or reports contact with individuals known to have any of these transmissible illnesses in the past two to four weeks should be promptly evaluated by a health care provider. Proceed to the Referral Procedures Section.

Health officials may periodically issue alerts for community outbreaks of other diseases. Local public health authorities will provide screening criteria that will be communicated by the ATD Administrator during daily briefings.

Referral Procedures
The on-duty supervisor will be notified of a suspected ATD case requiring referral to a health care facility for further evaluation. Immediately implement the source control and transmission reduction procedures until the person can be transferred.

Source Control and Transmission Reduction Procedures
The department will provide temporary control measures to protect employees during the period of time when a person requiring referral is waiting for transfer to another facility. These procedures have application in department facilities as well as in field operations where feasible.

Separation and masking of potential ATD source
Move the person to a separate room or area. If a common area must be used, seat the person at least three feet away from others. (Holding area or interview room)

Determine whether it is appropriate to offer the person awaiting transfer a surgical or procedure mask, tissues, and hand sanitizer or hand washing facilities. The source control supplies are located in the report writing room.

The person will be informed about the following police department controls to reduce the potential for disease transmission including:

- Cover your cough or sneeze with tissue and dispose of the tissue in the covered receptacle provided (where appropriate)
- Offer hand washing facilities for use (where appropriate)
- Wear the provided surgical or procedure mask (where appropriate)

Note: It is not necessary to offer a N95 respirator to the person awaiting transfer. Officers cannot insist on the use of source controls and must use judgment where the provision of alcohol-based hand sanitizers may be a security risk. Offering a surgical mask may not be advisable where the person is handcuffed or in respiratory distress.
Employee should use respiratory protection where source controls are not practical.

Employees will use an N95 respirator to enter the room or work area where a suspected ATD case is awaiting transfer where source control procedures are not feasible, or the source is non-compliant with the controls (e.g. refuses or is unable to don a surgical or procedure mask). Employees should use frequent hand hygiene when they come in contact with contaminated surfaces or articles. Cleaning and disinfection of the waiting area with appropriate personal protective equipment will be performed following transfer of the person. (See Cleaning and Disinfection Procedures Section).

The police department is utilizing N95 particulate respirators for protection against potentially infectious aerosols. Supplies of the single use respirators are available through the Professional Standards Sergeant.

Transfer of Suspected ATD Cases

Transfers will occur within five hours of the identification of the suspected case. The on-duty Watch Commander is responsible for determining if any of the following exceptions are applicable:

- If initial exposure to the suspected case occurs in the evening (after 3:30 p.m. and prior to 7 a.m.), the transfer must occur no later than 11:00 a.m.; or
- If the transfer cannot occur within the 5-hour period, the Watch Commander will document at the end of the 5-hour period and at least every 24 hours thereafter each of the following:
  - The police department has contacted the local health officer and determined that there is no facility with an appropriate airborne infection isolation room or area available within that jurisdiction.
  - Reasonable efforts have been made to contact establishments outside that jurisdiction, as provided in the procedures.
  - All applicable measures recommended by the local health officer or the infection control physician or other licensed health care professional have been implemented.
  - All employees who enter the room or area housing the individual are provided with and use appropriate personal protective equipment and N95 respiratory protection.

The local health officer contact information is provided below for suspected ATD cases that will require a period longer than five hours to transfer to a health care facility:

Transport by emergency medical services

When feasible, contact emergency medical services to transport the suspected ATD case.

Officers required to accompany the suspected ATD case in the ambulance will use N95 respiratory protection unless the use of respiratory protection would result in a safety hazard.
**Transport in department vehicles (if applicable)**

Officers involved in the transport of a suspected ATD case will use N95 respiratory protection unless the use of the respiratory protection would result in a safety hazard. The officers will consider the duration of the operation, the signs and symptoms being exhibited, and any potential safety hazards presented by the use of an N95 respirator during the specific operation.

**Cleaning and Disinfection Procedures**

The police department is required to clean and disinfect all contaminated work surfaces with the approved sanitizer after any exposure from a suspected or confirmed ATD case. Contaminated work surfaces include exposed areas at the police station and all transport vehicles.

The approved cleaning and disinfecting materials along with appropriate personal protective equipment must be available at each facility, including all transport vehicles. Supplies are located in report writing.

The holding area will be cleaned periodically by the Jan Pro Janitorial Services Company. Jan Pro will clean on Mondays and Fridays. The cleaning will include emptying trash, spray and wipe off counters, sweep holding area, and cleaning of sink and toilet in each holding cell.

Vehicles will be cleaned on an as needed basis by the officers. Officers will use cleaning supplies located in report writing.

**Communication Procedures**

The ATD Administrator is responsible for communicating with department employees who have had contact with a suspected ATD case when another employer, local health authorities, or the health care provider notify the department of a confirmed ATD case. The police department is also responsible for communicating the information to other employers involved in the exposure incident (e.g. fire department, ambulance service) to the extent that exposure information is available.

When the diagnosing health care facility reports an ATD case to the local public health officer, the department will receive notification of a confirmed case from the health care facility and/or the local public health officer. The ATD Administrator or the Professional Standards Sergeant is responsible for implementing the following communication procedures upon notification:

- Receive feedback from the local health authority or the health care provider on the disease status of the suspected ATD case. Woodland Healthcare Occupational Health will report disease status to the City of Woodland Human Resource Department. The Human Resource Department will then notify the Professional Standards Sergeant.

- **Immediately** contact other employers who had employees involved in the specific exposure incident no later than 72 hours after receiving notification.
(Note: This is a maximum timeframe and would not be considered appropriate for an illness such as meningitis where life threatening illness may develop within 48 hours. The department will adjust the timeframe depending on the nature of the specific illness and input from the local health officer.) The department will not provide the identity of the source patient to other employers.

  Davis PD (530) 747-5400
  W Sacramento PD (916) 372-3375
  Winters PD (530) 795-2261

- Immediately communicate with affected department employees about the confirmed ATD case and indicate that an exposure analysis is in progress with completion expected no later than 96 hours after receiving notification. (Note: This is a maximum timeframe and would not be considered appropriate for an illness such as meningitis where life threatening illness may develop within 48 hours. The department will adjust the timeframe depending on the nature of the specific illness and input from the local health officer.) Woodland Healthcare Occupational Health will report disease status to the City of Woodland Human Resource Department. The Human Resource Department will then notify the Professional Standards Sergeant.

- Begin the analysis of the exposure incident and report the results to the affected employees within 72 hours after receiving notification except where the nature of the illness requires immediate action.

- Notify affected employees of the results of the analysis within 96 hours of receiving notification except where the nature of the illness requires immediate action. Refer employees with significant exposure for medical evaluation as soon as possible. (See Exposure Incident and Post-Exposure Evaluation Section.)

**Exposure Incident Analysis and Post-Exposure Evaluation**

**ATD Exposure Incident Analysis**

An ATD exposure incident is an event where all the following have occurred:

- An employee has been exposed to a person who is a case/suspected case of a reportable ATD, and
- Source control and risk reduction measures were not present or utilized, and
- It reasonably appears from the circumstances of the exposure that transmission of the ATD is likely to require medical evaluation

If an exposure incident occurs, the police department will take the following steps within 72 hours after receiving notification except where the nature of the illness requires immediate action:
• The ATD Administrator will conduct an analysis of the exposure scenario to determine which employees had significant exposures. The ATD Administrator will notify employees who had significant exposure of the date, time, and nature of the exposure.
• The ATD Administrator will determine if any other employer’s employees have been exposed and notify the employer.

**Post-Exposure Evaluation and Follow-Up**

In the event of an exposure incident, the police department will provide a post-exposure medical evaluation, as soon as feasible, to all employees who had a significant exposure. All post-exposure evaluations will be performed by Woodland Healthcare Occupational Health:

The police department will provide the health care professional with the following information:

- A copy of CCR, Title 8; Section 5199 located at [http://www.dir.ca.gov/title8/5199.html](http://www.dir.ca.gov/title8/5199.html)
- A description of the exposed employee’s duties as they relate to the exposure incident
- The circumstances under which the exposure incident occurred
- Any available diagnostic information relating to the source of the exposure that could assist in the medical management of the employee
- The police department’s medical records for the exposed employee(s)

The police department will request the following information from the health care professional:

- An opinion regarding whether precautionary removal from the employee’s regular assignment is necessary to prevent spread of the disease agent and what type of alternate work assignment may be provided
- A written opinion from the health care professional limited to the following information:
  - The employee’s test and infectivity status
  - A statement that the employee has been informed of the results of the medical evaluation and has been offered any applicable vaccinations, prophylaxis, or treatment
o A statement that the employee has been told about any medical conditions resulting from the exposure that require further evaluation or treatment
o Any recommendations for precautionary removal from the employee’s regular assignment
o Any limitations on respirator use related to the medical condition of the employee or the working conditions in which the respirator will be used

All other findings or diagnoses will remain confidential and will not be included in the written report. The police department will obtain and provide the employee with a copy of the written opinion within 15 working days from the completed medical evaluation.

Medical Services

Vaccination Recommendations

The police department offers and recommends all employees in the identified job classifications in the Occupational Exposure Determination Section receive the following vaccination at no cost to the employee:

<table>
<thead>
<tr>

<tbody>
<tr>
<td>Seasonal Influenza</td>
<td>One dose annually</td>

If the employee declines to accept the vaccination, he or she must sign the Declination Statement (Appendix B) and forward to the Professional Standards Sergeant for required record keeping.

Note: Seasonal influenza vaccine will be provided during the period designated by the CDC for administration and need not be provided outside of those periods.

Latent Tuberculosis Infection (LTBI) Annual Test

The police department maintains a surveillance program for LTBI. All employees in the identified job classifications in the Occupational Exposure Determination Section will receive annual TB tests. (Refer to Appendix D for the complete definition of LTBI.)

Employees with a positive baseline TB test will have an annual symptom screen.

If the employee’s TB test indicates a conversion (a change in the TB test results from negative to positive) the police department will refer the employee to the following health care professional Woodland Healthcare Occupational Health:

In the case of a conversion, the department is responsible for following requirements in the regulation:
• Provide a copy of the ATD regulation (8 CCR 5199) and the employee’s TB test records to the health care provider.
• If the department has determined the source of the infection, the department will also provide any available diagnostic test results including drug susceptibility patterns relating to the source patient.
• The department will request with the employee’s consent that the health care provider perform any necessary diagnostic tests and inform the employee about appropriate treatment options.
• The department will request the health care provider determine if the employee is a TB case or suspected case and to do all of the following:
  o Inform employee and the local health officer in accordance with Title 17
  o Consult with the local health officer and inform the employer of any infection control recommendations related to the employee’s activity in the workplace
  o Recommend whether precautionary removal from the employee’s regular assignment is necessary to prevent the spread of disease by the employee and what type of alternate work assignment may be provided; the department will request the recommendation for precautionary removal immediately via phone or fax and that a written opinion within 15 days containing the information outlined in paragraph (h)(9) of the regulation
• In cases where the health care provider or local health officer recommends precautionary removal from regular job duties, the department will maintain the employee’s earnings, seniority, and other employee rights and benefits, including the employee’s right to his or her former job status, as if the employee had not been removed from his/her job. These provisions do not extend to any period of time during which the employee is unable to work for reasons other than precautionary removal.

Training

All employees assigned to tasks where occupational exposure may occur will receive training:

• At the time of initial assignment to tasks where occupational exposure may occur
• At least annually thereafter
• When changes such as introduction of new engineering or work practice controls or modification of tasks affect the employee’s occupational exposure

Training will be interactive and tailored to the education and language level of all exposed police department employees. It will include the following:

• An explanation of ATDs, including the signs and symptoms that require further medical evaluation
• Screening methods and referral procedures
• Source control measures and how these measures will be communicated to persons the employees contact
• Procedures for temporary risk reduction measures prior to transfer
• Respiratory protection training

• Exposure incident reporting procedures and communication procedures
• Vaccine information and education
• Location of written procedures (ATD Control Procedures and Respiratory Protection Program) and how employees can provide feedback on the effectiveness of the procedures

The training will be offered to employees and will include an opportunity for questions and answers with a person who is knowledgeable about the police department’s exposures and ATD control procedures. Training not given in person (e.g. web-based training or training videos) will provide for interactive questions to be answered within 24 hours by a knowledgeable person.

Seasonal Influenza Vaccination Declination Statement (Mandatory)

I understand that due to my occupational exposure to aerosol transmissible diseases, I may be at risk of acquiring seasonal influenza. I have been given the opportunity to be vaccinated against this infection at no charge to me. However, I decline this vaccination at this time. I understand that by declining this vaccine, I continue to be at increased risk of acquiring influenza. If during the season for which the CDC recommends administration of the influenza vaccine I continue to have occupational exposure to aerosol transmissible diseases and want to be vaccinated, I can receive the vaccination at no charge to me.

Definitions

For a complete list of definitions found in the ATD standard, refer to Cal/OSHA Title 8, Chapter 4, Section 5199; Subsection (b) at http://www.dir.ca.gov/title8/5144.html.

Aerosol transmissible disease (ATD) or aerosol transmissible pathogen (ATP)
A disease or pathogen for which droplet or airborne precautions are required, as listed in Appendix A of the standard.

Airborne infection isolation (AII)
Infection control procedures as described in Guidelines for Preventing the Transmission of Mycobacterium tuberculosis in Health-Care Settings. These procedures are designed to reduce the risk of transmission of airborne infectious pathogens, and apply to patients known or suspected to be infected with epidemiologically important pathogens that can be transmitted by the airborne route.

Airborne infection isolation room or area (AIIR)
A room, area, booth, tent, or other enclosure that is maintained at negative pressure to adjacent areas in order to control the spread of aerosolized M. tuberculosis and other airborne infectious pathogens and that meets the requirements stated in subsection (e)(5)(D) of this standard.

Airborne infectious disease (AirID)
Either: (1) an aerosol transmissible disease transmitted through dissemination of airborne droplet nuclei, small particle aerosols, or dust particles containing the disease agent for which AII is recommended by the CDC or CDPH, as listed in Appendix A, or (2) the disease process caused by a novel or unknown pathogen for which there is no evidence to rule out with reasonable certainty the possibility that the pathogen is transmissible through dissemination of airborne droplet nuclei, small particle aerosols, or dust particles containing the novel or unknown pathogen.

Airborne infectious pathogen (AirIP)
Either: (1) an aerosol transmissible pathogen transmitted through dissemination of airborne droplet nuclei, small particle aerosols, or dust particles containing the infectious agent, and for which the CDC or CDPH recommends AII, as listed in Appendix A, or (2) a novel or unknown pathogen for which there is no evidence to rule out with reasonable certainty the possibility that it is transmissible through dissemination of airborne droplet nuclei, small particle aerosols, or dust particles containing the novel or unknown pathogen.

CDC
United States Centers for Disease Control and Prevention www.cdc.gov.

CDPH
California Department of Public Health and its predecessor, the California Department of Health Services (CDHS).
Case
Either of the following:
(1) A person who has been diagnosed by a health care provider who is lawfully authorized to diagnose, using clinical judgment or laboratory evidence, to have a particular disease or condition.
(2) A person who is considered a case of a disease or condition that satisfies the most recent communicable disease surveillance case definitions established by the CDC and published in the Morbidity and Mortality Weekly Report (MMWR) or its supplements.

Droplet precautions
Infection control procedures as described in Guideline for Isolation Precautions designed to reduce the risk of transmission of infectious agents through contact of the conjunctivae or the mucous membranes of the nose or mouth of a susceptible person with large-particle droplets (larger than 5 µm in size) containing microorganisms generated from a person who has a clinical disease or who is a carrier of the microorganism.

Emergency medical services
Medical care provided pursuant to Title 22, Division 9, by employees who are certified EMT-1, certified EMT-II, or licensed paramedic personnel to the sick and injured at the scene of an emergency, during transport, or during interfacility transfer.

Exposure incident
An event in which all of the following have occurred: (1) An employee has been exposed to an individual who is a case or suspected case of a reportable ATD, or to a work area or equipment that is reasonably expected to contain ATPs associated with a reportable ATD; and (2) The exposure occurred without the benefit of applicable exposure controls required by this section, and (3) It reasonably appears from the circumstances of the exposure that transmission of disease is sufficiently likely to require medical evaluation.

Field operation
An operation conducted by employees that is outside of the employer’s fixed establishment, such as paramedic and emergency medical services or transport, law enforcement, home health care, and public health.

Guideline for Isolation Precautions
The Guideline for Isolation Precautions: Preventing Transmission of Infectious Agents in Healthcare Settings, June 2007, CDC, which is hereby incorporated by reference for the sole purpose of establishing requirements for droplet and contact precautions.

Health care provider
A physician and surgeon, a veterinarian, a podiatrist, a nurse practitioner, a physician assistant, a registered nurse, a nurse midwife, a school nurse, an infection control practitioner, a medical examiner, a coroner, or a dentist.

Health care worker
A person who works in a health care facility, service or operation, or who has occupational exposure in a public health service described in subsection (a)(1)(D).
**High hazard procedures**
Procedures performed on a person who is a case or suspected case of an aerosol transmissible disease or on a specimen suspected of containing an ATP-L, in which the potential for being exposed to aerosol transmissible pathogens is increased due to the reasonably anticipated generation of aerosolized pathogens. Such procedures include, but are not limited to, sputum induction, bronchoscopy, aerosolized administration of pentamidine or other medications, and pulmonary function testing. High Hazard Procedures also include, but are not limited to, autopsy, clinical, surgical and laboratory procedures that may aerosolize pathogens.

**Individually identifiable medical information**
Medical information that includes or contains any element of personal identifying information sufficient to allow identification of the individual, such as the patient's name, address, electronic mail address, telephone number, or social security number, or other information that, alone or in combination with other publicly available information, reveals the individual's identity.

**Infection control PLHCP**
A PLHCP who is knowledgeable about infection control practices, including routes of transmission, isolation precautions, and the investigation of exposure incidents.

**Initial treatment**
Treatment provided at the time of the first contact a health care provider has with a person who is potentially an AirID case or suspected case. Initial treatment does not include high hazard procedures.

**Latent TB infection (LTBI)**
Infection with *M. tuberculosis* in which bacteria are present in the body, but are inactive. Persons who have LTBI but who do not have TB disease are asymptomatic, do not feel sick, and cannot spread TB to other persons. They typically react positively to TB tests.

**Local health officer**
The health officer for the local jurisdiction responsible for receiving and/or sending reports of communicable diseases, as defined in Title 17, CCR. **NOTE:** Title 17, Section 2500 requires that reports be made to the local health officer for the jurisdiction where the patient resides.

**M. tuberculosis**
*Mycobacterium tuberculosis* complex, which includes *M. tuberculosis, M. bovis, M. africanum,* and *M. microti.* M. tuberculosis is the scientific name of the group of bacteria that cause tuberculosis.

**Negative pressure**
A relative air pressure difference between two areas. The pressure in a containment room or area that is under negative pressure is lower than adjacent areas, which keeps air from flowing out of the containment facility and into adjacent rooms or areas.

**Non-medical transport**
The transportation by employees other than health care providers or emergency medical personnel during which no medical services are reasonably anticipated to be provided.
Novel or unknown ATP
A pathogen capable of causing serious human disease meeting the following criteria:
(1) There is credible evidence that the pathogen is transmissible to humans by aerosols; and
(2) The disease agent is:
   (a) A newly recognized pathogen, or
   (b) A newly recognized variant of a known pathogen and there is reason to believe that the variant differs significantly from the known pathogen in virulence or transmissibility, or
   (c) A recognized pathogen that has been recently introduced into the human population, or
   (d) A not yet identified pathogen.

NOTE: Variants of the human influenza virus that typically occur from season to season are not considered novel or unknown ATPs if they do not differ significantly in virulence or transmissibility from existing seasonal variants. Pandemic influenza strains that have not been fully characterized are novel pathogens.

Occupational exposure
Exposure from work activity or working conditions that is reasonably anticipated to create an elevated risk of contracting any disease caused by ATPs or ATPs-L if protective measures are not in place. In this context, “elevated” means higher than what is considered ordinary for employees having direct contact with the general public outside of the facilities, service categories, and operations listed in subsection (a)(1) of this standard. Occupational exposure is presumed to exist to some extent in each of the facilities, services, and operations listed in subsection (a)(1)(A) through (a)(1)(I). Whether a particular employee has occupational exposure depends on the tasks, activities, and environment of the employee, and therefore, some employees of a covered employer may have no occupational exposure. For example, occupational exposure typically does not exist where a hospital employee works only in an office environment separated from patient care facilities, or works only in other areas separate from those where the risk of ATD transmission, whether from patients or contaminated items, would be elevated without protective measures. It is the task of employers covered by this standard to identify those employees who have occupational exposure so that appropriate protective measures can be implemented to protect them as required. Employee activities that involve having contact with, or being within exposure range of cases or suspected cases of ATD, are always considered to cause occupational exposure. Similarly, employee activities that involve contact with, or routinely being within exposure range of, populations served by facilities identified in subsection (a)(1)(E) are considered to cause occupational exposure. Employees working in laboratory areas in which ATPs-L are handled or reasonably anticipated to be present are also considered to have occupational exposure.

Physician or other licensed health care professional (PLHCP)
An individual whose legally permitted scope or practice (i.e., license, registration, or certification) allows him or her to independently provide, or be delegated the responsibility to provide, some or all of the health care services required by this section.

Public health guidelines
(1) In regards to tuberculosis, applicable guidelines published by the CTCA and/or CDPH as follows, which are hereby incorporated by reference:
(A) Guidelines for Tuberculosis (TB) Screening and Treatment of Patients with Chronic Kidney Disease (CKD), Patients Receiving Hemodialysis (HD), Patients Receiving Peritoneal Dialysis (PD), Patients Undergoing Renal Transplantation and Employees of Dialysis Facilities, May 18, 2007.

The directing or transferring of a possible ATD case to another facility, service or operation for the purposes of transport, diagnosis, treatment, isolation, housing, or care.

Referring employer
Any employer that operates a facility, service, or operation in which there is occupational exposure and which refers AID cases and suspected cases to other facilities. Referring facilities, services and operations do not provide diagnosis, treatment, transport, housing, isolation or management to persons requiring AID. General acute care hospitals are not referring employers. Law enforcement, corrections, public health, and other operations that provide only non-medical transport for referred cases are considered referring employers if they do not provide diagnosis, treatment, housing, isolation or management of referred cases.

Reportable aerosol transmissible disease (RATD)
A disease or condition which a health care provider is required to report to the local health officer, in accordance with Title 17 CCR, Division 1, Chapter 4, and which meets the definition of an aerosol transmissible disease (ATD).

**Respiratory Hygiene/Cough Etiquette in Health Care Settings**

**Screening (health care provider)**
The initial assessment of persons who are potentially AirID or ATD cases by a health care provider in order to determine whether they need airborne infection isolation or need to be referred for further medical evaluation or treatment to make that determination. Screening does not include high hazard procedures.

**Screening (non health care provider)**
The identification of potential ATD cases through readily observable signs and the self-report of patients or clients. Screening does not include high hazard procedures.

**Significant exposure**
An exposure to a source of ATPs or ATPs-L in which the circumstances of the exposure make the transmission of a disease sufficiently likely that the employee requires further evaluation by a PLHCP.

**Source control measures**
The use of procedures, engineering controls, and other devices or materials to minimize the spread of airborne particles and droplets from an individual who has or exhibits signs or symptoms of having an ATD, such as persistent coughing.

**Surge**
A rapid expansion beyond normal services to meet the increased demand for qualified personnel, medical care, equipment, and public health services in the event of an epidemic, public health emergency, or disaster.

**Susceptible person**
A person who is at risk of acquiring an infection due to a lack of immunity as determined by a PLHCP in accordance with applicable public health guidelines.

**Suspected case.** Either of the following:
1. A person whom a health care provider believes, after weighing signs, symptoms, and/or laboratory evidence, to probably have a particular disease or condition listed in Appendix A.
2. A person who is considered a probable case, or an epidemiologically-linked case, or who has supportive laboratory findings under the most recent communicable disease surveillance case definition established by CDC and published in the Morbidity and Mortality Weekly Report (MMWR) or its
supplements as applied to a particular disease or condition listed in Appendix A.

Tuberculosis* (BAMT) such as interferon gamma release assays (IGRAs) which: (1) has been approved by the Food and Drug Administration for the purposes of detecting tuberculosis infection, and (2) is recommended by the CDC for testing for TB infection in the environment in which it is used, and (3) is administered, performed, analyzed and evaluated in accordance with those approvals and guidelines. **NOTE:** Where surveillance for LTBI is required by Title 22, CCR, the TB test must be approved for this use by the CDPH.

**Tuberculosis (TB)**
A disease caused by *M. tuberculosis*.

OFFICER INVOLVED CRITICAL INCIDENTS PROTOCOL - MAY 2020.pdf
Yolo County Protocol for Response to Officer Involved Critical Incidents

Participating Agencies
California Highway Patrol – Woodland
Davis Police Department
UC Davis Police Department
West Sacramento Police Department
Winters Police Department
Woodland Police Department
Yolo County District Attorney’s Office
Yolo County Probation Department
Yolo County Sheriff’s Office
A. PURPOSE AND SCOPE

The purpose of this protocol is to establish uniform procedures for the investigation of Officer-Involved Critical Incidents.

This protocol recognizes the need for timely independent review of Officer-Involved Critical Incidents and considers available investigative resources while maintaining a best-practice approach of having an independent, outside agency investigate the incident.

While this protocol is generally recommended for use by all Yolo County law enforcement agencies, and other local, federal or state law enforcement agencies operating in Yolo County, each individual agency retains the discretion to adopt, reject, or modify any portion of this protocol in accordance with existing rules and regulations of that agency.

Additionally, this protocol can be used for the investigation of any incident involving the death of, or great bodily injury to a law enforcement officer or when a law enforcement officer is being investigated for committing a crime.

Finally, the provisions of this protocol shall be considered only as guidelines. It is recognized that police work is not always predictable and circumstances may arise which warrant departure from this protocol. This protocol is solely for the purpose of guidance. It is not intended to, does not, and may not be relied upon to create any rights, substantive or procedural, enforceable by law by any party in any matter, civil or criminal, nor do they place any limitations on otherwise lawful investigative or litigative prerogatives of any signatory agency.

B. DEFINITIONS

1. Officer-Involved Critical Incident (OICI):
   - An incident involving the discharge of a firearm at a person by a peace officer or custodial officer.
   - An incident in which the use of force by a peace officer or custodial officer against a person resulted in death, or in great bodily injury.
   - Any incident resulting in death or great bodily injury which a Primary Agency or Jurisdiction Agency deems to be critical in nature, including but not limited to: vehicle pursuits and collisions; where a person was in police custody; and physical altercations with a police employee.

2. Great Bodily Injury: For the purpose of this protocol, great bodily injury includes any gunshot wound or any injury that, upon initial assessment, is likely to lead to death, paralysis, or other permanent change to a person’s physical capability.

3. Jurisdictional Agency: The law enforcement agency with primary jurisdiction over the physical location of an incident. If an incident spans multiple jurisdictional areas, the Jurisdictional Agency will be determined as the location where the actual OICI took place or as otherwise agreed to by the Involved Agencies.

4. Primary Agency: The employing agency(ies) of the officer(s) involved in the actual OICI force application and/or the agency(ies) employing the officer(s) that suffered great bodily injury or death as the result of an OICI.
5. Involved Agency: Any agency involved in the OICI, whether or not its officers were directly involved in activities that precipitated a death or great bodily injury.

6. Uninvolved Agency: A law enforcement agency that had no involvement in the OICI and has the capacity to conduct an independent investigation related to an OICI.

7. Investigating Agency: the Uninvolved Agency that conducts a criminal investigation of the involved officer’s actions. The Investigating Agency is responsible for preparing investigative reports and submitting them to the District Attorney for review.

C. TYPES OF INVESTIGATIONS

OICIs generally involve multiple, separate and often overlapping investigations. They typically include:

- A criminal investigation of the suspect’s actions.
- A criminal investigation of the involved officer’s actions.
- An administrative investigation to determine policy compliance by involved officers.
- A civil investigation to determine potential liability.

D. CONTROL OF INVESTIGATIONS

1. Criminal Investigation of Suspect Actions

The investigation of any possible criminal conduct by the suspect is generally investigated by the Jurisdictional Agency, absent some other agreement to the contrary. The Jurisdictional Agency is responsible for working with the District Attorney’s Office for the charging of any involved suspect(s).

2. Criminal Investigation of Officer Actions

The control of the criminal investigation into the involved officer’s conduct during the incident will be determined by the Jurisdictional Agency’s protocol. As a general rule, when the Primary Agency and the Jurisdictional Agency are the same, the Jurisdictional Agency is encouraged to relinquish criminal investigative control of their employee’s actions to an Uninvolved Agency for an independent investigation.

The OICI Protocol is activated by the head of the Primary Agency, or their designee, contacting the Chief Investigator of the Yolo County District Attorney’s Office, or their designee, to request an independent criminal investigation of their employee. The two will determine which Uninvolved Agency should be contacted. The head of the Uninvolved Agency, or their designee, should be contacted directly to determine whether they can accommodate the request. If not, another Uninvolved Agency should be contacted until an agency agrees to conduct the investigation. The Uninvolved Agency that agrees to conduct the investigation becomes the Investigating Agency.

3. Administrative and Civil Investigation

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by their respective employing agency.
E. PROTOCOL

1. Agencies are expected to work cooperatively to carry out this agreement.

2. The Jurisdictional Agency is responsible for maintaining the crime scene and any perimeters unless relieved by another agency.

3. Although not ideal, crime scene investigators and other resources from the Primary Agency can be used to assist the Investigating Agency.

4. The coroner shall be promptly notified of any confirmed death. Agencies are expected to work cooperatively to assist the coroner in their duties.

5. Other State and federal resources can be used to support and/or conduct independent investigations of OICIs.

6. Officer Interrogations
   a. Agencies will honor the legal rights of involved officers pursuant to California Government Code 3300-3313 (Public Safety Officers Procedural Bill of Rights) and any other applicable State and/or federal law.
   b. Interrogations shall be coordinated by the Primary Agency(ies) and be in compliance with any applicable Memorandum of Understanding affecting the officer's employment.
   c. It is recognized that there are times when officer(s) legal counsel will advise against making a voluntary statement. Any compelled statements will be obtained exclusively by the Primary Agency for use in any administrative investigation and shall not be shared with an Investigating Agency.

7. Review and Use of Video/Audio Recordings
   a. Critical incidents, or portions/aspects of critical incidents, may be captured on a variety of video/audio recording devices including, but not limited to: in-car cameras, body-worn cameras, surveillance cameras, traffic cameras, cell-phone cameras, media cameras and/or other similar devices. Furthermore, recordings may come from a variety of sources including those that are agency controlled; or they may come from private devices that are made available to the public and/or law enforcement.
   b. Each agency should adopt polices/procedures regarding the ability of their employees to review recordings prior to providing a voluntary statement. Recognizing that agencies may have different policies/procedures regarding their employees reviewing recordings prior to providing initial voluntary statements, it is the responsibility of the Investigating Agency to be aware of any applicable polices/procedures prior to conducting interviews of employees that are under investigation. Officers may review recordings consistent with their employing agency policies.
   c. It is acknowledged and understood that recordings taken during critical incidents do not necessarily reflect the full extent of the nature of the event, or the experience, analysis, training, threat assessment, or state of mind of the individual officer(s) in a given incident. Moreover, recordings, especially video, have limitations and may depict events differently than as honestly recalled by the involved officer(s). Specifically, it is
understood that recording devices may capture information that may not have been heard or observed by the involved officers, and that officers may see and hear things not captured by recording devices.

d. In such cases where the involved officer(s) will be permitted to view a video recording of the incident prior to providing an initial voluntary statement, they shall be provided the following admonishment:

"Although you’ve had an opportunity to review video/audio recordings prior to providing this voluntary statement, it is important to understand that recordings have limitations and may depict the events differently than you recall, and may not depict all of the events as seen or heard by you. Video has a limited field of view and may not capture events normally seen by the human eye. The “frame rate” of video may limit the camera’s ability to capture movements normally seen by the human eye. Lighting as seen on video may be different than what is seen by the human eye. Videos are a two dimensional medium and may not capture depth, distance, or positional orientation as well as the human eye. Remember, video evidence is intended to assist your memory and ensure that your initial statement explains your state of mind at the time of the incident."

e. In such cases where the involved officer(s) will be permitted to view a recording of the incident only after they provide an initial voluntary statement, they shall be provided the following admonishment:

"In this case, there is video/audio evidence that you will have an opportunity to view after you have given your initial statement. Even though there may be video/audio evidence, it often has limitations and may depict the events differently than you recall, and may not depict all of the events as seen or heard by you. Video has a limited field of view and may not capture events normally seen by the human eye. The “frame rate” of video may limit the camera’s ability to capture movements normally seen by the human eye. Lighting as seen the video may be different than what is seen by the human eye. Videos are a two dimensional medium and may not capture depth, distance, or positional orientation as well as the human eye. Remember, video/audio evidence is intended to assist your memory and ensure that your initial statement explains your state of mind at the time of the incident."

8. Investigative Reports

a. The Primary Agency shall cooperate fully with the Investigating Agency by providing copies of all criminal investigative reports and evidence including, but not limited to, car and body-worn camera footage, involved uniforms and police equipment, and crime scene video and photos.

b. The Primary Agency will not furnish any confidential administrative reports, civil reports containing attorney work-product, or compelled statements to the Investigating Agency.

c. Upon conclusion of the investigation, the Investigating Agency will provide a full investigative report to the Primary Agency. The Primary Agency may use the criminal investigative report pursuant to their individual policies relating to administrative investigations.
F. CORONER’S OFFICE

Information obtained from the incident investigators or from the Involved Agencies will not be released by the Coroner’s Office without prior clearance from those agencies.

Release of information from the coroner will generally be limited to the following:

- Autopsy findings, including the condition of the deceased, the cause of death, and toxicology test results (after the involved agencies have received this information).
- The general role of the Coroner’s Office in the investigation of any death.

The Coroner’s Office will not release any information to the media when there is pending criminal prosecution.

G. DISTRICT ATTORNEY’S OFFICE

1. During an OICI Investigation the District Attorney’s Office will:
   - Assist and advise criminal investigators regarding the various legal issues that may arise, including but not limited to search and seizure, taking of statements, identification procedures, arrests, elements of crimes, immunity, and voluntariness.
   - Monitor the criminal investigations.
   - Provide investigative process and procedure consultation.
   - Ultimately determine if criminal charges will be filed.

2. The District Attorney reserves the right to conduct a criminal investigation of the involved officer(s) actions. The District Attorney will notify the Primary Agency if an independent investigation is being conducted, except if such notification would compromise the integrity of the independent investigation. A District Attorney Investigator assigned to participate as an incident investigator assisting or teamed with the Investigating Agency will not be a member or participant of an independent District Attorney investigation unless the Primary Agency is notified of such a dual role.

3. If the District Attorney’s Office is a Primary Agency due to a District Attorney Investigator or District Attorney becoming directly involved in an OICI, the role of the District Attorney should be carried out by requesting the assistance of the Attorney General. If the Attorney General declines to participate, a designated Investigating Agency should be sought. The designated Investigating Agency should seek assistance and consultation from another District Attorney’s Office.

4. All reasonable efforts should be made for the Officer-Involved Critical Incident investigation to be completed and all reports submitted to the Office of the District Attorney within 120 days of the incident, if possible, and absent unusual circumstances.

5. At the conclusion of the investigation, the District Attorney’s Office will review and analyze all the evidence to determine whether or not the involved officer(s) will be charged with any crimes.

   a. The crime charging standards are the same for civilians and peace officers. The District Attorney’s policy regarding crime charging requires the following:
• The prosecutor, based on a complete investigation and a thorough consideration of all pertinent facts readily available, is satisfied that the evidence proves that the accused is guilty of the crime to be charged;
• There is legally sufficient, admissible evidence of a corpus delicti;
• There is legally sufficient, admissible evidence of the accused’s identity as the perpetrator of the crime charged; and
• The prosecutor has considered the probability of conviction by an objective fact finder and has determined that the admissible evidence is of such convincing force that it would warrant conviction of the crime charged by a reasonable and objective fact finder after hearing all the evidence available to the prosecutor at the time of charging and after considering the most plausible and reasonably foreseeable defenses.”

b. If no charges are filed, the District Attorney will issue a succinct closing report summarizing the results of the investigation and analysis of the evidence.

c. Within the scope of this protocol, it is not the purpose of the District Attorney’s review, investigation or report to determine if any law enforcement agency employee violated department policy or procedure, or committed any act that would be subject to civil sanctions.

d. The District Attorney’s Office will make every effort to issue a closing report containing its findings and conclusion within 90 days from receipt of the completed investigative package. This report shall be sent to the primary police agency(ies), the decedent’s family (if applicable) and then released to the public.

e. Prior to any public dissemination, the District Attorney will advise any Involved Agency of the intent to file any criminal charges.

II. NEWS MEDIA / PUBLIC RECORDS ACT REQUESTS

1. The Investigating Agency will give timely notice to each Primary Agency prior to the release of any information from the OICI investigation file to anyone other than involved law enforcement agencies. Each agency will then have the opportunity to raise appropriate objections and, if necessary, litigate for the protection of privileged information.

2. Although all Involved Agencies may have a responsibility to respond to Public Records Act (PRA) requests, the signatory agencies agree that the Primary Agency will retain a complete case file and respond to PRA requests, if allowable.

3. A Primary Agency will determine if and when they will release the name of the officer(s) involved. If the District Attorney determines that criminal charges will be filed against an involved officer(s), those names will be available through public record.

4. A representative of the Primary Agency is in the best position to comment about the facts of the case and the progress of the investigation. When multiple agencies are involved or have knowledge of an OICI, the following information release guidelines should be followed:
a. The Primary Agency will assign a person to manage the release of information and to minimize interruptions to incident investigators. All requests for information should be routed to the assigned person.

b. Agencies and individuals that are not well informed and intimately involved with the investigation’s progress and results should not make statements to the press. As in all other instances, care must be taken to ensure that intentionally misleading, erroneous or false statements are not made.

c. The interest of the public’s right to know what occurred must be balanced with sensibility and requirements of the investigation and with the right of the accused to receive a fair trial. Agencies may release information that is required to be released under California law. The District Attorney’s Office will be notified before information is released if it may tend to compromise the criminal investigation of an involved officer(s).

5. Other agencies may also be contacted by the news media for information about the incident, including:

a. The Jurisdictional Agency: If the Jurisdictional Agency is different than the Primary Agency, the Jurisdictional Agency should refer the media to the Primary Agency media point of contact. They can confirm the location and time of the incident, but should defer all other questions to the Primary Agency’s point of contact.

b. The District Attorney: The District Attorney will not disseminate any of the following information while the matter is undergoing criminal investigation and while the district attorney review process remains ongoing:

- That an uncharged individual is “under investigation.”
- An Involved Officer’s statement, confession or refusal to give a statement.
- The subject of any gag order.
- The prior criminal history of any involved party, unless it is part of the criminal pleading or crime under investigation.
- The result of any examinations.
- The pendency of a search warrant.
- Any statement that has a substantial likelihood of materially prejudicing an adjudicative proceeding in the matter.

c. In cases where a criminal complaint is filed, the judicial record, such as a probable cause declaration, or preliminary hearing is open to the public. Additionally, the District Attorney may disseminate the following:

- Name of defendant.
- Area of residence.
- Occupation.
- Physical description.
- Age.
- Sex.
- Time, date and location of arrest.
- Factual circumstances of the crime.
• Amount of bail.
• Location held.
• All charges including warrants.
• Parole or probation holds.
• Schedule and explanation of the judicial process.
• Penalty range.

[Signature]
1.0 APPROVAL OF WORK RELATED TRAVEL AND TRAVEL EXPENSES

1.1 For travel within California, the respective Department Director’s (or Designee's) approval shall be required for payment of travel advances or reimbursement for travel expenses.

1.2 All out-of-state work related travel must be pre-approved by the City Manager prior to travel or before city funds are committed, whichever is earlier. A copy of the City Manager’s approval (letter, memorandum, or e-mail) shall be included with any payment request (Travel Advance or Reimbursement).

1.2.1 Exception: travel to the Tahoe/Reno region does not require City Manager approval.

1.3 The travel advance or reimbursement claim must show the destination and purpose of travel.

2.0 TRANSPORTATION

2.1 Allowable transportation costs include, but are not limited to, personal auto, airplane, train, bus and taxi fares, bridge tolls, parking and car rental.

2.1.1 Personal Auto Mileage Reimbursement shall be compensated at the IRS reimbursement rate in effect at the time of travel. Where the employee prefers to travel by a personal automobile the mileage reimbursement will NOT exceed what the normal airfare would have cost. The employee will be required to submit a copy of proof of automobile insurance to their department before traveling.

2.1.1.1 To be reimbursed for personal automobile mileage, a driver must: 1) posses a valid California driver’s license, 2) carry liability insurance in the amount of at least $50,000 for bodily injury and property damage for the automobile being driven, and 3) accept the condition that any damage to the car, or any service or repair incurred on the trip will be the driver’s responsibility since these costs are included in the City’s per mile cost reimbursement.

2.1.2 Airplane, train, buses and car rental shall be reimbursed based on the actual amount of the fare. All travel reservations will be made using the most economical fare available; receipts will be required.

2.1.3 Taxi fares, bridge tolls, parking will be reimbursed based on actual amounts; receipts will be required.

2.1.4 Individuals receiving monthly automobile allowance shall be eligible for personal auto mileage reimbursement only when the one-way distance traveled is 100 miles or more. In the case where the one-way distance traveled is 100 miles or more, the mileage reimbursement will be based on total miles driven.
3.0 COMPENSABLE TRAVEL TIME

3.1 Federal Fair Labor Standards Act (FLSA) regulations regarding travel time will be followed, except where terms of a Memorandum of Understanding between the City and a City employee association contains language which supersedes the FLSA regulations.

3.2 One-Day Trips. Employees are in paid status during normal work hours and additional travel time beyond the standard commute time. Travel time between home and a public transportation terminal or the destination, that is one hour or less, is standard commute time and therefore not compensable work time. Mealtime is also not considered work time.

3.3 Overnight Trips. Employees are in paid status during normal work hours and travel time in excess of the standard commute time (defined above). Mealtimes and sleep periods are not considered work time.

3.4 Travel time will be paid for the minimum amount of time required for the most efficient mode of travel available. For example, if travel aboard a public transportation airline would result in a 1.5-hour flight but the employee wishes to drive for the employee’s convenience (and takes eight hours), only 1.5 hours for the flight time would be compensated.

3.5 The employee’s supervisor should ensure that the employee’s days off, travel time and training time are scheduled in advance. When possible, the schedule should accommodate the individual employee and ensure compensable travel time is minimized.

3.6 Non exempt employees shall not perform any duties in excess of normal work hours and/or pre-approved overtime without specific approval from supervisor.

4.0 MEALS REIMBURSEMENT

4.1 Local Travel. Travel is considered local if it is within a 50-mile radius. Original receipts and copies of the conference schedule will be required to substantiate ALL expenses excluding meals. The maximum daily rate for lunch meal expense reimbursement is $12.00. This allowance does not apply if lunch is provided by the conference/seminar.

4.2 Out-of Town or Overnight Travel. This is defined as travel outside of a 50-mile radius or travel that requires the traveler to be away from home for at least one night. Original receipts and copies of the conference schedule will be required to substantiate all expenses excluding meals. The maximum daily meal allowance of $50.00 will be provided without receipts being required. If the travel reimbursement combines Calcard and cash (out of pocket) expenses for meals, a copy of the travel reimbursement form should be included with the employee’s Calcard reconciliation.

4.2.1 If any meals are included as part of the conference schedule (i.e., working breakfast, keynote speaker during lunch, etc.), the corresponding meal allowances will be subtracted from the
maximum daily allowance. If a special meal is purchased as part of the event (i.e., dinner banquet), that meal allowance will also be subtracted from the maximum daily allowance.

4.2.2 The following meal rates will be used to determine amounts subtracted (see 4.2.1 above) and for partial travel days.

4.2.2.1 $10.00 for breakfast
4.2.2.2 $12.00 for lunch
4.2.2.3 $25.00 for dinner
4.2.2.4 $3.00 for incidentals (i.e., coffee, newspaper, water)

4.3 Other meal expenses.
4.3.1 Tips are allowed but will be counted within the maximum daily meal reimbursement amount of $50.00.
4.3.2 No reimbursement will be allowed for alcoholic beverages.

4.4 Meal Reimbursement for Council Members. City of Woodland Code section 2-1-43 provides that **actual expenses** incurred by council members on authorized council business shall be reimbursed. Therefore, the maximum amounts per meal specified in paragraphs 4.1 and 4.2 above will not apply to council members. To be reimbursed, council members will be required to have receipts for the meals; in absence of a meal receipt, the amounts in paragraph 4.1 and 4.2 will apply. Provisions of paragraph 4.3 will also apply to council members.

5.0 LODGING
5.1 Reimbursement for lodging shall be at the single occupancy rate (or the minimum rate specified by the conference program) for as many nights as necessary. The accommodations should be economical but practical; receipts will be required for reimbursement.

6.0 TRAVEL ADVANCE

6.1 Employees should use their Calcards to pay for travel expenses, whenever possible.

6.2 Employees may request a cash travel advance up to $10 per day, but not to exceed $200, from their department administrative secretary, other designated petty cash manager, or the Finance Administrative Secretary if department does not maintain an individual petty cash fund, to cover travel expenses for which a Calcard might not be accepted. Request for travel advance checks by non Calcard holders and for prior approved exceptions, are to be submitted to Finance according to City Check Request Procedures. Requests for travel advance (cash or check) will be coordinated with the appropriate department staff responsible for travel arrangements.
6.3 Within 10 working days of returning from an event for which a travel advance had been paid, the employee shall submit a reconciliation report to the Finance Department. Such reconciliation shall have the proper approval as noted in this policy.

6.4 If the amount of the travel advance was less than the actual travel expenses identified in the reconciliation report, the difference will be paid to the employee. If the amount of the travel advance was greater than the actual travel expenses identified in the reconciliation report, the employee shall submit payment for the difference to the Finance Department at the time the reconciliation is filed.

7.0 TRAVEL REIMBURSEMENTS AND ADVANCE RECONCILIATION FORMS

7.1 Claims for reimbursement and advance reconciliation forms shall be filed with the Finance Department within ten (10) working days following the end of the event. Any exception to this policy must be requested by the Department Director and approved by the City Manager. Maximum exception for reimbursement will be 30 working days following the event.

7.2 For reimbursements that require a receipt, conference or meeting schedule or another kind of verification, all items must be attached when the reimbursement or reconciliation form is submitted.

8.0 NON-ATTENDANCE OF SCHEDULED EVENT

8.1 Registrants have the responsibility of attending classes, seminars, conferences or any other functions for which they are registered and for which the City has paid registration fees.

8.2 Registrants are expected to make a reasonable attempt to cancel and/or reschedule travel in advance of a possible absence. The registrant is also expected to make a reasonable attempt to get refunds and/or credits for all paid travel arrangements in advance of a possible absence.

8.3 If the registrant does not attend the scheduled event and the non-attendance was not approved by a Department Director or the City Manager, the registrant must reimburse the City for all registration fees, including, but not limited to, vehicle rentals, hotel accommodations and airline tickets. In cases of unforeseen circumstances, the registrant must obtain approval within a reasonable period from the Department Director to be exempted from reimbursing the City for all paid travel fees.

8.4 The City Manager will approve all absences for the City Council, Department Directors and Appointed Officials.

8.5 The Department Directors will approve all absences for departmental employees and volunteers.

SWAT PHILOSOPHY AND MISSION STATEMENT

PHILOSOPHY

The Special Weapons and Tactics (SWAT) Team was established to provide a skilled and trained team which may be deployed during events requiring specialized tactics to resolve critical incidents involving a threat to public safety which would otherwise exceed the capabilities of traditional law enforcement first responders and/or investigative units.

The SWAT Team should be considered as a tactical alternative where it may, due to its member’s training, expertise, and force options available, enhance resolution to critical incidents while minimizing exposure to loss of life or injury to involved parties.

MISSION STATEMENT

The Woodland Police Department’s Special Weapons and Tactics (SWAT) Team was derived from a need for a specially trained and equipped group of officers who, acting as a team, could safely handle a wide variety of high risk incidents. These incidents are generally either beyond the scope of training for normal police officers or require the use of special equipment or tactics that are not readily used or available to patrol officers. The Woodland Police Department SWAT Team is designed, but not limited, to handle these types of incidents:

- Barricaded suspects
- Hostage rescue
- High risk warrants service/apprehensions
- Mobile operations
- Crowd Control
- Evacuation and rescue of individuals who are isolated within an inner perimeter
- Protective operations/Executive Protection
- Chemical agent deployment
- Counter-sniper operations
- Waterborne operations

The goal of the SWAT Team is to resolve these, and similar types of incidents, as safely as possible for all parties involved.
ORGANIZATION AND MANAGEMENT

CHAIN OF COMMAND

The control of the SWAT Team shall be as follows:

- Chief of Police
- Police Captain
- Patrol Division Lieutenant / Tactical Commander
- SWAT Team Leader
- SWAT Team Assistant Team Leader(s)

ORGANIZATION

The SWAT Team is normally being comprised of one Team Leader, one or two Assistant Team Leader and eight Officers.

The SWAT Team will work as a regional Tactical Team with the Yolo County Sheriff’s Office SWAT Team and also as a part of the Yolo County Allied Law Enforcement Response Team (ALERT).

DUTIES OF TEAM MEMBER

Team members are expected to perform their SWAT duties as well as their collateral duties in a professional and exemplary manner. Team members may be assigned other responsibilities as part of their Team duties, and it is expected that they will fulfill these duties to the best of their abilities. In order to perform any auxiliary assignments, Team members will work with the Team Leaders and their direct supervisor to arrange for time to carry out their assignments while on duty. Failure to perform an assignment in a timely and acceptable manner may be grounds for removal from the Team.

REMOVAL FROM TEAM

SWAT Team members serve at the will of the Office of the Chief of Police, and maybe removed from the Team at his/her discretion. Grounds for removal from the SWAT Team may be, but are not limited to the following:

- Unsatisfactory annual performance evaluation
- Failure to carry out an assigned SWAT related duty
- Failure to pass Physical Fitness Qualification (PFQ)
- More than two (2) unexcused absences from SWAT training in any calendar year
- Failure to qualify with primary or secondary weapon
- Inability to work in a tactical environment
- Inability to function as a member of a tactical team
- Failure to maintain minimum standards of performance

A Team member may voluntarily withdraw from the Team at any time, for any reason. A Team member may be removed from the Team with the approval of the Chief of Police, without cause, when deemed necessary.

CONSIDERATIONS

Factors for a SWAT call-out.

- Nature of the incident (felony crime against persons or property).
- Imminent danger to life (at present or in the immediate future).
- Weapons present/accessible (capable of causing serious injury, death or multiple injuries).
- Suspect location (barricaded, hidden, mobile threat), where searching would create an inherent life threatening risk.
- Hostages.
- Criminal history (violent crimes against persons, terrorism, etc).
- Risks associated with confrontation (suspect has tactical advantage, threats to kill officers/others, suicide by cop, booby traps, surveillance equipment, attack dogs).
- Environmental factors (lack of cover/concealment, difficult terrain creating a risk for attack or a need for additional protection in order to pursue suspect).
- Complete a Risk Assessment Matrix and consult with the SWAT Commander or Team Leader. This information will be critical in deciding the level of SWAT assistance.

Requirements for a SWAT request.

One factor or a group of factors may constitute a SWAT Call-out. Each consideration should be reviewed before initiating a SWAT request. The answer to these questions must be “Yes.”

- If the incident is not resolved does the suspect pose an inherent danger of serious bodily injury or death to members of the community at large or parties present at the scene?

- Does the incident exceed the capabilities of traditional law enforcement first responders and/or investigative units?

- Is the incident at a point where the time required for a SWAT response will not jeopardize life or aid in a suspect’s obvious escape? (i.e. Active Shooter scenario)
CALL-OUT PROCEDURES

SWAT activation takes precedence over all other assignments within the Police Department. In accordance with the guidelines set forth in the SWAT agreement, Police Department SWAT team members may be activated by the Chief of Police, Police Captain, or SWAT Tactical Commander. In incidents where SWAT has been activated and deployed, the team shall operate under command/authority of the SWAT Tactical Commander. When the SWAT mission has been accomplished, deactivation will be ordered by the Tactical Commander.

The activation procedure is the process used to activate the SWAT team in emergency situations. When the team is activated, all members are responsible for reporting for duty as quickly as possible. Members must be willing to set aside personal plans and responsibilities, report for duty and remain on duty until the mission has been accomplished, or relieved.

In addition, cell phones are to be operational and with the operator at all times. Primary contact information is to be current and readily available. All individual and team equipment is to be well maintained and readily available at all times.

Activation Process

a. An emergency/critical incident occurs requiring the activation of SWAT personnel.

b. Emergency assistance from SWAT is approved by the requesting agency command structure. (Woodland Police Department on-duty Patrol supervisors will call the SWAT Team Commander and brief him/her of the situation.)

c. The requesting agency will contact the SWAT Team Commander to determine the level of response.

d. The SWAT Team Commander will contact the Team Leader.

e. The Team Leader will contact dispatch and order an “activation” for the appropriate team member(s).

Assembly Area

All Woodland Police Department team members will report to the SWAT Bay, unless instructed otherwise.

Deactivation Process
Upon completion of the SWAT operation, team members will report to a location designated by the Team Leader for debriefing, completion of after action reviews and critiques, etc.

Upon being dismissed the SWAT Team Commander and/or Team Leader, officers will report to the SWAT Bay to clean and store equipment/weapons.

The Team Leader will advise the on-duty supervisor or officer-in-charge that the operation has been completed and all personnel and equipment have been accounted for.

The on-duty-supervisor, or officer-in-charge, will then advise the on-call administrator if none are on-duty.

**RESPONSIBILITIES**

**Dispatch Responsibilities**

- Obtain authorization for call out from a Lieutenant or higher ranking WDP person. Log on the call the name of the authorizing person. The on-duty SGT/OIC can obtain authorization.

**SWAT Team Member Responsibilities**

When an activation text is received, each SWAT Team member shall telephone the Communications Center (Dispatch) to acknowledge the text and provide an estimated response time.
Absent other directions, Team members will respond directly to the SWAT Bay. Upon arrival Team members will assemble their personal gear, and prepare the Team gear and vehicles.

**Request By Outside Agencies**

Whenever a request for the Special Weapons Team is received from an outside agency, the matter should immediately be referred to the SWAT Tactical Commander. The SWAT Tactical Commander will obtain the following information, and make the determination whether or not the request will be granted.

**Yolo County ALERT SWAT Operations Protocol**

It is recognized that there is a genuine need for the use of SWAT teams in the service of some high-risk search and arrest warrants. It is further recognized that the primary agency securing the warrant should retain the authority and responsibility to serve the warrant and determine the need for the use of SWAT.

**NOTIFICATION**

When the primary agency secures a warrant outside of their own jurisdiction and it is determined SWAT is needed; the primary agency shall first offer the SWAT operation to the agency with jurisdiction over the location. If the agency with jurisdiction over the location elects not to utilize their own SWAT team then the primary agency shall serve the warrant. The agency with jurisdiction over the location may elect to assign a representative from their department to be present, or offer assistance during high risk warrant services.

**JURISDICTION**
Whereupon the primary agency encounters resistance at a search location which results in a barricade situation, hostage taking, or the need for the use of tear gas, the following procedure should be followed:

*The primary agency SWAT team supervisor or commander shall secure an inner perimeter around the location of the incident. The primary agency SWAT team should limit their response to only that activity necessary to counter an immediate threat to life or property and containment of the scene.*

*The primary agency SWAT team supervisor or on-scene commander shall take immediate steps to notify the secondary agency’s Watch Commander of the situation which has developed. The primary agency SWAT supervisor should also request the secondary agency’s SWAT team to respond the conduct the SWAT operation and formulate a response to the situation. It is the responsibility of the secondary agency SWAT team to handle any barricade situation, hostage taking, shooting, and use of tear gas or other tactical operation which falls under their jurisdiction. These operations should not be initiated by an outside agency without prior approval from the secondary agency. The incident command shall be assumed by the senior official present from the jurisdiction where the incident occurs. The on-scene commander from the outside jurisdiction shall assist in the formulation of response and subsequent investigation. In certain situations, the secondary agency Watch Commander and/or SWAT Commander may designate the on site, outside agency SWAT team to handle the emergency operation. The secondary agency administration reserves the right to take full command of any barricaded incident or emergency high-risk situation.*
Upon arrival at the scene, the SWAT Commander/Team Leader shall assume tactical command of the incident from the field supervisor. The field supervisor in charge will remain in command as the Incident Commander until the arrival of the Captain or other designated Command Staff member. At the conclusion of the incident, the overall command will revert to the Incident Commander.

TACTICAL COMMAND DUTIES

The Tactical Commander/SWAT Team Leader will be responsible for developing and deploying operational responses for the incident in question. These responses should include; the accumulation of all available intelligence; the formulation of an emergency tactical plan; the formulation of a deliberate tactical plan.

INCIDENT COMMAND DUTIES

The Incident Commander will be responsible for coordination of patrol resources, liaison with command staff, press relations, fire/paramedic response, logistics support and any other duties deemed necessary.
ENTRY TEAM ORGANIZATION / OBJECTIVES

An Entry Team is comprised of SWAT Team members who are skilled in gaining access to, and conducting searches in the following situations; hostage rescue, high risk warrant service, vehicle assaults, structure clearance, or open air assaults. Entry Team members may also have cross training in other SWAT related fields.

The size of an Entry Team and the assigned duties of the team members will vary, depending upon the tactical situation. However, the Entry Team will usually have the following assignments:

- Team Leader
- Assistant Team Leader
- Entry Team Scout
- Entry Team Member
- Breacher/Chemical Agent

OBJECTIVES

An Entry Team’s objective is to approach and secure a location in the safest way possible. It is recognized that entry tactics may vary depending upon the type of location in question.

ENTRY PROCEDURES

Entry Tactics generally fall into two categories, “Slow and Deliberate” and “Dynamic”. Although these tactics are somewhat different, specific situations may require the Entry Team to switch back and forth between the two techniques.

SLOW AND DELIBERATE

Slow and Deliberate searching techniques are utilized in situations in which the exact location of the suspect(s) may not be known, or when other circumstances dictate its use. This type of technique is characterized by methodical movements of the Entry Team, in which a detailed search of the location is conducted.
Dynamic Entries are utilized in situations in which the tactical situation requires the Team to move more quickly to reduce the risk of injury to officers or citizens, and prevent the destruction of evidence. Examples of situations that would require this style of entry are as follows: hostage rescue, narcotic search warrants, and high-risk warrants.)
ORGANIZATION

The Precision Rile Team is a group of SWAT Team members who have received additional training in the use of long rifles. A Precision Rile Team will normally consist of two officers who, depending upon the incident may be required to assume the role of Sniper, or Observer.

During a Tactical Incident the Precision Rile Team will be under the control of the Tactical Commander, who will be designated Sierra Command.

OBJECTIVES

The objectives of the Precision Rile Team are as follows:

- Provide intelligence on the suspect(s) actions, location, etc.
- Provide critical shot capabilities at suspect(s) who by their immediate or past actions pose a threat to citizens or officers.
- Provide counter fire to neutralize and/or suppress suspect(s) weapon fire.
- Provide protective cover fire for officers engaged in tactical actions.

PROCEDURES

The Precision Rile Team decision to use force may be initiated in response to an immediate deadly threat in accordance with applicable laws and Department policy; or by direction from the SWAT Tactical Commander, again in accordance with applicable laws and Department policy.
REPORTING

OPERATIONAL PLANS

The use of a written plan facilitates the overall command and control of many incidents. For this reason whenever possible, the SWAT Team will use a written Operational Plan.

Operational Plans will follow the general format listed below. Operational Plans will be kept for a minimum of five (5) years. If the operation results in a serious injury or death, the Operational Plan will be kept permanently. Operational Plans will be kept on file, along with the After Action Critique, by the SWAT Tactical Commander.

- JUSTIFICATION
- RULES OF ENGAGEMENT
- LOCATION
- SPECIAL HAZARDS

A Team Member who was involved in the incident will write the report. The report will follow the general format listed below. After Action report will be maintained using the guidelines for Operational Plans.

A master training file will be kept in the Training Unit Office. This file will include a recap of the monthly training, as well as the officers who participated, and their proficiency on any qualifying courses of fire.

**BASIC SWAT TRAINING**

Newly appointed SWAT Team members should attend a POST certified basic SWAT school as soon as possible. *Under normal circumstances newly appointed Team members should not actively participate in an operation until they have completed a basic SWAT school or academy.*

In addition to the basic SWAT school, Team members may attend additional SWAT training covering, but not limited to, the following topics:

- Advanced SWAT school
- Less Lethal Munitions
- Distraction Devices
- Tactical Rappelling
- Dynamic Entry/Slow and Deliberate
- Precision Rifle
- Rifle firearms course
- Executive Protection
- Chemical Munitions
- Active Counter Measures
- Waterborne Operations
MONTHLY TRAINING

SWAT Team training will be held minimally on a monthly basis and will generally be a ten hour training day. Each Team member is required to attend monthly training, unless they have been granted an excused absence. In order for an absence to be considered excused the team member shall notify the SWAT Commander or the Team Leader, of the pending absence in writing prior to the training day. More than two absences during any calendar year may be grounds for removal from the team.

Monthly training will be arranged in advance. Training may be provided by Team members, or by outside sources. Each topic of instruction will require a lesson plan that will be kept in the SWAT training files for a period of five (5) years. The training plan shall be presented to the SWAT Team leader at least one week in advance of the scheduled training day. The training plan will include which recommended POST SWAT Core Competencies that were covered during that training day.

Twice a year Woodland SWAT will cross train with the Woodland Crisis Negotiation Team (CNT). These joint trainings will be scenario based using role players and including members from the patrol division and other applicable city and county entities.

Once a year the Woodland Police Department SWAT Team will train with the allied agencies of the Yolo County A.L.E.R.T. in scenario based training.

Each year the SWAT Tactical Commander, Team Leader, and all SWAT officers will conduct a needs assessment. The assessment will address the effectiveness of training, the status of the team in relation to the mission of SWAT, and changes to the SWAT operational policy, and a tentative schedule for monthly training during the next year.
The following is a list of basic operational skills that each Team member must demonstrate proficiency in. The demonstrated proficiency shall documented in the Team members training file. This list is a guideline, and should not be considered all-inclusive.

(Two magazines with 10 rounds each,
One magazine with 15 rounds)

MATERIALS REQUIRED:
• 5 targets
• Silhouette or “Q” style.
• Timer

COURSE DESCRIPTION:
The shooter will start at the 100-yard line. The time will start when the shooter inserts a loaded magazine with 10 rounds. The shooter will run to station #1 at the 50-yard line. From this location, the shooter will assume a prone position and fire five rounds at center mass of target #1 followed by five rounds to the head.

The shooter will then reload with a second magazine of 10 rounds and run parallel to the target at station #2 at the 25-yard line. From this position, the shooter will fire 5 rounds standing, with support, into the head of target #2. After completing this assignment, the shooter will move laterally to station #3 and fire five rounds standing center mass, at target #3.

The shooter will then reload with his/her remaining magazine and 15 rounds and run to station #4 at the 15 yard line. From this position, the shooter assumes a kneeling position and 5 rounds into the center mass of target #4, followed by 5 rounds to the head of the same target. After completing this task, the shooter will move to station #5 at the 7 yard line, assume a standing “point shoulder” position and fire his/her remaining rounds on full automatic at center mass of target #5.
(See diagram for illustration of course of fire)

SCORING:

Time limit: 2 minutes
Maximum points: 350, (10 points per round)
300 Passing
• No shots fired after the two-minute time limit will be counted.
• Hits on silhouette style targets will be scored from the top of the #8 ring to the bottom of the #6 ring of the silhouette. Hits on the Q style will be scored if they are in the “bowling pin” portion
- Procedural errors will result in a 5-second penalty. Examples of procedural errors are unsafe weapon handling, engaging targets with the safety activated or with engaging targets with an unloaded weapon.
- Shooters are responsible for clearing all malfunctions. No alibis will be granted.

POLICIES

1.0 Appropriate Use and Content
1.1 Official Use. The City encourages its employees to use computer hardware and software as a resource to gain and process various types of information. Usage should be limited to City business during work hours.

1.2 Illegal Activities. Under no circumstances will the City tolerate the use of City computer systems to conduct illegal activities.

1.3 Software Licensing. Software manufacturers allow users to install their applications based on explicit licensing terms. Generally, the number of authorized users is determined either by the number of installed systems or the number of concurrent users. A standard set of applications is installed on the City computers based on purchasing arrangements between the City and the software provider. Installation of any software without the approval of Information Systems is prohibited. In all cases, employees will adhere to the manufacturers' licensing terms and conditions.

2.0 Internet
2.1 Copyrighted Information. There is a huge volume of information available on the Internet. In most cases, users can read and use the information for free. In some cases, however, items accessible via the Internet are protected by copyright law, such as company logos and news photos published by various news organizations. Internet use by staff will be consistent with the law.

2.2 Responsibilities and Privileges. Internet technology, as predicted by many information system strategists, will dominate the computing world. It is the City’s responsibility to prepare the organization for the new era by providing access to the Internet and necessary training for utilizing the technology. It is staff’s responsibility to learn the technology in order to perform their duties more effectively. The City provides the access to the Internet, but it DOES NOT have the control over what is available on the Internet. Therefore, it is also the responsibility of the staff to limit their Internet usage to a proper level in terms of the content of the usage. Due to limited resources, the City cannot provide Internet access on every computer.

3.0 Electronic Mail (E-Mail)
3.1 General Information. E-mail is not a secure medium, particularly with e-mail sent via the Internet. Other important considerations include:
3.1.1 Keep messages short and to the point.
3.1.2 Generally limit messages to one subject.
3.1.3 Unless you explicitly delete messages, they are saved and take up disk space on the network system.
3.1.4 Act in a professional and courteous manner. Be specific in your addressing for distribution because, in many instances, sending a message to everyone is not appropriate.

3.1.5 Remember that in e-mail, immediacy of transmission does not always translate into immediacy of receipt. Staggered schedules, leaves, and system outages an all result in a delayed message receipt.

3.1.6 Since attachments generally tend to double the size of messages, use of the e-mail system’s built-in text editor is preferred to using word processors such as Microsoft Word. Attachments greater than 1MB should be compressed prior to transmission. The City is charged by external service providers for the size, number, and priority of e-mails sent to and received via the Internet. There are also indirect costs (in storage space and server-side processes) related to the size of e-mails maintained within the City’s internal e-mail system.

3.2 Inappropriate E-Mail Messages.
E-mail is for business purposes and should not include inappropriate material. Examples of inappropriate material includes, but is not limited to, the following:

3.2.1 “Chain e-mail” or any non-City related electronic messages designed to continually replicate.

3.2.2 Partisan political literature.

3.2.3 Commercial notices.

3.2.4 Announcements or ventures of a personal nature.

3.2.5 Sectarian or proselytizing information.

3.2.6 Cultural/educational/recreational activities for which a fee is required are not appropriate for general broadcast.

3.2.7 Bulletin boards may be created by Information Systems to provide a forum for some of the above activities.

3.3 Professional Use
3.3.1 When not officially representing the City and a message could be perceived as City business or opinion, a disclaimer will be added to the signature block. An example of a disclaimer would be, “the opinions expressed herein are my own and do not necessarily represent those of the City of Woodland”.

4.0 Security
4.1 General Information. Computer systems are a City resource and access to them is provided as a City communications tool. Employees with legitimate business purposes may have the need to view your electronic mail messages. It is also possible that others may view your messages inadvertently, since there is no guarantee of privacy for an electronic mail message. Under some circumstances communications sent by e-mail may be subjected to disclosure under the Public Records Act or litigation.
4.2 Accessibility and Monitoring. All information stored on or sent over City computer system can be accessed and monitored. The City reserves the right to monitor the system for reasons including, but not limited to, the following:

- To evaluate employee work performance
- To safeguard the employer's property
- To prevent the presence of drugs and alcohol in the workplace
- To ensure the employer's right to retrieve its property in the event an employee entrusted with the property is not available (i.e. document or file)

4.3 Passwords. The City uses passwords to maintain access security to computer systems and information. Employees will not willfully divulge passwords to unauthorized personnel. Employees will also avoid actions that might make password easily available to unauthorized users (i.e. writing password in roll a deck, etc). Employees will notify the Information System Division immediately upon any password compromise.

5.0 External Access
The following circumstances apply to external access to City computer systems:

5.1 Access Categories. Access to City computer systems from outside the City’s network shall be limited to the following categories. Except for 5.1.2 below, the Department Director must first approve any external access under this paragraph.

5.1.1 Personnel working at remote City locations, those without direct network connectivity.

5.1.2 Management employees exempt from FLSA overtime requirements while working from home or while off-site at a conference, meeting, or vacation.

5.1.3 Employees participating in the City’s Telecommuting Program.

5.1.4 Employees requiring external system access in order to perform on-call or call-back duties from an off-site location as authorized by a Department Director.

5.1.5 Consultants/Contractors/Vendors requiring external system access to provide services to the City as specifically approved by both the Department Director and the Information Systems Manager.

5.2 Wireless Connectivity. Wireless connections to the City network will be considered external connections and will only be made after prior approval and coordination from the Information Systems Division. The provisions of paragraph 5.1 above apply equally to wireless connectivity.
5.3 Access Procedures. Department Directors may authorize external access, as needed, to conduct their operations. The Information Systems Division will manage the process for documenting authorizations and ensure appropriate security measures are in place.

6.0 Misuse
If it is discovered that you are misusing a City computer system, you may be subject to disciplinary action, up to and including discharge.
Lateral Vascular Neck Restraint.pdf
Lateral Vascular Neck Restraint/Carotid Control Hold

Purpose:

This training brief is to serve as an expansion of Woodland Police Department general order 300.2.5 Carotid Restraint. All sworn personnel should refer to Woodland Police Department Policy Manual 300 (Use of Force), particularly section 300.2.5 Carotid Restraint, to understand when the hold can be applied, what follow-up medical care is required, supervisor responsibilities, and proper documentation.

The information and expanded explanation of the lateral vascular neck restraint (LVNR) or carotid restraint is solely for departmental use and does not apply to the standard of care, in an evidentiary sense, in civil or criminal proceedings. The information and instructional guidelines contained in this training brief are not intended nor should they be construed as a creation of a legal standard of safety or care higher than the minimum the law requires with respect to third party claims.

The information in this training brief has been produced to assist officers in maintaining law enforcement professionalism and technical competency in the proper use of the carotid control hold. This brief further explains and illustrates department approved methods and techniques used in the application of the carotid restraint hold. As with all applications of force, officers should bear in mind that the use of the carotid restraint hold is dependent on the totality of the circumstances.
A. How the Carotid Control Hold Works

Because officers are potentially rendering a subject unconscious, and the carotid control hold is a higher level of force with inherent risks, sworn personnel should have a more detailed understanding of how the technique works.

1. The carotid control hold allows the officer to apply lateral pressure against the carotid arteries located on both sides of the neck and in front of the sternocleido-mastoideus muscles (see pictured). When properly applied, the lateral pressure diminishes or stops the flow of oxygenated blood to the brain through the carotid arteries and renders the individual unconscious within 5-15 seconds.

2. If a person is under the influence of alcohol, they may be rendered unconscious in a shorter amount of time, and if a subject is under the influence of a drug, such as PCP, the amount of time needed to render them unconscious may be longer.

3. After the individual has been rendered unconscious, pressure on the carotid arteries should be released immediately. The unconscious subject will typically regain consciousness within 20-30 seconds. As soon as the individual has been rendered unconscious and pressure released, officers should handcuff the subject and immediately check the subject’s pulse, breathing, and functional consciousness (speech and voluntary movement).

B. Anatomical Information

All sworn personnel should be familiar with anatomical parts of the human body affected when the carotid control hold is properly applied. Additionally, sworn officers should know what anatomical structures can be affected if the carotid control hold is improperly applied.
1. **Carotid arteries**: These arteries, located on either side of a subject’s neck, are the principle arteries the body uses to supply oxygenated blood to the brain. At the upper border of the thyroid cartilage, each artery branches into the internal and external carotid arteries. When pressure is applied to the carotid arteries, oxygenated blood flow is stopped or diminished to the brain, depriving the brain of oxygen, causing unconsciousness.

2. **Carotid sinus**: The carotid sinus is a dilation of the carotid artery at the division of the internal and external carotids. The carotid sinus contains numerous baroreceptors that when stimulated cause slowing of the heart, vasodilation, and a fall in blood pressure.

3. **Vagus nerve**: Also referred to as the 10th cranial nerve, the vagus nerve is attached to the parasympathetic nervous system and acts as a regulator to slow down the rate
of impulses the heart receives. The vagus nerve controls a variety of body functions, but in regards to the LVNR or carotid control hold, the vagus system regulates one’s heartbeat and the muscle movement needed to keep you breathing. During the application of the lateral vascular neck restraint, both the vagus and carotid sinus nerves are stimulated. There is possibility that this stimulation can produce momentary irregular cardiac activity. This could possibly cause cardiac arrest in individuals with cardiac disorders, hypertension, or underdeveloped nervous systems.

C. **Risk Awareness**

1. Without a normal flow of oxygenated blood, brain damage and/or death can possibly occur in 4 to 6 minutes. Brain damage can occur within one minute. Pressure on the carotid arteries should be released as soon as the individual is rendered unconscious.

2. Certain individuals may be at increased risk of serious injury or death from use of the carotid control hold. These include:
   a) Older persons with cardiac abnormalities
   b) Younger persons (under the age of 14 years) with immature or under-developed nervous systems.
   c) Persons under the effect of drug induced psychosis.
   d) Persons exhibiting psychotic behavior (excited delirium).

**NOTE:** Although officers are not prohibited from using the carotid control hold/LVNS on these types of persons, officers need to be aware of the increased risk, and must be prepared to administer after-force care per the Woodland Police Department Use of Force general order.

3. There are other physical reactions which may occur because of the use of the carotid control hold:
   a) The affected person may experience convulsions similar to an epileptic seizure.
   b) The affected person’s eyes may roll back in their head.
   c) The affected person may lose control of their bladder or bowel.

4. Improper Application of the Carotid Control Hold/LVNR: If an officer applies a bar arm control hold or “trachea choke” and pressure is applied directly against the trachea with the intent of stopping air flow to the lungs, or if the carotid control hold is improperly applied, the following anatomical structures can be affected:
a) **Trachea:** Commonly called the “windpipe” the trachea is the principle passage for air into the lungs. Applying pressure to the trachea causes excruciating pain, gasping, and coughing. The individual will voluntarily or involuntarily increase resistance, which may compel an officer to intensify pressure, thus increasing the resistance of the individual. This cycle of increased pressure and resistance can result in the fracturing or rupturing of the trachea, resulting in death by strangulation.

b) **Thyroid Cartilage:** The cartilage that sits in front of the larynx and serves as the bulk of the protection of the vocal chords. This structure can be fractured from direct pressure, resulting in strangulation. The tips of the thyroid cartilage can also be fractured, also resulting in strangulation.

c) **Cricoid Cartilage:** Is a small ring-shaped cartilage seated below the thyroid cartilage. This structure can be fractured from direct pressure which can cause strangulation.

d) **Hyoid Bone:** A horseshoe shaped bone located under the tongue that can easily be fractured under excessive pressure.

e) **Cervical Vertebrae:** Consist of 7 bony rings that reside in the neck just below the base of the skull. These 7 vertebrae are the thinnest and most delicate of the spinal column yet are charged with supporting the head, protecting the spinal cord, and providing mobility to the head and neck. Inappropriate force to this area can result in fracture or dislocation of the spine, or damage to the spinal cord which can result in paralysis or death.

The Folder Shuffle Method: A “Blinded” Administration Technique

To enhance the accuracy of any eyewitness identification procedure, the officer administering a lineup should not know which lineup number is the police suspect. Eyewitness identification procedures should therefore be conducted by a non-investigating, or ‘blind,’ administrator.

Understandably, small police departments with limited officer manpower – or larger departments with officers conducting identifications in the field – may believe that the requirement of ‘blind administration’ of eyewitness procedures is unfeasible. Yet this need not be the case. Workable solutions have emerged to address this concern. Law enforcement agencies that have implemented this reform report that they are able to ‘blind’ the administrator without expending additional manpower resources. This is done through the time-tested ‘folder system’ or by means of emerging laptop technology.

THE FOLDER SHUFFLE METHOD

The ‘Folder Shuffle Method’ was devised to address concerns surrounding limited resources while allowing for blind administration. Should the investigating officer of a particular case be the only law enforcement personnel available to conduct a photo lineup, the following instructions are recommended:

1. Use one suspect photograph that resembles the description of the perpetrator provided by the witness, five filler photographs that match the description but do not cause the suspect photograph to unduly stand out, and ten folders [four of the folders will not contain any photographs and will serve as ‘dummy folders’].
2. Affix one filler photo to Folder #1 and number the folder.
3. The individual administering the lineup should place the suspect photograph and the other four filler photographs into Folders #2-6 and shuffle the photographs so that he is unaware of which folder the suspect is in, and then number the remaining folders, including Folders #7-10, which will remain empty. [This is done so that the witness does not know when he has seen the last photo].
4. The administrator should provide instructions to the witness. The witness should be informed that the perpetrator may or may not be contained in the photos he is about to see and that the administrator does not know which folder contains the suspect.
5. Without looking at the photo in the folder, the administrator is to hand each folder to the witness individually. Each time the witness has viewed a folder, the witness should indicate whether or not this is the person the witness saws and the degree of confidence in this identification, and return the photo to the administrator. The order of the photos should be preserved, in a facedown position, in order to document in Step 6.
6. The administrator should then document and record the results of the procedure. This should include:
The Folder Shuffle Method: A “Blinded” Administration Technique

- the date, time, and location of the lineup procedure;
- the name of the administrator;
- the names of all of the individuals present during the lineup;
- the number of photos shown;
- copies of the photographs themselves;
- the order in which the folders were presented;
- the sources of all of the photos that were used;
- a statement of confidence \textit{in the witness’s own words} as to the certainty of his identifications, taken immediately upon reaction to viewing; and
- any information the administrator deems pertinent to the procedure.

* The information described above was informed by “Eyewitness Identification Procedure Recommendations” put forth by a Wisconsin Task Force as well as existing research on the folder shuffle.

Adult Abuse Investigation Addendum.pdf
PATROL RESPONSE

Responding peace officers play a crucial role in creating successful outcomes for Elder and dependent adult victims. Patrol officers and deputies in Yolo County will strive to do the following when feasible:

- Become educated about various elder and dependent adult abuse, and penal code sections accounting for physical and financial abuse, as well as neglect.
- Request Emergency Protective Orders when legally appropriate in order to best protect elder victims.
- Treat elder and dependent adult citizens with dignity and respect.
- Follow interview guidelines in ADDENDUM B for interviewing elders and dependent adults.
- Recognize that elder or dependent adults may have difficulty narrating events, appear to be poor historians, or lack short term memory, which adds to their vulnerability.
- Document the scene
- Cross-Report to Adult Protective Services (APS)
- Obtain a signed medical release from potential victims.
- Interview caregivers separately. In some situations, the caregiver may be the abuser.
- Recognize victim cooperation is not always necessary for prosecution. Each dispatched call or case should be investigated on its own evidentiary merits.
- Consult with a supervising Elder Abuse Deputy District Attorney or Deputy City Attorney to determine whether the case is more than simply “civil” in nature

- **Physical Abuse/Endangerment Cases:** Document all injuries, obtain statements from each elder or dependent adult and document the demeanor of the elder or dependent adult. Photograph or videotape the suspected crime scene, and document any physical evidence and the general appearance of the residence. Seize any objects used to injure the elder or dependent adult and document any medications present at the scene and any pertinent medical history or conditions. Interview the medical personnel available. Reports: 1) Prepare an initial crime report in all cases of suspected physical abuse or endangerment and 2) Cross report to APS

- **Financial Abuse:** Determine the identity of the reporting party, any relationship between the reporting party and the elder or dependent adult, and why the reporting party notified law enforcement. Determine the dates of economic loss, how the loss was discovered, and who discovered the loss. Obtain sample signature of the elder or dependent adult. Identify and interview, when feasible, all witnesses who may have relevant information. Interview any caregivers to determine their duties and responsibilities, including any financial agreements or loans provided to a caregiver by the elder/dependent adult. Obtain written consent to request bank records, credit statements, real estate loan documents and other relevant financial information. When feasible, document and collect all accessible financial documents pertaining to the suspected financial abuse.

- **Neglect cases:** Neglect occurs when a caretaker or custodian fails to act with a degree of care that a reasonable person would have used when caring for an elder or dependent adult. Officers
should do their best to document all physical evidence and consider videotaping the living conditions.

- **Special Considerations/Circumstances with Domestic Violence involving the Elderly:** On occasion domestic violence offenders may be elderly or extremely infirmed. In some cases it may be possible to establish that an elderly offender is not competent, not aware of their actions and/or was previously diagnosed by a physician or Adult Protective Services (APS) of not being competent to make their own decisions as a result of dementia or a related disorder of cognitive decline. It is important to be aware that some offenders present a significant health risk due to the shock of incarceration and or removal from their normal place of residence as a result of their advanced age or significant medical condition or diagnosis of Alzheimer’s or other related dementia. In addition to investigating/documenting the domestic violence incident as outlined in the Yolo County Law Enforcement Domestic Violence protocol, some or all of these options may be applicable based on the individual set of circumstances as alternatives to arrest/booking:

  - Obtaining an Emergency Protective Order (EPO) and ensuring family members can keep the victim and offender in separate locations
  - Evaluate for 5150 W&I and if feasible/and or appropriate, commit offender to either an LPS designated hospital or CMH
  - Contact/request local or available PERT (Psychiatric Emergency Response Team) team
  - Complete an arrest report indicting the offender was released pursuant to Penal Code section 849(b) or taken into custody and released thereafter to a competent third party who will assure the safety of both the victim and the offender
  - Contact the duty Adult Protective Services/Aging and Independent Services representative for additional resources to keep the victim safe and separated from the offender if the offender cannot be incarcerated/booked.
  - Cross-Report to APS
INVESTIGATION RESPONSE

Follow-up investigations are necessary in many elder abuse cases, as first responders may not be in the best position to gather all existing evidence. Follow-up investigations in Yolo County when feasible should include:

- Determining the victim is safe and whether there is a need for emergency housing.
- Cross-reporting to APS
- Making contact with the assigned APS social worker, Ombudsman or Department of Justice for the possibility of joint investigation or sharing of information when appropriate and if necessary.
- Obtaining any prior APS referrals if they exist
- Verifying that the initial investigation by patrol addressed all elements of the reported crime
- Obtaining and viewing all available evidence, including medical information, photographs, bank, checking and financial records.
- Determining if more evidence should be collected or obtained.
- Follow-up interview of victim as soon as possible, preferably videotaped, and outside the presence of caregiver or others present in the home.
- Attempting to interview the suspect when legally appropriate, preferably videotaped.
- Attempting to make appropriate law enforcement notifications if suspect remains unidentified
- Taking advantage of other countywide resources if needed.
- Obtaining a signed medical release from victim if not already received by patrol.
- If victim is conserves, obtaining conservator-signed release, along with paperwork that documents the conservatorship.
- Interviewing the victim’s treating physician or other medical professionals that interviewed the victim.
- Conducting follow-up interviews with neighbors, family members, or others that may have information or evidence about the incident.
- Conducting a recorded pretext call if necessary, reasonable, and warranted.
- Executing warrants for electronics that may contain relevant evidence.
- Collecting dispatch 911 recordings for current incident and any past incidents.
- Sharing and preserving body-worn camera evidence.
- Collecting physical or documentary evidence related to the crime.
- Obtaining handwriting samples from the victim and the suspect. Have the suspect sign his/her name, as well as the victim’s name.
- Documenting the suspect’s access to victim’s financial information.
ADDENDUM B: Suggestions for Interviewing Elders and Dependent Adults

Special Concerns When Interviewing Older Victims

Interviewing older victims requires special care and patience. Simple measures such as treating the person with respect and asking permission to enter the home or to be seated can help the victim to feel less anxious. Other strategies include:

- Speak slowly and clearly, and be patient in waiting for a response.
- Keep your weapon out of sight—a weapon can be frightening.
- Address the victim by name, but do not use first names as this is considered disrespectful by many elderly persons. You might ask, “Is it okay if I call you Mrs. Smith?”
- Tell the victim you are there to help.
- If the person is having difficulty remembering when an event occurred, offer memory cues like “At the time of the event, what television program were you watching?”
- For hearing impaired persons, eliminate as much background noise as possible and use visual cues. Speak directly to the victim, looking at them when you speak.
- Allow the victim to describe the incident in his or her own words.
- Be patient and reassuring. Some older people, particularly those in crisis, may need time to collect their thoughts and may need to take frequent breaks.
- Acknowledge the victim’s anxiety and try to discern its cause. For example, you may say, “You seem anxious. Is there anything in particular you are worried about? Are you concerned that your relative will find out that you have talked with me?”
- Keep questions short and simple.
- Ask open-ended questions that encourage further discussion.
- Even if the victim appears to be somewhat confused, do not discount the information.
- Make every effort to obtain the fullest possible response before relying on information from others.
- Do not discount a complaint because the victim is unwilling to cooperate.
- Assess the likelihood of retaliation. If a threat is present, arrange for protection.
- Determine whom the victim first told about the abuse/neglect/fraud.
- Show the victim records or other documents that suggest abuse. Record his or her response to each one that is in dispute.
- Conclude the interview in such a fashion that the victim feels free to contact the investigator again.
- Ensure that the victim is capable and has the means for follow-up contact. If not, take measures to facilitate follow-up with the victim.
- Determine whether the witnesses are likely to be intimidated, made to feel guilty, or threatened with reprisal for providing testimony.
Victims with Dementia or Diminished Capacity

When interviewed patiently, persons with dementia, Alzheimer’s disease or other illnesses that diminished capacity, can often provide useful information. A sensitive approach to interviewing the person with diminished capacity may yield valuable results. Following are some strategies that may make the police interview more productive:

- Keep the interview area quiet and as free as possible from environmental distractions (e.g. TV or open window with traffic noise).
- If possible, conduct the interview in the morning, to avoid the effects of “sundowning.”
- Begin the interview with orienting information, such as the purpose of the interview and what you would like to accomplish.
- Offer a few words of reassurance.
- Relax and be yourself. Your degree of calmness is quickly sensed, just as any anxiety will be sensed.
- Acknowledge the person’s feelings. It shows your concern and that you are trying to understand his or her point of view.
- Speak slowly and in a soothing tone, without infantilizing the individual.
- Give the person with diminished capacity ample time to respond.
- Repeat questions as needed, using simple and concrete words.
- Remember that what has been asked may take longer to be understood.
- Give simple directions, one step at a time.
- Distraction or redirection may help to calm and refocus an individual who is upset.
- Document non-verbal reactions. For example, if the individual becomes agitated, frightened, or mute when asked about a certain person or situation, there may be a reason. For further suggestions see Interviewing Techniques for Victims of Elder Abuse Who May Suffer From Alzheimer’s disease or Related Dementia ©2004 by Sue Beerman and Arlene Markarian.

Cultural Issues

Our community is diverse. Cultural factors may inhibit the reporting of elder abuse crimes or cooperation with the police in some cases. It is important to have an understanding of the cultural factors that might influence the victim or the victim’s family. Cultural norms of perseverance, silent suffering and quiet endurance are valued in many communities. These qualities are also associated with victimization. Consequently, elders may deny or minimize problems, or refuse to cooperate with authorities.

Some cultures place great value on family interdependence and multi-generational households. They may fear the social consequences of bringing shame to the family. Some cultures believe that maintaining community or family honor is more important than the interests of the individuals and that the authorities should not be involved in what they consider “family matters.”

Laws and customs in some countries forbid intervention in family affairs without the family’s permission. Elders who are immigrants may also have fears in relation to police based on experiences in their country of origin. They may not know they have rights in this country regardless of their immigrant
status. They may fear deportation if the police get involved. Empathy and reassurance can help to reduce these fears.

Good cross-cultural communication begins with respect. As you would with any older victim/witness, begin by addressing a person formally, using his or her last name. Cultural beliefs often emerge during interviews. While a gentle touch on the shoulder may be comforting to some elderly victims, in some cultures this is considered an intrusion or offensive.

In some cultures it is considered disrespectful to make eye contact with an authority figure such as a police officer, while in others it is rude not to make eye contact. Some victims may be reluctant to reveal injuries that are covered with clothing due to cultural customs of modesty or religious beliefs. Be careful not to interpret an unwillingness to show injuries as an indication that there are no injuries.

While culture does play a significant role in shaping a person’s behavior, it should not be seen as an automatic predictor of how a given victim will respond. Each case is unique and should be assessed keeping relevant aspects of culture in mind.

**Language**

Many elders who live in insular ethnic communities do not speak English. In these situations it is important to use an impartial interpreter. Avoid using a family member, friend or neighbor to communicate with the victim or with the suspected offender. This is likely to bias the translation. The interpreter may be involved in the abusive situation or may give an inaccurate translation due to their personal bias. The victim may also be reluctant to speak honestly in front of an acquaintance or family member.

**Fears the Victim May Have**

Victims may fear retribution, such as isolation or emotion/verbal abuse. The abuser may be an adult child or grandchild. It may be very difficult for a parent to testify against a child. The abuse may cast doubt on their ability to live alone and they will be placed in a nursing home. The abuser may be a spouse of many years.

ACKNOWLEDGEMENTS

This manual could not have been developed without the combined efforts of a great number of dedicated individuals and interested parties.

POST would like to extend its gratitude to the many law enforcement officers, supervisors, managers, and support staff who contributed to the success of this project.
Penal Code Section 13514.1 directs the Commission to develop and disseminate guidelines and standardized training recommendations for law enforcement officers, supervisors, and administrators, who are assigned to perform, supervise, or manage Special Weapons and Tactics (SWAT).

The operational guidelines address legal and practical issues of SWAT operations, personnel selection, fitness recommendations, planning, tactical issues, safety, after-action evaluation of operations, logistical and resource needs, uniform and firearms recommendations, risk assessment, policy considerations, and multi-jurisdictional SWAT operations.

POST assembled over 130 law enforcement practitioners, managers, and executives to develop these guidelines. SWAT subject matter experts met throughout 2004 to provide input regarding the highly specialized components of SWAT operations and training. The SWAT Executive Committee, comprised of law enforcement chief executives, administrators, and SWAT practitioners, met to review recommendations of subcommittees. The California Attorney General’s Blue Ribbon SWAT Report 2002 has been considered at each step in the process and used as a guiding document in developing these operational guidelines and standardized training recommendations. The Commission appreciates the efforts of the POST Special Weapons and Tactics committee members who developed and reviewed the guidelines.

These SWAT guidelines reflect recent law changes and contemporary thinking concerning tactical law enforcement operations. They are deliberately brief and are intended to be elaborated upon by law enforcement administrators and training presenters.

For questions concerning the guidelines, please contact Training Program Services at (916) 227-4885. For questions concerning basic or update training, please contact your area consultant in Training Delivery at (916) 227-4863 or via the Regional Map on our website at www.post.ca.gov.

The following are guidelines and standardized training recommendations for managing, operating, and training law enforcement SWAT teams in the State of California in accordance with Penal Code Section 13514.1. The intent of these guidelines is to provide helpful guidance to law enforcement agencies in the formation, oversight, operation, and training of effective SWAT teams. To the extent possible, “best practices” have been identified and incorporated into these guidelines. While these guidelines encourage some degree of standardization of SWAT, it is recognized that local conditions and needs vary considerably and therefore flexibility is afforded agencies. These guidelines pay particular attention to the SWAT aspects that focus on effectiveness, safety and prevention of problematic critical incidents.

**NOTE:** In the following sections, operational guidelines and standardized training recommendations are identified in regular type with explanatory information in italicized type.
1.0 DEFINITION OF SWAT

A Special Weapons and Tactics (SWAT) team is any designated group of law enforcement officers who are selected, trained, and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units.

The primary characteristic of SWAT that distinguishes it from the other units is the focus of effort. SWAT teams are focused on tactical solutions, as opposed to other functions, such as investigation. The purpose of SWAT is to increase the likelihood of safely resolving critical incidents. Nothing in these guidelines is intended to preclude agencies from utilizing specially trained units in areas such as narcotics investigations, felony apprehension, and other tasks.
2.0 SWAT TEAM COMPONENTS

2.1 SWAT teams should develop sufficient resources to perform the three basic operational functions:

1. Command and Control
2. Containment
3. Entry / Apprehension / Rescue

 Appendix A provides a suggested listing of activities for each operational component.
3.0 Policy Considerations

3.1 A needs assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to the particular agency. This assessment should consider the team’s capabilities and limitations and should be reviewed periodically.

3.2 Policies and procedures specific to SWAT organization and operations should be established and maintained by the agency. These policies and procedures should address, at a minimum:

- The locally identified specific missions the team is capable of performing
- Team organization and function
- Personnel selection and retention criteria
- Training and required competencies
3.0 continued

Policy Considerations

- Procedures for activation and deployment
- Command and control issues, including a clearly defined command structure
- Multi-agency response
- Out-of-jurisdictional response
- Specialized functions and supporting resources

These policies and procedures should take into consideration POST guidelines and standardized training recommendations.
4.0 Risk Assessment

4.1 Agencies should conduct a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.
5.0 Planning

5.1 Mission briefings should be conducted prior to an operation, unless circumstances require immediate deployment.

- When possible, briefings should include the specialized units and supporting resources.

5.2 SWAT teams should designate personnel responsible for developing an operational or tactical plan prior to and during SWAT operations.

5.3 All SWAT team members should have an understanding of operational planning.

- Skill redundancy in knowledge of planning procedures for SWAT team members improves performance in rapidly developing scenarios.
5.4 . . . . . . . . . . . .  SWAT team policies and training should consider planning for both spontaneous and planned events.

5.5 . . . . . . . . . . . .  SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.

Where resources allow, consideration should be given to integrating Tactical Emergency Medical Support (TEMS) personnel within the structure of the SWAT team.
6.0 Logistical and Resource Needs

6.1 SWAT teams that anticipate augmentation by specialized resources should incorporate use of those resources into their planning and training.

- Refer to section 13.0 for further guidelines on Specialized Functions and Supporting Resources.
Legal and Practical Issues of SWAT Operations

7.1 Agencies should develop protocols to maintain sustained operations, which may include relief, rotation of personnel, and augmentation of resources.

7.2 Agencies should develop procedures for post-incident scene management, including documentation and transition to investigations and other units.

7.3 Agencies should consider the use of tactically trained personnel for communications and record keeping during SWAT operations.
8.0 Uniforms, Equipment, and Firearms

8.1 SWAT teams should wear uniforms that clearly identify team members as law enforcement officers.

*It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.*

8.2 SWAT teams should be adequately equipped to meet the specific mission identified by the agency.

8.3 Within the respective agency, weapons and equipment used by SWAT, the specialized units, and the supporting resources should be agency-issued or approved, including any modifications, additions, or attachments.
Personnel Selection, Physical Fitness and Core Skills Proficiency

9.0

9.1 Minimum requirements for both initial selection and full deployment with the SWAT team should be established by the agency based upon resources available and identified local needs, POST guidelines, and sound risk management practices.

- Agencies should ensure that the SWAT selection process is reasonable, job related, and unbiased.

9.2 Agencies should establish physical fitness standards for the selection and retention of SWAT team members.

- Agencies should consider conducting physical fitness assessment at least annually. Policies should be established for failure to comply with these standards.
Agencies should establish SWAT core skills proficiency levels for SWAT team members.

- Agencies should consider conducting core skills proficiency assessment at least annually. Policies should be established for failure to maintain these proficiencies.

- See Guideline 10.2 and Appendix C for a listing of core competencies and elements.
10.0 SWAT Training

10.1 . . . . . . . . . . Initial Training

10.1.1 . . . . . SWAT team Operators and SWAT Supervisors/team leaders should not be deployed until successful completion of the POST-certified Basic SWAT Course or its equivalent as determined by the agency.

Appendix B provides the training recommendations for the POST Basic SWAT Course.

10.1.2 . . . . . Appropriate training, prior to full deployment, should also be incorporated into agency policy for the specialized SWAT functions and other supporting resources.
10.2 Recurrent Core Competency Training

Recurrent Core Competency Training

10.2.1 SWAT teams should participate in documented and verifiable monthly training to maintain individual and team core competencies as determined by the type and extent of SWAT missions and operations performed.

- SWAT core competencies fall within three general categories:
  - Weapons, munitions, and equipment training
  - Individual and team movement and tactics
  - Decision-making

- Appendix C provides a listing of SWAT operator core competencies and elements for each competency.

10.3 Update and Refresher Training

Update and Refresher Training

10.3.1 SWAT team Operators and SWAT Supervisors/team leaders should attend 24 hours of POST-certified SWAT update or refresher training, or its equivalent (as determined by the agency), every 24 months.

- Appendix C provides a listing of SWAT operator core competencies and elements for each competency.
10.4 . . . . . . . . . . . . . Supervision and Management

10.4.1 . . . . . Command and executive personnel who provide active oversight at the scene of SWAT operations should understand the purpose and capabilities of the team(s).

- Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level.

10.4.2 . . . . . Command personnel who may assume incident command responsibilities should attend a SWAT or critical incident commander course, or its equivalent.

10.4.3 . . . . . SWAT command personnel should attend a POST-certified SWAT commander or tactical commander course, or its equivalent.

- Appendix D provides the training recommendations for the POST Tactical Commander Course.

10.5 . . . . . . . . . . . . . Approval of Prior Training

10.5.1 . . . . . Agencies with SWAT teams should establish procedures to recognize previous training of members so as to preclude unnecessary, redundant training.

- As a general rule, previously completed training may be considered equivalent when the hours and content (topics) meet or exceed agency requirements or POST’s standardized training recommendations.
10.6. Training Safety

10.6.1. Use of a designated safety officer should be considered for tactical training.

▶ Refer to POST Guidelines for Student Safety in Certified Courses for further training safety information.

10.7. Scenario-Based Training

10.7.1. SWAT teams should participate in scenario-based training.

▶ Scenario-based training that simulates the tactical operational environment is an established method of improving performance during an actual deployment.

10.8. Annual Training Plan

10.8.1. SWAT teams should develop an annual training plan based on a training needs assessment.

▶ An annual training plan helps SWAT teams to identify and prioritize training needs and schedule accordingly.

10.9. Training Documentation

10.9.1. Individual and team training should be documented and records maintained by the agency.

▶ Documentation of individual and team training/performance can contribute to long-term reduction of liability and aid in investigations.
11.0 Multi-Jurisdictional SWAT Operations

11.1 The SWAT team, including relevant specialized units and supporting resources, should develop protocols, agreements, or working relationships to support multi-jurisdictional or regional responses.

11.2 SWAT multi-agency and multi-disciplinary joint training exercises are encouraged. Specialized SWAT units and supporting resources should also participate.

- Some agencies may choose to consolidate resources into a regional SWAT team concept.

- Samples of initial suggested protocols and multi-jurisdictional agreements can be obtained through the POST clearinghouse, upon request.
12.0 After-Action Evaluation

12.1 After-action team debriefings should be conducted.

▶ Evaluation and analysis of critical incidents affords opportunity for individual and team assessment, helps to identify training needs, and reinforces sound risk management practices. When appropriate, the debriefings should include specialized units and resources.
13.0 Specialized Functions and Supporting Resources

13.1 SWAT K-9 Teams

These guidelines are intended as helpful guidance for agencies who utilize K-9 teams on a recurrent basis for deployment with a tactical team.

Definition of a SWAT K-9 Team

A SWAT K-9 team is a designated unit, consisting of a handler and dog, which is specifically selected, trained, and equipped to work in conjunction with SWAT/tactical teams to assist in tactical incidents.
Formation and Policy Considerations

- Agencies should establish procedures for both initial selection and full deployment of canine handlers with the SWAT team, which are consistent with POST K-9 guidelines.
- Agencies should establish procedures for the selection of dogs used as part of the SWAT K-9 team.
- Not all police canines are suitable for SWAT operations.

Planning

- SWAT K-9 handlers should be provided with appropriate SWAT-specific safety and communications equipment appropriate to the assigned tactical mission, consistent with department policy.
- SWAT K-9 teams should participate in mission briefings prior to a tactical operation, after-action evaluations and team debriefings.

Training

- Agencies should establish SWAT K-9 core skills proficiency levels for K-9 tactical teams.
- Agencies should conduct core skills proficiency assessment on an ongoing basis.
- Appendix E provides a suggested listing of core competencies for SWAT K-9 teams.
- SWAT teams and SWAT K-9 teams should jointly participate in documented quarterly scenario-based training to maintain SWAT K-9 team core competencies, consistent with the type of SWAT missions performed.
- It is recommended that the K-9 handler and K-9 successfully complete a SWAT orientation program that emphasizes basic SWAT procedures, practices, and equipment.
Command personnel who may assume SWAT K-9 Team command responsibilities and SWAT K-9 handlers should remain current on legal issues pertaining to law enforcement K-9 deployment.

Safety Considerations
- Rescue procedures for the SWAT K-9 team (i.e. handler down) should be developed, trained, and practiced prior to deployment.
- Medical emergency contingency planning should be incorporated as part of the rescue procedures.

Legal and Practical Issues
- SWAT K-9 Teams should be evaluated as to their suitability for deployment with a tactical team prior to deployment and on an ongoing basis.

13.2 Crisis Negotiations Team

Definition of a Crisis Negotiations Team

A Crisis Negotiations Team (CNT) is a designated group of personnel specifically selected, trained, and equipped to assist in the resolution of critical incidents by means of communication and negotiation with criminal suspects and other persons, often in conjunction with the SWAT/tactical unit.

Formation
- Agencies that field a SWAT team, or who participate in a regional or multi-jurisdictional team, should develop a Crisis Negotiations component for response to identified critical incidents.

- A Crisis Negotiations Team may be developed as an integral part of the SWAT team/unit, or as a separate entity with its own command structure.
Policy Considerations
► Agencies should organize CNT with regard to the following policy considerations:
  ■ Development of written operating procedures.
  ■ Identification of personnel responsible for operations, training, and equipment maintenance.
  ■ Development of written criteria for the activation and deployment of a Crisis Negotiations Team.
  ■ Institution of procedures for establishing and running the Negotiations Operations Center in coordination with the Tactical Commander and the Incident Commander.

CNT Operational Functions
► Agencies should develop resources sufficient to perform the four CNT operational functions:
  ■ Communications/Negotiations
  ■ Intelligence
  ■ Tactical Liaison
  ■ Logistics.

Initial Training
■ CNT members should successfully complete a POST-certified Basic Crisis Negotiator course or its equivalent.
■ Appendix F contains a listing of recommended topics for the Basic Crisis Negotiator course.

Recurrent Core Competency Training
■ CNT members should participate in documented quarterly training that maintains proficiency in core competencies, consistent with the type of SWAT missions identified by agency policy. Periodic scenario-based training, in conjunction with the SWAT team, is encouraged.
■ Appendix G provides a suggested listing of CNT core competencies.
CNT Supervision and Management

- Command personnel who may assume CNT command responsibilities should attend a SWAT or critical incident commander course, or its equivalent, which includes curriculum regarding crisis negotiations protocols.

13.3 Long Rifle/Observer Teams

Definition of a Long Rifle/Observer Team

A Long Rifle/Observer Team is a designated unit of law enforcement officers who are selected, trained, and equipped to work as an element of the SWAT team in the resolution of critical incidents by providing observation, cover, and the employment of precision fire.

- Long Rifle/Observer Teams are most often a component of SWAT. However, it is recognized that some agencies train and deploy Long Rifle/Observer Teams in coordination with, but distinct from, the SWAT team.

Formation and Policy Considerations

- Agencies should develop sufficient training and resources to perform the basic functions of the Long Rifle/Observer Team.

- A Long Rifle/Observer Team should consist of two officers, cross-trained as both Long Rifle Operator and Observer.

Initial Training

- Long Rifle Operators should not be deployed until successful completion of a POST-Certified Basic Long Rifle Course, or its equivalent.

- Appendix H provides information about the Basic Long Rifle Course.
Recurrent Core Competency Training

- Long Rifle Operators should participate in documented and verifiable training on a monthly basis that maintains individual and team core competencies consistent with the type of SWAT missions performed.

Long Rifle/Observer core competencies fall within three general categories:

- Fundamentals of Precision Shooting
- Tactics
- Observation/Communication

Long Rifle Operators should demonstrate proficiency on at least a quarterly basis with assigned firearms.

Safety Considerations

- Appropriate safety precautions should be incorporated into Long Rifle/Observer Team training.
- The use of a safety officer is recommended.

Refer to POST Guidelines for Student Safety in Certified Courses for further training safety information.

13.4 SWAT Operations in a Weapons of Mass Destruction (WMD)/Terrorism Event

- SWAT teams may be tasked with preparing the tactical component of the governmental response to a potential exposure to chemical, biological, radiological, nuclear, or explosive (CBRNE) hazards. Agencies should recognize that tactical operations in a CBRNE environment are highly specialized. SWAT teams may not be prepared to handle these incidents alone, and should consider a coordinated regional response by local, state, and federal agencies.
13.5 SWAT Waterborne Operations

Definition

For the purposes of this section, waterborne operations refer to the deployment of specially trained SWAT Operators to engage in tactical operations associated with the waterborne environment.

Needs Assessment

- A needs assessment should be conducted to determine the type and extent of SWAT waterborne missions and operations appropriate to the agency.

Training

- SWAT teams who anticipate utilizing waterborne support in recurrent missions should complete initial vessel orientation and training prior to deployment.
- SWAT Teams who anticipate utilizing waterborne support for recurrent missions should incorporate maritime training in the annual training plan.
- Appendix I provides a listing of SWAT operator core competencies associated with the maritime environment.

Planning

- Consideration should be given to the proper selection of equipment related to locally identified mission profiles.
- Vessel operators should participate in the development phase of mission planning to ensure appropriate assets are in place for the identified mission profile.
- Prior to commencing underway operations, the vessel operators and crew should conduct a safety briefing, including vessel safety and emergency procedures.
Multi-jurisdictional Issues

- Agencies involved in waterborne tactical operations should develop protocols, agreements, and/or working relationships with other agencies that may be operationally affected due to statutory, cross jurisdictional, or multi-jurisdictional requirements.

13.6 SWAT AIRBORNE OPERATIONS

Definition

For the purposes of this section, a tactical airborne operation refers to the use of air support as a resource in coordination with SWAT to resolve critical incidents.

Formation and Policy Considerations

A needs assessment should be conducted to determine the type and extent of SWAT air support missions and operations appropriate to the particular agency.

The agency, in coordination with SWAT and the air support provider, should develop procedures for the tactical use of the aircraft.

Planning

- Aircrews should participate in the development phase of mission planning and risk assessment to ensure appropriate assets are in place for the identified mission parameters.

- Aircrews should participate with SWAT in after-action evaluation of operations and debriefings.
Safety Considerations

- Prior to commencing operations, a designated air crew member should conduct a safety briefing, including aircraft safety and emergency procedures.

Training

- SWAT teams who utilize air support for recurrent missions should incorporate airborne training with the aircraft and air crew members in the annual training plan.

Firearms

- Agencies should develop policies regarding use of firearms and firearms training in an airborne environment.

- Weapons safety is of extreme importance in airborne operations. SWAT teams involved in airborne weapons utilization should conduct periodic training using the aircraft as a shooting platform.
SWAT teams should develop resources sufficient to fulfill the following three minimum operational components:

1. **Command and Control Element**
   a. Planning, organizing, staffing, and directing the overall SWAT operation
   b. Coordination with the Crisis Negotiations Team
   c. Liaison with allied agencies
   d. Mission documentation
   e. Communications
   f. Medical support
   g. Mission debriefings

2. **Containment Element**
   a. Control of inner perimeter
   b. Evacuation
   c. Tactical deliveries (chemical munitions, equipment, etc.)
   d. Precision long rifle/observer deployment and support

3. **Entry/Apprehension/Rescue Element**
   a. Scouting missions
   b. Breaching
   c. Enter, search, and secure objective(s)
   d. Rescue operations
   e. Subject/suspect detention
These course topic recommendations are designed for officers who are assigned to a SWAT/tactical team. The topics address the basic concepts of SWAT, and include practical application and problem solving simulations as effective learning methods. Typical scenarios would include barricaded subjects, hostage situations, warrant service, active shooters, and other high-risk situations. The course should include the following topics:

1. **Introduction**
   a. Course Objectives
   b. POST SWAT Project and Guidelines
   c. Historical Perspective of the SWAT Concept

DEFINITIONS

**ALPR** – Automated License Plate Recognition System, or Automated License Plate Reader

**ALPR System** – The system in its entirety, including all ALPR cameras, software, and collected data

**Alert** – An audible and/or visual signal activated upon the read of a license plate by the ALPR system that has NOT BEEN VISUALLY VERIFIED by the officer against the photo in the ALPR system.

**Tentative Hit** – An alert by the ALPR system that HAS BEEN VISUALLY VERIFIED by the officer against the ALPR hotlist and photo but HAS NOT BEEN VALIDATED by the officer or dispatch as a live query transaction OR CONFIRMED AS VALID with the original entering agency.

**Live Query Transaction** – A hit by the ALPR system that HAS BEEN VALIDATED as active but HAS NOT BEEN CONFIRMED as valid by the entering agency. **Confirmation (Confirmed Hit)** – A hit by the ALPR system that HAS BEEN CONFIRMED as valid and active by the original entering agency through secondary check.

**Hotlist** – Data files extracted from law enforcement databases which contain listings of stolen license plates, stolen vehicles, wanted persons, and other vehicles/persons actively being sought by a law enforcement agency such as Amber/Silver Alert vehicles/persons. These data extracts are generally facilitated numerous times per day in an effort to provide current data.

PROCEDURES

(a) **Management**

The Woodland Police Department, by and through the Captain, is solely responsible for the day-to-day operation and management of the ALPR system and for all tasks ancillary to its operation and management. The Captain shall assign Department personnel to operate and manage the ALPR system on a day-to-day basis. The Captain, through his or her designee, shall ensure that the ALPR system is operated in conformity with this Policy and other Department policies, procedures, rules and regulations. The Chief of Police shall enforce this Policy and shall act as the Department Head for all disciplinary and enforcement actions for any violations by Department personnel.

(b) **Operations**

1. **Installation and Functioning.** ALPR cameras may be mounted on a marked cruiser or unmarked vehicle or mounted to a fixed location. ALPR equipment will passively read the license plates of moving or parked motor vehicles using ALPR optical character recognition technology and compare them against various hot lists uploaded or created by the Woodland Police Department. Scanned data files collected by the system will, on an ongoing basis, be automatically uploaded from the ALPR camera to the Department’s ALPR database.
2. **Hot Lists.** Designation of hot lists to be utilized by the ALPR system shall be made by the Captain or his/her designee. Hot lists shall be obtained or compiled from sources as may be consistent with the purposes of the ALPR system set forth in this Policy. These sources may include:

- NCIC Stolen Vehicle files, as available;
- NCIC Stolen plates and Stolen Canadian plates, as available;
- NCIC Wanted persons, as available;
- NCIC Missing or Endangered person files, as available;
- NCIC Supervised Release (Federal Probationers), as available;
- NCIC Nationwide Domestic Violence Protection Orders, as available;
- NCIC Violent Gang and Terrorist Organization File, as available;
- NCIC Sexual Offender;
- DMV Records of Suspended/Revoked Registrations.

3. **Training.** No member of this Department shall operate ALPR equipment or access ALPR data without first completing Department-approved training. Department-approved training will include the following requirements:

   1. Create login and password
   2. Inspection of the ALPR equipment
   3. Deployment of the ALPR vehicle
   4. Reacting to an immediate alert
   5. Searching ALPR databases
   6. Creating a BOLO

4. **Login/Log-Out Procedure.** To ensure proper operation and facilitate oversight of the ALPR system, all users will be required to have individual credentials for access and use of the systems and/or data. A routine check to ensure the equipment is working properly should be done at the beginning of each shift by the user logging into the system.

5. **Auditing and Oversight.** To ensure proper oversight into the use of the system and adherence to this policy, all activities (plate detections, queries, reports, etc.) are automatically recorded by the system for auditing purposes. System audits shall be conducted by the Patrol Lieutenant no less than annually. The audit report shall include an explanation regarding any data retained longer than one year (e.g. data retained as evidence in a criminal case).

6. **Required Steps Preliminary to Police Action.** Hot lists utilized by the Department's ALPR system may be updated by agency sources more frequently than the Department may be uploading them, and the Department's ALPR system will not have access to real time data. Further, there may be errors in the ALPR’s read of a license plate. Therefore, an alert alone shall not be a basis for police action (other than following the vehicle of interest). Prior to initiation of a stop of a vehicle or other intervention based on an alert, an officer shall undertake the following:

a) Verification of current status on hot list. An officer must receive confirmation, from someone or some system within the Department that the license plate is still stolen, wanted, or otherwise of interest before proceeding.

b) Visual verification of license plate number. Officers shall visually verify that the license plate on the vehicle of interest matches identically with the image of the license plate number captured (read) by the ALPR, including both the alphanumeric characters of the license plate and the state of issue, before proceeding with a traffic stop.

7. **Use in Connection With Serious Crimes/Incidents.** Use of the ALPR should be considered to conduct license plate canvasses in the immediate wake of any homicide, shooting, robbery, kidnapping, sexual assault or AMBER ALERT, or other major crime or incident.

(c) **Database Access and Privacy Concerns**

1. The ALPR system database and software resides in a data center featuring full redundancy and access controls. The data remains property of the Woodland Police Department, and is managed according to this Policy.

2. The ALPR data contains no Personally Identifiable Information (PII) that may be used to connect license plate detection to an individual. It is only with permissible purpose that an investigator may make this connection (using other systems) and this access is already governed by the Federal Driver’s Privacy Protection Act (DPPA).

3. All investigative queries into collected ALPR data are logged by user and available for auditing and review by the Department as outlined in this guideline.

(d) **Data Retention**

All data and images gathered by an ALPR are for the official use of the Woodland Police Department and because such data may contain confidential CLETS information, it is not open to public review. ALPR information gathered and retained by this Department may be used and shared with prosecutors or others only as permitted by law. All ALPR data downloaded to the server will be stored for a period of one year, and thereafter shall be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a lawful action to produce records. In those circumstances, the applicable data should be downloaded from the server onto portable media and booked into evidence.
Woodland Police Decontamination Procedures.pdf
Disposal and Decontamination Procedures

**Purpose**
The following procedures will apply to the disposal and decontamination after responding to an event that involved contact with a person's blood or body fluids:

**USE OF WASTE CONTAINERS**
Officer shall dispose of biohazards with the on-scene fire response vehicle or at the attending clinic/hospital, with their approval, or in an appropriately marked biohazard waste container at the station immediately upon arrival. The biohazard waste container located at the station shall be leak proof, red in color or appropriately labeled with a biohazard warning and routinely emptied.

**DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES**
Personnel shall wash their hands immediately on scene, if possible, or as soon as possible, following the removal of potentially contaminated gloves. Antibacterial soap and warm water or an approved disinfectant shall be used to wash one's hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood or bodily fluids or other potentially infectious materials, the employee shall wash the exposed part of their body with soap and warm water and/or an approved disinfectant as soon as possible. If the skin becomes grossly contaminated body washing shall be followed by an approved hospital strength disinfectant. If large areas of the employee's skin are contaminated, the employee shall shower, as soon as possible, using warm water, soap and/or an approved disinfectant. Medical treatment should be obtained. Contaminated non-intact skin, e.g. injured skin or open wounds, shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required.

**SHARPS AND ITEMS THAT CUT THROUGH OR PUNCTURE**
All personnel shall avoid using or holding sharps, unless needed to do so, while assisting with a paramedic or collecting them for evidence. Unless required for evidentiary reasons related to evidence preservation, employees are not to recap sharps. If recapping is necessary, a one-handed method shall be employed to avoid a finger prick. Disposal, when practical, shall be into a puncture proof biohazard container. All sharps and items that cut or puncture, e.g. broken glass, razors and knives, shall be treated cautiously to avoid cutting, stabbing or puncturing one’s self or any other person. In addition, if a sharp object contains a known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. Rather, use a device such as tongs or a broom and a dustpan to clean up debris. If the material must be handheld, protective gloves must be worn.

DISPOSABLE PROTECTIVE EQUIPMENT
Contaminated disposable supplies (e.g. disposable gloves or N95 mask) shall be transported with the patient or suspect in the ambulance or police vehicle. The waste material shall then be disposed of in biohazard waste container at the hospital or police station. Disposable gloves are to be worn while placing the waste into the waste biohazard container, placing the gloves in with the waste, when through.

DECONTAMINATION OF PERSONAL PROTECTIVE EQUIPMENT
After using any reusable personal protective equipment, it shall be washed or disinfected and stored appropriately. If the personal protective equipment is non-reusable it shall be discarded in a biohazard waste container, as described in this manual. Any personal protective equipment that becomes punctured, torn or loses its integrity, shall be removed, as soon as feasible. If this situation resulted in a contaminated non-intact skin event, the decontamination of skin and mucus membrane procedure shall be followed. Contaminated reusable personal protective equipment that must be transported prior to cleaning it shall be placed into a biohazard waste bag and transported in the ambulance or police vehicle. Gloves shall be worn while handling the biohazard waste bag and during placement into the biohazard waste container and then included in the waste.

DECONTAMINATION OF NON-DISPOSABLE EQUIPMENT
Contaminated non-disposable equipment (e.g. flashlight, gun, baton, clothing, portable radio) shall be decontaminated as soon as possible. If it is to be transported, it shall be done by first placing it into a biohazard waste bag. Grossly contaminated non-disposable equipment items shall
be transported to a hospital, fire station or police station for proper cleaning and disinfecting. Porous surfaces, such as nylon bags and straps, shall be brushed and scrubbed with a detergent and hot water, laundered and allowed to dry. Nonporous surfaces, e.g. plastic or metal, shall be brushed and scrubbed with a detergent and hot water, sprayed with a germicide solution, rinsed and allowed to dry. Delicate equipment (e.g. radios, phones, wireless transmitters) should be brushed and scrubbed very carefully, using a minimal amount of a type of germicide that is approved by the Environmental Protection Agency, EPA. While cleaning equipment, pay close attention to handles, controls, portable radios and corners for tight spots. Equipment cleaning should not be done in the kitchen, bathrooms or other areas not designated as the cleaning decontamination area. Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100 solution of chlorine bleach while wearing disposable gloves and goggles. Large particles of contaminants such as vomit, feces, blood clots, etc. should be first removed using a disposable towel or other means to prevent direct contact and properly disposed of.

DECONTAMINATION OF CLOTHING
Contaminated clothing, such as uniforms and undergarments, shall be removed, as soon as feasible, and rinsed in cold water to prevent the setting of blood stains. If the clothing may be washed in soap and hot water, do so as soon as possible. If the clothing must be dry cleaned, place it into a biohazard waste bag and give it to the exposure control officer. The ECO will secure a dry cleaner that is capable of cleaning contaminated clothing and inform them of the potential contamination. This dry cleaning will be done at the department's expense.

DECONTAMINATION OF VEHICLES
Contaminated vehicles and components, such as seats, radios and doors, shall be sprayed with the appropriate germicide and wiped down with paper towels. The items shall then be sprayed with clean water and wiped down with clean paper towels. This procedure shall be completed, as soon as feasible. Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100 solution of chlorine bleach while wearing disposable gloves and goggles. Large particles of contaminants such as vomit, feces, blood clots, etc. should be first removed using a disposable towel or other means to prevent direct contact and properly disposed of.

DECONTAMINATION OF HOLDING CELLS
Contaminated holding cells and components, such as the sink and bench seat and doors, shall be sprayed with the appropriate germicide and wiped
down with paper towels. The item shall then be sprayed with clean water and wiped down with clean paper towels. This procedure shall be completed, as soon as feasible. Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100 solution of chlorine bleach while wearing disposable gloves and goggles. Large particles of contaminants such as vomit, feces, blood clots, etc. should be first removed using a disposable towel or other means to prevent direct contact and properly disposed of.

DECONTAMINATION OF STATION AND CLEANING AREA
The ECO shall designate a location at the station that will serve as the area for cleaning and decontamination. Distribution: All Departments
Last Revision: December 13, 2011

Subject: SOCIAL MEDIA POLICY

This policy establishes guidelines for the establishment and use by the City of Woodland ("City") of social media sites (including but not limited to Facebook, Twitter, MySpace, Google+) as a means of conveying City information to its citizens.

The intended purpose behind establishing City social media sites is to disseminate information from the City, about the City, to its citizens.

3. All employees who utilize social media concerning the City shall also comply with this policy. This includes social media use on and off City-compensated time. Therefore, employees utilizing social media on their own time, but on topics concerning the City, are expected to comply with this policy. For example, a City employee who contributes to a blog concerning the City on personal time and personal equipment is expected to comply with this policy. It is not the intent of the policy to interfere with any personal rights but it is the intent of the City to protect its interests.

4. Employees should exercise great care while accessing social media sites on their own time and own equipment if the topic concerns the City or it is known on the sites that the Employee is associated with the City. If this situation occurs, the employee is expected to comply with this policy with the knowledge that the City will protect its interests.

A detailed checklist of first-responding officers’ responsibilities, including, but not limited to, all of the following:

I. Taking responsibility for the safety and well-being of the potential victims and witnesses and treating all potential victims, witnesses, and suspects with dignity and respect.

II. Complying with the provisions of the agency’s policy requirements for arrests and mandatory seeking of arrest warrants pursuant to paragraph (9) and the requirements for seeking emergency protective orders pursuant to paragraph (17).

III. Following the policy’s guidelines for interviewing persons with cognitive or communication disabilities pursuant to paragraph (15).

IV. V. Documenting the scene.

VI. Obtaining a signed medical release from potential victims.

VII. Interviewing caretakers separately, recognizing that in some cases, the caretaker is the perpetrator.

Policy Against Harrassment in the Work Place.pdf
POLICY AND PROCEDURE

Policy No: 106-101
Division: Human Resources
Effective Date: August 25, 1997
Distribution: All Departments

SUBJECT Policy Against Harassment in the Workplace

POLICY

The City strictly prohibits harassment of an employee, job applicant, or a member of the public by any person conducting City business on the basis of race, sex, religious creed, color, national origin, ancestry, age, marital status, sexual orientation, medical condition, political or union affiliation, physical or mental disability or any other basis protected by statute. The City will not tolerate any such harassment of or by its employees, job applicants, or any member of the public by any person conducting City business. The City will take action to stop such harassment.

This policy does not restrict nor inhibit any supervisor from their responsibility or in their ability to direct, critique and discipline employees in a non-discriminatory manner.

1.3 Visual harassment such as derogatory posters, cartoons or drawings, based on one of the categories above.

1.4 Sexual harassment includes, any unsolicited, offensive or unwelcome sexual advances, requests for sexual favors, and other oral or written, visual, or physical conduct of a sexual nature which occurs under any of the following circumstances:

1.4.1 Submission to such conduct is made either expressly or by implication a term or condition of an individual's employment;

1.4.2 Submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting the individual; or

1.4.3 Other examples of sexual harassment include unwelcome sexual flirtations or propositions; verbal abuse of a sexual nature; graphic verbal comments about an individual's body; sexually degrading words used to describe an individual; and the display or use in the work environment of sexually suggestive objects or pictures, posters, jokes, cartoons, or calendar illustrations.

Sexual Harassment includes gender based harassment by a person of the same gender.

2.0 Retaliation Prohibited
Harassment also includes any act of retaliation against an employee for reports of violations of this policy or for participating in the investigation of a harassment complaint and is strictly prohibited.

3.0 Procedures regarding all complaints of harassment including retaliation
3.1 Employee Responsibility
It is important that employees inform the City as soon as possible about any prohibited harassment because nothing can be done to remedy the situation if the City does not know that it exists.

3.1.1 Any individual who believes that they have been or are being harassed in violation of this policy shall report this violation to a supervisor, Department Director, the Human Resources Manager or any supervisor with whom the individual feels comfortable speaking.

Any individual who feels comfortable doing so should let a fellow employee know when that employee's behavior or comments are offensive or unwelcome to the recipient. Individuals are not required to handle these situations on their own. If an individual is not comfortable handling a situation directly with another employee, the individual should immediately report the conduct to one of the persons listed above. In any event, if the conduct is offensive or unwelcome, such conduct shall be reported to a supervisor immediately.

3.1.2 Any individual who is aware or suspects that another person has been harassed in violation of this policy shall report this violation to a supervisor, Department Director, the Human Resources Manager, or any supervisor with whom the individual feels comfortable speaking.

3.2 Supervisor Responsibility
Each supervisor has the responsibility of maintaining a work environment free of harassment. This responsibility includes being available to discuss this policy with the employees that they supervise and to assure the employees that they are not required to endure any form of prohibited harassment. If an employee alleges that harassment has occurred, it is the responsibility of the supervisor to take immediate action by reporting the allegation of harassment to the Human Resources Manager.

3.3 Investigation
The City will investigate all complaints of harassment in a prompt and thorough manner. The City’s investigation will be designed to maintain, to the extent possible, the privacy and confidentiality of all parties involved. Whenever appropriate, the Personnel Officer will inform the Department Directors of the affected department(s) that a complaint has been filed. The Assistant City Manager is responsible for directing an investigation into such allegations and for implementing appropriate remedial action, where warranted.

3.4 Resolution
After investigation, if the Assistant City Manager finds that harassment has occurred, the City will take appropriate and immediate action to end any harassment and prevent its recurrence. Where appropriate,
the City may first work to resolve the matter informally. In that case, the complainant will not be required to meet with the alleged harasser. If the matter is not suitable for informal resolution, appropriate formal action will be taken pursuant to Rule 14 of the City's Personnel Rules. If formal action is required, the complainant may be required to testify at a hearing.

3.5 Discipline
Any employee found to have violated this policy will be disciplined. Specific action taken will depend upon the specific circumstances.

4.0 Harassment Involving the Public
4.1 The City strictly prohibits harassment of any member of the public by any person conducting City business or otherwise representing the City. If any member of the public believes they have been harassed, they are urged to contact the City Manager for investigation and appropriate action.

4.2 If an employee feels that he or she is being subjected to harassment by a member of the public, the employee should report such harassment to his or her supervisor for investigation and appropriate action. Employees will not be penalized for refusing to tolerate harassment from a member of the public.

5.0 Further Information
Employees are urged to contact the Human Resources Department if they have any questions or concerns about this policy.
